Hickman County Board of Education			
	Descriptor Term: Textbooks	Descriptor Code: 4.401	Issued Date: 08/05/24
		Rescinds: 4.401	Issued: 12/04/23

SELECTION^{1,2}

The selection of textbooks shall be completed according to the laws and policies required by the State of Tennessee and the State Textbook Commission. The responsibility for textbook selection rests with the local textbook selection committees subject to approval by the Board. Use of textbooks and instructional materials not on the list approved by the State Textbook Commission is permissible if the Board submits a waiver to the State Board of Education and such waiver is approved. The director of schools shall establish a procedure for providing citizens of the community with an opportunity to examine proposed textbooks prior to their final adoption,³ including public notice of time and location at which textbooks may be examined. Once the proposed textbooks have been approved by the Board, the director of schools shall post the list of all approved textbooks and instructional materials adopted for use across the school system on the school system's website and send a copy of the list to the commissioner of education.²

When proposing procurement of new textbooks, the director of schools shall provide the Board with a signed document from the textbook publisher(s) stating they have confirmed the subject textbook(s) comply with TCA 49-6-1019 (also known as "Prohibited Concepts in Instruction"). If a signed statement from the publisher is unavailable, a thorough review of the textbook(s) shall be performed by a qualified person familiar with the subject law and provide a signed statement.

COMPLAINTS & RECONSIDERATION

The director of schools shall develop forms and procedures to enable citizens to file complaints regarding the selection or content of approved textbooks. Following the conclusion of this administrative process, a complainant may appeal an outcome to the Board.

DISTRIBUTION

The director of schools shall designate an employee to be responsible for the purchase and distribution of textbooks in each school. The principal shall be responsible for seeing that each student receives the required textbooks at no cost to the student.

CERTIFICATION

Annually, before the director of schools and the chair of the Board certifies compliance of textbooks to the commissioner (due by October 15 of each year), each principal shall provide a signed document stating they have confirmed each student in their school has the correct textbook for each class and that teachers are utilizing the textbook as part of their teaching process.

CARE OF TEXTBOOKS⁴

Textbooks are property of the Board and shall be returned at the end of the school year, upon completion of the course or upon withdrawal from a course or school. Parents are to sign an agreement stating they shall be responsible for the textbooks received and used by their children.

The following reimbursement schedule shall be used as a guide for collecting fines for lost or destroyed books:

Age of Book	Amount Collected
1 - 2 years	100% of replacement cost
3 - 4 years	75% of replacement cost
5 or more years	50% of replacement cost

CARE OF DEVICES

Electronic devices used for instruction are property of the Board and shall be returned at the end of the year, upon completion of the course, or upon withdrawal from a school. Parents are to sign an agreement stating they will be responsible for the electronic devices received and used by their students. The signed agreement will include a reimbursement schedule for damages to electronic devices up to 100% replacement cost.

The Board shall approve and periodically review a schedule of fines for damaged books. In cases where the book is damaged to the extent it is no longer useable, the amount collected shall conform to the reimbursement schedule for lost books. A fine may only be assessed in cases where the pupil or parent damages, loses or defaces the textbook either through willful intent or neglect.

Following an interview with parties and an investigation, if needed, the principal may assess the appropriate fine and notify the parents in writing.

The principal may include with the notice a provision stating that failure to pay the fine imposed within a reasonable time may result in the imposition of one of the following sanctions:

1. Refusal to issue any additional textbooks until restitution is made;
2. Withholding of all grade cards, diplomas, certificates of progress, or transcripts until restitution is made;
3. Not allowing the pupil to take interim or final examinations or to earn course credit in the course for which the textbook is prescribed until restitution is made; or
4. Reducing the pupil's grade in the course for which the textbook is prescribed by one (1) letter grade or ten (10) percentage points until restitution is made.

The principal may waive the assessment of fines when in his/her judgment the student is the victim of uncontrollable circumstances and not responsible for the damages.

1 INSPECTION

- 2 A list of textbooks used by the schools shall be revised annually by building administrators under the
3 direction of the director of schools. Textbooks shall be available for inspection by parents/guardians
4 upon request, and the director of schools shall develop procedures for the inspection of materials and
5 distribute these procedures to each principal.

