- The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
- I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
- I am a U.S. citizen or other U.S. person (defined below); and
- The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. Washington County Board of Education

Monitoring: Review: Annually	Descriptor Term: Student Discrimination, Harassment, Bullying, Cyber-bullying, and Intimidation	Descriptor Code: 6.304	Issued Date: draft
		Rescinds: 6.305	Issued: 01/07/10

1 The Washington County Board of Education has determined that a safe, civil, and supportive
2 environment in school is necessary for students to learn and achieve high academic standards. In order
3 to maintain that environment, acts of bullying, cyber-bullying, discrimination, harassment, hazing, or
4 any other victimization of students, based on any actual or perceived traits or characteristics, are
5 prohibited.¹

6 This policy shall be disseminated annually to all school staff, students, and parents. This policy shall
7 cover employees, employees' behaviors, students, students' behaviors, third parties, and third parties'
8 behaviors while on school property, at any school-sponsored activity, on school-provided equipment or
9 transportation, or at any official school bus stop. If the act takes place off school property or outside of
10 a school-sponsored activity, this policy is in effect if the conduct is directed specifically at a student or
11 students and has the effect of creating a hostile educational environment or otherwise creating a
12 substantial disruption to the education environment or learning process.

13 Building administrators are responsible for educating and training their respective staff and students as
14 to the definition and recognition of discrimination/harassment.

15 **DEFINITIONS**

16 Bullying/Intimidation/Harassment - An act that interferes with a student's educational benefits,
17 opportunities, or performance, and the act has the effect of:

- 18 • Physically harming a student or damaging a student's property;
- 19 • Knowingly placing a student or students in reasonable fear of physical harm to the
20 student or damage to the student's property;
- 21 • Causing emotional distress to a student or students; or
- 22 • Creating a hostile educational environment.

23 Bullying, intimidation, or harassment may also be unwelcome conduct based on a protected class
24 (race, nationality, origin, color, gender, age, disability, religion) that is severe, pervasive, or persistent
25 and creates a hostile environment.

26 Cyber-bullying - A form of bullying undertaken through the use of electronic devices. Electronic devices
27 include, but are not limited to, telephones, cellular phones or other wireless telecommunication devices,
28 text messaging, emails, social networking sites, instant messaging, videos, web sites, or fake profiles.

1 Hazing - An intentional or reckless act by a student or group of students that is directed against any other
2 student(s) that endangers the mental or physical health or safety of the student(s) or that induces or
3 coerces a student to endanger his/her mental or physical health or safety. Coaches and other employees
4 of the school district shall not encourage, permit, condone, or tolerate hazing activities.²

5 “Hazing” does not include customary athletic events or similar contest or competitions and is limited to
6 those actions taken and situations created in connection with initiation into or affiliation with any
7 organization.

8 **COMPLAINTS AND INVESTIGATIONS**

9 Alleged victims of the above-referenced offenses shall report these incidents immediately to a teacher,
10 counselor, or building administrator.³ All school employees are required to report alleged violations of
11 this policy to the principal or his/her designee. All other members of the school community, including
12 students, parents, volunteers, and visitors, are encouraged to report any act that may be a violation of
13 this policy.

14 While reports may be made anonymously, an individual's need for confidentiality must be balanced with
15 obligations to cooperate with police investigations or legal proceedings, to provide due process to the
16 accused, to conduct a thorough investigation, or to take necessary actions to resolve a complaint, and the
17 identity of parties and witnesses may be disclosed in appropriate circumstances to individuals with a
18 need to know.

