Budget Committee Meeting
May 20, 2019
Central Services Board Room

The Budget Committee met on Monday, May 20, 2019, in the Central Services Board Room where Mr. Josh Stone called the meeting to order at the approximate hour of 4:30 p.m. He welcomed everyone to the meeting and appreciated everyone for attending.

PRESENT:

Mr. Josh Stone, 4 th District	Mr. Tony Brock, 5 th District
Mrs. Rebecca Hamby, 7 th District	Ms. Shirley Parris, 3 rd District
Mr. Robert Safdie, 2 nd District	Mr. Jim Inman, 1 st District
Mrs. Janet Graham, Director of Schools	Dr. Rebecca Wood, Chief Academic Officer
Mrs. Kacee Harris, CFO	Mrs. Kim Bray, HR Supervisor

ABSENT:

Mrs. Stace Karge, 9th District

- 1. Call to Order – Mr. Josh Stone**
- 2. Moment of Silence/Pledge of Allegiance – Mr. Josh Stone**
- 3. Approval of the May 1st Committee Minutes**

VOICE VOTE: Brock (mover-yes)
Hamby (seconder-yes)
All Ayes

MOTION: Carried Unanimously

4. 2019-2020 Budget Discussion

Stone said this brings us to our budget discussion and I will let Kacee take the lead. Harris presented the draft of the budget for the committee and board members present. She said there were a couple of things she would like to point out. The last time we met we talked about a system wide raise of 2% and we have looked at the numbers really hard and are projecting a 2.5% raise for the 2019-2020 year, for certified and non-certified. Brock said that is excellent news. He continued saying that he is on the Salary Focus Committee and had a question regarding the raise, Do supervisors and administrators get that 2.5% on the teacher portion of their salary? For example, if a supervisor makes ninety thousand per year will they get the 2.5% on the whole amount or just on the base teacher amount? Harris said it is on the base. On all the certified folks we go to our pay scales and we add the percentage to what is published in those scales, which is where we jump off for anything above a teacher. Brock summarized, “So, any other additions to a supervisor’s salary are not directly impacted?” Harris confirmed that is right. Safdie asked if the 2.5% is dependent on the insignificant allowances the state gives us in terms of teacher raises? If the state says they will give us 2% and out 2.5% would make it a 4.5%? Harris replied, “No, this budget is built on what we actually get from the BEP. Any increase in teacher salaries that the state is putting out there has already been added to our BEP formula. That is where we get into trouble sometimes when the state announces that they are giving a 2% raise. We have 96.8 more teachers than the state gives us in the BEP formula and we only get about 68% of that. By the time we hammer it out it is never as much as the state announces. All of the increase we have received in the BEP formula is going out to all our employees.

The committee discussed the BEP formula works and how it is misleading information when it all trickles down to all teachers.

Harris continued with some other things she wanted to mention and we talked a little about them last time are; we have a slight increase in certified retirement. She mentioned you will notice throughout the budget the certified retirement hybrid stabilization line and how we plan on adjusting that. Another thing you will see, several years back the state gather all your software and put it on the technology page. Now they have asked us to go back and undo that. They now want them on the pages they benefit. So there will be some new items for this year. Stone mentioned the cost of software has gone down for the year.

Harris said we will start with the last page (28) first. Some things to look at here you will see at the bottom of this page, the difference revenues and expenditures, go over to 19-20 budget column. She said she likes to point this number out because consistently we have a budget where we spend more than we have coming in. We have 2.4 and some change in the red. That is where our savings account and fund balance come into play there. If you look at the bottom right hand corner you can see that as of budgeted today we have met our fund balance. We are pulling out quite a bit of money from the fund balance to help us account for that difference in revenue and expenditures. Right now we have met, taken what we needed and left enough for the state to approve our budget and meet that fund balance test. Currently we have \$1303.00 over the minimum requirements. Harris went on to describe how they determine a balanced budget and what that entails. She also told the committee this is not a balanced budget but we have been able to cover these expenses by using funds in our savings account. If we are not replenishing our savings account then that is a problem we will have to face one day. Brock asked how we would do that? Stone said essentially it comes down to more funding or less expenses. The committee discussed how this could affect the budget in the future and while the county can give us extra money for our capital projects but we will eventually have to make cuts. The county has been good to help us with textbook purchases, a reroof project and the overages at Crab Orchard. Harris said she would go over every page and hit the highlights. She asked everyone to jump in with questions at any time.

