  - C. 2025 BlueCross Bowl Team Allotment Report
- V. **Reports & Updates**
  - A. Division I Basketball District Tournament 3rd and 4th Place Game

There was some preliminary discussion about making the DI District Tournament 3rd and 4th place game an elimination game at the June 2025 Board of Control meeting. The staff would like feedback from the Board as to whether or not they would like to pursue this format change.
  - B. Eligibility Advisory Committee Update

In advance of April's Legislative Council meeting and in response to the recent passage of HB25/SB16, an advisory committee of Legislative Council members met on Tuesday, March 3, to discuss the implementation of this legislation. Feedback from this committee will help the state office staff craft proposed bylaw changes for the Legislative Council to consider that will be necessary for compliance with the new state law, while preserving the fundamental principles of education-based athletics.
  - C. Discussion of Recruiting Rule Penalties
  - D. NFHS Football Rules Experiment
- VI. **Business Items**
  - A. Election of Officers
    1. President

2. Vice President

B. The Howard School Enrollment/Classification

The Howard School wishes to appeal its enrollment and classification for the 2026-27 school year due to dramatic changes in enrollment for the 2025-26 school year.

C. Nashville Christian School Wrestling Classification

Nashville Christian School requests to move from DII West Region to DII East Region in Wrestling and Dual Wrestling beginning with the 2026-27 season.

D. Enrollments for Classification 2027-2029

The staff would like to discuss options for collecting enrollments for the 2027-2029 classification period. For Division I, the state office could use an average ADM over the previous two school years (24-25, 25-26) as reported by the Department of Education, or follow the procedure that was most recently used, which would be utilizing the ADM for the 2025-2026 school year to determine enrollments for 2027-2029.

In Division II, we have typically asked schools to report their enrollments as of a certain date in the fall since there is no central repository for Division II enrollments.

During the June meeting, the Board requested this item to be placed on the March agenda for a first reading and the June agenda for a second reading and action. Board members are encouraged to get feedback from their schools.

E. DII Football Classification

This item was tabled during the January meeting.

Article I, Section 4 of the TSSAA Bylaws now states the following:

***For each sport, the method for determining classification shall be the same for all schools within a Division.***

At the November meeting, the staff explained that three possible options would be as follows:

\*1. Set a minimum number of teams for the AAA classification and apply the success formula to all teams.

\*2. Divide the number of teams equally into three classes and apply the success formula to all teams.

\* When the success formula is applied, no team may move up more than 1 classification.

3. Eliminate the success formula and establish a minimum number of teams in AAA and divide the remaining schools based on enrollment.

4. Divide all FB playing schools into three classes evenly by enrollment.

The staff will present the results of a survey to DII schools about how to determine the classification process for Division II Football in the next contract cycle. The current system does not meet the aforementioned bylaw requirement, as a success formula was only applied to assist in determining which schools would belong to Class AAA. Once the AAA schools were determined, the success formula was not applied to Class AA and Class A.

F. Officials Fees Recommendation 2026-2029

The staff has discussed aligning the current officials' fees with those of surrounding states. The staff will have a recommendation for the Board of Control to consider.

The Board approved the proposal on first reading at the January meeting. This is the second reading for the proposal. In January, the Board requested to see the comparison to surrounding states as well as an estimated increase per school per sport.

G. Fayette Academy Requests Co-op Exception in Boys Track and Field

Fayette Academy requests to co-op with Fayette-Ware High School in Boys Track and Field. Fayette Academy is a DII independent school and Fayette-Ware is a DI public school.

H. St. Benedict at Auburndale Requests Co-op Exception in Girls Lacrosse

St. Benedict requests to form a co-op agreement with Lausanne Collegiate School in the sport of girls lacrosse. They have had their own team in previous years but do not have enough participants to field a team for this season.

I. DII AA Softball Bracket

J. TSSAA Membership Requests

Review of new member applications for the following schools:

1. Lead Christian Academy, Goodlettsville, TN

Lead Christian Academy requests TSSAA membership for the 2026-27 school year. The school plans to participate in boys and girls cross country and, if approved, will be placed in DII-A, Middle Region, District 4.

1. Walker Valley High School, Cleveland, TN
2. Frank Hughes School, Clifton, TN
3. Briarcrest Christian School, Eads, TN (Not Appearing)

Dear Members of the Board of Control,

On behalf of Nashville Christian School, I respectfully submit this formal request for reclassification from the Division II West Region to the Division II East Region in Wrestling and Dual Wrestling beginning with the 2026–2027 season.