19 The principal or his/her designee at each school shall be responsible for investigating and resolving
20 complaints. Once a complaint is received, the principal or his/her designee shall initiate an investigation
21 within forty-eight (48) hours of receipt of the report.⁴ If a report is not initiated within forty-eight (48)
22 hours, the principal or his/her designee shall provide the director of schools with appropriate
23 documentation detailing the reasons why the investigation was not initiated within the required
24 timeframe.⁴

25 The principal or his/her designee shall notify the parent(s)/guardian(s) when a student is involved in an
26 act of discrimination, harassment, intimidation, bullying, or cyber-bullying. The principal or his/her
27 designee shall provide information on district counseling and support services. Students involved in an
28 act of discrimination, harassment, intimidation, bullying, or cyber-bullying shall be referred to the
29 appropriate school counselor by the principal or his/her designee when deemed necessary.^{1, 4}

30 The principal or his/her designee is responsible for determining whether an alleged act constitutes a
31 violation of this policy, and such act shall be held to violate this policy when it meets one of the following
32 conditions:

- 33 • It places the student in reasonable fear or harm for the student’s person or property;
- 34
- 35 • It has a detrimental effect on the student’s physical or mental health;
- 36
- 37 • It has the effect of interfering with the student’s academic performance; or
- 38

- It has the effect of interfering with the student's ability to participate in or benefit from the services, activities, or privileges provided by a school.

Alleged violations of this policy in regard to the school nutrition program shall also be reported to the principal.

Upon the determination of a violation, the principal or his/her designee shall conduct a prompt, thorough, complete, and impartial investigation of each alleged incident. All investigations shall be completed and appropriate intervention taken within twenty (20) calendar days from the receipt of the initial report.⁴ If the investigation is not complete or intervention has not taken place within twenty (20) calendar days, the principal or his/her designee shall provide the director of schools with appropriate documentation detailing the reasons why the investigation has not been completed or the appropriate intervention has not taken place.⁴ Within the parameters of the federal Family Educational Rights and Privacy Act (FERPA) at 20 USCA § 1232g, a written report on the investigation and the outcome of the investigation will be delivered to the parents of the complainant, parents of the accused students, and to the director of schools.

RESPONSE AND PREVENTION

School administrators shall consider the nature and circumstances of the incident, the age of the violator, the degree of harm, previous incidences or patterns of behavior, or any other factors, as appropriate to properly respond to each situation and to prevent a recurrence of the incident.

A substantiated charge against an employee shall result in disciplinary action up to and including termination. A substantiated charge against a student may result in corrective or disciplinary action up to and including suspension.

An employee disciplined for violation of this policy may appeal the decision by contacting the Federal Rights Coordinator or the complaint manager. Any student disciplined for violation of this policy may appeal the decision in accordance with disciplinary policies and procedures.

Remedial action shall be taken to address any impact on the complainant, any witnesses, and the student body, if needed, and to prevent future occurrences of the above-referenced offenses.

REPORTS

When a complaint is filed alleging a violation of this policy where there is physical harm or the threat of physical harm to a student or a student's property, the principal or his/her designee of each middle school, junior high school, or high school shall report the findings and any disciplinary actions taken to the director of schools and the chair of the board of education.

By July 1 of each year, the director of schools or his/her designee shall prepare a report of all of the bullying cases brought to the attention of school officials during the prior academic year. The report shall also indicate how the cases were resolved and/or the reasons they are still pending. This report shall be presented to the board of education at its regular July meeting, and it shall be submitted to the state department of education by August 1.

- 1 The director of schools shall develop forms and procedures to ensure compliance with the
- 2 requirements of this policy and TCA 49-6-4503.

3 **RETALIATION AND FALSE ACCUSATIONS**

4 Retaliation against any person who reports or assists in any investigation of an act alleged in this policy
5 is prohibited. The consequences and appropriate remedial action for a person who engages in retaliation
6 shall be determined by the administrator after consideration of the nature, severity, and circumstances of
7 the act.

8 False accusations accusing another person of having committed an act prohibited under this policy are
9 prohibited. The consequences and appropriate remedial action for a person found to have falsely
10 accused another may range from positive behavioral interventions up to and including suspension and
11 expulsion.

