Dr. Howie Peebles
Stone Elementary School

As a long time professional in Cumberland County, Dr. Howie Peebles retired from dentistry only to be a regular staple at Stone Elementary School. He volunteers in many ways to help enrich our students' education and shape a positive learning environment as well as bringing joy to our staff by supporting and spoiling them with treats.

Anytime you visit Stone Elementary you may catch him reading with kindergarten students as he does this on a regular basis. Dr. Peebles chaperones field trips and gives presentations to classes about dental health. As an avid beekeeper, Dr. Peebles also gives presentations about bees and their importance to our environment. Dr. Peebles also works at special concessions events, donating treats for students.

You will find him volunteering to assist in the cafeteria for holiday meals. He is referred to as the "pie pusher" by our cafeteria staff. The Coffee Cart is sponsored by Dr. Peebles as a special treat for teachers each year. He always donates gifts and treats to our Sunshine Committee to help bring joy during the "12 Days of Christmas" and Teacher Appreciation Week events.

Dr. Peebles is always willing to help out whenever and wherever he is needed. The impact of his volunteerism resonates far and wide within our school. It is volunteers like him who exemplify the spirit of generosity and community engagement, serving as an inspiration to others. Stone Elementary is grateful for his support and would like to recognize his contribution to our school.

Board of Education

2. Moment of Silence/Pledge of Allegiance
-[Brinley Davis-Martin Elem.](#)
-[Brystol Davis-Martin Elem.](#)- Ms. Teresa Boston- Boston led the board members in a Moment of Silence. After a Moment of Silence, Brinley and Brystol Davis from Martin Elementary led the audience in the Pledge of Allegiance.
3. Welcome to Visitors - Ms. Teresa Boston - Boston advised, we'd like to welcome all of our visitors. Thank you for being here. We appreciate your interest in our children's education and how we approach the upcoming future. Also at this time, and I know it's probably not the appropriate time, but Mrs. Colleen Mall is one of our county commissioners and Mr. Joe Cheryl is one of our county commissioners and we appreciate so much you being here. Thank you and welcome.
4. Special Recognition
[Student Board Representatives](#)
-[Braden Whitehair](#)
-[Nicole Ranson](#)
-[Owen Brown](#) - Ms. Teresa Boston - Boston advised, next is our special recognition. Our Student Board Representatives. I'm going to put you on the spot tonight. I'm going to let you introduce yourselves. I'm

from SMHS. I'm Nicole. I'm a senior there. Phoenix High school. I'm a senior too. My name is Brayden Whitehead. Boston replied, thank you for being here.

5. Roll Call (See Above) Boston advised, let the record show that Ms. Nichols is not present tonight, due to a death in her family.
6. Declaration of Conflict - Mr. Earl Patton- Declarations of Conflict - Per TCA 49-2-202 Board of Education Members who have relatives (per the statute: relative means: Spouse, parent, parent-in-law, child, son-in-law, daughter-in-law, grandparent, grandchild, brother, sister, uncle, aunt, nephew, niece, or any person who resides in the same household as you) employed by the system are asked to raise your hands to identify yourself. "Do you certify that the votes that you make tonight will be in the best interest of the school system, regardless of the effect that your vote may have upon the employment of your relative or relatives?" Boston and King certified by saying individually, "I do."
7. *Approval of September 27, 2023 Special Called Minutes & September 28, 2023 Regular Board Meeting Minutes (See Exhibit #1) Boston advised, next on the agenda is the Approval of the Minutes. I'll entertain a motion to approve September 27th and September 28th Minutes. Safdie advised, so moved. Stout advised, second. Boston replied, so I have a first and second. Any discussion. No one responded. A Voice Vote was taken.

Motion to approve September 27, 2023 Special Called and September 28th Regular Board Minutes as presented.

VOICE VOTE: (mover-yes) Safdie

(seconder-yes) Stout

Yes: 8, No: 0

MOTION: Motion Carried

8. *Approval of Agenda (See Exhibit #2) Boston advised, next is the approval of the agenda. Hamby advised, motion we approve the agenda. Safdie advised, I would like to amend the agenda, if it's okay with you. Hamby replied, I will remove my motion. Safdie continued, I would like to approve the agenda with 15.H.2 and 15.H.3 combined. Boston asked, is that a motion? Safdie replied, that is a motion. Hamby replied, I will second that. Boston advised, so we have a 1st and 2nd to approve the agenda. Any discussion? Davis replied, I'd like to make a motion to remove an item. Boston replied, OK. Well, we've got to deal with this motion first. Hale asked, what was your motion? Davis replied, we'll go after he goes. Boston replied, let him go. So we're approving the agenda. Any discussion? No one responded. Boston replied, so the agenda has been approved. Davis replied, well no, my motion was to remove an item from the agenda. Not to approve the agenda. Boston replied, no, your motion was to combine. Safdie replied, no, my motion was combined. His motion is to remove, so parliamentarian. Hamby replied, we need to back up and remove the motions that have been set forth and start over. Boston replied, okay. Hamby continued, because his motion and Mr. Safdie's are something to do with the agenda before we approve it. Boston replied, OK, so you made a motion that we combine 15H. Hamby replied, so we can vote on that first. Boston replied, I thought that's what we were voting on. Hamby replied, no, we were voting on the agenda. Boston replied, OK. So we combined. OK, so now, Mr. Davis, your motion. Davis replied, I would like to make a motion to remove or table the committee appointments this evening. Boston asked, number 16? Davis replied, yes. Boston asked, you want to remove it? Davis replied, yes. King advised, I will second that. Boston

replied, so we've got a first and second. Hamby replied, Roll Call. King replied, discussion. Hamby replied, he asked for discussion. King asked Davis, any discussion, you made the motion. Davis replied, sure, yeah. I would like to ask that we take a different look at how we are approaching this appointment based on four different policies. Policy 1.3, Policy 1.1, Policy 1.101, Policy 1.201, and Policy 1.4. Boston replied, OK. What do those policies say? Davis replied, the cliff notes version of those policies is that we are currently operating outside of the intent of those policies from the appointment process of how we are to determine is whether or not we have committees and the operation of those committees. Hamby asked, can you repeat this so I can look them up? Because I'm not aware of what you're saying. Boston replied, 1.3, 1.1, 1.01. Davis replied, 1.101. Boston continued, 1.101, 1.201, and 1.4. Davis replied, yep. I just feel it being our best interest to continue discussing how we operate per our policy before we decide how or who or what method we continue in the future and I can elaborate if you'd like. King asked, can we put 1.300 up there? Hamby replied, that's the 1.3 that he's got on there. King replied, can we put it up on the wall? Safdie asked, could have a separate vote with approval of the committees? Boston replied, yes. Hamby replied, I'm a little confused as to. Boston asked, Chris, are you trying to get ready to say something? King replied, no. I just; if you read it, I will say something. If you read that first sentence, what does it say? Safdie read, however, special committees composed the board may be appointed by the chairman at the direction of the board. So what I think is confusing about this is #16. They're #16 should have two motions. Boston replied, two components. Safdie continued, two components. One is the approval of the committees, in which the board can either not approve or approve, and then the membership of the committees. OK, so that may not be clear in item 16, but that is the intent. Stout replied, yes, two parts. Davis replied, so currently 16 is asking us to approve the appointment of the committees as they've been determined currently, right? Boston replied, yes. Davis continued, so what we're asked to do tonight is vote on. Boston replied, as they're proposed. Davis replied, as they're proposed and my ask is that we continue to talk about this in a different setting to identify as to whether or not we are operating correctly, because I don't know if we're going to get it sorted today. Safdie replied, I see his point, but respectfully I think that the policy is very clear. It says that a special committees can be determined or appointed by the chairman with approval of the board. Stout replied, at the direction. Safdie continued, at the right direction of the chairman and the direction of the board. Davis replied, the direction of the board. So the board hasn't directed the chairman to establish committees. Hamby replied, that's what we're voting on tonight. Davis replied, no. we're voted on the committees that were already appointed. Boston replied, if you approve the committees, then you go back and approve the appointments and then the committees can proceed forward and conduct business. Davis replied, exactly so. I guess we'll get into it. Boston replied, we will. Davis replied, the point being made is we've got two different states. We've got a current state and an as policy state. Our current state is that currently as up to this point, the chair had solicited interest via e-mail for those that would like to join these committees. The second ones volunteers were replaced. Those that volunteered were placed on the committee that was nominated for. This is the way that we're currently operating. Committees voted on without established, defined need or board approved issues that the board discussed. Boston asked, where are you reading from? I'm reading from how we're operating. Boston replied, OK. Those are just your words. Safdie replied, those are his notes. Davis replied, yep. So committees set meeting dates whenever they see fit. They discuss whenever they see fit. Committees vote to bring issues to the full board for board approval. So in order of operations, that's how we establish the committees and take them in and out of committees. So we're looking to appoint people in these committees without a need or an issue. So if we reference one of our policies here, we referenced 1.3. It says that Policy Committee, however, special committees composed of board members may be appointed by the chairman at the direction of the board. So how do we determine the direction of the board? Hamby replied, we take a vote. Boston replied, by your vote tonight. Davis replied, OK, so at the vote and as the needs of the board shall require, so how do we determine what the needs of the board shall require? Stout asked, how do we determine what the needs are for the committees? Safdie replied, right, I mean, I think the day before yesterday's meeting, you made it clear that you would like

to see the needs of the board presented at a quarterly basis with one meeting at a time. That's the issue that you want. You want to change the composition of how we conduct meetings, which is fair, I mean, but whether or not I think there are several issues that we're looking at. I mean all of us are looking at. One, we have a new director. OK, the director and I fully support our director. I want to let you know that. OK, however, the director only has a year of experience as a director and the issue then becomes do we want to established quarterly meetings that go over all of the material that have transpired. That's related to the board after three months? Well, I mean, that's what we are talking about. Davis replied, I appreciate you summarize that, but that's not what I'm proposing. I'm just proposing that we follow what we say we are going to do. Stout replied, I think we need to be concerned about making sure we're following what our policy states. Safdie replied, we take a vote and the Chairman has the discretion at the board, at the advice of the board to bring forth the committees. OK, so now we can at this point, now I may be wrong. Davis replied, it says the committees, composed of board members, may be appointed, not shall be by the chairman at the direction. Means the direction of the board. The board says to the chairman, chairman we would like committees because we have these issues and we have these concerns. Stout replied, and these are the committees that we want to have handle it. Safdie replied, well that what's going to take place today? Boston replied, that's what's going to take place tonight. Davis continued, but we've not gotten to the point we've identified that we have a need in deed to have a committee. We're just saying we're gonna have committees, because we're going to look for them. Instead of saying we've got something, we're going to work on and then we're going to vote for it, right? So we're just saying we're going to have meetings forever. Without having a specific need to actually conduct the business at hand. We don't have business, then why meet? Boston replied, well, if the majority of the board approves these committees, then the majority of the board has established a need for the committees proposed. You can take any committee you want and disengage it. It's whatever the majority of the board proposes and needs in order to further carry on the business of this district and the board. If these committees are approved or if they're not. Then business can carry on and you don't have to wait for another; well, the next meeting we have is December. So you've let the business that needed to be conducted. Davis asked, but what is that? If we know we got business to conduct, that's what my ask is. What is it? We don't know what it is now. We just know we need a committee to deal with it in the future. Boston replied, well you know. Davis asked, is that what were saying. Boston continued, we've got policies. Davis replied, well our policy says the issues need to be discussed by the committee. The issues to be discussed by the committee must be approved in advance by the entire board, so the entire board should determine what the issue is and then shove it to the committee, not the vice versa. What we're doing currently is the committees are going; have the autonomy to go, operate and determine what it is that those issues are. They vote on it and then they send it back to the board. Boston replied, Mr. Davis, let's go ahead and vote. Davis replied, okay. Boston continued, on whether it stays on the agenda, so we can move on. Davis replied, okay. Boston continued, and then if it stays on the agenda, then you further discuss it. If it doesn't, you're beating the dead horse. Davis replied, okay. Davis replied, that's why I was asking to move it today so we could actually. Boston replied, but let's go ahead and vote whether it stays. Davis continued, whether or not we shot ourselves in the foot. Safdie replied, I don't think we'll shoot ourselves in the foot with any decision. Boston replied, okay. Any further discussion? Safdie replied, call for question. Boston replied, the motion is to remove #16 from the agenda. A Roll Call Vote was taken. Motion Failed. Boston replied, so it will stay on the agenda. Now can I get a motion to approve the agenda? Hamby replied, I make a motion we approve the agenda with Mr. Safdie's changes combining 15.H.2 and 15.H.3. I do believe that's what it is. Boston asked, is that correct, Mr. Safdie? Safdie replied, yes. Hale replied, second. Boston replied, okay, so we have a first and second. We're combining 15.H.2 and 15.H.3. We have a first and second to approve the agenda. Any discussion? No one responded. A Voice Vote was taken.

Motion to combine 15.H.2 and 15.H.3.

- 11. *Brown Property Consideration (See Exhibit #3) Boston advised, next on the agenda is our Brown property and could you pull up the letter. We have a new offer from the Cantrell family or from the Brown family? Earl the previous offer was \$650,000. Patton replied, correct. Boston continued, and our new offer is \$450,000. \$50,000 down. \$50,000 to be paid this year and \$200,000 for the next two years.

We wanted to put this before. I think we touched on it just a few minutes in the work session the other day, but I will entertain a motion. King replied, Madam Chair, I would move to take no action. Hamby advised, and I will second that. Boston replied, okay. Is there any discussion? King replied, I think we discussed it last time. Boston replied, I think we did. I'm going to do a Roll Call just in case. The motion is to take no action. A Roll Call Vote was taken. Boston asked, one of the two, Mr. Patton or Mr. Stepp, could we respond to the Cantrell family? Patton replied, certainly. Boston replied, thank you.

Motion to take no action.

12. School Board Reports - Boston continued, School board reports next is our TLN report.

12.A. TLN Report - Ms. Shannon Stout Stout replied, just so you all know, there's a new title for my position. It was Legislative Representative. We are now called Legislative Liaisons. So a little bit of a change there going into the new year. Our new Federal Education Funding Work Group is going to be meeting 11/6 through 11/15, and they're going to be looking into the Tennessee Education Funding Numbers from the last five years, which total \$10.4 billion. Federal documentation requirements and the costs associated along with those requirements. That we have to follow and stipulations for the federal funds that we take and they've been tasked with formulating a plan for funding by the state before the legislature returns in January. So they're going to be working on that process and then next month, we have a new system for assigning letter grades to our schools. So that's going to begin. In 2017, a state law was passed requiring this new system, but the development rollout was postponed due to COVID. So they're just getting it up and going again. In September, I attended a Board of Education, State Department Regional Town Hall in Putnam County, and Mr. Stepp was there as well. The department and the new Education Commissioner, Reynolds, were collecting feedback and suggestions regarding the other indicators, which is the only optional criteria and it's the third of the criteria for assigning these school grades. So by law, by this law in 2017 there are now two required criteria academic and student growth. The first criteria, academics is defined by the percentage of students meeting or exceeding grade level expectations on their state tests. The 2nd criteria is growth defined by progress students are making on state test performance compared to the average progress of all students statewide, and then the third criteria is the optional one. That, they're working on pulling together the other indicators criteria. So they've got a school letter grade working group and they've pulled individuals together from across the state in several different roles throughout the education system and the legislature. I even saw when I went through the list there was a parent on there. So they've got some parent involvement. They met five times during this month, and they were tasked with helping to create letter grade calculations for schools. That is transparent, meaningful and easy to understand and that was per the task given by Commissioner Reynolds. The goals to have A through F letter grades published for each school on the state report card in November. So that is forthcoming here, this next month. If y'all want more details or if you want to view the working group meetings, you can go to the Education Department website and you just search school letter grades and all that information is out there. That wraps my requirement. Thank you. Stepp advised, and I can send a

link to that to the board through e-mail, so you can just click and go. Stout replied, thank you, Mr. Stepp.

13. Board Member(s) Report from Training(s) - Boston advised, next on the agenda is the any other board members that can report from any training? King replied, I'm just going to say they have webinars periodically. I've attended those. They're good. Stout replied, yeah, that's why I jumped in on October lunch and learned, The Board Minutes and Voting. It was good.
 14. Legal Report - Mr. Earl Patton - Boston advised, next on the agenda is the Legal Report, Mr. Patton. Patton replied, there is no new litigation and there is no significant change in existing litigation for this month. So we'll have some more news for you next month.
 15. Director's Report- Mr. William Stepp - Boston advised, next on the agenda is our Director's report. Stepp asked, Madam Chair, can I request that we do the Strategic Plan first? I know Mr. Cox isn't from around here and he travels. Would that be okay? Boston replied, absolutely. Stepp continued, so Mr. Bobby Cox, with NIET is going to look at the five-year Strategic Plan. (See Agenda #15.E.)
- 15.A. School Updates Stepp advised, just some school updates real quick before we move on. I'm going to read fast.

Boston replied, we received an e-mail for the poverty level in each school. Stepp replied, yes, that was Mrs. Hamby and that's what I just talked about. Boston asked, does that affect our TISA money? Stepp replied, yeah, that's the J code. For people that receive free, reduce or receive direct services. So she went in and individually looked at her, and Patricia and Faith individually to every child. To make sure we had them right and there's a new formula. So that new formula got 1,200 more students on Jayco. So that goes into our student information system and it's pulled by the state. So they know how much money we get. Hale advised, I'd like to make a comment about the walk around town, because when I taught 4th grade, that was one of the projects that I enjoy doing with my students. We always learned so much about Cumberland County and I know the schools didn't instigate that. I think Francis Carson started that program a long time ago and she wanted the children of Cumberland County to get to know their community, and I always learned something and we would talk about it and discuss it and I know the 3rd grade going to the farm has been, you know, very successful through the years and that was instigated by the Farm Bureau and of course the experiment station. Because we're out there doing that and the one time that I got to teach 3rd grade, I got to go on the farm trip and so I was excited about that. Boston replied, the kids love it. Hale replied, yeah they do and the teachers. Hamby replied, as a volunteer for several years, I got to enjoy those also and Biz Town was a really great thing also. Hale continued, a lot of good things going on in our school system. Stepp replied, absolutely. Those are all exponential kinds of learning experiences matched up with careers, so it's pretty cool.

15.B. *State Compliance Report (See Exhibit #4) Stepp advised, so going back to 15.B. This is just the State Compliance Report that Mrs. Boston and I have to sign. That we're following all federal and state laws, so we have to do that each year. Hamby asked, does that have to have a vote? I don't think so. Stepp replied, yeah, you need to Hamby replied, I make a motion to approve. Safdie

replied, second. Boston continued, we have a first and second to approve the State Compliance Report that we have to send in each year. Any discussion? No one responded. A Voice Vote was taken.

Motion to approve the State Compliance Report.

VOICE VOTE: (mover-yes) Hamby

15.C. *CCEA Collaborative Conferencing (See Exhibit #5) Stepp advised, okay, next is the request for Collaborative Conferencing by the Cumberland County Education Association, Mrs. Timpson. She did turn in all the signatures that were required. This doesn't have to be voted on. This initiates the law. This initiates the process. So, by law, once they turn this in we're required by law to start that process, so you don't have to vote on it, but we've already talked, Mrs. Bray and I and Dr. Farley, and we've gone through the law and we're ready to start that process. Boston replied, If it does not require and we're required by law, I think that pretty well covers it. So it does not require a vote. Stepp replied, and I can send out like a Q&A on Collaborative Conferencing to tell the board. So you kind of see what we're doing with that? Boston asked, where's Mrs. Bray? Were you here when we did the very first Collaborative Conferencing? Bray replied, it was my very first day, your last meeting. Boston replied, your first day was our last meeting. Hamby replied, that was five years. Boston asked, did Kacee leave you her notebook? Or did Rebecca Wood leave you her notebook? Bray replied, yes. I have vast amount of information. Boston replied, got it. Okay, because we all had huge notebooks. Thank you.