Page 1 is local revenue. She said she just plugged in that BEP number and they would tell us how they would give it. Stone mentioned he noticed when the BEP number came in the state monies had increased but the local monies had decreased. The state is actually saying the county can pay us \$119,000.00 less than they had to pay us this year. Harris agreed, she said we have lost some student ADMs. Harris also said we should receive the BEP estimate any day now. The committee discussed the county contribution and have hope they would continue to fund at the same amount if we show them we would be spending the funds wisely.

Page 2 is revenue- nothing to speak of...questions?

Page 3 Harris said there were a couple of things to point out. Look at 46515 early childhood education. This was a slight decrease we were funded for all 12 PreK classrooms but for less money. Line 46981 Safe Schools – this year we had the safe schools recurring money that doubled from the original amount. We had the one time safety money that we used for the vestibules, raptor, and the dogs. That money is going away next year. The permanent, recurring money we have received, they are planning on doubling it again. Harris said she plugged it into the budget. Last year we had around 65 thousand and this year around 135 thousand. This will almost pay for all three of our mental health professionals.

Page 4 – Total revenue shows around 55.5 million.

Through this budget you will see 4 new positions: we are requesting a new K-5 alternative school teacher and assistant, we are going to have a new 3 year old Pre-school teacher and assistant. The three-year old teacher and assistant is one of the unfunded state mandates. We have to service these three-year old children and they have to be in a specific ratio of general ed children and special ed children. That means us adding a new teacher. Graham stated, “These are students that have been identified in Child Find that need services. We do not have an option other than to serve those children.” Hamby asked where is the three-year old program? Graham responded, It would be at Homestead. They already have a SPED person. Instead of hiring another SPED person. Hamby asked if the kids from all over the county could attend this program. Graham responded, Yes! Harris continued that we need to hire one .5

ESL teacher. Stone asked about the \$300,000.00 long term leave number. Is that going to be enough for this year? Harris responded, "It has, last year we left it at \$400,000.00 and this year I feel comfortable leaving it at \$300,000.00. We came in around \$297,000.00 this year and we are looking at that. For those of you that don't know that is where we are double paying for a teacher on leave. If they have enough sick days we pay their salary and pay a sub salary. Harris described how she calculates the leave amounts and the number of teachers they budget for. Also, if a teacher has more students in their room than they are supposed to have then they are paid an extra amount for that. That is dictated by statute. Our credit recovery/summer school program and our strategic compensation plan is also paid out of this line. Line 163 is where we added the new 3-year old assistant. Line 217 and 204 is the new hybrid stabilization for retirement. Line 399 – We are increasing our residential facilities fee for students. We overspent that line this year, we are having more students in long term residential care with the additional focus on mental health. Line 471 is the software we talked about all of those benefit students and that is why they are on this page.

Stone mentioned the textbook adoption. Harris said she slashed that last year because we had good curriculum, but this big one for reading is coming.

Page 6 Harris said the highlights here are on line 116 this is where we have the new K-5 alternative teacher and the assistant. Graham explained the need for these positions.

Page 7 is Special Education instruction – Harris pointed out like 171, which is the speech pathology line. We are seeing more and more referrals, more children need speech, we have had a position open for the last 2 years because we can't find anyone to fill it. We did budget for that position. The committee discussed why it is hard to fill that position and determined they could make more money in a private contracted position. Safdie asked if we are limited to how much we can pay a speech pathologist. Harris explained the position we have is a certified position and most licensed speech pathologists are not certified as a teacher.

Page 8 – CTE instruction. Harris said we have trimmed 1.75 positions and are still offering the same services, just using the people we have more efficiently. The committee discussed if we were cutting positions and not people. Also discussed the CTE supervisor position as Mr. King retired.

On line 399 several years back we cut the educational clerk for CTE, they discussed bringing the person back, but have learned about a program Naviance and they decided they could do without the clerk but would like to have this platform. The cost would be shared between a couple of grants with a little left over. Safdie asked what is the amount we are paying substitute teachers. The committee discussed how difficult it is to staff substitutes and the rate of pay for them.

Page 9 is our student body education program. This is where our coaching supplements and board contribution to competitions are listed. Harris stated we have some talking points about this one after we finish the budget.

Page 10 – This is our student information page – the only changes are the software, which is coming from the software page.

Page 11- Coordinated School Health page – We received a \$100,000.00 grant from the state for the health grant.