Hickman County (410) Public District - FY 2026 - TISA Accountability Report - Rev 0

Overview

The Tennessee Investment in Student Achievement (TISA) public school funding formula marks a significant change in how Tennessee invests in public education. The TISA funding formula updates the way Tennessee funds public education for the first time in over 30 years to empower each student to read proficiently by third grade, prepare each high school graduate for postsecondary success, and provide resources needed for all students to ensure they succeed.

As part of TISA, T.C.A. § 49-3-112 requires each school district, starting in the 2023-24 school year, to submit an annual accountability report to the Tennessee Department of Education (department). This report must include:

- **Goals for student achievement:** One of the goals must include the district's plan to pursue the goal of seventy percent (70%) or more of the district's third grade students to score "met expectations" or "exceeded expectations" on the English Language Arts (ELA) portion of the TCAP tests. This goal must also detail the district's goal to increase 3rd grade ELA proficiency rates by 15% of the gap over the next three years (starting with the 2022-23 TCAP results) to achieve the district's stated goal of at least 70% of 3rd grade students proficient in ELA.
- Explanation of how the district's stated goals can be met within the district's budget.
- For reports submitted **starting in the 2024-25** school year, a description of how the district's budget and expenditures from the prior school year enabled the district to make progress toward the stated student achievement goals

Each district's TISA accountability report is required to be presented to the public for review and comment before the report is submitted to the department. Additionally, the TISA Accountability must be presented for local school board approval. The report must be submitted annually to the department by November 1st.

Furthermore, each district's TISA accountability report is required to be reviewed annually by the TISA Progress Review Board pursuant to T.C.A. § 49-3-114 to determine whether the school district is taking the proper steps to achieve their stated goal.

For questions, please review the TISA Accountability Report Guidance document or contact tnedu.funding@tn.gov.

Completed reports should be submitted in ePlan by **November 1, 2025**.

Reflection: Based on progress toward the goal, how will this impact your action plan for the coming years?

Progress toward the 2030 goal of 70% proficiency in 3rd grade ELA has remained flat, with 33.3% in 2024-25 compared to 33% in 2023-24. This indicates that current strategies have not yet produced measurable gains. Moving forward, the action plan will need to focus on stronger alignment to standards, targeted early literacy interventions, and consistent progress monitoring. Greater emphasis will be placed on instructional coaching, foundational skills in K-2, and differentiated supports to accelerate growth and ensure year-over-year improvement toward the long-term goal. We are continuing to work toward closing the gap from a baseline of 33% to 70%. Our goal for this year is to reach 39% to stay on track toward full gap closure.

Goal 1 Prior Year Report: 2-3 Prior year, major TISA investments made toward this goal

Major TISA Investment	Expended Amount (Rough Estimate)	Reflection of whether the investment contributed to progressing toward the goal or not, and how so.
In the previous year, investments were directed toward testing software such as Mastery Connect, teacher planning tools like Planbook, and professional development focused on data analysis and standards-based instruction. These initiatives, along with ongoing efforts to strengthen instruction-through learning walks, development of instructional materials, and improved communication with educators-represented the primary investments aligned with this goal.	\$ 250,000.00	While data is not showing improvement as originally forecasted, the investment will continue into the tools and professional development previously described. We will look at additional professional development and other software and strategies that can enhance the growth of staff and students.
Action Plan: List detailed strategies for the 2025-2026 school year that will be implemented to meet your annual target. Action Plan: 2025-2026: To meet our annual target and move toward 70% proficiency in 3rd grade ELA by 2030, the following strategies will be implemented: 1. K-2 Foundational Skills Focus - Partner with NIET to strengthen instruction and intervention in phonological awareness, phonics, fluency, and vocabulary through targeted walkthroughs, coaching, and feedback cycles. 2. Standards Annotations - Ensure that Tennessee ELA Standards remain the central focus by using standards annotation to drive instructional planning and walkthrough look-fors. 3. HQIM Rigor Checks - Compare the rigor of high-quality instructional materials (HQIM) to Tennessee ELA Standards, ensuring lessons consistently meet or exceed grade-level expectations. 4. PLC Standards Deconstruction - Use ELA Standards Guides in PLCs to deconstruct standards, identify instructional priorities, and align lesson planning to targeted student outcomes. 5. Progress Monitoring & Data Talks - Establish monthly data talks focused on early literacy progress, using multiple data points (universal screeners, running records, formative assessments) to guide tiered interventions and instructional adjustments.		
Budget Narrative: Describe how your district intends to use their budget to execute the strategies and meet the stated goal. The investment into defined strategies above will continue as we also look at additional professional development and other software and strategies that will complement the classroom instruction.