15.D. *META Litigation (See Exhibit #6) Stepp advised, 15.D. I'm going to defer to Mr. Patton. Patton replied, sure. So several months ago I sent to all of you some information on this lawsuit. It initiated at least the first school district in Tennessee that was involved in this was Clarksville, Montgomery County. This is a lawsuit that has been proposed by the France Law Group in California. It's multi-district litigation similar to the litigation that you've been involved in with JUUL. The same firm that is pursuing this case in several social media companies. This is a little bit different, because you've got a law firm proposing that you join in a suit. They have identified some issues that they believe are affecting students across the country and they are actively recruiting school districts to join in this litigation. Lewis Thomason Firm, Chris McCarty, some of you are familiar with. He is working with the France Group in this litigation. One thing that we might be able to do is to get Chris to come here or maybe participate in a conference call during the meeting to kind of give you some more information about this lawsuit, if you're interested. The documentation that they provided essentially, what they're getting at. Just to give you a snippet and to let the folks here know kind of what's going on. They say that the France Law Group has commenced litigation on behalf of public entities such as school districts against Meta, TikTok, Snap, and YouTube. As well as other social media companies. The lawsuit alleges that these companies have caused a mental health crisis among children and teenagers that is marked by higher proportions of anxiety, depression and thoughts of self harm. All of which severely affect their ability to succeed in school. Many children and teenagers spend an inordinate amount of time scrolling through Meta, Instagram, TikTok and other social media platforms. Where they are subjected to often harmful and exploitative content that encourages disordered eating, unhealthy

social comparison and cyber bullying. As a result of this harmful content, students are experiencing anxiety, depression and other mental health issues. Students performing worse in school are less likely to attend school, are more likely to engage in substance use and to act out somewhat violently. All of which affects a public entities ability to fulfill its educational mission. So I think the main question that you've got to ask yourselves, as board is are these issues affecting us and our kids? I think that should be what drives your decision and how you approach this and to informing as to whether or not this board as a whole is interested in pursuing this litigation. Ignoring the fact who's proposing that you joined in this litigation. I think the primary question this board has to decide is do we have a problem that needs addressing by this type of lawsuit. Safdie asked, Mr. Stepp, what are your counselors say in relationship to this? These problems with the use of social media with our children. Stepp replied, I think a large part of our discussions and this is the direction we're working on Strategic Plan right now is like the trauma informed school system and I think and correct me if I'm wrong, but the principals will agree. The access to information that the students have now is unprecedented and I think it is affecting how they do things. We deal with more mental illness now than we've ever had and I think the community is also recognizing that with the Trauma Informed Community Alliance that we've partnered with. So I think that's the overarching discussion that we're having right now and we feel that social media could play a part in that. Did I hit that about right principals? The principals nodded yes. Boston replied, especially the high school principals. Mr. Callahan, Mrs. Smith do you see? Smith replied, I think it's all grade levels. Hamby advised, I started to say it's all grade levels. Smith replied, parents allow access at a much younger age. Boston replied. they don't get phones until they get to high school, right? Hamby replied, let's try Pre-K. Boston replied, our student representatives, sitting down there, shaking his head. I was hoping that was the case. Whitehair advised, I received my phone in elementary. Safdie asked, do we need a motion to approve? Boston replied, we will need a motion. Hamby replied, I'm gonna make a motion that we approve and allow this to move forward. King replied, second. Boston replied, and joining this lawsuit. Hamby replied, yes and joining this lawsuit and you do have a second. Boston replied, we have a first and a second, with the motion being that this school district join this meta litigation. Any discussion? Stout asked, yeah, Mr. Patton, I looked a little bit about the responsibility for payment to confirm. Can you just clarify for the board how that's going to look for us and if there would be any fees outside of the award that we'd be responsible for? Patton replied, very similar to the JUUL Litigation. I've reviewed the agreement. It is very similar. It's a contingency fee agreement where this board is not going to be responsible for cost unless they recover funds for us. Stout replied, okay and I believe that was 25%, it said of the monetary settlement. Patton replied, it's a pretty standard contingency fee agreed for a case like this in my experience. Safdie asked, is there, let me deviate from this subject, because I'm curious about it. I heard a report that and we're talking about the mental health of our students. I heard that six students, six children a day now die from gunshot wounds. Do you see any vision or have any vision of any lawsuit that will be taking place in the future that will address the trauma the students are in as a result of their knowledge of this? King replied, point of order. That's not what we're talking about here. Safdie replied, oh, thank you. You don't have to answer that question. A point of order was called. Thank you. Boston asked, any further discussion? No one responded. A Voice Vote was taken and then a Roll Call Vote was taken. Boston replied, so the motion carries. The board will join in with the META Litigation and I'm assuming Earl that you will let us know what we need? Patton replied, I will work with Mr. Stepp to execute the documents on the authority that the board's given tonight. Boston replied, and just to proceed and just let us know. Patton replied, yes, ma'am.

Motion to approve and allow this to move forward and joining this lawsuit.

15.E. *Strategic Plan-Mr. Bobby Cox, NIET (See Exhibit #7) Mr. Cox discussed and presented the Strategic Plan attached. See Exhibit #7 for detailed information.

Boston replied, we thank you for leading us through such a detailed report and it's excellent. Cox replied, I appreciate that and I appreciate the opportunity to work with Cumberland County Schools and it is an honor to work with Director Stepp. I've sat in his shoes and I think he has laid out a great path moving forward not only for the district, but getting good feedback from the community and ensuring that Cumberland County is on a firm foundation moving forward. Thank you again for the opportunity to be here. Boston advised, since we're at that spot, it is on the agenda to be voted on. Stepp replied, if you feel you've had enough time to see the bigger overview of it, you know you could vote to approve. Boston replied, I don't. Stepp replied, once we get to December then I can have an open presentation of the Strategic Plan and we can talk through each part if you'd like. Hamby advised, Madam Chair, I'd like to make a motion that we table this, because it's on here for a vote. To table this until we can have further review. So that we have a little longer to look at it. Boston replied, and have some discussions. Stepp replied, yeah, I can set up a presentation if y'all want. Boston replied, I'll second that motion. Any discussion? No one responded. A Voice Vote was taken.

Motion to table this until we can have further review.

15.F. *TISA Accountability Report (See Exhibit #8) Stepp advised, next is the TISA District Plan. This is required by law. This is new this year, so we sat down with TDOE representative, Dr. Fox and went through creating our goals for student achievement for the next up to 2028, I believe and we have to give explanations and then we report it to the state each year and the the TISA Accountability Report is required annually and the Progress Review board of TISA will determine whether the school district is taking the proper steps to achieve their stated goals. This was created last month. It's been on our website. I presented at the Education Committee. All of this is public announcement and in public review is required. And then it is due November 1st. Boston replied, I'll entertain a motion to approve. Safdie replied, so moved. Boston replied, I'll second that. So we have a first and second to approve the TISA District Plan for 2023. Any discussion? No one responded. A Voice Vote was taken. Stout replied, thank you to the director and supervisors for pulling this together. Pretty big comprehensive plan that was done in a short time. So thank you.

Motion to approve the TISA District Plan for 2023.

15.G. Annual Planning Calendar (See Exhibit #9) Stepp advised, and next is the Annual Planning Calendar for your review and the Warm Body Count for your review. Boston asked, pull up the Planning Calendar again. I wanted to point something out. There was one thing in October. Did we get that finished? The numbers weren't going to be in until November. Stepp asked, we're talking about accountability. Boston replied, yes. Stepp replied, yeah it's like the letter grade. Everything's been embargoed until they can release their letter grades. I'm not sure how they're doing those formulas. They haven't really clued us in on exactly how they're creating both letter grades and who's going to get A's B's, C's, D's, F's. We've sat in meetings with directors and they're still don't have a good answer, TDOE to how they're doing that. We just know the sports are embargoed until November. So we can't publicly release them, but we have reviewed with the principals there. It's called a heat map that shows their annual measurable objectives and where they are and that kind of stuff. So we've already started talking. I know they're working up plans as we speak, I'm sure. Safdie asked, Mr. Stepp, I know we discussed this on the day before yesterday at our work session. Is there any indication why our school system has specifically this year lost enrollment? Stepp replied, this has happened in other counties around us too. So I'm not sure where they're going. They're going online or what. I don't know where they're going. Then we talked as directors. Several counties populations decreased, which is that our biggest concern is that funding piece, TISA. So it's \$6,860 per child. I don't know if it's home school or online schools, I just know once COVID hit alot of the students like working at home just doing it online. Safdie asked, do we have any statistics on the number which Nick just mentioned? The number of students that are being home schooled and the number of students that are going into private schools in Cumberland County has increased? Do we have any numbers on that? Stepp replied, I can get those numbers for home school. To go to home school they fill out paperwork with us so they can go. Safdie asked, and private schools, church related schools? Stepp replied, we can look at it because they have to request the records from us, so I can try to go through there and look at that. Safdie replied, well, I don't want you to do that unless it's the board's wishes as a whole to have that documentation available. Is there any sentiment of our board members on whether or not he should pursue that data? Davis replied, I like numbers. Stull replied, I don't have a problem with it. Hamby replied, I don't have a problem with it. Stout asked, how complicated would it be? Are we talking about a lot of extra time dedicated? Stepp replied, we'll look through our student information system. Boston asked, is that fairly ready in our hands? Stepp replied, well, Patricia and Faith will have to dig in it. They run our SIS. So I don't know how difficult it'd be because I haven't ever run an SIS before. There's a lot of data, you can collect. Safdie replied, if it becomes too difficult, then at the next board meeting let us know, but it appears that there is no difficulty. Boston replied, I'd like to say this. Safdie continued, our board feels. Stout replied, there's some way to understand where they're heading to? Safdie replied, thank you.

15.H. FYI (See Exhibit #10)

15.H.1. Attendance Report

15.H.2. *HR Job Description

Stapp replied, and then next on the item, I think one of the board members requested these two to be on. Boston replied, yes, the Financial Controller, Mr. Safdie. Safdie replied, well I am. I am thrilled with Kim Bray's performance. She's basically doing 3 jobs at one time, so I would like to make a motion that we remove the Human Resource Officer job description and the Financial Controller job description from our reservoir of employees and just do away with those positions. That's my motion. Hamby replied, I will second that. Boston replied, okay. Davis asked, could you repeat that? Safdie replied, to remove to the Resource Officer job description and the Financial Control job description from our inventory of jobs in the Cumberland County School system. King replied, I have a question. Boston asked, can we? We'll get to discussion in just a minute. Let me repeat the motion. The motion on the floor, we have a first and second is that we remove the HR job description and the Financial Controller job description from our job inventory and so now it's open for discussion. King asked, if by chance, Mrs. Bray were to leave, how will we get that done? Safdie replied, I don't know. King continued, so I think we should leave those positions. Boston replied, if Mrs. Bray leaves we will shut down. Davis asked, why would we remove the positions? Hamby replied, because they've been left unfilled for how long now? Boston replied, well, Mrs. Bray was HR and you took over COO what January? Bray replied, kind of when Kacee left after a month at that. Boston asked, you started doing the job? Bray replied, yes. Boston continued, and then you were HR before, so we had an HR. No we had a finance lady that came in October. She was in office for one month and so these positions have not been filled since that and so they're left sitting there. King replied, so let me speak to that. Having worked here and worn several hats myself. It doesn't work well. It's not efficient and if that person leaves, who does the work? Boston replied, I mean I think it's a very good point. My question would be, is there anything we can do to assist? Whether it be look at the salary, look at the description. Stout asked, what's been the hold up? What's been the hold up and filling the positions, Mr. Stapp? Stapp replied, well first of all just to let you know, we had several people step up to help out Mrs. Bray, just to get through this. We thought it would be super temporary situation we're in. We posted the HR March 1 of 2023, Finance, September 22, again September of 23. Now we got a new Finance Director coming. So I was going to post this finance position once we had that new Finance Director, because we try to be great partners with that team. Because we have to work directly with them. There was only three that met the minimum requirements for HR. We tried to interview all three, only one showed up. We offered the job and they turned it down. Finance, we had five that met the minimum requirements and we changed it to the controller so we could widen the net to get somebody in there with finance experience. We interviewed all five, offered it to two, and they turned it down. Some of the things that they talked about were concerns about the extra duties and the meetings, lack of hybrid work schedule, which is huge in the finance field now, and HR field. They can't work from home. Those hybrid programs you get to work from home, we don't do that here. Also that Finance and HR position are very important positions and we've gotten admin assistants working with Mrs. Bray right now to get through this rough patch, but at no time have I ever talked about removing those positions. They're too important. I mean, if we just look at our budget. How much was our budget this year? How many millions? 64 or 70 when you add all the federal. That person is the pivot person for all of that. So that person also has to work with all the federal program stuff and they help get it ready. That person approves it, then I approve it, and then it goes to the state. So that's a hinge pin position. We got to find somebody. My suggestion would be, you know, let's look at salary. Let's look at what we can do that direction. I know the finance we allowed up to 75, but in the private sector, that's a drop in the bucket in the private sector and same with HR Directors. Boston asked, I think 65 is our HR, is that

correct? Mrs. Bray replied, yes ma'am. Hamby replied, can I ask a question? Could we, if we don't do away with these positions, could we take another look at the job descriptions and see if maybe there's a little bit of changes that we could make in as far as education and experience? Stepp replied, that's what we did. So when we changed the CFO job description, we tried to throw a wider net out by doing that Finance Control. So it wasn't a true CFO position. We wanted to widen the nets to try to find it and they're just making more in the private sector. We've offered that both jobs and they turned them down, because I assume, because of money and some of it is just the the amount of work in those positions. You know, they serve what was it 51 evenings they have to be here in a school year? So that's on top of there come in at 7:30, work till whatever. That's a lot. So Hamby replied, and I'm not saying you don't have education background, whatever, but sometimes you get somebody that's got 25 years experience. Sometimes that experience counts a lot towards the education. Stepp replied, we work solely the ones that interviewed and tell me if I'm wrong, Mrs. Bray, but the ones that we interviewed and offered jobs to their specialty was HR or their specialty was finance. They weren't educators or teachers. Hamby replied, no, no, no, that's not what I mean. I mean like if you get someone that has worked in HR for 25 years and they've got an associates degree but not a bachelor's degree. Davis replied, they'd be considered for that job based on the description they accepted. Hamby replied, the way it's changed now, yes, but before it was not. Stepp replied, it was accounting. Hamby continued, yes and so but, I don't know. We've got to look at these positions. They have got to be filled. If we're going to keep them, they've got to be filled. If we're not going to keep them, then we don't have to worry about it. Safdie replied, we'll given the basis of this discussion and the the comments made. I think it would be in the best interest of the Cumberland County School System, if I withdraw my motion. Hamby replied, and I will withdraw my second. Safdie replied, so I apologize. Stepp replied, no apology. Discussion had to be made. Boston asked, well, is there anything that this board can do, needs to do, or can do? How about that? Can do to assist you in getting these positions filled? Stepp replied, you've given me the flexibility of going up to 75 for the accountant. I don't know if we need to raise that another five. I mean, I'll have to look, let me look at what the average private sector type stuff is and send you the numbers and then you guys look at the numbers and see if we can adjust or want to adjust or however? Safdie asked, you mentioned this hybrid job. Is there any future in that for an accountant in Cumberland County to have a? Stepp replied, Mrs. Bray says no. Bray replied, you have no access outside of this building to the accounting system. Stepp continued, so to get on that server, it has to come from the computer that we have the license for. Bray replied, my office. Stout replied, you have to be here to do the job. Stepp replied, correct. Davis asked, so we don't have a VPN? Bray replied, no. Stepp replied, we go through the Finance Department at Cumberland County. Hamby replied, they don't have hybrid either, the Finance Department. Davis replied, but I mean, we could look into a VPN, right? Stepp replied, we have to do what the Finance Director of the county tells us to do. Davis replied, I know, but, like can we not ask him if we can have a VPN? Hamby replied, we don't have a Finance Director right now. Davis continued, well I mean, they've haven't just quit spending money. Hamby asked, is he still working? Stepp replied, yeah, he's still there. Davis replied, we're trying to make solutions. If we have a quick problem, if we solve every problem with we can't do it, then we're never going to fix anything. I know personally, I do a lot of business through virtual private network. That allows me to do virtually anything from home, and that's what people that want these jobs are at, at home. With more money in their pocket. So for us to say, oh, we can't do it well, did we ask the right person the right question to determine if we can overcome this? Stepp replied, so if we look at the hybrid. Boston asked, what is VPN? Davis replied, virtual private network. Stepp continued, then we'd have to look at policy and procedures and does it just count for certain people here? I mean, we got teachers, we got, we got so many different. Stout replied, it would have to be a specific to the position, if

we were going to look at that. Davis continued, those people are all working; when the door opened for everybody to go home and work. That's where they're at. Like, if you want to compete, you have to compete in the realm that people are in and that's where they are. So money, opportunity, flexibility. That's what they're after not being I guess potentially thought that their limit positions would be eliminated and we'll just triple up on someone. That concept is pretty scary from a person looking to go to work a place. So I would definitely not recommend eliminating job positions just because we can't fill them in the future, but VPN bridges gaps. Boston replied, well, and two, I appreciate Mr. Safdie asking that this be addressed, because then our questions are what can we do to help because these are such important positions. Stepp replied, and we're doing this with a bunch of people. We got 4 1/2 counselors we're short. We're short teachers, you know, bus drivers. We were trying to figure out as many different ways to get people motivated to work for the school system. Hamby replied, and I understand that their positions are empty too, but the CFO and HR is we really need those positions. Boston asked, could we get some numbers as to what we might? I mean, I've thought 65-75 would be sufficient for a Human Resource Officer, then Finance Officer up to we've given him the authority to go up to 75. Could we look at maybe some of the other school districts and see? On that Green Frog we weren't low. We weren't low at all. When they did a comparison with other districts for those positions. Hamby replied, we were pretty much on target. Stout replied, we were pretty close, plus we had the benefits on top of that. Boston continued, but we have a tremendous benefit package. Stout replied, but currently it may have changed a little bit and it might be nice to get an idea of what other districts are doing as far as any kind of blended or virtual environment. Safdie replied, if we had to call up the Comp Controllers Office to find out if it's legally possible to do that, we could. Let me ask a question. Raise your hand if you work for the school system? Everybody who works for the school system. You know, thank you, because all of you are here constantly during our meetings and I just want to let you know that I'm probably not speaking for the board, but I'm going to pretend I am. The Board of Education appreciates that. Multiple board members replied, absolutely and you're speaking for the board. Safdie replied, thank you for clarifying.

Motion to remove the Human Resource Officer job description and the Financial Controller job description from our reservoir of employees and just do away with those positions.

15.H.4. Personnel Report

Stepp replied, to the next our Personnel Reports that we do every month and our Substitute List also. Our school news articles, it's school calendars of events, and I encourage each of you, if there's schools in your districts that you're responsible for. Please reach out to the principal and ask to get added to the calendar list, to the e-mail list and stuff and that way you can. Stout replied, they are good about sending them. Stepp continued, that

way if there's an event you want to go to, you got access to it and as always, I'm available for anyone to come in and talk or phone call anytime. So that's all my report.