This request is made in the spirit of cooperation and with the intention of supporting regional balance within Division II wrestling. We understand the importance of maintaining equitable representation across regions to ensure competitive integrity and organizational stability. Our school is willing to transition to the East Region to help balance the number of participating programs. It is our hope that this move will help lead to more participation at the State level.

We recognize that such a move may require increased travel, and we are fully prepared to accommodate those logistical adjustments. Our administration, coaching staff, and athletic department are aligned in our commitment to making this transition successful. We believe this change would not only support the TSSAA's regional structure but also contribute to the continued growth and representation of Division II wrestling at both the regional and state levels.

Our intention is not based on competitive positioning, but rather on supporting the long-term health and sustainability of Division II wrestling. We are committed to being proactive partners in fostering growth, opportunity, and balanced participation across regions. Thank you for your time and thoughtful consideration of this request.

Respectfully,

Ronnie Seigenthaler  
Athletic Director  
Nashville Christian School

To: Halie Tunks <htunks@tssaa.org>, Lauren Jones <ljones@tssaa.org>, Larry Stepter <larry.stepter@fcsk12.net>, Comcast <farmers104@comcast.net>, Becky Bartholomew <bbartholomew@favikings.org>

Good evening Halie and Lauren. The following form is for our student, Ian Dycus, at Fayette Academy who would like to run track for Fayette Ware. The reason for Fayette Ware even though it is a public school is our school is located 3.4 miles from them. The nearest private school for us to co-op with would be Tipton Rosemark Academy located 30 miles away. Ian is a sophomore and lives in Somerville and just began driving this week. His parents would rather him drive 3.4 miles to practice rather than 30 miles that consists mostly of interstate/highway travel.

Please submit this request for me to the TSSAA board for consideration of having our student co-op at Fayette Ware. Thank you.

In Him,

**Al Stevens**

To whom it may concern:

St. Benedict at Auburndale would like to appeal the denial of the cooperative program with Lausanne Collegiate School for Girl's Lacrosse. St. Benedict has fielded a Girl's Lacrosse team for years past, but this year is completely different. In December of 2024, St. Benedict went through a change of Administration with the Principal and Assistant Principal leaving the school. During the spring of 2025, the Girl's Lacrosse team had 17 participants. Four of these ladies were seniors and graduated. At the end of the lacrosse season, we had another five transfers to other member schools due to the change of administration.

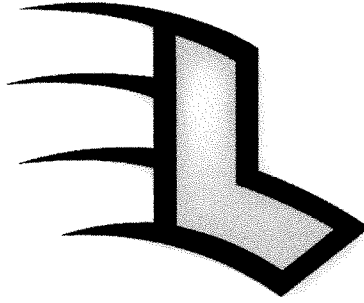

At the start of this offseason for Girl's Lacrosse, we began gaining interest among our student body. We began workouts with an understanding that we would have a team of ladies ready to compete. It is with great sadness that St. Benedict cannot completely field a team as we only have a total of 9 ladies ready to compete at the TSSAA deadline for information regarding Girl's Lacrosse.

This situation is a direct result in a change of administration that our current student athletes have zero control. St. Benedict has a current senior, Kallie Joyner, who just signed a letter of intent to continue her Lacrosse journey at Barry University. We are asking the Board of Controls to consider this appeal for these young ladies to play this spring. We are in a business to protect our student athletes and allow them to play the sport they love and work hard for.

To whom it may concern,

Lausanne Collegiate School entered into a cooperative agreement with Westminster Academy for girls lacrosse during the 2025–2026 school year. At this time, there are no Westminster students participating on our girls lacrosse team.

Because of this, we respectfully request that TSSAA dissolve the current cooperative agreement with Westminster for the 2026 lacrosse season. We are instead seeking approval to enter into a cooperative agreement with St. Benedict in order to provide nine student-athletes with the opportunity to participate on a team this season.

Our long-term goal is for St. Benedict to establish its own girls lacrosse program again next season. Allowing their athletes to play with Lausanne this year would support that development and help grow the sport at their school.

Thank you for your time and consideration. Please let us know if any additional information is needed.

Sincerely,

Cayce Densford

Director of Women's Athletics

Lausanne Collegiate School
