Hamilton County School's 3rd Annual George Kilgore Initiative Award is being awarded to 1 HCS senior that has completed their CTE program of study and exhibited strong initiative in their CTE learning journey.

ABOUT GEORGE KILGORE

A proud Soddy Daisy High School graduate, George Kilgore (July 11, 1967 - June 12, 2022), worked for Hamilton County Schools in Career and Technical Education for 24 years. George began his career in education as a Graphic Arts Teacher at Sequoyah High School where he served for 15 years. George then transitioned to the district office working as a Teacher on Special Assignment reporting directly to the CTE Director. In 2021, George was elevated to the title of Career and Technical Education Program Lead. Throughout his time with Hamilton County Schools, George placed the success of Hamilton County's CTE teachers and students at the forefront of every decision. He helped teachers ensure they were equipped with every resource needed to be successful and advocated for every student's high school and career options. George served in an instrumental role to four CTE Directors over his 9 years at the district level. Each CTE director constantly commended him on his initiative to take action to get the work done.

The recipient of this award is an individual who, like George, shows strong qualities of initiative, love CTE, and are pursuing a postgraduate step in a field of CTE.

Thank you for your consideration of this request.

On March 24, SDCL Read 20 sponsored its annual Librarian of the Year for Hamilton County School Librarians to recognize the value of our librarians and what they do for students, staff, families, and community. SDCL Read 20 recognized an outstanding librarian, Charles Rayburn, (East Ridge High School) who has supported their vision by encouraging reading with students by creating, organizing, and implementing various book clubs, weekly and monthly reading goal recognitions, and participating in Literacy Nights at school. The Librarian of the Year exemplifies community involvement by being involved with their community to provide the best support available in the advancement of literacy for students throughout Hamilton County.

SDCL Read 20 is a public-private partnership whose mission is to create a community of readers by promoting the importance of reading with children for at least 20 minutes a day.

Subject: Emergency/ Early Approval for Bid File # 25-24 Temperature Monitoring System for the School Nutrition Program

The School Nutrition Program is requesting an early approval for the bid file # 25-24 Temperature Monitoring System for Freezers and Coolers for the School Nutrition Program to begin in May 2025 and with a renewal option up to 5 years.

We propose **E-Control System** as the vendor for this critical project. **E-Control System** has met all the required specifications and is well-equipped to meet our needs.

The initial startup cost for this project is **\$60,220.00**, which includes the necessary hardware to operate the system. Additionally, there will be an annual renewal cost of **\$17,500.00** for five consecutive years, pending contract renewal upon mutual agreement between the vendor and the District.

This project is vital to our program, as it will provide significant benefits, including savings on labor and food waste. During the summer months, freezers often fail, leading to costly losses. Currently, cafeteria staff manually check freezers and coolers temperatures twice a week. By transitioning to an automated system, we will achieve the following advantages:

- Prevention of food spoilage and waste due to real-time monitoring
- Access to detailed temperature data for freezers and coolers across the county
- Reduced labor costs, as manual checks will no longer be necessary

This investment will modernize our operations, improve efficiency, and ensure better resource management for the program.

We respectfully request your approval in this impactful initiative, so we can proceed with the completion of our requirements for our purchase order and be fully operational by May 23, 2025.

Subject: Approve State Contract Use for Multifunction Devices (Printers & Copiers)

Board Agenda Category:

- ☐ Reports and Information

Approve state contract use with Canon U.S.A., Inc. to provide multifunction devices (printers and copiers) and related services district-wide where and as approved in the departments' annual adopted budget. Contracted services will be provided utilizing the State of Tennessee Statewide Contract 400 which is available for local government use and will provide for devices on a 60-month lease structure. This agreement has a current estimated annual expenditure of \$1,300,000. Expenditures will be from budgeted and approved General Purpose operational funds.

In November of 2019 Hamilton County Schools entered into an agreement (RFP 20-10) with Beeler Impression Products, Inc. to provide multifunction devices such as printers and copiers along with their related services to the district. This contract will expire on June 30, 2025 with no additional renewals available. Following review of available multifunction device contract options and providers along with Hamilton County Schools user department discussions, utilization of the state contracted provider, Canon U.S.A., Inc. is recommended.