16. School Board Committees Boston advised, okay next on the agenda are the School Board Committees.

16.A. *Appointment of Committee Members (See Exhibit #11) Boston replied, can you pull this document? These are committees that are being proposed. We are proposing to disengage the Safety and Contract and combine Building and Grounds and Safety and the first order of business would be to, I'll entertain a motion to approve. Hamby advised, I'll make a motion to approve. Hale replied, second. Davis replied, I'd like to move to postpone. Hamby replied, we have a motion and second, you can't do that at this time. Can you? Stout replied, yeah, he can do that after the second. Boston replied, just a second, we've got a motion and a second on the floor. For the proposed committees, Let's deal with that first. Hamby replied, and according to Parliamentary Procedures, he said move to postpone. If he has a specific date in mind. Therefore, we have to do that even though we have a first and a second. We have to discuss that. We don't have to approve the postponement, but we have to discuss it. Boston replied, okay. Do you have a date in mind? Davis replied, our next regularly scheduled board meeting. Boston replied, it's December the 7th. We do a Roll Call. Hamby replied, refresh me. We do a roll call vote now, right? Several board members replied, yes. Hamby continued, and we're doing a roll call vote on whether or not to postpone. Boston replied, on the move to postpone. Hamby replied, yes. Davis replied, right. We can discuss prior to voting to postpone, correct? King replied, you can discuss. Hamby replied, you can discuss. I do have a question. You did discuss earlier. Is it the same discussion or? Boston replied, you have made, you have moved to postpone. Davis replied, correct. Boston continued, you have proposed a date. Davis replied, yes. Boston asked, do we discuss? Hamby replied, I don't think we discussed on a move. Boston replied, I think we just vote on a move. Hamby replied, we vote on a move. You don't discuss on a move. Stout replied, right? Hamby replied, yes. So there's no reason for discussion if the postponement is approved, right? Stout replied, we would discuss at the later date. Hamby and Boston replied, yes. Boston continued, if it's approved. Hamby replied, okay, so now we vote on the move. Okay, so what is on the floor is that Mr. Davis has proposed, has moved that we move the discussion on the school board committees to next board meeting, which is 12/7/23. A Roll Call Vote was taken. Boston replied, so now let's go back to the original motion, which is to. Hamby replied, approve this as is. Boston replied, approve the approved committees, disengaging the safety and the contract. King replied, Madam Chair I move to object, because the Policy 1.3 prohibits us from doing it. Boston asked, 1.3 prohibits them from doing what? King replied, having standing committees. Boston replied, no it doesn't. King replied, it's on board if you read it. Stout replied, it does. Boston replied, these are special committees then. We're going to consider these special committees. Safdie replied, the policy is a standing committee and so is the. King replied, so if these aren't standing committees, what are they? Safdie replied, they are special. Boston replied, we are appointing them as special. King replied, that doesn't change anything. Hamby replied, Mr. Patton. Patton asked, what was the last statement made? I didn't hear. Hamby replied, he is saying that she said that we would appoint them as special committees and he is saying that in policy 1.300 that we do not have standing committees. Patton replied, well, that is what the first sentence says, but again, it's the full text of the policy the board shall operate without standing

committees except the Executive Committee and Policy Committee, however. Special Committees composed of board members may be appointed by the Chairman at the direction of the board and as the needs of the board shall require. Now you know, the board by majority vote can suspend policy if it needs; if that's the desire of a majority of the board. Can suspend the policy or can suspend a part of the policy. Davis replied, or we could just correct it instead of. Stout replied, and follow it. Davis continued, and do it as it's supposed to be done. Patton replied, you could. Davis continued, or stop long enough to write it correctly and then follow it. Patton replied, right. Davis continued, or we could just dismiss the fact that it says that it's going to be operated at the direction of the board as the needs of the board should require. So if we don't have direction, we don't have need, then the special committee doesn't have the opportunity to do anything. Boston replied, well, I think we have a need for the committees that we think are appropriate and it's going to be, I mean, you're going to have a budget need, you're going to have building grounds need, you're going to have safety needs and you're going to have athletic need. Hamby replied, and policy. Davis replied, specific needs. Boston replied, it doesn't have to be a specific need. Davis replied, we can just say, there's a need. Stout replied, the way that the policy reads, it does say that they are special committees are appointed by the Chairman and the direction of the board and as the needs of the board shall require. So I think what we're missing is discussing what is the need and do we need to set up a standing committee for that or do we need to set up a special committee for that? If it's a standing committee then we need to come back to our policy and make the adjustments there. If it's a special committee, then it just stands. It's like an ad hoc. It's the special committee that stands to accomplish a task that the board asked us to accomplish and then it's discharged. It's done, so that's the way it reads in our policy. That's the way it reads in the TSBA sample policy. So for us to say we're going to make these special, special committees, that doesn't work because they can't just sit out there and stand out there until something comes up. It has to be for a task and then it's discharged when the work is finished or earlier by the majority of the vote for the board. So if we say we're done with what you need to look into for us, we're disbanding it or discharging you. That may even be before the work has been completely finished. So we can't have standing special committees. It's a standing or it's a special? Does that make sense? Hamby asked, may I say something. Boston replied, yes, ma'am. Hamby replied, talking about as needed, for one policy is absolutely needed and it is a standing committee according to 1st and 2nd. Davis replied, that is an opinion. That is your opinion. Hamby continued, that is according to policy that the Executive Committee and the Policy Committee are standing committees. Stout replied, but we can take a look what we're doing for others. Hamby continued, but also we have a lot of building projects going on. We also have maintenance issues and maintenance projects going on. So therefore that that constitutes building and grounds and safety is always, always needed and that is an all the time thing. Budget, we need a budget committee to discuss our finances everything that's going on. I mean, I don't understand why there has to be so much controversy and so many issues. This is, you know, I don't know. I don't understand it at all. Stout replied, I think the question is, do we need committees for that though? I mean, is there a specific task that we're assigning to those committees that we have to develop a special committee for to accomplish or is this something as we've discussed in our work sessions, that the entire board should be involved in at budget time, with the building and are we muddying the waters for the Director of Schools and for the administration by getting involved in a lot of the school business, that is not the board purview by having involvement as committees. King replied, I think that's why the policy says what it says. Davis replied, and that's why this policy, right board committees is a template that the TSBA has developed and we've adopted, and we've not modified. Now whether or not we pervert it or not, is or we elect to suspend it or we choose to read it in a manner that it's not intended to be read in, right because there's words and language in here that we use the word shall 1,2,3,4,5,6,7 times. Shall's definition is an imperative command, usually indicating that certain actions are mandatory and not permissive. That's what shall means. Cornell Law says the same thing. It says that when it's used,

its intent is to express the command or an exhortation. You shall go. It's used in regulations, directives express what's mandatory it shall be unlawful to carry firearms. It doesn't say may or might or could be, it says, shall. So if we're going to use the word shall right, all reports by special committees shall be made directly to the board. The Board shall operate without standing committees. All reports by special committee shall be made directly to the board. All a special committee serving in advisory capacity shall consist of less than a quorum of the board. So if we decide to have a committee with less than a quorum of the board, can we just say we're just going to change shall with may. We might have a committee we might not. We may have a quorum, we might not. Are we going to follow our language or are we not going to follow our language? Right, our other language says that we were going to follow policy. Policy 1.1 all powers of the board line its action as a group. Therefore individual board members exercise their authority over school system affairs only as they vote to take action at an official board meeting of the board. Board actions, decisions, policies are official only when approved by the majority of the membership of the board at a legally constituted meeting of the board and recorded an official minutes of the board. Board actions and decisions. That document is not board actions or decisions. That document was made independently. That document was not transpired, not given to us in a board meeting. It was given to us in an e-mail. Boston replied, it was attached to the agenda. Davis replied, but it was in an e-mail prior soliciting everybody to be on that list. Boston replied, no, you don't have to be on the list. Davis replied, right. But it's an action of the board and it's not how we operate. We don't operate via e-mail, soliciting people to be on the committee. Boston replied, then let's let the board vote. Safdie replied, call for the question. The question at this point is to move the. Boston and Hamby replied, that's already been done. Hamby continued, the motion in second right now is whether or not to approve the committees. Boston replied, we have a motion and a second on the floor to accept the proposed committees as presented, disengaging the Safety and the Contract. Stout replied, and just the committees, not the committee members. Boston replied, that is correct. We'll get to that next. A Roll Call Vote was taken. During the Roll Call Vote Hale asked, say the motion again. Boston replied, the motion is to accept to approve the proposed committees. Hamby replied, not the members, but the committees. The Roll Call Vote continued. King replied, I will not violate policy. Safdie replied, you may turn that question over to the attorney and have him respond to the question. Did we violate policy? Hamby asked Patton, did we violate policy by voting on that? Safdie replied, he doesn't have to answer it now. Boston replied, may please. I'd like to make a motion that we suspend Policy 1.30 until it can be revisited. Hamby replied, I'll second. Boston continued, so we'll suspend that. Patton asked, the entire policy? King replied, point of order. That's not on the agenda. Patton replied, look at 1.6. It's there. Stout asked, for what reason though? Why would we? Patton continued. 1.6 Policy Development and Adoption. Suspension of Policies, it's page one, line 25. Any board policy or part thereof may be suspended by an affirmative vote by a majority of the members and folks I mean, look state law requires that this board meet four times a year. That's what state law requires. There's an argument, and I understand, and it's a good-faith argument that deals with how you're going to conduct the business in addition to the four meetings a year that the state requires. To put it in perspective, that's really what this is about? How much time is involved? With committees versus special meetings or work sessions, or however you put it. But, I think there's a majority of the board can, however, whatever that majority looks like. Can conduct the business of the board and suspend a policy, can suspend a portion of a policy. I don't think this board is, I suppose it would be appropriate to suspend the part of the policy if that's what your intention is. Boston replied, until it can go before the policy committee, because I certainly have no intentions or it's not my intention to violate policy, but if that's the case, then this policy has been violated. Hamby replied, for years. Boston continued, for years until this particular year, for some odd reason. Safdie replied, at least 2000. Boston continued, no one's ever questioned it. It is being questioned. Now it's being challenged. And so, Mrs. Parliamentarian, we have approved this. We have approved the prospective committees that have been proposed and

that's already been approved. I don't know if this is a parliamentary question or a legal question Earl? But the policy itself is not on the agenda, but it says. Hamby replied, we cannot suspend since it's not on the agenda. Boston replied, I don't think we can. Hamby replied, right. We cannot suspend or partially suspend this policy since it was not on the agenda or can we. Patton replied, no, I think. Boston replied, because it applies, Patton replied, I think you can. I don't think there would be anything illegal about you suspending a policy. Davis asked, so every time somebody wants to just bypass the fact that we're not supposed to change the agenda, we just vote to suspend whatever policies? Boston replied, until we can get it fixed. Davis continued, and we can just get a vote. We can go straight to vote. We're just going to suspend it, we're just going to straight to vote. Hamby replied, and if you have the majority of the vote, yes you can. Davis asked, also how do you know you have the majority of the vote till you vote. Hamby and Safdie replied, you don't. Stout replied, I think that we also need to speak with TSBA regarding this as well, since this is their model policy. Hamby replied, I have spoken with Mrs. White. Stout replied, I have as well. Can we have council on that? Safdie asked, is there a motion? Stull replied, question Earl. Boston replied, there is no motion, because I. Stull asked, in the voting was there a violation or not? Because the way that I read this is that if the majority of the board votes, it's not a violation. Patton asked, the way you're reading which? Stull replied, the Policy. Hamby replied, 1.300. Stout replied, Special Committees by majority of the vote. Patton replied, I do not think that the board has acted illegally. Hamby replied, thank you Mr. Patton. Stull continued, so there's no need to go ahead and suspend the policy. Boston replied, no I will withdraw my motion. Okay, so moving forward, so we can get hopefully get past this tonight. The policy states that the chairman. I sent out an e-mail which has been done. You know, if you have a special interest in a particular committee that you would like to serve. If you do, let me know. I try to, you know, every chairman. I won't say it just me, tries to accommodate. Mrs. Stout, Mr. King, Mr. Davis and Mrs. Nichols did not respond. The remainder of the board members did respond. So I have tried to accommodate as much as possible and so these are the proposals and I'll entertain a motion to accept the proposed members of each committee. Hamby replied, I'll make a motion to approve the proposed. Hale replied, second. Boston replied, okay, I have a first and send to accept the proposed. I'll open the floor for discussion. Stout replied, just from my perspective, I did not submit my name for any of the committees this year, because of the question regarding the standing versus special committees, and I wanted to have the opportunity for the board to be able to discuss the need for that. Before I submitted my names for anything, because we didn't know what type of committees without discussion, we were going to want or need, you know, with the need of the boards or the district was going to be. So there are some committees that I would like to be on. If the board has determined that we are going to establish these committees. Boston replied, well, we can have no more than a quorum. We have less than a quorum and if you put four members, which we have done so in the past, but if you put 4 members. You and you have a two to two vote. You get nothing covered. So we like to keep it at three and three has been normal. If this board approves additional members on committees. That's not up to me. Davis replied, I'd like to say something. Boston replied, sure. Davis continued, I don't want me challenging the current state to appear to be opposition to be combative. I'm asking for y'all to understand that there is, we're trying to do what we say and say what we do and my intent is to work with. Boston asked, is it we? Can you say that again? I'm sorry, I don't know that I understood that. Davis replied, my intention is to work with each of you all in more of this capacity. In a less separated capacity, right? So what I'm asking you guys to do is read this committee policy to a different set of lenses that puts it in order of operation. I can provide that at a later date and I won't get in the weeds on it. I know you want to keep moving and everybody does, but I find it important to understand that if we do continue on and there's five votes and that's all well and good, that's not going to keep me from wanting to work with anybody or doing it. So long as we understand that there are a couple of things that we are going to have to adjust, because it does tell us in here, issues to be discussed by the committee must be approved in

advance by the entire board. There's no way we can misinterpret that, right? Boston replied, I think we can clear this up. I know that I have already asked that this policy would be put on the Policy Committee. Whether it needs to be modified, whether it needs to be updated, whatever the case may be and going to repeat. I've been here for seven years. It's never been challenged before, but it's being challenged now. As long as it's being challenged now, I think we do need to go back and look at it and maybe modify it and I'm going to say clean it up. But I have already asked that this be put on the Policy Committee if the board approved the Policy Committee. Davis asked, when did you ask them? When did you ask for it to be put on the Policy Committee. Boston replied, I asked Mrs. Hamby and I talked and I said this is something because I agree with you on it. Hamby replied, I get emails and messages a lot from different people of, I would like this policy put on the Policy Committee. Boston continued, because we're already getting policies in through TSAA to be addressed. Davis replied, awesome. Again, I'm just intentional about the idea that we work more closely together. Who's on these policies we identified. It doesn't matter the order of the names of the chairperson or how long they've been here. So long as we can identify that the board is going to direct the committee instead of the committees directing the board it's irrelevant and that's why I intended on trying to move this to another date and time. So we could really talk through all these things and identify the things that are overlapping their contradictory within four or five different policies. That was the intent. Boston replied, I think he will find that periodically language in our policies does need to be, because a situation will arise and that, you know, maybe we need to go back and change the policy. Safdie replied, one of the County Commissioners I talked to recently looked at me and said, you know, you can make anything you want out of these policies and interpret them any way you want and I'm going well should we ignore that, then ignore policy or what do we do? Davis replied, I think it depends on what we intend on them to do, which is guide us as a group, right? If we're going to pose a question, what do we do about it? Well, we clean it up. We make it plain language. If we want it to do something. If we want our intentions to be visible, let's mean what we say and say what we mean. Instead of making them vague and well able to be misinterpreted. Safdie replied, but TSBA let me just address that and there's a sort of a procedure that you do with policies. You make them general at first and then if the policy doesn't quite fit then you narrow down the scope of terminology in that policy, but all policies, and this is from TSBA. They start out very broad and as you see that the language that you take might be too broad and conflicting, but actually that's the way of policy at its first level should be written. At the broadest level. Davis replied, yeah, order of operations, I think is we're messing up, but no worries. Boston replied, we have got a motion to accept the committees as proposed, committee members as proposed, and we have a second, is there any more discussion? Stout asked, any other discussion about who wants to be on what committees? Hamby replied, the motion second is for this and if you in my opinion if there's someone that doesn't want to be on one of these committees, can they not let you know that they do not want to be on that particular committee and just. Safdie replied, I'll swap out with anybody you know. I mean somebody wants to be on the Safety and Building the Grounds Committee and. Stout replied, I would like to do that, Robbie. I would take you up on that. Safdie replied, okay. Well I'll swap out and where are you? You're on the athletic? Stout replied, I'm on the Athletic Committee. Safdie replied, I'll go to the Athletic Committee. Stout replied, perfect. Thank you. Boston replied, so Shannon is going on Building and Grounds. Will you make a note of that Diane? Diane replied, yes. Boston continued, and Robbie, you're going to? Safdie replied, swap out with Shannon and be in the Athletics. Davis replied, I'd like to be on Policy Committee. Hale asked, don't we have to vote on what's standing right now before you make these changes? Hamby replied, well, that is kind of the vote and during discussion I guess we can discuss it. Who wants to be on what committee. Stout replied, and then vote on it. Hamby continued, and then finish the vote. Boston asked. whose own policy? If you put a fourth one on policy, you're going to be stuck with two and two vote. Davis replied, to your point Anita. Number 4 in our policy says, the committee shall serve no longer than the annual organization meeting, which is today.

Unless reappointed to finish the designated task. So if we've got a designated task to finish. Then let's keep it going. If not, we're going to say it's done and then we're going to appoint the committees, right. Hamby replied, we are appointing the committees now. Boston replied, we are trying to. Davis asked, are we effectively saying that there's no more business to be by those committees. Boston replied, no, we have reappointed. Davis replied, the new people. Boston continued, the committees. We are now trying. Davis replied, to vote to disengage the safety and contract committee. Boston replied, Yes, we have disengaged the safety and the contract and we have combined building and grounds and safety. It has been a little bit. We can stay hard core and say, you know these are the ones that were proposed. I as every year the chairman always sends out the e-mail and says do you have a special interest? Do you have a special area missed. Mrs. Stout, Mr. King, Mr. Davis and Miss Nichols chose not to respond and I can't read your minds. So that's where that's what we did. So I took the ones that we had that responded that where the interest was and put them as best I could. So I I don't know how else you would challenge that when you don't respond. Stout asked, is there really a concern though, with having four on a committee? Since it's just either a recommendation or not a right recommendation. So we're not really voting to say we're going to do this or not do this. Boston replied, we could be voting to send something to the full board. Stout replied, right. So if it's a split vote, we could say we're still going to send it to the full board and with the notification that the vote was split on it. It was a split vote. Safdie replied, that's reasonable. Stout continued, so if there's some folks who truly want to be involved and it puts a fourth person on the committee, we could just proceed that way. Boston replied, so Nick you want to be on policy? Hamby replied, and policy meets monthly. Boston continued, yes and Shannon's going on building and grounds in place of Robbie. Robbie's going on athletic in place of Shannon. Is that correct? Safdie replied, yes. Boston asked, is that the only changes that we have made? Stout replied, if we're adding a fourth, does anybody else want to be a fourth on one of the other committees? Boston replied, if not, I'm going to move forward. Diane, do you have those changes? McCartney replied, yes ma'am. Stout replied, actually, Theresa, would you mind? I'd like to go ahead and go on budget if we're going to do a fourth. I'd like to be involved on the budget. Boston replied, okay, so we've got Shannon on; this would be so much easier had you just responded. Hamby replied, Building and Grounds and Safety and Budget for Shannon. Boston asked, Diane, tell me the the the changes you've got. McCartney replied, okay, I wrote down Shannon on Building and Grounds. Robbie on Athletics. Nick on Policy. Shannon on Budget. Hamby asked, Nick, are you staying on Athletic? Davis replied, yes, ma'am. Boston replied, you can take my place on Budget, please, please, please. I apologize, this would have been so much easier. Diane, tell me who you've got on budget. McCartney replied, okay per the document Teresa Boston, Chris King, Anita Hale adding Shannon Stout. Boston asked, okay, who have you have on Building and Grounds. McCartney replied, that would be Shannon Stout taking off Robbie Safdie and keeping Rebecca Hamby and Elizabeth Stull. Boston asked, okay and then on the Athletic you're removing Shannon and putting Robbie and on Policy, you've got? Who do you have on Policy? McCartney replied, Becky Hamby, Sherry Nichols, Elizabeth Stull and Nick Davis. Boston replied, those are your proposed members of each committee. Any further discussion? A Roll Call Vote was taken. So those are your approved; that motion approved. Stout asked, and may I make a suggestion for consideration of the board as we move forward with the committees. I had a a county brought to my attention who operated, they don't any longer, but who operated on committees, and they actually chose one day a month to meet. All committees met on the same day and so they would start at, like, 4:00 and it would be from 4:00 through all the committee. They would show up that was on the committees. Boom, boom, boom, boom. If there was something that a committee didn't have that needed to be addressed that month, then that committee passed and it went to the next committee and so there was a standing day and time that they had every month for the committee meetings, and that made it real clear and concise for board members, staff, director, public, media. Everybody could show up. Hamby replied, that would be great if everybody schedule work

together. Stout continued, well, we just picked just like the board meeting. We pick one meeting. That would be a lot easier for one day at a certain time than it is every month trying to find different days. Boston replied, I think that's something that could possibly work except for when budget meets in the April, May time. Stout replied, we could always add more. Boston replied, I think that needs to be in my opinion that needs to be left up to the individual board members who sit on those committees. It's going to be up to them to determine what is the most convenient and how often they need to meet. Building and grounds may not need to meet every month. Stout replied, well, that's what I'm saying. We just set that day and time to start and if Building and Grounds doesn't need to meet, then they don't need meet, but we know that we've got that time set and they just say pass. Pass and know nothing on the agenda for this month, and then the next committee goes. Stepp replied, that would really help my people. I can tell you that. Stout continued, yeah, and it. would allow us to all know we've got this night, this time to work around whatever other obligations that we have and for everybody else and it's all combined in one night. Hamby replied, I think that's something that we will have to discuss at a different time. It is almost 8:00 and I know that I have a family obligation and I would really like to go. Stout replied, that was put out for consideration since we're moving forward.