Hickman County will show improvement in the ELA Success Rate:
 from 2023-24 to 2027-28
 3-5 ELA 34.40% to 45.95%.
 6-8 ELA 23.70% to 41.06%.
 9-12 ELA 30.70% to 46.47%.
 as measured on the State achievement assessment and/or EOCs.

Reflection: Based on progress toward the goal, how will this impact your action plan for the coming years?

ELA Success Rates in grades 3-12 increased in 2024-25, demonstrating positive momentum but not yet meeting the overall target. This progress reinforces the importance of continuing to strengthen early literacy (K-2 foundational skills) while deepening alignment to Tennessee ELA standards across all grade bands. Moving forward, the action plan will emphasize rigorous use of HQIM, standards-focused PLCs, and ongoing walkthrough feedback to accelerate growth and close remaining gaps.

Goal 2 Prior Year Report: 2-3 Prior year, major TISA investments made toward this goal

Major TISA Investment	Expended Amount (Rough Estimate)	Reflection of whether the investment contributed to progressing toward the goal or not, and how so.
Hickman County made two significant initial TISA investments to advance its ELA goals. First, funding supported initiatives such as learning walks, the development of instructional materials, and enhanced communication with educators. Second, the district allocated resources to improve student attendance and hire a district-level coach. This coach played a vital role in implementing a county-wide writing process and supporting the development of PLC structures throughout the district. These investments continued in the 2025 school year along with professional development and other training relating to early literacy foundational skills.	\$ 130,000.00	Hickman County's initial TISA investments supported positive progress toward ELA goals. Increases in grades 3-12 ELA success rates during 2024-25 reflect the impact of initiatives like learning walks, instructional support, and the addition of a district coach. While the overall target was not yet met, the momentum reinforces the need to continue strengthening early literacy and aligning instruction to Tennessee ELA standards. Ongoing focus on HQIM, PLCs, and walkthrough feedback will be key to accelerating growth and closing remaining gaps.

Action Plan: List detailed strategies for the 2025-2026 school year that will be implemented to meet your annual target.

Action Plan: 2025-2026

1. Early Literacy Emphasis - Strengthen K-2 instruction by embedding NIET coaching cycles and walkthrough feedback that focus on building strong foundational skills in phonics, fluency, and vocabulary.
2. Standards-Driven Planning - Ensure Tennessee ELA Standards guide instructional decisions by using standards annotation and prioritizing alignment during lesson planning and PLC discussions.
3. Curriculum & Rigor Checks - Regularly review HQIM lessons against state standards to confirm that the level of rigor meets or exceeds grade-level expectations, making adjustments where gaps are found.
4. PLC Focus on Student Evidence - Use PLC time to examine student work samples and assessments, identifying trends and refining instruction to better support mastery of grade-level standards.
5. Ongoing Data Conversations - Hold consistent school-level data talks to monitor progress, celebrate growth, and quickly respond with interventions when students are not meeting benchmarks.

Budget Narrative: Describe how your district intends to use their budget to execute the strategies and meet the stated goal.

The investment into defined strategies above will continue as we also look at additional professional development and other software and strategies that will complement the classroom instruction.

Goal #3

Hickman County (410) Public District - FY 2026 - TISA Accountability Report - Rev 0

☐ This goal not established.

Goal Statement 3:

Hickman County will show improvement in the Math Success Rate:
from 2023-24 to 27-28
3-5 Math 43.10% to 56.05%.
6-8 Math 24.50% to 41.68%.
9-12 Math 15.10% to 34.42%.
as measured on the State achievement assessment and/or EOCs.

District Goal 3

Year	Annual Outcome Target(s)	Associated Metrics/Data
Year 1: 2023-2024 school year (Previous outcome)	43.10% 24.50% 15.10%	2024 TCAP and EOC success rate all students as well as AMO's for the following years
Year 2: 2024-2025 school year (Use actual outcome)	42.80% 32.70% 19.20%	2025 TCAP and EOC success rate all students as well as AMO's for the following years
Year 3: 2025-2026 school year	49.99% 33.64% 25.38%	2026 TCAP and EOC success rate all students as well as AMO's for the following years

Year 5: 2027-2028 school year	56.05% 41.68% 34.42%	2028 TCAP and EOC success rate all students as well as AMO's for the following years

* Check the response that best describes the progress made on the 2024-25 target toward Goal 3.

