MEMORANDUM

To: Hamilton County Board of Education
Dr. Bryan Johnson, Superintendent of Hamilton County Schools

From: Dr. Robert Sharpe, Executive Director of Rock Point Learning Community

Date: April 18, 2019

Re: Recognition of Signal Mountain Middle-High School's Mock Trial Teams

With your permission, Scott Bennett and I would like to recognize the two mock trial teams from Signal Mountain Middle-High School at the April Board meeting.

The underclass team, Signal Mountain Red, won Third Place in District competition despite having many first-time competitors. They were undefeated in the preliminary rounds and were second seed in the finals, losing to a homeschool team coached by Chancellor Jeff Atherton.

Signal Mountain Red was comprised of the following students: Emma Wu, Megan Hanson, Abby Frank, May Mon, Claire Lynch, Lainey Jenkins, Yoonie Yang, Hannah Morton, Carson Bock, Sean Goggins and Camille Schmied. In the Finals, Emma Wu was named best attorney, and Claire Lynch was named best witness.

The upper class team, Signal Mountain Black, won First Place in District competition, soundly defeating Girls Preparatory School. They were first seed throughout the competition and earned their third consecutive trip to the State Tournament.

Signal Mountain Black was comprised of the following students: Ethan Fell, Tehreem Hussain, Luke Whitney, Jack Poss, Ryan McGregor, Camilla Mincey, David Cornea, Caroline Cornett, Meredith Bennett, Maggie Meller, George Andreescu and Max Burk. George Andreescu was named best witness.

On March 22-23, Signal Mountain Black and two alternates from Signal Mountain Red competed in the State Tournament sponsored by the Tennessee Bar Association. After three trials over two days, Signal Mountain Black and the defending State champion, Agathos Classical School, were the only two undefeated teams. In the semifinal round, Signal Mountain Black lost to Agathos by a score of two to one. Agathos then went on to win the State Tournament once again.

Because of Signal Mountain's overall performance during the entire Tournament, it won Third Place, marking the most successful performance of any Hamilton County School in the history of the Tennessee Mock Trial Tournament. In fact, Signal Mountain fared better than any other public school in the State. What made Signal's performance so noteworthy was that, in the State Tournament, no individual attorney or witness placed in the top three. Instead, each of our attorneys and each of our witnesses, start to finish, did exceptionally well. This was a true team effort.

Please join us in recognizing these outstanding students and their remarkable achievement.

VIII.F.1. Cabling Infrastructure Installation-eRate Projects - Ben Coulter, Director of Information Technology

The Information Technology department is requesting approval of 3 contracts from Requests for Proposals, 19-25, 19-26 and 19-27 for the wiring of schools in connection with E-Rate. E-Rate is a federally funded rebate program that allows the district to purchase wiring infrastructure at 20% of

costs. The purpose of this additional wiring is to support the One to One initiative in the schools and to update the wiring infrastructure at schools in need. The contract/installation period is from April 2, 2019 through August 6, 2019. The following evaluation criteria was used to select the vendor.

	Evaluation Criteria	Points
1	Purchase price	35
2	The quality of the vendor's good or services	30
3	Vendors past relationship with the district	20
4	Reputation of the vendor and its goods and services	15

Information Technology recommends the following vendors be awarded.

Request for Proposal	Awarded Vendor	Amount
RFP 19-26	DataComm Cabling, LLC	\$67,970.00
RFP 19-25	ClearLine Networks, LLC	\$75,241.00
RFP 19-27	ClearLine Networks, LLC	\$77,128.50
Total		\$220,339.50

The district will be required to pay the full price of \$220,339.50 before receiving the rebates. The calculated cost to the district after rebates have been applied is \$44,067.

Funding will come from the self-funded programs fund balance. Rebates will be reimbursed to the self-funded programs fund balance.

IX.A.1. **Howard High School TDOT Easement - Justin Witt, Director of Maintenance and Operations

We have been requested to approve a slope easement and construction easement located at the former Poss Home Site by the Tennessee Department of Transportation. The easements are required in order to improve the on ramp located at I-24 and Market Street. TDOT has offered a price of \$26,300.00 based on a fair market appraisal provided by Eades Valuation Group. After review the easements should not impact the future development of the site. If approved the attached "sellers acknowledgment of sale price and conditions" will need to be signed. After receipt of the document TDOT will prepare the deeds that will require School Board approval at a future meeting. I recommend approval.