16.B. Policy Committee - Ms. Rebecca Hamby - Boston replied, next on the agenda is the approval of the First Reading of Policies.

16.B.1. *Approval of First Reading of Policies - Hamby advised, we did not have any first reading. We did not have a meeting in October.

16.B.2. *Approval of Second Reading of Policies (See Exhibit #12) Hamby continued, and we have one for second reading and that was the Policy 4.700 Testing Programs that came out of the Policy Committee for the consideration of the board. Boston advised, I'll make a motion that we approve Policy for 4.700 for Second Reading. Hale replied, second. Boston continued, okay. So we have a first and second to approve, but it doesn't need a second coming out of a committee. I'm so confused. Any discussion? No one responded. A Voice Vote was taken.

Motion to approve Policy 4.700 for Second Reading.

MOTION: Motion Carried

16.C. Athletic Committee - Mr. Nick Davis - Boston advised, Mr. Davis, I don't think there was anything coming out of the Athletic Committee. Davis replied, negative.

16.D. Budget Committee Meeting - Ms. Teresa Boston - Boston advised, Budget Committee. There was nothing that came out of the Budget Committee meeting.

- 16.E. Building and Grounds Committee - Mr. Robert Safdie - Boston advised, Building and Grounds Mr. Safdie. Safdie replied, the only thing we made some important headway in our discussion. It was one of those meetings where there wasn't anything that we talked about that had to be approved by the board, but I've given everybody notes on the meeting and thank you Diane, for printing these out. These notes are not official minutes to the meeting. They have not been approved by the board, but if you want to know what took place at the meeting, then the verbatim it's in the the notes, and that's all I'm going to say about it. Boston replied, thank you, Mr. Safdie.
- 16.F. Safety Committee - Ms. Rebecca Hamby - Boston advised, Mrs. Hamby, Safety. Hamby replied, we did not have a meeting, but Mr. Stepp, I had asked before, are all the door locks completed? Stepp asked, Mrs. Bray? Bray replied, they've not all been installed, but they've all been purchased and are on site. We're very close. Stepp asked, so we had a supply chain issue. Is that correct? Bray replied, yes, but they're all here. Hamby replied, that's been going on for a couple of months. Have they updated at all? And I know I work where I have to order supplies. So I do know that happens. Bray replied, they are all on site. Hamby replied, so they are all now on site. So we can complete this. Thank you.
- 16.G. Contract Committee - Ms. Teresa Boston - Boston advised, Contract Committee. There's nothing to report.
17. Chief Financial Officer's Report - Boston advised, next on the agenda is the Chief Financial Officer's report. Mrs. Bray, would you please?
- 17.A. Monthly Financial Report (See Exhibit #13) Bray advised, well, as you can see, we finally some revenues have actually started coming in and it's pretty much caught up with our expenses where they're a little bit different there, but hopefully in the next couple of months that'll square away. So I don't really have any concerns at this time. The only thing that concerns me is you have the Sales Tax Report and you notice that we're already over 100,000 dollars behind there. Hopefully in the next few months that will catch up. Just keep in mind, anytime you look at this that that's a two-month lag. What you see in October is cash register receipts from August. So I'm trying not to panic just yet. Davis asked, Mrs. Bray, when you say behind you mean like month over month? Bray replied, correct, month over month. Yeah, budget to budget, but like I said, you got to keep in mind this is a 2 month lag. So this is what was collected in August. It's just now showing up in October. Everything else, we're pretty much on projections. I don't see anything right now that I'm overly concerned with. Do you have any questions? No one responded.
- 17.B. Monthly Sales Tax Report - See 17.A for discussion.
- 17.C. *141 Budget Amendments (See Exhibit #14) Bray continued, if not, we can move on to the budget amendments. The first one is a grant that Mrs. Hobby applied for from the Governors Book Bus Funds. This is a private fund. This is not taxpayer money, but we were awarded \$16,500 to have a book bus. So we're going to donate a bus and they're going to equip it so that it can go around and visit and children will have better access to books. Stout replied, yeah, that's great. Thank you for your work on that, Mrs. Hobby. Bray continued, the next one is the Public Schools Security Grant. Now, this is not the Safe Schools Grant, because that went away. We've been told right now that this is a one time grant. So this is the only year that we'll be receiving this money. There's no matching funds required, but it's \$282,000 for this one year. Boston asked, what are we doing with this? Bray replied, well, right now we have written into the grant. We have \$100,000 towards fencing. We're buying knox boxes. Mr. Magnussen is wanting to expand his program where we put the six inch numbers and letters on all the doors so that our EMS people, if either would come in an emergency, they could identify what room they're going to, and then I have put

another 100,000 in for some additional lock sets and some cylinders. So that we can standardize some locks at some of our other schools. Safdie asked, do we need to approve that? Boston replied, I need a motion. Safdie replied, move to approve. Davis replied, second. Boston asked, is that both budget amendment? Safdie replied, both budget amendments, please. Boston continued, so there's a motion on the floor to approve both budget amendments. Is there any discussion? No one responded. A Roll Call Vote was taken. Boston replied, so your motion carries and both have been approved. Thank you.

Motion to approve both budget amendments.

17.D. *142 Budget Amendments (See Exhibit #15) Bray continued, the next one is on the CTE Perkins Basic Grant. This is just to increase the equipment and remove some of the funds that were allotted for industry certifications. Boston asked, do you want to go ahead and do all three of them? Bray replied, sure. The next one is just a cleanup for our Tennessee All Core Budget. Basically, this just aligns with the actual people that we have in place for these positions and it just matches eplan. But we basically had to wait till we got everyone hired until we could determine where we needed certain funds. Safdie replied, move to approve all three. Well, actually 142. Boston asked, all three of? Bray advised, and then the final one is the the Federal ESSER 3.0 and this basically is just reallocating some funds so that we can pay someone a stipend for overseeing the All Core Tutors this year. This would just be a one year. This is the final year, Tennessee All Core. Stout asked, and these are funds that weren't needed in the Social Security category. Bray replied, right. Boston asked, is this the position that Mrs. Bernabei held? Bray replied, right, but this is just a stipend, because someone else has absorbed all the rest of her duties. Boston asked, who absorbed her? Bray replied, Mrs. Hobby. Boston asked, so Mrs. Hobby absorbed? I mean what are you talking about. Stepp replied, all of the Tennessee ALL Core. Bray replied, Tennessee ALL Core tutors? Boston replied, so she absorbed that position is what you're saying. Bray replied, that is correct. Boston replied, I thought you meant she absorbed her salary. Bray made she. no, no, no, no, no I'm sorry. Stepp replied, that's the same number as Dr. Whittenbarger. Boston replied, so we're paying her a stipend to absorb that position. Stepp replied, instead of a supervisors salary. Bray replied, there's a lot of documentation that goes along with Tennessee All Core. There was a grant that had to be written. There's a lot of i's that have to be dotted and t's that have to be crossed. Stepp advised, summer school. Bray continued, summer school, which is an undertaking all into itself. Hamby asked, and this is the last year of that? Boston asked, why did Mrs. Bernabei no longer have that position, and that may be a personal question. None of my business. But if there's a lot of work that goes into it, did we not need that position? Stepp replied, yeah, that's what I assessed it. Boston asked, you assessed that we didn't need that position. Bray replied, and it would have gone away after this year. Boston replied, everything goes away after September the 24th, right at 2024. Stepp replied, whatever that date is. Safdie asked, where did the ballots go? Bray replied, it's just being utilized in other lines. I mean they've absorbed it and it's all learning loss. We have to use a certain amount of those funds for learning loss and we we spending on software and that part of the money we spent this. Stepp replied, Interventionist, all of the above. Safdie replied, so you have these ESSER Funds and you have many internal accounts within the ESSER Funds and it's like a line

item and you can just transfer. Gotcha. Bray replied, it's all got to be attributed to learning loss, to improve learning loss. King replied, Madam Chair. I will second Mr. Safdie's motion to approve 17 D. Safdie replied, thank you Mr, King. Boston asked, is there any discussion? No one responded. A Roll Call Vote was taken. Boston replied, so the motion carries.

Subject: Work Sessions

6. *Committees - Boston advised, next on that agenda is Committees and I had this put on there in order; I am going to go ahead and make a motion and then we will proceed to discussion. The motion I am going to make is to dissolve the current committee members as voted on in September 23 and to adopt the original proposed members of approved committees at the same meeting. Hamby replied, I will second that. Boston replied, so we have a first and a second. The motion is to dissolve the committee members as voted on September 23 and to adopt the original proposed members of the approved committees proposed at that same meeting. We are open now. Any discussion? King replied, I would just ask why? Boston replied, because it became painfully obvious that having four on a committee is not going to work and we have no other choice but to move forward in conducting business and we tried one committee meeting and it was not successful at all and we conducted no business and we have got some policies that have got to. We have got to approve, disapprove, change. We've got to review, because the laws have already changed and in order to; it may four on a committee may work for other boards. It's not going to work for this and we've got to be able to conduct business and that is my main reason. Stout replied, a couple of concerns. The committees are advisory only. Boston replied, that is correct. Stout continued, so we shouldn't need to have to pass anything by vote onto the board. We can still advise with the board, what the committee has discussed or determined and the second piece to that is we had four on a committee last year already. So we have operated with four on a committee. Boston replied, we did and it worked last year, but we have got to move forward in conducting business and this is my proposal. This is the only solution that I have been able to come up with and a committee can vote and then bring what they recommend or they advised to the board. This board has voted by a majority to operate under committees presently and if that what the majority of the board has voted to do our Code of Conduct says we are to accept that and to support that and that's what I intend to do. Stout replied, I don't believe its the number of the people on the committee that's causing the issue. I think it's that we've got some unresolved conflict regarding how we should move forward with committees that's causing the issue. Not specifically that we've got four or three people on a committee. Boston replied, well when you have a vote for two to two nothing passes. You can do that all night. If you have three, it can either be unanimous. It can be two to one. It can be one to two, but at least you get something done and I am very concerned about this board being able to move forward and conduct business. Our employees, our students are suffering because we can't conduct business. Stout replied, I agree. I think that's everybody's concern. That we move forward with a good operational practice and that we remove barriers instead of adding barriers for the administartion and staff. Safdie replied, I think that we've had great operational practices. I think that there's room for improvement, however you can't obstruct the operation of the Board of Education in order to push and highlight one issue and there's only one issue that I see that is the concern of the Board of Education and that is to conduct its

business and support the children and the staff and the Director of Schools. Now you're talking about an operational procedure and I thought about this a lot. There are many, many criticisms that you've had and I think that I agree with some of them, but those can be handled systematically and not by pushing. Okay, not by pushing. Now at the last meeting; at the last policy meeting, we had Nick who refused to accept the will of the Board of Education that we operate on as a committee. Just stood out and said no, I don't want to do this. We don't need to have these committees. Now the exact quote I'm paraphrasing and I'm probably paraphrasing not exactly, but if you look at the minutes you can see where he just didn't want to move forward and as a result of that the chairman of last year's Policy Committee just threw in the towel and said we can't conduct business this way. Now there is a way to systematically affect changes. I have been involved in creating a policy that took one full year to make and to correct. No one said on the board at that time, oh you know you have to do it immediately or no this is not going to happen. It's just a thorough involvement and an opportunity to bring in differing opinions, but you can do that through the committee structure and I think that's what I'm concerned about right now. Is that you can't; it reminds me of the hippie movement back in the 70s and the 60s where people said I want this change now and people kept on saying work through the system and I believe we can work through the system and I like your ideas. Okay, I'm not disparaging you. Stout replied, well I think there's been a lot of good ideas put forth by different folks on the board and I think the issue that came up in the Policy Committee meeting last time was that we were putting the cart before the horse again and we're moving forward with committees before going back and addressing the policy. To make sure they were operating within policy. To make sure that the policy, the committee policy reflects how we've chosen as a board. To move forward or how the five out of four board members have chosen to move forward. Safdie replied, the five out of four board members by law dictate what takes place. Hamby replied, and we are not supposed to question. We are to support. Safdie continued, and if we go back 20 or 30 years from now in the past we'll find out that committee's existed and they did the same thing and the Tennessee School Board Association really hasn't changed its policy. Stout replied, and if you look at all of the other boards around us they do something different. So everybody's got their way of doing things. The bottom line is we want to make sure that our policy is in order and we're setting the right example to follow those policies. Safdie replied, we can do that. Stout replied, for me that's what I took out of what Nick was saying. Safdie replied, but you can't stop the process. You can't stop the board from functioning to wait to do those things. Stout replied, oh there shouldn't be any stopping of it. These things can be handled in board meetings. Safdie replied, okay that's good. Point of order then. Boston asked, any further discussions? McCartney replied, correction it was the October meeting. Boston replied, it was the October. I'm sorry. I apologize. It was the October meeting. So that correction is duly noted. Thank you. Any further discussion. Patton replied, in order and I am just bringing this up because your policy under Roberts Rules of Order does allow for the suspension of Roberts Rules of Order newly revised. I don't immediately know if the form of your motion is consistent with those rules and the only thing that I might suggest is that if the board is going to vote to do what is proposed to do it's doing you might also consider suspending Roberts Rules for the purpose of that motion. Hamby replied, I make a motion that we suspend the Roberts Rules of Order for the purpose of this motion. Safdie replied, I will second it. Patton replied, and again I don't know that what you're and I'll say that is purely I guess a suggestion on my part that if there are any irregularities to it that should. Boston replied, it clears it up. Patton continued, it should. Boston replied, okay so. Mr. Stout asked, is the board open to public comments? Boston replied, no sir. Mr. Stout continued, I thought you should be in a work session. I thought. Hamby replied, this is not a work session. Mr. Stout continued, I am a constituent and this is a Special Called Meeting. Boston replied, no sir. Mr. Stout continued, when I read the words it says any. Hamby replied, point of order. Mr. Stout continued, should be able to comment. Boston replied, I understand. Mr. Stout asked, so you are refusing to allow me to comment? Boston replied, yes sir I am. Hamby replied, point of order. Mr. Stout replied, it is a bully puppet. It's a bully puppet and Mr. Safdie bullied the rest of the board. Hamby replied, point of order. Boston replied, Mr. Stout. Hamby replied, point of order. Boston replied, please. Mr. Stout replied, I will stop right

there. Boston continued, let us please move on. Let the record show that was Mr. David Stout, Mrs. Stout's husband. Mr. Stout replied, whether I am her husband or not is irrelevant. Point of order. I am a constituent. I am a tax payer and I am a voter. Hamby replied, and you could have signed up for community comments. Nichols replied, stop, stop, stop. All of you stop. Boston replied, I've got this Sheri. Hamby replied, and I have called point of order. Boston replied, I've got this. Hamby replied, it needs to stop. I agree. Boston continued, so no more Mr. Stout please. Let us conduct business please. So I will withdraw my motion, if you will withdraw your second. Until we vote on the Roberts Rules of Order. Hamby replied, I remove my second. Boston continued, the motion on the table is that we suspend Robert's Rules of Order in order to proceed with this motion and I have a first and a second. A Roll Call Vote was taken. Boston replied, motion carries. Okay, now I will again state the motion that to dissolve the committee members as voted on in the October 2023 meeting and to adopt the original proposed members of approved committees in the same meeting. Hamby replied, second. Boston replied, we have first and a second. We have had discussion. Hale replied, I'd just like to ask and say again did we not have the opportunity, did you not give us an opportunity by email to choose committees that we wanted to be on? Boston replied, yes I did. Hale continued, and those that responded. Boston replied, yes. Thank you for bringing that up. Yes I did. Stout replied, and that was also prior to the meeting where it was on the agenda to discuss the committees. So some of us were waiting until the meeting til we discussed which committees we were going to put in place. So we could voice our opinion on which ones we wanted to be on. Boston replied, thank you. Any further discussion? Stout asked, if we dissolve the ones that we put on the committees in that meeting. Boston replied, yes. Stout continued, I actually make a move for us to just start from scratch and allow everybody to have the opportunity to say which committee they would like to be on. Since some of us did not sign up for this ahead of that meeting and it was at that meeting that we took the opportunity to explain the ones we'd like to be on. Boston asked, Mr. Patton would you care to elaborate on. Patton replied, well one thing I'll say this. Your policy under Duties of Officers. One duty of your chairman, this is Policy 1.201 is to appoint committees authorized by the board. Plain meaning of point is to assign members and that is taken directly from Tennessee Code 49-2-205. So from my standpoint, I don't even know frankly that the board, I think the chairman that you voted into place has the authority to make these appointments regardless of a vote of the Board of Education. That's the policy. That's what state law says, but the fact that the board did vote on it, in relation to its approval of the committees this is probably the direction that you need to go. That is probably if it is the intention of a majority of this board to do so. Stout asked, so how does that tie in then with Policy 1.3 where it says appointed by the chairman at the direction of the board. Patton replied, well I think where that comes in my interpretation of that is that if the board votes to approve committees then it is the chairman's job to appoint those committees. Hamby replied, and Jennifer White and Ben Torres also confirmed that same statement that you just said. Stout replied, well my move still stands for us to have the opportunity to select the committee members for the committees. To allow for proper. Stull replied, I feel that everybody has been given a chance ahead of time and people chose not to go ahead and respond and some people chose to respond. If you chose not to respond then you were choosing to go ahead and be put on whatever committee that you were assigned to by not responding. Just because you were waiting to see what happened in a meeting you were sent an email prior to the meeting to prepare you for that meeting and you didn't respond to that. So you gave up your chance at that point. Stout replied, well no board business is to be conducted in board meetings and that's via email. Also it was official at the board meeting. Stull replied, so the question was asked whether or not you wanted to be on a specific committee. That was a courtesy that was being given to you and you chose not to go ahead and take that. Hamby replied, because Roberts Rules of Order says that our board chair can appoint committees and committee members and also appoint the chairman of each committee. King replied, you just suspended those. Hamby replied, yes we did, but I am reiterating that she had every right to send the email giving a courtesy to us to say what committees we would like to be considered for. Stout replied, and we do need to make sure there's proper representation on all of these committees. Proper

representation by different districts on these committees. Boston replied, thank you. So she moved that we; I don't even know what you do. Stout replied, I made a move that we go ahead and restructure the committees. Not just wipe them out and put them back to the initial, but we restructure them so folks have the opportunity, everybody has the opportunity to make sure that they are able to serve on a committee that they'd like to serve on. Boston asked Becky, do we vote on the move? Hamby replied, yes if there is a second on the move. Nichols replied, I will second. Boston replied, so we are voting to completely restructure not go back to the proposed and committee members. A Roll Call Vote was taken. Boston replied, so we will go back to the original motion. Any further discussion? A Roll Call Vote was taken. Boston replied, so we will go back to the original committee members as proposed and I'll get those out to you guys tomorrow so that it refreshes your memory.