- ☐ Exceeded target
- ☐ Met target
- ☐ Increased but did not meet target
- ☒ Did not make progress toward goal
- ☐ End of year outcome data for the 2024-25SY is unavailable at the time of this report

Reflection: Based on progress toward the goal, how will this impact your action plan for the coming years?

Math outcomes for 2024-25 showed mixed results across grade bands. Grades 6-8 exceeded the target, while grades 9-12 increased but did not meet the target, and grades 3-5 declined slightly from the previous year. This uneven progress indicates that while some strategies are producing results, others need strengthening. Moving forward, the action plan will emphasize consistency in standards-based instruction, targeted support in elementary math, and deeper alignment between curriculum, assessments, and state expectations. Continued progress monitoring and PLC collaboration around student work will be critical to ensuring steady growth across all grade levels.

Goal 3 Prior Year Report: 2-3 Prior year, major TISA investments made toward this goal

Major TISA Investment	Expended Amount (Rough Estimate)	Reflection of whether the investment contributed to progressing toward the goal or not, and how so.
For the 2024-2025 school year, Hickman County implemented three key strategies to strengthen numeracy instruction: structured lesson planning, classroom walkthroughs, and targeted professional learning. Lesson Plans: Teachers used structured plans to organize math instruction, ensuring clarity on what to teach and when, while allowing for differentiation based on student needs and progress monitoring. Classroom Walkthroughs: Frequent classroom observations provided actionable feedback to help teachers enhance their instructional practices and better support student learning. Professional Development (PD) and Professional Learning Communities (PLCs): Ongoing training and collaborative PLC sessions helped create opportunities for teachers to share effective strategies and continuously improve instruction. In addition, the district's coaching team met biweekly to refine coaching practices and analyze Mastery Connect benchmark data alongside TCAP results. This analysis was shared during monthly assistant principal and principal meetings, equipping school leaders to guide PLCs and support data-driven decision-making aligned with the district's Annual Measurable Objectives (AMOs).	\$ 150,000.00	The TISA-funded strategies implemented in 2024-25-structured lesson planning, classroom walkthroughs, and professional learning-contributed to mixed progress in math outcomes. While grades 6-8 exceeded targets, gains in high school and declines in elementary suggest that instructional consistency and alignment remain areas for growth. The use of data through coaching meetings and PLCs supported informed decision-making, but targeted support in elementary math and continued focus on standards-based instruction will be essential to achieving consistent growth across all grade levels.

Action Plan: List detailed strategies for the 2025-2026 school year that will be implemented to meet your annual target.

Action Plan: 2025-2026 - Math

1. Strengthen Conceptual Understanding - Teachers will use manipulatives, models, and multiple representations in daily lessons to help students move from concrete to abstract thinking in math.
2. Focus on Priority Standards - Grade-level PLCs will identify and emphasize the most tested and foundational Tennessee Math Standards, ensuring instruction spirals and builds across grade bands.
3. Align Tasks to Rigor - Regular reviews of classroom assignments and assessments will ensure that student tasks reflect the depth and rigor of TCAP and EOC expectations, especially at the "Level 3" benchmark.
4. Data-Driven Interventions - Schools will implement structured data talks each month to review student performance, identify those below benchmark, and provide targeted small-group or tiered support.
5. Professional Collaboration - Math coaches and teacher leaders will model lessons, co-plan, and facilitate collaborative scoring of student work so that all teachers build confidence in delivering rigorous, standards-aligned instruction.

Budget Narrative: Describe how your district intends to use their budget to execute the strategies and meet the stated goal.

The investment into defined strategies above will continue as we also look at additional professional development and other software and strategies that will complement the classroom instruction.