Motion Passed: approval of the Howard High School/TDOT Easement with compensation of \$26,300 passed with a motion by Mrs. Tiffanie Robinson and a second by Dr. Steve Highlander.

Re: Exceptional Education - Speech/Language, OT/PT Services Agreement Second Amendment

I am respectfully requesting that you approve the second amendment to the agreement with Stellar Therapy Services, LLC Bid File 14-40 staffing for the contract period 7-1-18 through 6-30-19. This agreement is to provide Speech and Language, Occupational and Physical Therapy services as required by Individual Education Plans and supervised by Exceptional Education Administrators.

The amendment is needed to cover additional staffing needs to cover OT/PT services at a contract agency, to cover two FMLA's for HCDE therapists, resignations, and HCDE has had an increase in the amount of OT/PT services during the 18-19 SY. Ex Ed has not been able to cover these with current staff and have had to use Stellar Therapy staff to provide contract services to students. The contract amendment is for an additional \$115,000 for the 18-19 school year making the total contract not to exceed \$ 2,296,347. This contract amendment will be paid with a combination of funds from Medicaid Reimbursement, IDEA Part B and Ex Ed General Purpose Budget funds.

Re: E-Rate Equipment and Support Purchase

The Information Technology department is requesting approval to purchase network switches, wireless access points, network related equipment and annual support through E-Rate. E-Rate is a federally funded rebate program that allows the district to purchase equipment and services related to wiring infrastructure at 20% of costs. The purpose of this purchase is to support the One to One initiative in the schools and to update the wiring infrastructure at schools. Below is a table that details the cost.

Equipment	Qty	Total Before E-Rate Discounts
Wireless Access Points	870	\$386,695.00
Switches / Network Related Equipment	641	\$1,083,325.00
Support*		\$255,597.07
Total Costs Before E-Rate Discounts		\$1,725,617.07
Total Cost After E-Rate Discounts**		\$502,372.07

* 3-year amount.

** Amount reflected is after discounts. Discounts are applied at a school level. Some schools ran out of discounts and full or partial price had to be applied.

Information Technology recommends the approval of the purchase amount. The recommended vendor is Central Knox, Inc. Central Knox is an approved vendor and under contract by the State of Tennessee, contract #49083.

The district will be required to pay the full price of \$1,725,617.07 before receiving the rebates. The calculated cost to the district after rebates have been applied is \$502,372.07. \$500,000 of funding will come from the self-funded programs fund balance. The remainder will come from the Information Technology budget. E-Rate rebates will be reimbursed to the self-funded programs fund balance.

Thank you for your consideration of this request.

During the Ron Clark Academy Educator Training, participants learn ways to increase student engagement, ensure academic rigor, and create a climate and culture that leads to success.

Climate and Culture

The climate and culture of a school should ignite a passion for learning, provide support and encouragement, reflect high expectations for student behavior, promote parental involvement, and ensure a safe, secure environment for all.

The climate and culture of a school is something that one can feel upon entering the building, and participants in The RCA Experience are able to witness it firsthand in a very tangible way. Some of the programs/methods that are taught and observed include, but are not limited to, the following:

- Techniques for promoting discipline and respect, such as *The Essential 55*

- Techniques for building student confidence, respect, and enthusiasm.
- Ideas for instilling a sense of tradition.
- Ways to engage students with members of the community

- Strategies for higher order questioning
- Techniques for maximizing academic learning time
- Ways to set high expectations for all learners
- Varied methods for monitoring student progress

Students must be actively engaged for authentic learning to take place, and at the Ron Clark Academy, the level of student engagement is exceptionally high. Educators who participate in The RCA Experience are able to get a clear picture of what student engagement looks like and sounds like when they observe our classes in session. Some of the methods that promote student engagement include the following:

- Ways to integrating music and the arts into the curriculum
- Techniques for infusing energy and passion into lesson planning and delivery

RE: The Howard School's Work-Based Learning Program
Memorandum of Understanding Between Hamilton County Department of
Education and The City of Chattanooga

Work-based learning (WBL) is a proactive approach to bridging the gap between high school and high-demand, high-skill careers in Tennessee. Students build on classroom-based instruction to develop employability skills that prepare them for success in postsecondary education and future careers. Through experiences like internships, apprenticeships, and paid work experience, juniors and seniors may earn high school credit for WBL experiences.

This is to request Board approval of the attached Memorandum of Understanding between The Hamilton County Board of Education and The City of Chattanooga regarding The Howard School's work-based learning program.