7. *Collaborative Conferencing

- Boston advised, next on the agenda is the Collaborative Conferencing. Julia, thank you for being here. Tennessee Code 49-5-605, we have had a letter of submission to enter in Collaborative Conferencing. 15% was submitted and from that the board has to appoint an Election Committee. To send out a survey to all employees or all members. Correct me if I am wrong, somebody. Stepp replied, it's a Special Question Committee. Boston continued, right. It's a special question. In the code it actually calls it the Election Commission or Election Committee and the board appoints that committee. There's really two questions you ask, but you send it out to all employees. Timson replied, teachers only. Boston continued, teachers only. Timson replied, no administration. Boston replied, okay. To teachers only and if a certain percentage comes back, then you enter into Collaborative Conferencing. You then elect, the board appoints the negotiating team. Timson replied, yes. Boston continued, I knew that we were under a January 1st deadline. In order, both committee have to be appointed and we only have one meeting, that's December the 7th and I knew we had to move forward with the Special Question Committee. When I phoned Mr. Stepp to kind of get this underway and discovered that committee had already been appointed and it actually already met. The survey had already been sent out and they were opening the results of that survey Monday afternoon. Monday afternoon I think is when I called. Stepp replied. so the previous meeting we had talked about the Collaborative Conferencing and my instructions from that meeting was go ahead and get it started. So that's what we did. Boston replied, well there was no vote and so Mr. Stepp and I discussed this and we took the liberty of doing an Executive Committee approval. So that this committee and these results would stand and then we could move on just to the election of the Negotiating Committee. We can do that. I've also spoken to Mrs. Timson and I think she's got her members list ready to go that could be submitted to Diane tonight and we can get it on the December 7th board agenda and that way we have fallen within our deadline and we have met our obligations as a board. So I would like to make a motion that we approve the Special Question Committee as approved by the Executive Committee and the results there of. Hamby replied, I will second. Boston asked, do we have any discussion? Hamby asked, do we get a list of those members that are on that committee? Stepp replied, yes you will approve the board's committee. Boston replied, if you don't mind my asking. Just for the board's information. Who is on that committee? Stepp replied, I don't remember at the top of my head, but I will get that to you guys before next week. To make sure we can vote on it. Boston asked, do we know what the results were? Stepp replied, the results were overwhelming for CCEA to be the negotiating team and the board tonight is voting to do the Collaborative Conferencing with that group. Boston replied, okay so the results came in over the percentage required. Timson replied, you only have to have 15% had CCEA had 60.8%. Bray replied, 60.8%. Boston replied, the results, go us. A constituent from the audience asked, madam chairman may I make a quick question? Boston replied, no ma'am. the constituent replied, to clarify something. Boston replied, I am not taking any comments. You're welcome to meet with any board member after the meeting and they will answer your questions or try to. Mr. Stepp is available after the meeting, but I don't want to disrupt the meeting, because we have another committee meeting right after this meeting. The constituent replied, I don't understand that. I just wanted to make sure that as elected officials. Hamby replied, point of order. Boston replied, I am sorry. The constituent continued, I just wanted to make sure that we have a voice. Hamby replied,

okay lets move on with business please. Boston replied, so the motion on the floor and a second is that we approve the Special Question Committee as it was appointed, as it met and as it was approved by the Executive Committee. I can't direct Mrs. Timson, but if you have your. Timson replied, I am sending her an email right now. Boston continued, okay and then Mr. Stepp you can submit yours to Mrs. Diane and then we can put it on the agenda. Stepp replied, you will see them all, yes. Boston replied, okay perfect. We have a first and a second. Any further discussion. No one responded. A Roll Call Vote was taken. Boston replied, so that is underway and we will meet our January deadline.

Cumberland County Schools 5-Year Strategic Plan

The following section provides an overview of the Cumberland County Schools' Strategic Plan development process.

CONTEXT: Cumberland County School district administration and the Board of Education have worked collaboratively with the Director of Schools, District Steering Committee, Cumberland County Community subcommittees as well as with the National Institute for Excellence in Teaching to develop a five-year strategic plan that will guide the work of the district for the time period of 2023-2028. The strategic planning process provides focus for the district, is designed to engage and inform the community and stakeholders, and will enable the district to be efficient with funds provided to the district. The Cumberland County School Systems Strategic Plan is designed to be a document that will be reviewed and monitored throughout the implementation process. The results of the implementation plan will be communicated to district leadership and the Board of Education in an effort to ensure that the district and board work together in partnership to provide the best possible learning environment for all students.

The strategic plan development process consisted of the following steps:

1. Vision Setting

- a. Initial Vision Setting Meeting
- b. Identify District Focus Areas
- d. Conduct SWOT Analysis (Strengths, Weaknesses/Challenges, Opportunities, and Threats)

2. Goal and Action Plan Development

3. Steering Committee and Community Subcommittee Feedback Sessions

4. Implementation and Monitoring Plan

Initial Vision-Setting Meeting:

Strategic plan development began with an initial vision-setting meeting that included the Cumberland County Schools district leadership and NIET consultants to discuss the district’s mission, vision, and priorities for the next five years.

Identify District Focus Areas:

The district leadership team of Cumberland County School System recognized a need to scale back on the number of initiatives the district was pursuing and focus their attention and resources on the most important issues for the district. They determined that working to ensure students and staff are focused on a K-12 Framework of Post Secondary/Career Attainment was a primary focus. The district is also focused on Emergency Management, Security, and Wellness of all staff and students. A deliberate focus on acquiring and retaining the highest quality talent and retention of those employees is a priority, along with high quality athletic programs and a laser focus on academics, primarily Literacy and Numeracy, closing achievement gaps, and ensuring that all students in the district are college and career ready upon graduation from high school. The district has ensured that the new five year strategic plan is fully aligned with TISA and all state and federal funding requirements at the time of development.

SWOT Analysis:

Once the district focus areas were determined, the Steering Committee members met to discuss a five-year vision for their district and then conducted a SWOT analysis for each of the focus areas, identifying strengths, weaknesses or challenges, opportunities, and threats to accomplish the success of the district mission.

Steering Committee:

The District Steering Committee met to review the mission and vision for the district and to develop the structure for the revision and development of the strategic plan. After each Steering Committee session, the information developed was reviewed by all members of the leadership team and taken to each subcommittee for review and feedback. Feedback was brought back to the Steering Committee to ensure the strategic plan is a document that collected feedback from all parties and that represents the needs of the school and community.

Goal and Action Plan Development:

To develop goals and action steps the district used the results from the SWOT analysis and ranked each item discussed in each category determined as the priority areas for the district. The district prioritized the manageable goals and actions to ensure success in each area over the next five years.

CUMBERLAND COUNTY SCHOOL NUTRITION PROGRAM 2023-2024 Annual Report/Program Overview

Kathy Hamby
School Nutrition District Supervisor

The Cumberland County School Nutrition Program (CCSNP) is an ever-changing and growing program whose main goal is to provide services to meet the needs of as many students as possible while providing nutritious, well-balanced meals to the students of Cumberland County Schools. All meals meet the standards set forth by USDA which are based on the Dietary Guidelines for Americans (DGAs) and the recommendations of the nutrition experts at the Institute of Medicine (IOM). The following report summarizes the major areas of the program's operation.

USDA Announcement for the school year 2023-2024:

On September 26, USDA's Food and Nutrition Service (FNS) published a final rule, *Child Nutrition Programs: Community Eligibility Provision – Increasing Options for Schools.*

- USDA has clarified that States approved for a waiver for mid-year CEP implementation for SY 2023-2024 may allow regrouping based on the new minimum ISP of 25%. Tennessee has acquired the waiver. This includes allowing newly eligible schools to be grouped with existing schools within the same LEA to establish a new group and to recalculate the group's ISP.
- If you plan on electing mid-year CEP, you must use October 31, 2023, enrollment/attendance data and ISP data from October DC list.
- Complete or update CEP Community Eligibility Provision (CEP) Site List Data in TMAC.
- Update your site application in TMAC.
- Work with your regional consultant when implementing CEP mid-year flexibility.
- Deadline for mid-year CEP election is January 15, 2023.

What this means for Cumberland County:

- All students in all schools will receive a breakfast and lunch at no charge
- Reduced administrative burden due to no longer collecting and processing free and reduced meal applications
- Increased funding for the school nutrition program due to using the new Identified Student Percentage (ISP) which now includes Medicaid Free and Reduced students.
- Students can get through the breakfast and lunch lines quicker due to not needing to enter their student ID unless they are purchasing extras

Additional information is attached to this report.

School Breakfast Program:

The CCSNP **typically** offers the Universal Free Breakfast Program or the Community Eligibility Provision (CEP) at all schools that qualify to participate. Both programs are a meal service option for schools in low-income areas which increases students' access to nutritious meals. All 12 schools qualify, and all enrolled students may receive 1 breakfast meal at no charge. Starting January 3rd, all schools will be operating under CEP which will allow schools to offer more non-traditional options for breakfast.

Breakfast options include:

- Traditional breakfast in the cafeteria
- Breakfast in the classroom
- Grab n' go breakfast kiosks at different locations throughout the school
- 2nd chance breakfast programs offered after 1st block.

National School Lunch Program:

The Community Eligibility Provision (CEP) is a key provision of the Healthy, Hunger-Free Kids Act (HHFKA) of 2010 and is a meal service option for schools in low-income areas that allow the nation's highest poverty schools to serve one breakfast and one lunch at no cost to all enrolled students. This program is a meal service option for schools in low-income areas which increases students' access to nutritious meals. Qualification and funding are based on the number of directly certified students. Once qualified, the qualifying year's information is used for a 4-year period.

The CCSNP offers the Community Eligibility Provision (CEP) at all schools that qualify to participate. At the 9 qualifying schools, all enrolled students may receive 1 lunch meal at no charge. The following schools currently participate in the CEP program:

- Brown Elementary
- Crab Orchard Elementary
- Homestead Elementary
- Martin Elementary
- North Cumberland Elementary
- Phoenix School
- Pine View Elementary
- Pleasant Hill Elementary
- Stone Elementary

Starting January 3rd, all 12 schools will be operating under the CEP option.

Afterschool Snack Program:

The afterschool snack program provides healthy snacks at no charge to all students who participate in afterschool programs such as afterschool care, tutoring, clubs, and athletics. The afterschool snack component of the National School Lunch Program is a federally assisted snack service that fills the afternoon hunger gap for school children. For the afterschool program to be eligible, it must provide organized, regularly scheduled activities in a structured and supervised environment,

including an educational or enrichment activity. Examples of eligible activities include homework assistance, tutoring, supervised “drop-in” athletic programs, extended day programs, club activities, and arts and crafts programs. If the above programs are available, the program also allows for all students to pick up a snack before leaving campus. All 12 schools qualify for and participate in the no-charge afterschool snack program. Participation in the program has increased from 21% to 45%.

Seamless Summer Option/Summer Meals Program:

The Seamless Summer Option (SSO) is a summer meal program that provides summer meals at no cost to all children 18 and under in low-income areas. All 12 schools qualified to participate. The Cumberland County School Nutrition Program (CCSNP) sponsored a meal delivery program at CCHS, the Phoenix School, and SMHS. Due to being a rural community, Cumberland County was also able to offer multiple meal pick up sites throughout the county. The length of the programs and the amount of community outreach varied at each site from a few days to all summer. The duration of the program at each site is based on the number of students expected to participate. To participate in the program, districts must average high enough student participation so that federal reimbursement covers all food, supplies, and labor costs.

Total meals served since the summer of 2015:

- Summer 2015 > 53,782 meals
- Summer 2016 > 65,032 meals
- Summer 2017 > 66,360 meals
- Summer 2018 > 81,132 meals
- Summer 2019 > 79,899 meals
(The total number of meals decreased, but there were also fewer serving days)
- Summer 2020 > 680,407 meals
(March 17 – July 31 due to the COVID global pandemic)
- Summer 2021 > 210,937 (June & July)
- Summer 2022 > 59,390 meals
- Summer 2023 > 262,951 meals
(Increase due to new USDA rules that allowed for multiple day meal pick up in rural counties)

During the summer of 2022, COVID Waivers expired on June 30. Then in July, the program closed for a week to give all staff a week off during July 4. Then 2 weeks were used for some much needed in person staff training.

Health Inspection Scores:

Fall health inspections are complete. All scores are 94 and above, with four schools receiving a perfect health inspection score. The schools who received a perfect health inspection are:

- Brown Elementary Café
- Crab Orchard Elementary Café
- South Cumberland Elementary Café
- Stone Elementary Café

USDA requires at least two health inspections per school year, and the second inspection is conducted sometime in the spring.

Cumberland County School Nutrition Website:

The CCSNP hosts a website of our very own. You can visit the website by clicking on the Breakfast and Lunch Menu link on the Cumberland County Schools website which is available at <http://www.ccschools.k12tn.net/> or by going directly to <https://ccboefoodservice.weebly.com/>. The site currently features menus, nutrition education, and program information.

Online Meal Payment and Online Free/Reduced Meal Application Program:

Parents have the option to sign up for LINQ (Formally Titan) Parent Portal at <https://lingconnect.com/> which gives them the ability to view their child(ren)’s meal account. Once signed up, parents can view their child(ren)’s account balance, view meal purchases, make online payments, and fill out free/reduced applications.

Meal Participation:

Meal Participation Comparison between October 2022 and October 2023:

Lunch Participation				Breakfast Participation			
	2022	2023	% Change		2022	2023	% Change
Brown	87	89	2	Brown	63	70	7
Crab Orchard	94	91	3	Crab Orchard	82	89	7

Participation percentages are based on enrolled students Average Daily Attendance (ADA). The Phoenix School numbers also include providing meals to alternative school kids, but the attendance is counted at another school therefore based on student ADA appears they are feeding more than 100% of their students.

Percentage of Economically Disadvantaged Students (Free/Reduced Percentages):

Since free/reduced applications are not collected at Community Eligibility Provision (CEP) schools (which are all schools apart from South, CCHS, and SMHS), an alternate measure must be used to develop the percentage of economically disadvantaged students (free/reduced percentages). A simplified income survey to collect information for the socioeconomic measures had been used to collect data, but the surveys are no longer allowed. With the transition away from household surveys, an alternate socioeconomic measure had to be developed for fund allocations. Alternate measures that may be used include census data, direct certification data, identified student percentage (ISP), or the identified student percentage (ISP) times a 1.6 multiplier. The ISP times a 1.6 multiplier most closely matched the percentage collected previously from free/reduced applications and the household income surveys. It is a bit higher this year with the inclusion of Medicaid free in the calculation.

Our county decided to use the identified student percentage times the 1.6 multiplier to calculate the number of economically disadvantaged students for our school system for fund allocations. Therefore, schools will divide the number of identified students (those directly certified for free benefits from lists received from the Department of Human Services, Department of Children Services, the local Homeless Liaison, and the local Migrant Coordinator) by the number of enrolled students and then multiplied by 100. This calculation provides the Identified Student Percentage (ISP). The ISP is then multiplied by 1.6 to determine the free claiming percentage and the percentage of economically disadvantaged students. This percentage remains valid for a 4-year cycle for School Nutrition Programs unless it is determined to be more beneficial to recalculate. South, CCHS, and SMHS do not qualify to participate in CEP and must still collect and process free/reduced meal applications. This will change on January 3rd once the mid -year election for CEP option is approved for all 12 schools.

Based on the program and the most benefit, these schools may use the percentage of economically disadvantaged based on ISP or free/reduced meal applications. Title I and E-Rate funding is also dependent on socioeconomic measures. Federal Programs percentages for fund allocations are determined by the ISP times the 1.6 multiplier, and it excludes all PreK students. E-Rate funding is determined by a different formula. Also, under the new TISA rules that were released in November, the TISA “J Code” students will only include the SNAP and TANF students not all directly certified students as conveyed by the TDOE earlier this SY. Therefore, depending on the program the percentages may differ a bit. Due to a new direct certification matching program being implemented by the TDOE and now also including Medicaid Free students, there has been a substantial increase in the number of economically disadvantaged students.

Current Percentage of Economically Disadvantaged: (Based on the ISP times the 1.6 Multiplier)

- Brown Elementary 96.94%
- Crab Orchard Elementary 94.58%
- Cumberland County High 78.81%
- Homestead Elementary 72.16%
- Martin Elementary 100%
- North Cumberland Elementary 86.69%
- Phoenix School 100%

- Pine View Elementary 70.48%
- Pleasant Hill Elementary 95.27%
- South Cumberland Elementary 73.67%
- Stone Elementary 90.98%
- Stone Memorial High 65.58%
- District 84.68%

The above eligibility percentages include PreK students.

The percentage of economically disadvantaged based on free/reduced meal applications at non-CEP schools:

- Cumberland County High School 60.94%
- South Cumberland 59.73%
- Stone Memorial High 55.37%

Recycling, Energy Consumption, and Reducing Food Waste

In all kitchens, the staff is recycling all cardboard, plastic, glass, steel, and aluminum. All 12 schools have joined the USDA U.S. Food Waste Challenge to Reduce, Recover, and Recycle Program. We are committed to:

- Reduce energy consumption whenever possible
- Reduce the amount of excess food generated in the school
- Recover wholesome prepackaged food from breakfast and lunches to be placed on student community carts to be shared with other children within the school since our area is a high economically disadvantaged area. Share any unused food with classroom teachers and nurses for afternoon snacks. Additionally, any foods that may expire over long breaks are put into the Second Harvest backpacks or provided to families in need so that food is not thrown away either before breaks or upon returning from breaks.
- Allow students to keep whole fruit and other prepackaged nonperishable items from breakfast and lunch for consumption later
- Use the Smarter Lunchrooms Self-Assessment Score Card to help reduce food waste

Unfortunately, due to COVID safety precautions, we were forced to use a lot of disposable containers and silverware. We have resumed using real dishes; but due with staff shortages and supply chain issues, we do still use more paper/disposable products than we should.

COVID/Sickness Precautions and Limiting Exposure:

We are working hard to limit exposure to germs to keep students and staff healthy during these unprecedented times. Extra and more frequent cleaning is a top priority in kitchens and cafeterias focusing on high touch areas with special attention to wipe down between classes when possible.

Special Projects and Promotions:

- Each cafeteria joins in with many different events at the school level, but the CCSNP also sponsors several school and system-wide events. Some of the special projects and promotions include:
- More home-cooked from-scratch meals.
- Partnering with Mr. George Kington and the Transition Academy. The CCSNP has Martin Elementary kitchen and CCHS kitchen as work-based learning sites where students are allowed to do hands-on work activities under the supervision of two full-time Community/Job Coaches and the café staff. The CCSNP has also hired 5 of the Transition Academy graduates who have become a valuable part of our team.
- Mini food shows for the students to sample new food items and student surveys to figure out what most students like and do not like on the menu.
- Special days such as Halloween, Valentine's, and Dr. Seuss Day
- Traditional Thanksgiving and Winter Holiday Dinner
- Participating in School Health Week by offering free healthy snacks and water to all students.
- Free water (both plain and infused) is made available daily in the cafeteria for both students and staff. Approximately, 46 - 53 gallons of free water are served daily.
- Working with parents, nurses, and the Special Ed Dept to meet special meal needs/modifications for students.
- Joint projects with Coordinated School Health to include FUTP60 grants, Teal Pumpkin Allergy Awareness, Suicide Prevention Poster Contest, Jr Life Maze, Harvest of the Month, and other projects.
- Purchasing student grown lettuce and greens from the high school Farm to Table program. Last SY we purchased almost 300 pounds of student grown lettuce and then served it as part of the meals.
- Representing the Cumberland County School Nutrition Program and the school system by participating in community events and committees including:
 - Cumberland County Health Council/TN Department of Health
 - UT Extension Office
 - Healthier Tennessee Community Committee
 - State Advisory Council Board Member for the Governors Foundation for Wellness
 - Serving on the State School Health Advisory Council (SHAC) to represent the entire Upper Cumberland area

This is just a quick overview of the CCSNP; we do lots more. If you ever have a question, please don't hesitate to contact me.

AT A GLANCE

CHILD NUTRITION PROGRAMS: Transitional Standards for Milk, Whole Grains, and Sodium Final Rule

This new rule establishes standards for milk, whole grains, and sodium for school years 2022-2023 and 2023-2024 to give schools time to transition in the short term. Meanwhile, USDA is working to develop long-term nutrition standards - based on the newest DGA and extensive input from a wide range of partners - that will work for schools, families, and industry alike. USDA expects to publish a proposed rule on the updated standards in fall 2022.

SUMMARY OF CHANGES

MILK

Schools and child care providers may offer flavored, low-fat milk (1%) in addition to unflavored, low-fat milk and flavored or unflavored nonfat milk¹.

SODIUM

The weekly sodium limit for school lunch and breakfast will remain at the current level, known as Target 1, for school year 2022-2023. For school lunch only, the limit will decrease marginally (10%) in school year 2023-2024 to put schools on an achievable path toward long-term sodium reduction, which will be addressed in future rulemaking.

WHOLE GRAINS

At least 80% of the grains served in school lunch and breakfast per week must be whole grain-rich (containing at least 50% whole grains).

¹For consistency, this standard applies to the National School Lunch Program, School Breakfast Program, Child and Adult Care Food Program (ages 6 and up), and Special Milk Program (ages 6 and up).

National School Lunch Program Meal Pattern

<i>Trans</i> fat ^h	Nutrition label or manufacturer specifications must indicate zero grams of <i>trans</i> fat per serving.		

^a Food items included in each group and subgroup and amount equivalents. Minimum creditable serving is ⅛ cup.

^b One-quarter cup of dried fruit counts as ½ cup of fruit; 1 cup of leafy greens counts as ½ cup of vegetables. No more than half of the fruit or vegetable offerings may be in the form of juice. All juice must be 100% full-strength.