While *Draw the Line, Respect the Line* is a pregnancy prevention program, sixth grade contains no sexual content. Instead the focus is on identifying and establishing personal limits (“drawing the line”), responding to peer pressure, and respecting other people’s boundaries. Students learn a 4-step refusal process and then practice that process in a number of role plays. Sixth graders have two short homework assignments that involve interviewing a grown up at home, and those assignments are used in class discussions. Students think about their personal limits by identifying healthy and unhealthy behaviors.

The student booklet includes an “I Learned” page where students reflect on each day’s lesson. All student booklets contain English and Spanish versions of all the activities.

The program is designed to be delivered over five consecutive class meetings, and each lesson takes about 45 minutes.

Draw the Line, Respect the Line

Lesson Descriptions: Sixth grade

The first day of Draw the Line involves administering the pre-survey to students and handing out workbooks and name tents, in addition to Lesson 1.

Lesson 1 - “Draw the Line/Respect the Line”

Students explore the idea of drawing the line by participating in a game of Simon Says and discussing peer pressure. Students think about why it’s hard to handle peer pressure and work to identify their personal limits. At the end of class, students remove their homework assignment from their workbooks and take it with them, then reflect on Lesson 1 on the “I Learned” page.

Lesson 2 - “Steps for Drawing the Line Part 1”

This lesson begins with a review of Lesson 1 and an opportunity for students to share what they wrote down for their homework. The teacher introduces the steps for drawing the line (Say No, Use Body Language, Change the Subject, Walk Away) and then demonstrates the steps with a sample role play about drinking alcohol.

Students then work on applying the steps to another role play in their workbooks called “The Dare.” Lastly, students reflect on Lesson 2 on the “I Learned” page.

Draw the Line, Respect the Line

Lesson Descriptions: Sixth grade

Lesson 3 - “Steps for Drawing the Line Part 2”

Students have a discussion about things that are easier said than done, like handling peer pressure. The teacher reviews the first two steps from Lesson 2 and students work in pairs to practice those steps. Lastly, students remove their homework assignment from their workbooks and then reflect on Lesson 3 on the “I Learned” page.

Lesson 4 - “The Roleplay Challenge”

This lesson begins with a review of Lesson 3. The teacher discusses Draw the Line steps 3 and 4 (Change the Subject and Walk Away)*, and then students work on applying the steps to three more role plays in their workbooks. Lastly, students reflect on Lesson 4 on the “I Learned” page.

Lesson 5 - “Friends Respect the Line”

Lesson 5 begins with an opportunity for students to share their homework responses. The teacher explains what it means to respect someone’s line and why that’s important. After a demonstration role play, students complete role plays about respecting others’ limits in their workbooks. Students complete an activity in which they examine the impact of certain choices on their lives. After reflecting on the “I Learned” page, students take the post-survey.

Activity

4.3 Changing the Subject and Walking Away

Time 15 minutes

Materials □ Chart paper with Steps for Drawing the Line

Purpose To introduce the third Step for Drawing the Line—change the subject—and show how important this step is for maintaining friendships. To introduce the fourth step—walk away—and discuss when this might be necessary.

What the Teacher Does Guides students in a discussion of changing the subject and walking away.

What Students Do Learn about characteristics of changing the subject and practice using this step. Discuss when walking away might be the best way to draw the line.

Procedure

- 1 Have students imagine or think about a time when a friend was pressuring them to cross one of their lines. Ask students to identify some of their concerns about telling a friend that they don't want to cross the line (e.g., friend may get mad, may lose my friend).
- 2 Explain that these are very realistic concerns, particularly when you really don't want to hurt the other person's feelings. Explain that today they will learn and practice an approach that they can use with their other steps for drawing the line that will help them draw the line and still stay friends.
- 3 Write "Change the subject" on the chart paper with the first 2 Steps for Drawing the Line. Ask students what this might mean. Explain that changing the subject is another way of dealing with pressure to cross the line. Explain that to use this strategy, the person being pressured suggests something else to do rather than crossing his or her line.