Page 12 – Other student support, our guidance counselors are housed on this page as well as our mental health professionals, attendance supervisors and security coordinator and benefits are on this page. The committee discussed the new Raptor technology. They then discussed the safe schools counselors and how they are scheduled.

Page 13 – This is the regular instructional support page, Chief Academic Officer, PreK – 8 instructional supervisor, we also pay 5% of our SPED Director's salary out of this line, as we are required to do, because she manages out 504 kids. Graham explained this requirement. Harris said we have one increase on 471, which is the software. Librarians are also on this page.

Page 14 – This is our SPED support page – .95% of SPED Supervisor, school psychologist, secretary and bookkeeper. On line 189 the other piece of speech pathology is on this page. Occupational therapist – Look at line 309 is where our contracts for additional speech therapists are listed.

Page 15 – this is our CTE support program. Vocational director and 9 – 12 instructional supervisor is on this page. Our secretary/bookkeeper, work base learning coach and CTE counselor are on this page.

Page 16 is our technology page. This is where we have the Director of Technology, our computer techs, the secretary is shared by technology, attendance, and security. Items to point out: line 470 labeling increase, Harris explained we did not use this line last year because of our director's fore site and we have a switch project coming up and would need funds for that. Line 471 – this is where we listed software for everything before but now are budgeting it on the specific department pages. On line 722 this is our regular instruction in equipment. Harris explained that this is the 4th year for the one to one initiative. She also mentioned the technology department wanted to change the replacement cycle for teachers from a 6-year cycle to a 5 year cycle. Graham explained how the one to one initiative was making need for computer labs unnecessary.

Page 17 – The Board of Education page. Harris said she had added a little more in for travel as we have an active board and they would probably use this. We also talked about the trustee's commission.

Page 18 – Superintendent's page – no changes here.

Page 19 Is our Principal page – not a lot of changes here.

Page 20 is our physical services page. Harris and Inventory Clerk – Software is the only significant page.

Page 21 Human Resources page. Not a lot of changes on this page. Software and digital fingerprinting are listed.

Page 22 Operation of Plant – This is our utilities page. Not a lot of changes.

Page 23 – our maintenance page Supervisor, secretary and bookkeeper and maintenance workers are on this page. Harris explained some projects were started but not finished in 17-18 so it was rolled into the 18-19-budget. Harris had another page explaining the maintenance of plant page. Martin renovation money is listed on this page.

Page 24 – Transportation – Supervisor, mechanics, bus drivers and secretary/bookkeeper are on this page, also SPED bus attendants. We are requesting 3 regular buses and one SPED bus. The committee discussed background checks and random drug and alcohol testing.

Page 25 is historical record.

Page 26 is our family resource grant. CCQCP Program is on this page as well. Inman asked about the decrease in the director's line. Harris explained, the contract was changed, that position was being paid on a 260-day contract but was only working 200 days. We adjusted the contract and the employee chose to work the 200-day contract. Brock asked if that position was grant funded. Graham responded it was funded on 2 grants.

Page 27 is our PreK program. Staffing eats up the Pre K money.

Page 28 – Harris pointed out the Capital Outlay in line 707 she budgeted \$20,000.00 for a office of civil rights audit at SMHS. We need to change the handicap ramps as they are not in compliance. They will pay for those changes over time. The committee discussed why we were not in compliance in our newest building. Harris mentioned we have restored the capitol outlay back to \$10,000.00 per schools that was cut last year about \$3,000.00.

Harris passed out another packet of information for discussion. She presented some things that have been requested.

1. The librarians have requested some additional money for books. This would be around \$7,200.00.

The committee discussed this proposal.

2. Athletic coaching supplements – This is something that has been requested we look at. It has been the same for several years. If we do a 2% increase it would be around \$6,800.00.

3. The last one is the money the board gives for teams to compete in national competitions. This money is usually spent quickly and some have requested an increase. The committee discussed this.

The committee discussed the next meeting date and if they should have a special called meeting to approve the budget before the June 6th presentation to the county commission. The committee decided to meet on Wednesday, May 29th and a Special Called meeting on June 4th at 6:00 with approval of the Chairman of the Board.

5. Other Discussion

6. Adjournment:

VOICE VOTE: Stone (mover-yes)
Brock (seconder-yes)
All Ayes

MOTION: Carried Unanimously
(The meeting was adjourned at the approximate hour of 5:51)

Mrs. Janet Graham
Director of Schools

Mr. Josh Stone