^c Larger amounts of these vegetables may be served.

^d This category consists of “Other vegetables” as defined in paragraph (c)(2)(iii)(E) of this section. For the purposes of the NSLP, the “Other vegetables” requirement may be met with any

additional amounts from the dark green, red/orange, and beans/peas (legumes) vegetable subgroups as defined in paragraph (c)(2)(iii) of this section.

^e Any vegetable subgroup may be offered to meet the total weekly vegetable requirement.

^f At least 80 percent of grains offered weekly must meet the whole grain-rich criteria specified in FNS guidance, and the remaining grain items offered must be enriched.

^g All fluid milk must be fat-free (skim) or low-fat (1 percent fat or less). Milk may be flavored or unflavored, provided that unflavored milk is offered at each meal service.

^h Discretionary sources of calories (solid fats and added sugars) may be added to the meal pattern if within the specifications for calories, saturated fat, *trans* fat, and sodium. Foods of minimal nutritional value and fluid milk with fat content greater than 1 percent are not allowed.

ⁱ Sodium Interim Target 1A must be met no later than July 1, 2023 (SY 2023-2024).

School Breakfast Program Meal Pattern

<i>Trans</i> fat ^h	Nutrition label or manufacturer specifications must indicate zero grams of <i>trans</i> fat per serving.		

^a Food items included in each group and subgroup and amount equivalents. Minimum creditable serving is 1/8 cup.

^b One-quarter cup of dried fruit counts as 1/2 cup of fruit; 1 cup of leafy greens counts as 1/2 cup of vegetables. No more than half of the fruit or vegetable offerings may be in the form of juice. All juice must be 100% full-strength.

^c Schools must offer 1 cup of fruit daily and 5 cups of fruit weekly. Vegetables may be substituted for fruits, but the first two cups per week of any such substitution must be from the dark green, red/orange, beans/peas (legumes), or "Other vegetables" subgroups, as defined in §210.10(c)(2)(iii) of this chapter.

^d At least 80 percent of grains offered weekly must meet the whole grain-rich criteria specified in FNS guidance, and the remaining grain items offered must be enriched. Schools may substitute 1 oz. eq. of meat/meat alternate for 1 oz. eq. of grains after the minimum daily grains requirement is met.

^e There is no meat/meat alternate requirement.

^f All fluid milk must be fat-free (skim) or low-fat (1 percent fat or less). Milk may be unflavored or flavored, provided that unflavored milk is offered at each meal service.

^g The average daily calories for a 5-day school week must be within the range (at least the minimum and no more than the maximum values).

^h Discretionary sources of calories (solid fats and added sugars) may be added to the meal pattern if within the specifications for calories, saturated fat, *trans* fat, and sodium. Foods of minimal nutritional value and fluid milk with fat content greater than 1 percent milk fat are not allowed.

What is Community Eligibility Provision (CEP)?

Community Eligibility Provision (CEP)

- The Community Eligibility Provision (CEP) is an option for eligible schools to offer meals at no cost to all enrolled students without collecting household applications.
- Authorized by the Healthy, Hunger-Free Kids Act of 2010 (HHFKA) and codified in regulations at [7 CFR 245.9\(f\)](#), CEP is a reimbursement alternative for eligible local educational agencies (LEAs) and schools participating in both the National School Lunch Program (NSLP) and School Breakfast Program (SBP)¹.
- CEP eliminates the need for schools to collect household income applications by sharing eligibility data between specific federal assistance programs, which can reduce administrative burden for both schools and families.

What is Identified Student Percentage (ISP)?

Change in ISP Percentage

- To be eligible for CEP, an individual school, group of schools, or LEA must meet or exceed the established, minimum identified student percentage (ISP) in the school year prior to implementing CEP.
- The final rule lowers the minimum ISP from 40% to 25% and makes conforming changes to ISP-related requirements (*i.e.*, grace year eligibility and identification/notification/publication requirements).
- SFAs already operating CEP are not eligible for mid-year election.

Identified Student Percentage (ISP)

- The ISP is the percentage of enrolled students who are certified for free school meals without submitting a household application.
- Identified students include students living in households participating in SNAP, Temporary Assistance for Needy Families, and FDP/IR.
- Identified students also include those who are homeless, migrant, runaway, in foster care, or enrolled in Head Start.
- In some states, students are directly certified through Medicaid Direct Certification demonstration projects.
- Students in states participating in the Medicaid Direct Certification demonstration projects are only included in the ISP if they are certified for free meals (not reduced-price meals). [7 CFR 245.9\(f\)\(1\)\(ii\)](#)

Meal Reimbursements for 25% ISP

- CEP schools only claim meals at the free and paid reimbursement rates
- Identified Student Percentage = $\frac{\# \text{ Identified Students}}{\# \text{ Enrolled Students}}$
- 25% divided by 100 students = $25\% \times 1.6 = 40$
- All students eat at no charge
 - The LEA gets reimbursed at the free rate for 40 students and at the paid rate for the remaining 60 students.

Meal Reimbursements for 25% ISP

- Current reimbursement for Lunch
 - Free includes 8 cents \$4.25
 - Paid includes 8 cents \$0.50
- Current reimbursement for Breakfast
 - Free non-severe need \$2.28
 - Paid non-severe need \$0.38

LUNCH	BREAKFAST
40 x \$4.25 = \$170.00	40 x \$2.28 = \$91.20
60 x \$0.50 = \$30.00	60 x 0.38 = \$22.80
100 students' total reimbursement = \$200.00	100 students' total reimbursement = \$114.00
Average lunch rate = \$2.00	Average breakfast rate = \$1.14

USDA CEP Estimator Tool

- [Community Eligibility Provision Resource Center | Food and Nutrition Service \(usda.gov\)](#)
- [Estimator Tool](#)

Covering Meals Not Covered by Federal Funds

- CEP requires that LEAs must pay, with non-federal funds, any costs of offering free meals to all students that exceed the federal assistance provided.
- If all operating costs are covered by the federal assistance provided, then LEAs are not required to contribute non-federal funds ([7 CFR 245.9\(f\)\(4\)\(vii\)](#)).

Allowable Data for Calculating ISP

- April 1, 2023, data for calculating ISP.
- October 31, 2023, data for calculating ISP.

Mid-Year Election

- Because the final rule is effective after the June 30 CEP election deadline for the 2023-24 school year, FNS will permit state agencies to request waivers to allow LEAs to take advantage of the new minimum ISP during the current school year.
- Permitting mid-year CEP elections allows newly eligible schools to participate in CEP during the 2023-24 school year.
- TDOE mid-year election deadline is January 15, 2024.

USDA NONDISCRIMINATION STATEMENT

In accordance with federal civil rights law and U.S. Department of Agriculture (USDA) civil rights regulations and policies, this institution is prohibited from discriminating on the basis of race, color, national origin, sex (including gender identity and sexual orientation), disability, age, or reprisal or retaliation for prior civil rights activity.

Program information may be made available in languages other than English. Persons with disabilities who require alternative means of communication to obtain program information (e.g., Braille, large print, audiotape, American Sign Language), should contact the responsible state or local agency that administers the program or USDA's TARGET Center at (202) 720-2600 (voice and TTY) or contact USDA through the Federal Relay Service at (800) 877-8339.

To file a program discrimination complaint, a Complainant should complete a Form AD-3027, USDA Program Discrimination Complaint Form which can be obtained online at: USDA Program Discrimination Complaint Form from any USDA office, by calling (866) 632-9992, or by writing a letter addressed to USDA. The letter must contain the complainant's name, address, telephone number, and a written description of the alleged discriminatory action in sufficient detail to inform the Assistant Secretary for Civil Rights (ASCR) about the nature and date of an alleged civil rights violation. The completed AD-3027 form or letter must be submitted to USDA by:

Revised 09/26/2023

Agreement For Behavioral Services

This agreement is entered by and between the Cumberland County School District and *Easterseals Tennessee* as authorized by TCA 49-10-701, to begin November 27th, 2023 and terminating May 22nd, 2024.

It is agreed between the parties hereto:

1. *Easterseals Tennessee* will provide appropriately qualified practitioners as certified by *The Behavior Analyst Certification Board (BCBAs)* and *Licensed by the State of TN (LBA)* to provide Functional Behavior Assessments, Behavior Intervention Plans, and progress monitoring for identified students in the Cumberland County School District by administering appropriate evaluations, interventions, and data processing for the determination of educationally appropriate behavioral supports/services.
2. The Cumberland County School District and *Easterseals Tennessee* agree to the following fee schedule, billed monthly:

BCBA services, FBAs & BIPs, consultation, and other duties and charges as agreed upon by both parties.

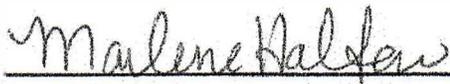

\$90 per hour

Travel to and from the Lebanon office location (960 Maddox Simpson Parkway Lebanon, TN, 37090) and in-between schools in Cumberland County at the following rate.

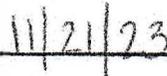

\$0.59 per mile
3. *Easterseals Tennessee* is under no obligation to evaluate a minimum number of students and the Cumberland County School District is under no obligation to provide a minimum number of students to be evaluated or to provide services henceforth.
4. It is agreed by both parties that this agreement shall terminate upon a three (3) day written notice by either party.
5. Additional duties, responsibilities, and accompanying reimbursement may be added as both parties agree and determine necessary with proof of such as an addendum to this document and then made a part of.
6. *Easterseals Tennessee* agrees to hold the Cumberland County School District harmless on account of any and all claims by any party for damages due to personal injury for or property damage arising as a result of the services provided by this agreement.

7. *Easterseals Tennessee* agrees to hold professional liability insurance for the tenure of their agreement with the Cumberland County School District.
8. *Easterseals Tennessee* agrees to provide a letter stating the background screenings were completed per person working with students.
9. All work, testing and evaluations completed during the contracted time are property of the Cumberland County School District per state regulated documents.
10. The Cumberland County School District requires all to adhere to all FERPA guidelines.

It is understood that this agreement is subject to all applicable enactments of the General Assembly of the State of Tennessee.

LOVE MONSTERS

PreK and Kindergarten classes colored and designed "Love Monsters" while our 7th grade students sewed and stuffed their creations to life in their Career and Human Services class.

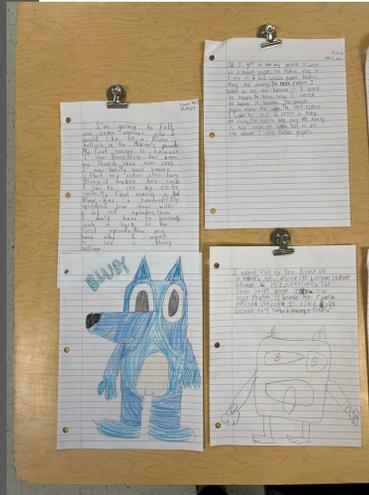

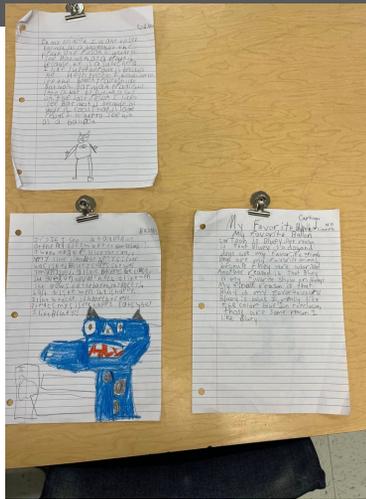

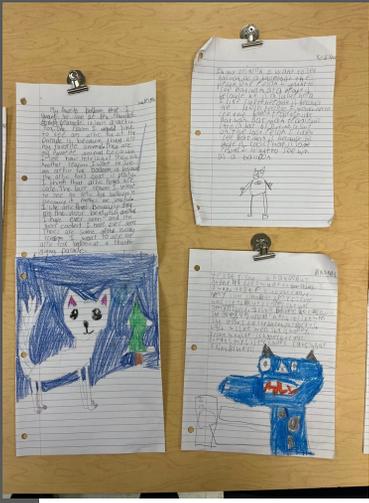

The 7th graders were able to give their Kinder and PreK partners their new stuffed creations. We are so proud of the hardwork, and the little ones loved their monsters.

EXPANDING HORIZONS AND HONORING VETERANS

This month was filled with many exciting activities. Our 7th and 8th graders were able to take an Lhoist train tour of the upper Cumberland. The sights were beautiful, especially since the leaves had begun changing colors for fall. We also had many standout students performing as well as our choir at our annual Veterans Day program.

The Arts

NCE hosted their Veteran's Day program. Lily Polson sang the National Anthem. Hayes Hedgecoth led the pledge. Macy Randolph read her essay, and 3rd and 4th grade students sang songs honoring our veterans. We also enjoyed music from our NCE band and heard from a real Koran War hero. NCE is proud to support our veteran's!

Technology & Mathematics

1st grade studied shaped and how to connect shapes to compose 2D shapes. They used tangram tiles to create and build their own 2D shapes.

Science

Kindergarten students completed a plant unit during knowledge time. They spent a day learning about Evergreen trees. Students then brought in examples and shared them with the class.

Athletics Activities

North Cumberland JV boys had a great season this year. They fought hard and made it to the final game. They ended their 2023/2024 season with the RESERVE CHAMPION trophy!! We are so proud of them! GO PATRIOTS!

Academics Accolades

Project Based Learning is important at North Cumberland. Teachers are making it a point to add Project Based activities into each lesson. First grade students have been working on “oo” words, and are creating a word sort with their partners. Sorting out “oo” words from their stack.

Patriot Pulse

The STEM classroom at NCE has received their new Glow Forge! This new piece of equipment can engrave, laser cut, and score items. Students can turn their creative ideas into a 3-D reality. NCE students will be able design and cut their project. Turning their classroom learning experience into a hands-on reality.

Parent & Family Involvement

NCE hosted their Fall Festival and STEAM night. Our students, and their families were able to enjoy supper, sweet treats, and a multitude of booths and games. Some tried their hand at mini punkin' chunkin', while others petted livestock, and dunked the principals in the dunking booth. A fun time was had by all!

Teacher Feature

My name is Ellen Carroll, and it is an honor and privilege to teach at North Cumberland Elementary School. I have taught kindergarten at NCE for the past 26 years, and I feel very blessed to be a part of the North Community and the Patriot family. Kindergarten is a very special time in the life of a child, and it is exciting to get to be a part of something so significant. I love to watch young students as they learn to read, learn to count to 100, learn to tie their shoes, and reach so many other milestones. It is a wonderful feeling when a child comes back years later and recounts a sweet memory from their kindergarten experience. I am so thankful for the children, families, and staff of North Cumberland. Go Patriots!

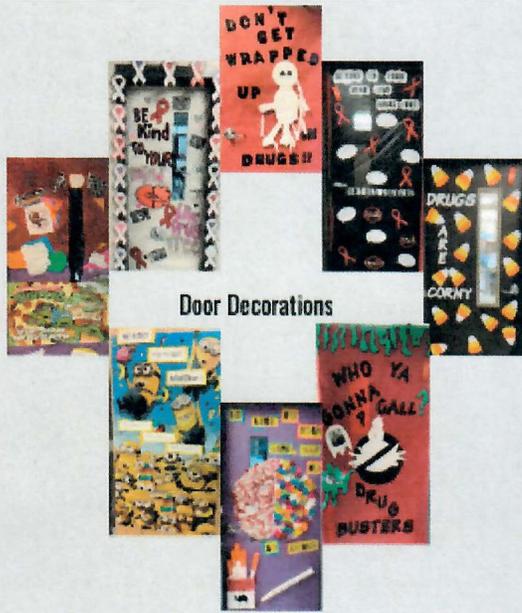

Para- professional Spotlight

Education is so crucial but is more than books and learning. Children are so eager and it's a privilege to help them explore. I love my job and helping children find the learning style that allows them to learn in their own way, but the relationships I am able to develop with the students will forever hold a special place in my heart. We are here to teach the kids but in reality, the lessons we learn from them are incredibly valuable. I've learned more than I could ever teach them. I'm thankful to witness the impact teachers have on our students. As I've heard for most of my life, teaching is the profession that creates all other professions. Blessed beyond measure.

-Kathy Bowman

Door Decorations

Red Ribbon Week

A week to highlight the importance of "Just Saying No" to drugs, vapes, and other substance abuse was recently observed at The Phoenix School. Winning the door decorating contest was Casey Robinson, whose door is pictured in the center bottom (purple background). She received \$50 sponsored by Dirt Track Racers for Recovery. Doors were judged by Sgt. Andrew King of the Crossville Police Department. Staff went all red on Wednesday, October 25 in support.

Thanks to Nurse Jeanny Davenport for all your hard work and enthusiasm!

Veterans Day

Students presented a short program, *Land of the Free Because of the Brave*, to show appreciation to our veterans.

Monitoring: Review: Annually, in July	Descriptor Term: School District Planning	Descriptor Code: 1.701	Issued Date: 08/24/23
		Rescinds: 1.701	Issued: 10/25/18

1 General

2 The Board shall develop and implement a written five (5) year strategic plan that address identified
3 priority needs and provides for continuous student growth and improvement. The plan shall be updated
4 every two (2) years and shall align with requirements of the State Board of Education. ¹ The Director of
5 Schools shall develop any necessary measures to implement this policy. ~~comprehensive, long-range
plans based on the following:~~

6 ~~1. Identifying and analyzing the major factors that affect what and how students learn;~~

7 ~~2. Developing and implementing a written five-year plan to include a mission statement, goals,
8 objectives, strategies, and address the State Board of Education Master Plan, and such plan shall
9 be updated annually;[†]~~

10 ~~3. Establishing annual program improvement objectives, including major activities, expected
11 outcomes, time lines, responsible persons, and required resources; and~~

12 ~~4. Basing major budget decisions on long-range plans.~~

13 BOARD IMPROVEMENT PLAN FOR THE DISTRICT¹

14 The Board shall develop annual plans with specific goals for improving student performance and that
15 operationalize the district's five (5) year strategic plan. This will be incorporated into the TISA
16 accountability report that must be approved by the Board and filed with the Department of Education
17 each November 1st. ²

18 The Board shall plan an annual retreat with the Director of Schools and appropriate staff. The purpose
19 of the retreat shall be to review progress on the implementation of priorities, initiatives, and long-range
20 plans; to determine which goals have been achieved and whether any new efforts are needed; and to
21 review major issues that may affect the school system in the future; and create an annual plan for district
improvement. The Director of Schools shall develop necessary
22 procedures, forms, or other measures to implement the goals of this policy.

23 A planning coordinator may be designated by the Director of Schools to help coordinate system-wide
24 planning efforts, establish and coordinate an issues management process, aid district staff in
25 developing specific plans, and monitor implementation schedules.

26 SCHOOL IMPROVEMENT PLAN¹

27 Each The principal of each school shall work with the Director of Schools to develop and implement a
28 school improvement plan that is student focused and in support of the board improvement plan. The
29 plan shall be updated annually and include areas such as curriculum, instruction,
30 professional development, and community partnerships and address the long-range strategic plan of the
31 school system.¹

42 activities such as blue jean days, lunch tickets, etc.

43 The Director of Schools shall develop administrative procedures regarding the receipt,
44 disbursement, accounting, and auditing of these non-educational funds. The Director of Schools
45 shall ensure that the procedures are consistent with board policy and state law and disseminate
46 them to all employees.

47 **RECORDKEEPING¹**

48 **The Director of Schools/designee shall ensure that the appropriate records are maintained for each**
49 **fundraising activity and shall be responsible for collecting and maintaining the appropriate documents**
50 **that show the approving, tracking, and monitoring of each fundraising from beginning to end.**

Monitoring: Review: Annually, in November	Descriptor Term: Interscholastic Athletics	Descriptor Code: 4.301	Issued Date: 01/26/23
		Rescinds: 4.301	Issued: 07/22/21

1 No person shall, on the basis of sex, be excluded from participation in, be denied the benefits of, be
2 treated differently from another person or otherwise be discriminated against in any athletic program
3 of the school. Equal athletic opportunities shall be provided for members of both sexes.¹ Student
4 athletes shall only be allowed to participate in athletic activities or events that align with the student's sex
5 indicated on his/her original birth certificate.² The Director of Schools/designee shall require the
6 parent/guardian to provide the student's original birth certificate prior to participation in any
7 interscholastic athletics. If the original birth certificate is not available or does not indicate the student's
8 sex at the time of birth, the parent/guardian shall provide medical documentation showing evidence of the
9 student's sex at birth.