The state sourced multifunction device contract provides competitive product pricing along with strong local service and support guarantees. The state agreement additionally provides for a robust software component that will assist the district in implementing effective cost controls and improve security as it pertains to device usage. A recent comparison completed, which compared the average previous expenditures and contracted rates to average anticipated expenditures under the state contracted rates, found utilization of the state contract is expected to provide for an initial program implementation savings of at least 10% annually. It is expected this savings will increase as program controls and established standards are applied in the coming fiscal year. HCS additionally anticipates a paper savings with utilization of this contract due to the printing controls available through this contract and future program.

With the expansion of the Future Ready Centers Network, we would like for you to please consider the following recommendation regarding a facility name for approval.

- The Gateway building will be known as the Franklin-Roberts Future Ready Center.

Honoring John P. Franklin, Sr. & Dalton Roberts

John P. Franklin, Sr. (1922–2018)

John P. Franklin, Sr. was a trailblazer in Chattanooga's civic and educational landscape. The first African American elected official in Chattanooga since the Jim Crow era, Franklin dedicated his life to public service. He served as a city commissioner, vice mayor, and chairman of the city school board, where he worked to improve education and opportunities for all students. His career also included serving as a teacher and principal in Chattanooga schools for several decades.

Beyond education, Franklin was a leader in the funeral service industry, continuing his family's legacy at Franklin-Strickland Funeral Home before founding John P. Franklin Funeral Home. His military service in World War II, leadership as the first African American president of the Tennessee Municipal League, and work in numerous civic organizations made him a respected figure in Chattanooga. His dedication to education and public service makes

him an ideal namesake for this Future Ready Center, ensuring that students continue to benefit from his legacy.

Dalton Roberts (1933–2015)

Dalton Roberts was Hamilton County’s first County Executive (now County Mayor), serving from 1978 to 1994. His leadership was instrumental in shaping Hamilton County’s economic development. Roberts spearheaded the creation of four industrial parks and led the acquisition of the former Volunteer Army Ammunition Plant, which later became the site of Volkswagen’s Chattanooga assembly plant—one of the region’s largest economic drivers.

A lifelong advocate for education, Roberts was a special education teacher and administrator before entering public office. His belief in workforce development and economic growth aligns with the mission of the Future Ready Center. Board Policy 2.802 Update: Recommendation for Move to 24 Paychecks

Board Agenda Category:

- ☒ Consent Agenda

 - ☐ Reports and Information
-

Board approval is recommended for revisions to Board Policy 2.802 governing proposed payroll schedules which includes moving employees currently on a 26-check cycle to a 24-check cycle. Approximately every 10 to 11 years, a 26-check cycle requires a year of 27 checks in order to realign checks within the fiscal year. This coming school year, 2025-2026, if we do not make other changes, we will be required to alter employee pay schedules by processing 27 checks this year and then make adjustments back to 26 the following year. To avoid this confusion and create multiple years of pay changes, we evaluated a move to 24-checks. After thorough research into best practices, a survey, and discussions with HCEA during collaborative conferencing, we are recommending a move to 24-checks beginning July 1, 2025.

For more information, please review the FY26 Pay Structure Plan of Action.
Thank you for your consideration of this request.

FY26 Pay Structure Plan of Action

ISSUE

Roughly every 11 years, a 26-check payroll cycle requires a 27th check in order to realign within a fiscal year. This 27th check will happen during the 2025-2026 year, so following a positive discussion during collaborative conferencing, we initiated an evaluation process to determine whether to move to a 24-check payroll cycle for 2025-2026 to avoid the challenge of 27 checks at a lower gross wage rate. This evaluation included development of a survey for employees and supporting information. The survey results for FY26 pay structure of the 1,766 who responded were:

- 49.80% Move to 24 checks
- 38.71% move to 27 checks
- 11.49% with no preference

Additionally, of the respondents, 75.34% stated that they did not have any concerns about changes to the current pay structure.

PURPOSE

Considering the survey results, support from HCEA, and the impact on effective and efficient operations, the MOC Steering Committee recommends transitioning to a 24-check pay cycle effective for the 2025-2026 year. FY26 new hires will start on or after July 1, 2025.

SET-UP

The implementation of the new pay structure will be incorporated into the process of establishing new year job/salary records for current and new employees. Documentation, testing and communication with employees will occur throughout Spring 2025.