**MEMORANDUM OF UNDERSTANDING BETWEEN
THE HAMILTON COUNTY BOARD OF EDUCATION AND
THE CITY OF CHATTANOOGA
REGARDING THE HOWARD SCHOOL'S
WORK-BASED LEARNING PROGRAM**

WHEREAS the Hamilton County Board of Education is a local education agency existing pursuant to the laws of the State of Tennessee for the purpose of providing a system of public education in and for Hamilton County; and

WHEREAS, as part of its effort to educate the students of Hamilton County, the Hamilton County Board of Education is invested in work-based learning programs that will help students develop valuable skills that are necessary for gainful employment after graduation; and

WHEREAS the City of Chattanooga recognizes and appreciates the emphasis that the Hamilton County Board of Education places on work-based learning programs; and

WHEREAS the City of Chattanooga can only benefit from a better educated, better trained workforce; and

WHEREAS both the Hamilton County Board of Education and the City of Chattanooga recognize that there are particular challenges, as well as opportunities, for work-based learning programs in downtown Chattanooga; and

WHEREAS the Work-Based Learning program at the Howard School would greatly benefit from a partnership with the City of Chattanooga to address some of these challenges and to take advantage of some of these opportunities; and

WHEREAS the City of Chattanooga is willing to cooperate with the Hamilton County Board of Education and the leadership of the Howard School by providing support to the Howard School's Work-Based Learning program and vocational opportunities to its students;

SO THEREFORE, PREMISES CONSIDERED, the Hamilton County Board of Education and the City of Chattanooga do hereby agree as follows:

1. Outreach assistant.

- a. The City of Chattanooga will hire and employ an outreach assistant to work on the campus of the Howard School.
 - i. This outreach assistant will be an employee of the City of Chattanooga, which will be solely responsible for this employee's wages and benefits, including coverage for any on-the-job injuries.
 - ii. The City of Chattanooga does hereby release the Hamilton County Board of Education, its agents, employees, and insurers, of and from any and all claims or demands arising out of or in any way related to this outreach assistant's employment at the Howard School including, but not specifically limited to, wages, benefits, or claims of subrogation in connection with any on-the-job injury this outreach assistant might suffer or allege.
- b. This outreach assistant, though at all times employed by the City of Chattanooga, will work under the direction of the administration of the Howard School.
 - i. The duties of the outreach assistant will include, but need not be limited to, assisting students with Work-Based Learning placements; monitoring the progress of Work-Based Learning students; networking and fundraising efforts for support of our schools Work-Based Learning program; and identification and training of mentors for Work-Based Learning students.

- ii. The outreach assistant will work a minimum of four hours per day Monday through Friday while school is in session.
 - iii. In the event the administration of the Howard School has any concerns regarding the outreach assistant's performance, the administration will discuss these concerns with Lurone Jennings, Administrator of the Department of Youth and Family Development at the City of Chattanooga.
- c. This outreach assistant will be background checked pursuant to the requirements of T.C.A. § 49-5-413 before he or she will be allowed to work on the campus of the Howard School or in the presence of any student.

2. Transportation.

- a. The City of Chattanooga will provide up to 50 CARTA bus passes, reloaded every 31 days, for students enrolled in the Howard School's Work-Based Learning program. These passes are to be used by Work-Based Learning students for transportation to approved Work-Based Learning jobsites.
- b. Additionally, the City will provide one or more properly equipped, maintained, and insured Type B buses as well as properly licensed and trained drivers, for the purpose of shuttling Work-Based Learning students to and from various job sites that are not on CARTA routes or the timing of which would make use of a CARTA route impracticable. The Howard School's use of one or more of the City's buses shall be based on van and driver availability.

3. Internships.

- a. The City of Chattanooga will develop 25 paid, part-time positions within City Government for students enrolled in the Howard School's Work-Based Learning program.

Re: 2019-2020 Tuition Rates

I recommend a 2019-2020 tuition rate of \$3,448 for out-of-county students (in-state of Tennessee) and \$9,264 for out-of-state students.

Tuition is based on the revenues that are not received since the student resides either out-of-county or out-of-state.

Out-of-county proposed tuition increased by \$134 or 4.04% compared to last year; while the out-of-state proposed tuition increased by \$464 or 5.27%.

I further recommend that out-of-county or out-of-state exceptional education students, whose program may require additional support (transportation, attendants, special equipment, etc.), be evaluated for admission on a case-by-case basis.