10 Interscholastic athletics shall be administered as a part of the regular school program and shall be
11 the principal's responsibility. Principals shall ensure that school regulations regarding participation in a
12 sport are reasonable. Athletic schedules shall be filed in each school principal's office. The principal
13 or his/her designee must accompany an athletic team on trips. Transportation of teams to athletic
14 games is approved by the Board, provided the team's school reimburses the Board for mileage.

15 Bylaws of the Tennessee Secondary School Athletic Association shall regulate the operation and control
16 of High School athletics.³ [Bylaws of the Tennessee Middle School Athletic Association shall regulate the operation and control of all Elementary/Middle school athletics. The Cumberland County Athletic Manual will serve as standard operating procedures for elementary and middle school athletics.](#) The Director of Schools shall develop a code of conduct
19 for all coaches to follow in order to ensure the health and safety of athletes.⁴

~~21 The Cumberland County Schools Athletic manual shall regulate the operation and control of Middle
22 School and Elementary Athletics.~~

23 INSURANCE & PHYSICAL EXAMINATIONS

24 In the event that the school's insurance provider does not extend coverage to an athlete, that athlete must
25 provide proof of independently secured catastrophic coverage and liability coverage, with the school
26 system as a named insured, of not less than the limits set forth in State law.⁵ It shall be the
27 responsibility of the parent(s) or guardian to provide health and hospitalization insurance for all
28 students participating in interscholastic athletics.

29 Prior to participation in interscholastic athletics, every student must complete an annual physical
30 examination.⁶ The parents/guardians of each student shall be responsible for covering the cost of
31 the examination, and these records shall be on file in the principal's office.

32 In order to create a drug-free educational and athletic environment and to limit the potential liability
33 for the schools as a result of injury or health problems arising from substance abuse, the Board
34 authorized drug testing for students who participate in extracurricular activities.

1 Students in grades 7 through 12 who desire to participate in extracurricular activities are subject to
2 random selection for mandatory substance screening. The drug testing program is not punitive, but is
3 designed to create a safe, drug-free environment for students involved in extracurricular activities and
4 assist them in getting help when needed.

5 SCHEDULING CONFLICTS

6 No principal or teacher of any school under the control of the Board shall dismiss his/her school or any
7 group of students for the purpose of attending the practice of any interscholastic sport during the school
8 day without written permission from the Board.⁷ This does not prevent regular physical training lessons
9 in the daily school program.

10 Students shall not be required to attend a school athletic event or event related to participation on a school
11 athletic team, if the event is on an official school holiday, observed day of worship, or religious holiday.
12 The student's parent/guardian shall notify the coach in writing three (3) full school days prior to the
13 event.⁸

14 SEVERE WEATHER

15 Severe weather is any type of weather that could impede the safety of any athlete by compromising the
16 playing conditions of the interscholastic sport.⁴ Severe weather includes, but is not limited to, thunder,
17 lightning, and extreme temperatures. When severe weather is forecasted, suspension of play shall be
18 discussed with all players, coaches, and officials, if applicable.

19 All coaches who oversee or participate in outdoor training, practice, or competition shall annually
20 complete a heat illness prevention course approved by the Tennessee Department of Health as well as
21 receive training on activity modifications based on environmental conditions.

22 PROHIBITION AGAINST HAZING

23 Coaches, employees, and volunteers of the school district shall not encourage, permit, condone or
24 tolerate hazing activities.⁹

Monitoring: Review: Annually, in November	Descriptor Term: Promotion and Retention	Descriptor Code: 4.603	Issued Date: 12/01/22
		Rescinds: 4.603	Issued: 03/05/13

1 *General*

2 All promotion and retention decisions shall be made on a case-by-case basis and comply with state and
3 federal law. All decisions shall be made in consultation with a student's IEP and or/504 team, if
4 applicable.¹

5 Students who have difficulty in achieving the requirements for promotion may be considered for
6 retention. Schools shall identify these students by February 1st. Factors used to identify students for
7 retention shall include:²

- 8 1. Ability to perform at the current grade level;
- 9 2. Results of local assessments, screening or monitoring tools;
- 10 3. State assessments, as applicable;
- 11 4. Home Literacy Reports;³
- 12 5. Overall academic achievement of the student;
- 13 6. Likelihood of success with more difficult material if promoted to the next grade;
- 14 7. Attendance record; and
- 15 8. The student's maturity.

16 Students may be identified for retention after the February 1st deadline if the delay in identifying a student
17 is due to:⁴

- 18 1. Date of enrollment; or
- 19 2. Additional information acquired after results of local assessment, screening or monitoring are
20 released.

21 **PROMOTION PLANS⁵**

22 When a student is identified for retention, the student's parent(s)/guardian(s) shall be notified within
23 fifteen (15) calendar days and an individualized promotion plan shall be developed to help the student
24 avoid retention. The plan shall be developed in coordination with the student's teachers, IEP or 504

1 team, if applicable, and may also include input from the student’s parent(s)/guardian(s), school
2 counselor, or other appropriate school personnel.

3 Promotion plans shall incorporate evidence-based strategies, including expectations and measurements
4 that will verify whether a student has made sufficient progress to be promoted to the next grade level,
5 and be tailored to the student’s learning needs. Promotion plans for the students in third and fourth grade
6 will include additional requirements for promoting students in these grades. A copy of the plan will be
7 provided to the student’s parent(s)/guardians(s), and the school shall offer the opportunity for a parent-
8 teacher conference to discuss the plan. If a student is not making progress on the promotion plan, then
9 the strategies shall be modified. Parent(s)/guardian(s) shall be provided with any changes to the
10 promotion plan.

11 A student who demonstrates sufficient academic progress according to his/her promotion plan shall be
12 promoted to the next grade level unless retention is required per additional requirements for students in
13 third and fourth grade.⁶

14 If a student has not demonstrated sufficient academic progress according to his/her promotion by the end
15 of the school year, the student shall be eligible to enroll in a summer reading or learning program, if
16 available. Parent(s)/guardian(s) shall be notified of a decision for retention at least ten (10) calendar days
17 prior to the start of the next school year if the student was enrolled in summer program. However, if the
18 student wasn’t enrolled in a summer program, the parent(s)/guardian(s) shall be notified of a decision
19 for retention at least thirty (30) calendar days prior to the start of the next school year.

20 **RETENTION⁶**

21 A student may be retained when such retention is in the best interest of the student or when retention is
22 required per additional requirements for students in third and fourth grade.

23 *Decision of Retention-General⁸*

24 If a student is retained, the Director of Schools/designee shall develop an individualized academic
25 remediation plan within thirty (30) calendar days after the beginning of the next school year. A copy of
26 the plan shall be provided to the student’s parent(s)/guardian(s) within ten (10) calendar days of its
27 development. This plan shall include at least one of the following strategies:

- 28 1. Adjustment to the current instructional strategies or materials;
- 29 2. Additional instructional time;
- 30 3. Individual tutoring;

- 1 4. Modification to the student’s classroom assignment to ensure the student receives instruction
2 from a teacher with a level of overall effectiveness of above expectations (level 4) or significantly
3 above expectations (level 5); or
4 5. Attendance or truancy interventions.

5 A student shall not be retained more than once in any grade. The progress of students who are retained
6 shall be closely monitored and reported to parent(s)/guardian(s) at least three (3) times during the school
7 year in which the student is retained. The Director of Schools shall develop procedures to ensure
8 appropriate recordkeeping of students who are retained.

9 *Decision of Retention- Third Grade*⁹

10 Third grade students shall not be promoted to the next grade unless they are determined to be proficient
11 (i.e., receive a performance level rating of “on track” or “mastered”) in English language arts (ELA)
12 based on the student’s most recent TCAP test.

13 Students who are not proficient in ELA may still be promoted if the following conditions are met:

- 14 1. A student in third grade receiving a performance level rating of “approaching” on ELA
15 portion of the student’s most recent TCAP test may be promoted if:
 - 16 a. The student is an English language learner and has received less than two (2) full
17 years of ELA instruction;
 - 18 b. The student was previously retained in grades K-3;
 - 19 c. The student is retested before the next school year and scores proficient in ELA;
 - 20 d. The student attends a learning loss bridge camp before the next school year, maintains
21 a ninety percent (90%) attendance rate, and demonstrates adequate growth on the
22 post- test at the end of the camp; or
 - 23 e. The student receives tutoring for the entirety of the next school year in accordance
24 with state law.
 - 25 f. Beginning with the 2023-2024 school year, the student demonstrates proficiency in
26 ELA standards by scoring within the fiftieth percentile on the most recently administered
27 state-provided benchmark assessment and the district provides tutoring services to the
28 student during the entire fourth grade school year and notifies the student’s
29 parent/guardian, in writing, of the benefits of enrolling the student in summer
programming.
- 30 2. A student in third grade receiving a performance level rating of "below" on the ELA
31 portion of the student's most recent TCAP test may be promoted if:

- 32 a. The student is an English language learner and has received less than two (2) full years
33 of ELA instruction;
- 34 b. The student was previously retained in grades K-3;
- 35 c. The student is retested before the next school year and scores proficient in ELA; or
- 36 d. The student attends a learning loss bridge camp before the next school year, maintains
37 a ninety percent (90%) attendance rate, and receives tutoring for the entirety of the
38 next school year in accordance with the state law.

39 *Decision of Retention-Fourth Grade*⁹

40 Students in the following categories shall show adequate growth in the following ways before
41 being promoted to the fifth grade:

- 42 1. A student who is promoted to the fourth grade due to receiving tutoring for the entirety
43 of the next school year in accordance with state law or because of attending a learning
44 loss bridge camp must maintain a ninety percent (90%) attendance rate; and
- 45 2. A student receiving tutoring for the entirety of the next school year in accordance with
46 state law shall be required to show adequate growth on the fourth grade ELA portion of
47 TCAP before the student may be promoted to fifth grade.

48 A student shall not be retained more than once in fourth grade.

49 *Decision of Retention-Students with Disabilities*¹⁰

50 Retention and promotion decisions shall be made on a case-by-case basis and in consultation
51 with the student's IEP and/or 504 team to determine whether the student's performance on the
52 ELA portion of TCAP was due to the student's disability. The school district shall not retain a
53 student with a disability or a suspected disability that impacts their ability to read.

54 **APPEALS**¹¹

55 When a student is identified for retention, the parent(s)/guardian(s) shall be notified about the
56 decision to retain the student and provided with information on the right to appeal the
57 decision. Appeals shall be made to a committee appointed by the principal within **10 business**
58 **days**. The student and his/her parent(s) /guardian(s) shall be provided written or actual notice
59 of the appeal hearing and shall be given the opportunity to address the committee. The
60 committee shall conduct a hearing within **10 business days** to determine if the student will be
61 promoted and issue such decision with **10 business days**. Upon notification of the committee decision,

62 the principal shall send written notification to the Director of Schools/designee and the
63 parent(s)/guardian(s). The notification shall advise parent(s)/guardian(s) of their right to appeal such
64 action within 10 business days to the Director of Schools/designee.

65 The appeal shall be heard no later than ten (10) business days after the request for appeal is received. A
66 decision shall be issued within 10 business days. Within five (5) business days of the Director of
67 Schools/designee rendering a decision, the student's parent(s)/guardian(s) may request a hearing by the
68 Board, and the Board shall review the record.

69 Following the review, the Board may affirm or overturn the decision of the Director of Schools/designee.
70 The action of the Board shall be final.

71 For students where retention is required per the additional requirements for students in third and fourth
72 grade, parent(s)/guardian(s) may appeal this decision directly to the Department of Education in
73 accordance with state law.¹

Mr. William Stepp
Director of Schools
Cumberland County Board of Education
368 Fourth Street
Crossville, TN 38555

Dear Mr. Stepp and Board Members,

The Cumberland County High School Cheerleaders is a team of dedicated and talented young ladies who have volunteered their time to benefit members of the community. This year, the cheerleaders partnered with CCHS Football to offer a free camp to children aged 5-12 over the summer, taught half-time routines to both the junior varsity and varsity cheer teams at Martin for a minimal fee, and performed at the CCHS Basketball Alumni game. They will also host a Princess Party for the community on December 9. Our cheerleaders are expected to complete these activities all while balancing a rigorous practice schedule and their classwork. As a result of their hard work, the CCHS Cheerleading Squad has qualified to compete in the National High School Cheer Competition (NHSCC) at the ESPN Wide World of Sports Arena in Orlando, FL, on February 9-12, 2023. We will travel by charter bus in the evening on February 8 and return on February 13.

We have practiced all summer and fall in preparation for this event. We realize that this is an excellent opportunity for the cheer squad to represent CCHS, the City of Crossville, and Cumberland County on a national level. We feel this is an honor to represent our school and community.

In order for our team to make this trip, we will need financial support to pay for travel, lodging, meals, and fees. We have 23 members on our squad. The total amount to attend this competition is approximately \$30,000. We have raised over 1/3 of what we need thus far, and we have parents willing to pay for hotel rooms to help make up the difference. The purpose of this letter is to ask the Board of Education to make a donation of \$1,500 to our squad.

Thank you for your time and consideration. We are very grateful for your support!

Sincerely,

Daisy Filler
Cheer Coach

Dear Mr. Stepp and Board Members:

The Cumberland County High School cheerleaders and their sponsors are seeking your approval to attend the National High School Cheer Competition at the ESPN Wide World of Sports in Orlando, Florida. As you are aware, CCHS has competed and placed in many competitions throughout the years.

Our plans are to leave the school campus via charter bus as a team on Thursday evening, February 8th, and return on Tuesday, February 13th. The cheer boosters, public donations, grants, and a few generous parents willing to pay toward hotel rooms will pay for the expenses incurred for the trip.

Our group will consist of twenty-three high school cheerleaders and three Board of Education employees. Therefore, our squad will be adequately chaperoned at all times.

Our goal is to represent Cumberland County and specifically Cumberland County High School with great dignity and respect while at the same time giving our best effort in the competition.

Sincerely,

Daisy Filler
Cheer Coach

Dear Mr. Stepp,

This letter is to request permission for the CCHS boys' soccer team to travel to Gatlinburg, TN for the Smoky Mountain Cup tournament and spend the night on March 15 and 16. Chaperones for the trip will be myself, Cub Whitson and CCHS employee Craig Cook. The cabin will be paid for by our booster program.

Our booster club has raised all necessary funds for the trip, including tournament registration fees and renting of a cabin near Rocky Top Sports World. Team members will be transported by parents who will have all necessary paperwork and volunteer forms filled out and approved by the time of the tournament.

If you should need more information, please contact me at 931.484.6194.

Sincerely,

Cub Whitson

Dear Mr. Stepp

The Lady Jet and Jet Basketball teams are requesting permission to travel to Tampa Bay, Florida to participate in a holiday tournament on December 26, 2023 through January 1, 2024.

The CCHS basketball boosters will pay for all expenses incurred for the trip. The players will be chaperoned by Head Coaches Kim Cram, and Taylor Denny, along with assistant coaches Jon Torres and Randy Herring. Players and coaches will be transported by a charter bus company. One additional car will be rented and driven by a coach as well. That additional vehicle will be rented from Select Auto Rental in Crossville Tennessee. The proper paperwork, ie, insurance policies, will be on file in the principal's office prior to our date of travel.

Upon arrival, we will be staying at 3103 W. Braddock St. Tampa FL 33619 and 5820 34th Ave. South , Tampa Fl. 33619.

Your favorable response to this request would be greatly appreciated.

Sincerely

Dear Mr. Stepp and Cumberland County Board of Education,

RE: Approval to Apply for the National School Lunch Program Equipment Assistance Grant

The Cumberland County School Nutrition Program is requesting approval to apply for the SY 2023 National School Lunch Program Equipment Assistance Grant. I recommend a new walk-in cooler and freezer at North Cumberland as the piece of equipment to be applied for with this grant. The current walk-in freezer and cooler at North Cumberland is approximately 40 years old. It has several problems including a rusty floor, the floor buckling at the seams, the entire unit being uneven which causes the door to the freezer to not fit correctly even with new seals. It has also been written up by the State Health Department. We have it temporarily fixed to get us by until we can purchase and install a new unit.

The grant funding amount is based on the cost of the equipment and the amount of funds the State has available to award. The budget estimate for this project is around \$95,000. I will request the full amount for the cost of the equipment along with installation.

Respectfully,

Kathy Hamby
School Nutrition District Supervisor

November 16, 2023

Dear Director of Schools:

The purpose of this letter is to inform you that if your School Food Authority (SFA) participates in the National School Lunch Program (NSLP), you may be eligible to apply for an NSLP-Equipment Assistance Grant (**CFDA #10.579**). These grants are part of a \$30 million funding allocation that is provided by the fiscal year 2023 Consolidated Appropriations Act, (Public Law 117-328). The United States Department of Agriculture (USDA) has selected the State of Tennessee to receive **\$682,999** in federal funds for NSLP-Equipment Assistance Grants for FY 2023. These funds will allow SFAs to purchase equipment that is needed to serve healthier school meals, improve food safety, and to help support the establishment, maintenance, or expansion of the School Breakfast Program.

State agencies must award these grants via a competitive grant process to SFAs participating in the NSLP to purchase equipment, with a value greater than \$1,000, needed to serve healthier meals, improve food safety; and to help support the establishment, maintenance, or expansion of the NSLP and/or the School Breakfast Program (SBP).

Equipment requests may include new equipment, renovation of equipment, or replacement of equipment. Regulations at 2 CFR Part 200.33 define equipment as, "tangible personal property having a useful life of more than one year and a per-unit acquisition cost which equals or exceeds the lesser of the capitalization level established by the non-federal entity for financial statement purposes, or \$5,000." For the FY 2023 NSLP-Equipment Assistance Grant, Congress has specified that the threshold for the purchase of equipment cannot be lower than \$1,000.

As with all federal grant funds, procurement regulations at 7 CFR Part 210.21 and 2 CFR Part 200.317-326 applies, and equipment competitively procured using these grant funds must be necessary, reasonable, and allocable. SFAs must ensure open and free competitive procurement for the expenditure of federal funds. For example, while using these grant funds to purchase a walk-in freezer for school food service or a salad bar may be an allowable cost, building an extension to a cafeteria would be an unallowable capital expense and should be borne by the school district.

SFAs that are unable to fully expend their grant amounts must release the unobligated funds to the State Agency (SA). If these funds are returned prior to January 15, 2025, the SA may reallocate available funds (the returned funds and the funds not previously obligated to SFAs) to award the next applicant approved for an equipment grant that had not received funds during the initial competitive grant application process.

SFAs must complete and submit the following documentation by close of business (4:30 p.m. CT) on **February 16, 2024**:

- One application per piece of equipment, per school. To request funding for more than one school, an SFA must submit a separate application for each school.

There are multiple focus areas listed in the attached application for equipment requests. You must choose at least three of these areas and justify your reasoning for each piece of equipment requested.

The performance period for the NSLP-Equipment Assistance Grant is October 1, 2023- September 30, 2025. **Further, SFAs must complete expenditure activities by September 30, 2025.**

If awarded, please be sure to retain all procurement documentation as the SA will be responsible for compiling and forwarding an annual progress activity report to the appropriate Food and Nutrition Service (FNS) Regional Office. This report must include: school name and free/reduced price rate, total award amount, the type and cost of each piece of equipment funded, and you may be required to report on the number of jobs created or retained because of this grant. After the SFA/LEA applies for and receives a grant award for the quoted cost of the piece of equipment, the SFA/LEA is responsible for paying the full cost of the equipment and installation, if applicable. After installation, training, and the equipment is deemed operational, the SFA/LEA must submit the required documentation (copy of an itemized invoice, copy of cancelled check and any bid documents used to procure the equipment, if applicable) before reimbursement from the SA will occur. The documents are to be emailed to School.Nutrition@tn.gov.

The completed NSLP-Equipment Assistance grant application(s) should be submitted electronically to School.Nutrition@tn.gov with **"2023 NSLP Equipment Grant"** in the subject line.

For more information regarding grant eligibility, procurement, and rules and regulations, please read USDA memo SP 18-2023: <https://www.fns.usda.gov/sites/default/files/resource-files/SP18-2023os.pdf>.