6. The auditor agrees to retain working papers for no less than five (5) years from the date the report is received by the Comptroller of the Treasury, State of Tennessee. In addition, the auditor agrees that all audit working papers shall, upon request, be made available in the manner requested by the Comptroller for review by the Comptroller of the Treasury or the Comptroller's representatives, agents, and legal counsel, while the audit is in progress and/or subsequent to the completion of the report. Furthermore, at the Comptroller's discretion, it is agreed that the working papers will be reviewed at the office of the auditor, the entity, or the Comptroller and that copies of the working papers can be made by the Comptroller's representatives or may be requested to be made by the firm and may be retained by the Comptroller's representatives.
7. Any reasonable suspicion of fraud, (regardless of materiality) or other unlawful acts including, but not limited to, theft, forgery, credit/debit card fraud, or any other act of unlawful taking, waste, or abuse of, or official misconduct, as defined in Tennessee Code Annotated § 39-16-402, involving public money, property, or services shall, upon discovery, be promptly reported in writing by the auditor to the Comptroller of the Treasury, State of Tennessee, who shall under all circumstances have the authority, at the discretion of the Comptroller, to directly investigate such matters. Notwithstanding anything herein to the contrary, the Comptroller of the Treasury, State of Tennessee, acknowledges that the auditor's responsibility hereunder is to design its audit to obtain reasonable, but not absolute, assurance of detecting fraud that would have a material effect on the financial statements, as well as other illegal acts or violations of provisions of contracts or grant agreements having a direct and material effect on financial statement amounts. If the circumstances disclosed by the audit call for a more detailed investigation by the auditor than necessary under ordinary circumstances, the auditor shall inform the

organization's management and those in charge of governance in writing of the need for such additional investigation and the additional compensation required therefor. Upon approval by the Comptroller of the Treasury, an amendment to this contract may be made by the organization's management, those charged with governance, and the auditor for such additional investigation.

8. **Group Audits.** The provisions of Section 8 relate exclusively to contracts to audit components of a group under AU-C 600, (See definitions in AU-C 600, Paragraph 11.) Section 8 is only applicable to an auditor that audits a component (e.g., a fund, component unit, or other component) of a county government that is audited by the Division of Local Government Audit (LGA). Section 8 is intended to satisfy the communication requirements for the group auditor (LGA) to the component auditor under AU-C 600.

- a) The Division of Local Government Audit (LGA) shall be considered the "group auditor" for any contract to audit a component of an applicable county government. LGA shall present the county's financial statements in compliance with U.S. Generally Accepted Accounting Principles (GAAP) as promulgated by the Governmental Accounting Standards Board (GASB). LGA shall conduct the audit in accordance with auditing standards generally accepted in the United States of America and the auditing standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States.
- b) The contracting auditor shall be considered the "component auditor" for purposes of this section.
- c) The financial statements audited by the component auditor should be presented in accordance with GAAP as promulgated by GASB. If the financial reporting framework for any component does not conform to this basis, the financial reporting framework should be disclosed in Section 10 (Special Provisions). (Component financial statements that are not presented using the same financial reporting framework as the county's financial statements may cause this contract to be rejected.)
- d) The component auditor shall conduct the component audit in accordance with auditing standards generally accepted in the United States of America and the auditing standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States.
- e) The component auditor shall cooperate with LGA to accomplish the group audit. It is anticipated that LGA will make reference to the component auditor's report in the group audit report. Should LGA find it necessary to assume responsibility for the component auditor's work, the terms, if any, shall be negotiated under a separate addendum to this contract.
- f) The component auditor shall follow the ethical requirements of *Government Auditing Standards* and affirms that the component auditor is independent to perform the audit and will remain independent throughout the course of the component audit engagement.
- g) The component auditor affirms that the component auditor is professionally competent to perform the audit. LGA may confirm certain aspects of the component auditor's competence through the Tennessee State Board of Accountancy.
- h) The component auditor will be contacted via email by the LGA's Audit Review Manager with the estimated date of the conclusion of LGA's audit of the county government. The component auditor agrees to update subsequent events between the date of the component auditor's report and the date of the conclusion of LGA's audit of the county government. Additional subsequent events should be communicated via email to LGA's Audit Review Manager.
- i) The component auditor shall read LGA's audited financial statements for the county government for the previous fiscal year noting in particular related parties in the notes to the financial statements, and material misstatement findings in the Findings and Questioned Costs Section. The previous year audited financial statements can be obtained from the Comptroller's website at www.comptroller.tn.gov. As required by generally accepted auditing standards, we have identified Management Override of Controls and Improper Revenue Recognition as presumptive fraud risks. The component auditor shall communicate to LGA (i.e., group management) on a timely basis related parties not previously identified by the group management in LGA's prior year audited financial statements. Related parties should be communicated via email to LGA's Audit Review Manager.
- j) The component auditor's report should not be restricted as to use in accordance with AU-C 905.
- k) Sections 1-7 and Sections 10-14 of this contract are also applicable to the component auditor during the performance of the component audit.