Submission Process

This is the application for the Fiscal Year (FY) 2023 National School Lunch Program (NSLP) Equipment Assistance Grant. This grant is part of a \$30 million funding allocation that is provided by the Consolidated Appropriations Act, 2023 (Public Law 117-328). The performance period for the grant is October 1, 2023-September 30, 2025. The United States Department of Agriculture (USDA) has selected the state of Tennessee to receive **\$682,999** in federal funds for Equipment Assistance Grants (**CFDA #10.579**) for FY 2023. These grant funds will allow School Food Authorities (SFAs) to purchase equipment with a value of greater than \$1,000, needed to serve healthier meals, improve food safety, and to help support the establishment, maintenance, or expansion of the School Breakfast Program.

Please complete and submit the following documentation by close of business (4:30 p.m. CT) on **February 16, 2024**:

- One application per piece of equipment, per school (attached)

It is recommended that SFAs use the following best practices to assist their efforts to upgrade food service equipment to serve healthier meals. The SFA should work collaboratively with:

- Parents, teachers, students, and funders to identify and implement strategies for meeting equipment, infrastructure, and training needs; and
- Non-profit/for-profit organizations interested in improving children's health, education, school infrastructure, and community wellness to provide assistance in acquiring the necessary equipment.

All requested documentation should be submitted electronically to School.Nutrition@tn.gov with **"2023 NSLP Equipment Grant"** in the subject line.

For more information regarding grant eligibility, procurement, and rules and regulations, please refer to USDA memo [SP 18-2023](#).

If you have any questions, please contact Lynsey Paul by phone at (615) 202-5116 or (800) 354-3663, or by email at Lynsey.Paul@tn.gov.

Part III: Narrative

Improved Quality of Programming

- 1) Describe how requested equipment can meet at least three of the following focus areas (one piece of equipment may cover more than one focus area):
- Equipment that improves the quality and nutrition of school meals ((e.g., replacing fryers with combination steamer-ovens). Equipment that improves the quality of school nutrition meals in ways that support the nutritional standards.);
 - Equipment that improves the safety of the food served in the school meal programs. (For example: Cold/hot holding equipment, dish washing equipment, refrigeration, milk coolers, freezers, etc.);
 - The availability of existing state and local funding for equipment purchases (Districts that have a three-month operating balance are encouraged to use School Nutrition funds to purchase needed equipment.);
 - Age of existing food service equipment or improvement to overall efficiency of the food service operations – energy or labor (For example: Purchase of an energy-efficient walk-in freezer replacing outdated freezer, purchase of new equipment that saves on labor hours during meal preparation like food processors, dough sheeter, steamers, tilting steam kettle, etc.);
 - Equipment used to improve or expand participation in the National School Lunch Program and/or School Breakfast Program. (For example: Equipment for serving meals in a non-traditional setting, convenient or more mobile friendly, or to better utilize cafeteria space, cooler for grab and go salads and sandwiches);
 - Equipment used to create program efficiencies and ensure program integrity.

(60 points maximum – 10 points for each criteria met)-Applications that demonstrate the equipment will help meet multiple focus areas will receive a higher score.

- 1) A new walk in freezer/cooler would be **equipment that improves the quality and nutrition of school meals** by helping eliminate situations in which the walk in breaks down and more labor must be devoted to picking up food at the Central Storage Facility instead of being focused on food quality. During times the current unit breaks down, staff then must team together to pick up food rather than making food quality the day's focus.

- 2) **A new walk in freezer/cooler would be equipment that improves the safety of the food served in the school meal programs.** The saying "Keep hot food hot and cold food cold" is based on the importance of keeping food out of the temperature danger zone. In other words, cold foods must be kept at 41 °F or below and hot foods must be kept at 135 °F or above. It is important to limit the amount of time that foods served cold or hot are in the range of 41 °F to 135 °F. With the higher degree of mechanical issues with the current unit breaking down or not operating correctly, it increases the time food could be in the danger zone. Also, moving food back and forth between Central Storage and the school increases the time the food could be in the danger zone.

- 3) **The availability of existing State and local funding for equipment purchases** is not currently available, and we are a **district that typically has less than a three-month operating balance.** With the extra costs caused by the COVID pandemic, the **funds to purchase** this much-needed piece of **equipment** are not currently in the budget without some grant assistance, and without grant funds to assist with the purchase, we are looking at having to delay the purchase. Also, with the trends of food and supplies trending upward very quickly, any assistance to replace aging equipment is much needed. We have seen price increase over most of our food and supplies this year, and just this month we have been notified from our food distributor that they have seen an overall 18% increase in costs this SY and are going to have to pass that on to their customers. Then all additional increases will be passed on to their customers monthly.

- 4) The **age of the existing foodservice** walk in freezer/cooler has been estimated to be about 40 years old. It is the original unit that was built with the school. Please see the attached 4 pictures. It has several issues that are not fixable at a reasonable cost. The problems include a very rusty floor, the floor is buckling at the seams, the entire unit is uneven due to moisture getting into the walls of the unit which has caused the door on the freezer to not fit correctly even with a new door and new seals. Also, **the overall efficiency of the foodservice operations** would increase – both **energy** (electricity) and **labor hours** could be saved with the replacement.

- 5) **Indirectly**, the new walk in freezer and cooler will be **used to improve and expand participation in the National School Lunch Program and/or School Breakfast Program.** We are a mostly rural school district with a high number of free/reduced students. We serve a la cart items and cater to raise extra money for needed equipment, but over the past several years we have seen a significant decrease in additional funds collected for our program. A good portion of our equipment is aging and in the past when new schools opened the kitchen equipment is usually moved to the new school, when schools are renovated, the kitchens are usually not included. We do prioritize the needs for new equipment, but the funding is not available to cover as many equipment needs as are needed. Unless we receive grant funding, we will have to pull funding from all areas of our budget that will limit and restrict the improvement and expansion of our program.

6) **A new walk in freezer/cooler is a piece of equipment to be used to create program efficiencies and ensure program integrity, by helping the café staff work more efficient instead of moving food back and forth between the Central Storage Facility and the school. To increase the integrity of our program by ensuring we do our part by using resources (our staff who are our number 1 resource) efficiently.** The purchase also supports the integrity of our program by being necessary, reasonable, and allocable for school meals.

It is necessary for the performance and operation of a school food service program provided by the FNS and reasonable because nature and amount do not exceed that which would be incurred by a prudent person. the cost would be a result of sound business practice, and we would seek competitive pricing.

For example:

- It allows us to serve food to the students with increased assurance of food safety.
- It is an item that is ordinary for school nutrition programs.
- A taxpayer would deem this cost reasonable based on competitive bids and assuring we go with the lowest responsible bidder. Also, the old dishwasher has been used well beyond its useful life.
- We could defend the purchase to the media, auditors, etc....
- Competitive pricing would be sought per sealed bid and meeting all the procurement requirements.

The cost is also allocable to school nutrition programs as a direct cost allocation solely beneficial to our school nutrition program and the students we serve.

2) Specifically describe the limited equipment resources that prevent the identified site from doing one or more of the following: serving healthier school meals, promoting food safety, and expanding access to quality school meal programs.

(30 points maximum – 10 points per criteria)

Our CCSNP Maintenance Techs spend a lot of time patching up this refrigeration unit to limp it by until we can purchase a new unit, and issues of moving food takes away from other café staff's other responsibilities more directly related to the students . Furthermore, the café staff are already overworked and are in very short supply due to staffing shortages and sickness.

1) The most prevalent aspect of replacing a 40-year-old unit is the food safety benefit from a new more efficient walk in freezer and cooler. As we have learned in our "Food Safety in Schools" training...Food safety is one of the basic responsibilities of all school nutrition employees, and school nutrition employees can use good food handling practices to minimize or eliminate a food safety hazard from occurring while keeping food out of the danger zone. Also, the overall condition of the walk in freezer/cooler has been a write up on our health inspections for a while now.

2) Indirectly, using grant funds to purchase the new unit will improve and expand participation in the National School Lunch Program and/or School Breakfast Program (currently SSO). We are a mostly rural school district with a high number of free/reduced students. We serve a la cart items and cater to raise extra money for needed equipment, but over the past several years we have seen a significant decrease in additional funds collected for our program. A good portion of our equipment is aging and in the past when new schools opened the kitchen equipment is usually moved to the new school, when schools are renovated, the kitchens are usually not included. We do prioritize the needs for new equipment, but the funding is not available to cover as many equipment needs as are needed. Unless we receive grant funding, we will have to pull funding from all areas of our budget that will limit and restrict the improvement and expansion of our program. In this case for this site, we would be looking at cutting all non-essential items in the budget like promotional items for National School breakfast and lunch week, possibly cheaper food items, and less labor which would restrict the ability of staff being able to interact with students, staff, and parents to market our program.

3) If we do not receive some grant assistance, the school has less than a 2-month operating balance already, thus additional budget cuts will have to happen at this school and other schools to purchase a walk in freezer/cooler. We are a mostly rural school district with a high number of free/reduced students. We serve a la cart items and cater to raise extra money for needed equipment, but over the past several years we have seen a significant decrease in additional funds collected for our program. A good portion of our equipment is aging and in the past when new schools opened the kitchen equipment is usually moved to the new school, when schools are renovated, the kitchens are usually not included. We do prioritize the needs for new equipment, but the funding is not available to cover as many equipment needs as are needed. Unless we receive grant funding, we will have to pull funding from all areas of our budget that will limit and restrict the improvement and expansion of our program.

GENERAL WALK-IN COOLER/FREEZER SPECIFICATIONS

Vendors **MUST** visit the site to bid in order to fully understand the scope of the project. Vendors are strongly encouraged to attend the Pre-bid conference as well.

GENERAL:

- A. Walk-in cooler/freezer shall be constructed of pre-fabricated, precision-formed, modular panels designed for rapid field assembly. Walk-in cooler/freezer shall be manufactured by Kolpak Or Thermocool. Any other manufacturer must have 10 day prior approval from the date of the PRE-Bid Conference.

CONSTRUCTION PLANS AND INSTRUCTIONS:

- A. Walk-in cooler/freezer shall be supplied with a complete set of installation instructions and erection drawings. All panels shall have panel identification corresponding with erection drawings to facilitate rapid and accurate field erection.

GUARANTEES:

- A. Walk-in cooler/freezer panels shall be guaranteed for a period of ten (10) years after final approval against poor workmanship and defective materials. Any defect within this period shall be corrected at no charge to Owner. Refrigeration system shall be guaranteed for parts and labor for a period of two (2) years with an additional pro-rated three (3) years for parts only on the compressor.

CODES AND STANDARDS:

- A. NSF Standards: Comply with applicable National Sanitation Foundation (NSF) Standard 7 construction and recommended criteria. Provide equipment with a NSF "Seal of Approval."
- B. UL Labels: Where available, provide UL labels on prime electrical components. Provide UL "recognized marking" on other items with electrical components, signifying listing by UL where available. Provide UL approval of door electrical circuit assembly.
- C. ASTM E-84: Comply with fire hazard classification ASTM E-84. Panels shall be supplied with a fire hazard classification in accordance with ASTM E-84 as performed by Underwriters Laboratories. Panels shall be classified by Underwriters Laboratories as having a flame spread rating of 25 or less and a smoke rating of 450 or less.
- D. ASTM D-1929: Insulation shall be in compliance with ASTM D-1929 and D-3286 and shall provide a minimum self ignition temperature of 650 degrees

PRODUCTS:

- A. Furnish one (1) each walk-in cooler/freezer to be actual 22'2 1/2" x 16'4 1/2" x 9'6"
- B. Walk-in cooler/freezer is to comply with the US Energy Independence & Security Act.
- C. Exterior finish on cooler #22 gauge Stucco Stainless. Interior wall finish to be minimum 26-gauge stucco embossed galvalume white. Exterior finish to be 26-gauge stucco white. Interior ceiling finish to be minimum 26-gauge white stucco embossed galvalume white. Exterior ceiling finish to be minimum 26-gauge stucco embossed galvalume. Interior floor finish to be a smooth aluminum foamed-in-place with NSF coved corners. Floor to be reinforced with foamed-in place Era anti-delamination support brackets. Plywood and substrate underlayment shall not be utilized based on the new DOE requirements for minimum R-Value for 4" thick floor panels. Floor to be designed to support rolling loads up to 1,000 lbs. per sq. ft. Both cooler and freezer floors will be provided with heavy duty gray rubber flooring. Flooring will have no wood under it, will be sealed to provide water-proof floor. Rubber will be turned up the wall 8" and capped with stainless steel. Rubber floor installed by independent contractor but provided by Kolpak or ThermoKool.
- D. Provide 48" high minimum .063 aluminum diamond-tread wainscot along entire exposed exterior. Provide treadplate cove base along all exposed areas of cabinet. Provide matching trim closure where cabinet abuts interior walls.
- E. All walk-in insulated panels shall consist of inner and outer metal pans, precision-formed on steel dies and equipped with cam action locking devices. Metal pans shall be stretcher leveled precision formed metal. Locking devices to be wrench activated precision cam locks spaced on centers not to exceed 46". All cam locks to be activated from cabinet interior. Insulation shall be 4" thick rigid, zero ozone depleting HFC 245-A blown Class 1 urethane foam classified according to UL723 (ASTM-E-84) as tested by Underwriters Laboratories.
- F. Panels shall be 100% urethane foam insulation exclusive of metal pans. Perimeter structure shall be formed of urethane insulation forming tongues and grooves to assure vapor-proof and air-tight joints. Insulation shall be foamed-in-place to bond to inner surfaces of metal pans having a thermal conductivity factor ("K") of not more than 0.133BTU/HR./Sq.ft./Degree F. /Inch. The overall coefficient of heat transfer factor ("U") shall not exceed .03 ("K" factor divided by panel thickness). The resulting "R" value or minimum assigned insulation efficiency rating shall be 31 or greater. All panels (except corner panels) shall be 11-1/2", 23", 34-1/2", and 46" wide for easy rapid assembly as selected to conform to drawings. To ensure exact alignment and **maximum strength**, corner panels shall be exact 90-degree angles and measure 12" in each horizontal exterior dimension.
- G. Unit shall be fitted with two (2) each (one for the cooler and one for the freezer)

34" x 78" left swing out type hinged entrance doors. Doors shall be flush mounted, in-fitting type with 22-gauge stucco stainless on interior and exterior and are to be provided with lock and inside release. Provide Kason 1094 door closer on each door. Door shall be equipped with a one-piece perimeter NSF approved removable gasket. A magnetic core at top and sides shall provide positive seal. An adjustable wiper gasket shall be mounted along bottom of door. Each door frame shall be provided with (1) one Kason 1803 LED vapor proof light fixture and heavy gauge reinforced stainless steel threshold. Doors and door frames shall be listed by U.L. Standard hardware and shall be break-away type with cylinder lock and inside safety release handle so that doors can be opened from the inside even when locked. A positive action hydraulic door closer shall be included to ensure gentle closing action of door and ensure a positive seal. Provide each door with (3) each Kason 1345 adjustable/spring assisted chrome plated hinges. Hinges shall be cam-lift, self-closing type with door lift-off capability. Door frames shall be provided with a 2" diameter chrome plated dial thermometer with 6' lead, and heater wire around the full perimeter. Provide doors with .063 diamond treadplate interior/exterior kickplates, 48" high. Provide doors with #10 stainless steel thresholds. Provide doors with UL Switch - pilot light included, #10 gauge SS. Door with weather proof switch. 48" treadplate will be provided on exterior front..

- H. Cooler compartment to have two (2) LED, 4' long vapor-proof light fixtures. Freezer compartment to have two (2) interior LED, 4' long vapor-proof light fixtures. Light fixtures are to be Kason model 1810LC LED. Lights are to be designed to operate properly in their respective moisture and temperature environments.
- I. Provide one (1) each cooler condensing unit KPC99MZOP, 208-230 volt, 3 phase, 1 HP, pre-assembled remote, to maintain a constant temperature of 36 to 38 degrees F. Provide with all standard features plus low ambient kit & outdoor unit housing. Unit must be an R-404A system. Provide matching evaporator 115-60-1.
- J. Provide one KPC199L 208/230/60 3 phase, pre-assembled remote, to maintain a constant temperature of -5 to -10 degrees F. Provide with all standard features plus low ambient kit & steel outdoor unit housing. Unit must be a R-404A system. Provide matching evaporator 208-230-60-1
- K. Condensing unit is to be provided with 18" high heavy gauge angle iron, all-welded, painted unit rack.
- L. Both cooler/freezer door will be supplied with a heater wire in frame header and threshold off the door.

VENDOR RESPONSIBILITIES: Including removing old walk-in cooler/freezer box & refrigeration from jobsite.

- A. Vendor is responsible for delivering and installing cabinet, trim, enclosure, and refrigeration systems and electrical, start-up and checking all pressures, and pull down of units to above stated operating temperatures. Vendor is to

- maintain an on-site temperature check for 2 hours after start-up with a pressure gauge check at the end of this time and is to also inspect and pressure gauge check the unit the next day.
- B. All refrigerant lines shall be extended in a neat and orderly manner. All copper tubing shall be securely supported with clamps and Unistrut. All copper tubing shall be refrigerant grade A.C.R. Type "L" hard copper attached with forged or wrought copper fittings. Silver solder and/or Sil-Fos shall be used to join all refrigerant piping. Soft solder is not acceptable. Conduit, wiring and refrigerant lines will be concealed.
 - C. Hard copper line sets are to be installed in accordance with acceptable refrigeration practices including utilization of all necessary line traps and line grading to maximize the flow of oil and refrigerant and/or condensate throughout the system.
 - D. All refrigerant piping to be pressure tested with nitrogen at 300 psi. After the condensing unit and coil has been connected, the balance of the system shall be leak tested with all valves open. The complete system shall be evacuated with a vacuum pump. Charge, test, and adjust each unit to make it operational. Suction line shall be wrapped with ½" wall Armaflex.
 - E. Drain line piping shall be A.C.R. Type "L" hard copper, properly graded and trapped outside of the compartments.
 - F. Vendor is responsible for all the electrical between the electrical disconnect and all the points of connection including control wiring. All electrical conduit is to be of lock-tite type or field foamed-in-place.
 - G. Vendor is to make mandatory on-site visit prior to Owner performing any work related to this project to assure proper coordination of job sequence. Vendor is to make an on-site visit after Owner work is completed and prior to walk-in delivery to assure all dimensions are correct and as planned for and that all mechanical and electrical work to be performed by the Owner are correct and complete for the uninterrupted completion and integrity of the project.
 - H. All units on roof of building. Crane will be required. (Supplied by successful bidder)
 - I. Install all new 4 tier shelving
 - J. Units to be delivered on a direct haul by goose-neck truck. No common carrier.

CUMBERLAND COUNTY RESPONSIBILITIES:

- A. Provide 2 energized electrical disconnects as required mounted within 5' of the proposed condensing unit locations. Electrical disconnects to include a properly sized 120-volt circuit with circuit breaker protection.
- B. Units will be on roof. Any adjustments to pitch pocket and roof work will be responsibility of Cumberland County.

Dear Members of the Board of Education,

I am writing this letter to explain an opportunity presented to me through the STEM Classroom Grant. I have been awarded \$ 3,500.00 to pursue my "Rooting for Robotics" project through my Agriculture Education Classroom. This grant will allow North Cumberland Elementary the ability to purchase a FarmBot and the materials for the raised bed for the bot to operate on. All CTE classrooms will be involved in the "Rooting for Robotics" project. The robot will be programmed by the STEM class, and then used by the Agriscience class to grow vegetables. The Health Science class will study the nutritional value of the crops grown and create a healthy menu. Our hopes is that we can grow produce to send to the school cafeteria to use for lunches. I am writing this letter to ask for your acceptance of this grant opportunity from VEC.

Sincerely,

Ashton Hayes

RE: Inventory Items for Retirement

DATE: November 20, 2023

Dear Mr. Stepp and B.O.E. Members:

Attached you will find a list of inventory items that are slated for retirement. Our SMHS Technology Technician and our School Inventory Auditor have inspected each item. The property no longer serves the staff or students of SMHS or would the property serve another Cumberland County student or employee. Please accept our proposal to retire the items and know that we will follow all proper protocols to dispose of them once approval is granted.

If you have any questions, please feel free to contact us. In an effort to ensure that our inventory is accurate and our school materials records are kept current with fidelity, Mrs. Moore is working diligently to collaborate with others, especially technology, special education, and CTE departments to maintain accuracy through TIP-Web IT.

Respectfully submitted,

Kelly Smith