9. **Municipal Chart of Accounts Crosswalk.** The provisions of Section 9 relate exclusively to contracts to audit of a municipality, municipality's fund(s), and municipality's school board of education. The auditor shall convert respective municipal audited financial data into a condensed chart of accounts by use of a Microsoft Excel crosswalk tool prescribed by the Comptroller of the Treasury, State of Tennessee, or if a respective municipality, municipality's fund(s), or municipality's school board of education chooses to convert their own audited financial data by use of the crosswalk, the auditor shall verify the accuracy of their conversion. The completed condensed chart of accounts crosswalk in Microsoft Excel format shall be filed with the Comptroller of the Treasury, State of Tennessee, by the auditor when the audited financial report is submitted.

The Board directs the administration to identify migratory students in the district, as required by law, and to develop written administrative procedures for ensuring that migrant students receive services for which they are eligible. In developing and implementing a program to address the needs of migratory students the district will:¹

1. Identify migratory students and assess the educational and related health and social needs of each student.

3. Provide migratory children with the opportunity to meet the same statewide assessment standards that all students are expected to meet.
4. To the extent feasible, provide advocacy and outreach programs to migratory students and their families and professional development for district staff.

	Descriptor Term: Students in Foster Care	Descriptor Code: 6.505	Issued Date: 07/10/23
		Rescinds: 6.505	Issued: 05/03/21

The Hickman County School System shall provide all students in foster care, to include those awaiting foster care placement, with a free and appropriate public education.

ENROLLMENT

Students in foster care, to include those awaiting foster care placement, shall be immediately enrolled, even if the student is unable to produce records normally required for enrollment (i.e. academic records, immunization records, health records, proof of residency), or missed the district's application or enrollment deadlines.¹

PLACEMENT

The district and the child welfare agency shall determine whether placement in a particular school is in a student's best interest. Other parties, including the student, foster parents, and biological parents (if appropriate), shall be consulted. If the child has an IEP or a Section 504 plan, then the relevant school staff members shall participate in the best interest decision process. This determination shall be made as quickly as possible to prevent educational disruption.

Placement shall be determined based on the student's best interest. At all times, a strong presumption that keeping the student in the school of origin is in the student's best interest shall be maintained.² For the purposes of this policy, school of origin shall mean the school in which the student was enrolled, including a preschool/pre-k program, at the time of placement in foster care or at the time of a placement change if the student is already placed in foster care.³

When determining placement, student-centered factors including, but not limited to, the following shall be considered:

1. Preferences of the student;
2. Preferences of the student's parent(s) or education decision maker(s);
3. The student's attachment to the school, including meaningful relationships with staff and peers;
4. Placement of the student's siblings;
5. Influence of the school climate on the student, including safety;
6. The availability and quality of the services in the school to meet the student's educational needs;
7. History of school transfers and how they have impacted the student;
8. How the length of the commute would impact the student;
9. Whether the student is receiving special education and related services, and if so, the availability of those required services in a school other than the school of origin; and
10. Whether the student is an EL and is receiving language services, and, if so, the availability of those required services in a school other than the school of origin.

- 1 Transportation costs should not be considered when determining a student's best interest.
- 2 If it is not in the student's best interest to attend the school of origin, the director or his/her designee shall
3 provide a written explanation of the reasons for the determination. The written explanation shall include
4 a statement regarding the right to appeal the placement decision. If the placement decision is appealed,
5 the district shall refer the student to the district coordinator for children in foster care, who shall carry
6 out the dispute resolution process as expeditiously as possible and in accordance with the law.² Until the
7 dispute is resolved, to the extent feasible, the student shall remain in his/her school of origin.²

8 **TRANSPORTATION^{3,4}**

- 9 The district shall collaborate with the local child welfare agency to develop and implement clear and
10 written procedures governing how transportation to a student's school or origin shall be provided,
11 arranged, and funded. This transportation will be provided for the duration of the student's time in
12 foster care.

- 13 The director of schools shall develop administrative procedures to provide for transportation of
14 students in foster care.⁵ These procedures must ensure that:

- 15 1. Students in foster care needing transportation to their schools of origin will promptly receive
16 that transportation in a cost-effective manner and in accordance with federal law; and
17 2. If there are additional costs incurred in providing transportation to the school of origin, the
18 district will provide such transportation if:
19 a. the local child welfare agency agrees to reimburse the district for the cost of such
20 transportation;

A cumulative record shall be kept for each student enrolled in school. The folder shall contain a health record, attendance record, and scholarship record; shall be kept current; and shall accompany the student through his/her school career.¹

The name used on the record of the student entering the school system must be the same as that shown on the birth certificate, unless evidence is presented that such name has been legally changed. If the parent does not have, or cannot obtain a birth certificate, then the name used on the records of such student shall be as shown on documents which are acceptable as proof of date of birth.

The name used on the records of a student entering the system from another school must be the same as that shown on records from the school previously attended unless evidence is presented that such name has been legally changed as prescribed by law.

When a student transfers to another school within the school district or to a school outside of the school district, copies of the student's records, including the student's disciplinary records, shall be sent to the transfer school within five (5) business days of the date on which the student's records request was received by the school.²

All records shall be remitted in accordance with the Family Education Rights and Privacy Act (FERPA).³

ACCESS TO STUDENT RECORDS

Student records shall be confidential. Authorized school officials shall have access to and permit access to student education records for legitimate educational purposes.⁴ A "legitimate educational interest" is the official's need to know information in order to:

1. Perform required administrative tasks;
2. Perform a supervisory or instructional task directly related to the student's education;
3. Perform a service or benefit for the student or the student's family such as health care, counseling, student job placement, or student financial aid.

Authorized school officials may release information from or permit access to a student's education record without the parent(s) or eligible student's* prior written consent in the following instances:

1. To comply with a judicial order or lawfully issued subpoena. The school system will make a reasonable effort to notify the student's parent(s) or the eligible student before making a disclosure;⁵

2. If the disclosure is an item of directory information;⁶
3. To comply with the requirements of child abuse reports to the extent known by the school officials including the name, address, and age of the child; the name and address of the person responsible for the care of the child, and the facts requiring the report;⁷
4. When certain federal and state officials need information in order to audit or enforce legal conditions related to federally-supported education programs in the school system;⁸
5. When the school system has entered into a contract or written agreement for an organization to conduct scientific research on the system's behalf to develop tests or improve instruction, provided that the studies are conducted in a manner which will not permit the personal identification of students and their parents by individuals other than representatives of the organization and the information will be destroyed when no longer needed for the purpose for which the study was conducted;⁹
6. To appropriate officials if the parent(s) claim the student as a dependent as defined by the Internal Revenue Code;¹⁰
7. To accrediting organizations to carry out their accrediting functions;¹¹
8. When a student seeks or intends to enroll in another school district or a post-secondary school. Parent(s) of students or eligible students have a right to obtain copies of records transferred under this provision;¹²
9. To financial institutions or government agencies that provide or may provide financial aid to a student in order to establish eligibility, to determine the amount of financial aid, to establish conditions for the receipt of financial aid, and to enforce financial aid agreements;¹³
10. To make the needed disclosure in a health or safety emergency when warranted by the seriousness of the threat to the student or other persons, when the information is necessary and needed to meet the emergency, when time is an important and limiting factor, and when the persons to whom the information is to be disclosed are qualified and in a position to deal with the emergency;¹⁴
11. To the Attorney General or his designee for official purposes related to the investigation or prosecution of an act of domestic or international terrorism. An educational agency that, in good faith, produces education records in accordance with an order issued under this Act shall not be liable to any person for that production;¹⁵
12. To any agency caseworker or other representative of a state or local child welfare agency or tribal organization authorized to access the student's educational records when such agencies or organizations are legally responsible for the care and protection of the student;¹⁶

Authorized school officials may release information from a student's education record if the student's parent(s) or the eligible student gives written consent for the disclosure. The written consent must include:¹⁷

1. A specification of the records to be released;
2. The reasons for the disclosure;
3. The person, organization, or class of persons or organizations to whom the disclosure is to be made;
4. The signature of the parent(s) or eligible student;
5. The date of the consent and, if appropriate, a date when the consent is to be terminated. The student's parent(s) or the eligible student* may obtain a copy of any records disclosed under this provision.

The school system will maintain an accurate record of all requests to disclose information from or to permit access to a student's education records. The system will maintain an accurate record of information it discloses and access it permits. The system will maintain this record as long as it maintains the student's education record.¹⁸

The record will include at least:¹⁸

1. The name of the person or agency that makes the request;
2. The interest the person or agency has in the information;
3. The date the person or agency makes the request; and
