XI. Adjournment

Revenue and Expense Summaries for June 2025 for the 141, 142, & 143 Funds

141-Fund Revenues

- The below revenue and expense totals include estimated year-ending accrual entries. The final totals once the books are closed and audited may change.
- Revenue for June 2025 was \$8,683,330.19 compared to \$9,124,653.00 June 2024. This is a decrease of (\$441,332.81).
 - The main key variations from last June are listed below.
 - Two large General Fund Grants (Summer School, and CTE ISM Grants had less reimbursements due to needs that June 2024 totaling around (\$351K) less.
 - Also, Operating Transfers for Indirect Cost from Federal Projects to the General Fund was noticeably less due to no ESSER Indirect Cost being used.
 - You can evaluate the Rural Option Sales Tax impact from the prior formula change to both the Washington County Schools and Johnson City Schools on document (4-A_Washington County Rural Option Sales Tax_June 2025) for all of FY25.

141-Fund Expenses

- Expenses for June 2025 are coming in at \$16,355,628.95. This is \$385,026.51 more than June 2024.
 - Major variances from June 2024
 - The major expense increase from June 2024 is from Salaries and Benefits (Multiple lines) for all system employees which was an increase of approximately \$1.2M.
 - Several other smaller variances existed, but additional year ending accrual entries of around \$400K will still need to be entered which will increase the variance from June 2024.
- You can also reference a report that gives some additional details this month on BOE Connected titled as (1-D_Summary_141_Payables Detail June 2025).

142-Federal Fund

- The Federal Projects fund saw \$870,628.29 of flow through revenues in June 2025. The breakdown of the reimbursements are listed below. However, an additional \$408K in revenue receivables will still need to be entered at year-end closing which will increase the total to around \$1.279M.
- The current breakdown of revenue/reimbursements received are listed below:
 - Consolidated/Title Grants accounted for 44%
 - SPED grants accounted for 53%
 - All other grants accounted for 3%
- You can also reference a report that gives some additional details this month on BOE Connected titled as (2-A_Summary_142_Payables Detail June 2025).

143-Dietary Fund (From the Trustee's Report-Unreconciled)

- Revenue for June 2025 came in around \$12,549.81 which is \$143K less than June 2024.
 - However, there is around \$154K in revenue that will be accrued as revenue at FY25 year-end closing.
- Expenses came in around 156K which is around \$3K more than June of 2024.
 - Generally speaking for the fiscal year, expenses have risen as expected in areas of salary and benefits, however food costs and supplies have increased above prior budgeted expectations.
- The unreconciled Dietary Fund balance for June 2025 off the Trustee's Revenue Report is just over \$1.5 Million.
 - Dietary experienced a decrease of around \$144K in fund balance for June 2025.
 - In comparison to June 2024, the Dietary Fund balance has decreased by around \$1M, however this is off the Trustee report which is an unreconciled report.
 - We will need to keep watch on this closely as we get close to the \$750K minimum fund balance threshold.
 - The recent Freezer approved for DCHS should be expensed out in FY25 due to the timing of the equipment being received.
 - With this being taken into consideration and the estimated year end revenue and expense accruals still to be entered, it is possible the Dietary operating loss could be as low as \$700K, but we should have a better idea on this at the September 2025 board meeting.

Everway vendor information and change to entity structure

As a result of the significant change for our company, we have made some changes to our entity structure and our banking arrangements to allow us to better serve you, our valued customers.

Timeline

February 24, 2025 Texthelp Inc legally merged with n2y LLC
March 12, 2025 our name was changed to Everway LLC

Entity Update

As a result of the changes to our entity structure, our operating and contracting entity is Everway LLC EIN 26-2606260 as reflected on line 2 of the W9. This is the same EIN as previously held by n2y LLC.

Requester's name and address (optional)

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on line 1 to avoid backup withholding. For individuals, this is generally your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the instructions for Part I, later. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN*, later.

Note: If the account is in more than one name, see the instructions for line 1. See also *What Name and Number To Give the Requester* for guidelines on whose number to enter.

Part II Certification

Under penalties of perjury, I certify that:

- The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
- I am not subject to backup withholding because (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
- I am a U.S. citizen or other U.S. person (defined below); and
- The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and, generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. What's New

Line 3a has been modified to clarify how a disregarded entity completes this line. An LLC that is a disregarded entity should check the appropriate box for the tax classification of its owner. Otherwise, it should check the "LLC" box and enter its appropriate tax classification.

New line 3b has been added to this form. A flow-through entity is required to complete this line to indicate that it has direct or indirect foreign partners, owners, or beneficiaries when it provides the Form W-9 to another flow-through entity in which it has an ownership interest. This change is intended to provide a flow-through entity with information regarding the status of its indirect foreign partners, owners, or beneficiaries, so that it can satisfy any applicable reporting requirements. For example, a partnership that has any indirect foreign partners may be required to complete Schedules K-2 and K-3. See the Partnership Instructions for Schedules K-2 and K-3 (Form 1065).

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS is giving you this form because they

To Whom It May Concern:

This letter is in regard to our company's Sole Source status for the ColorPro, ColorPro ULTRA, and ColorPro XL Poster Makers, as well as The Recognizer® ULTRA Award, Cutout & Recognition System. These systems are not just a "printer in a box." Rather, each system is a complete turn-key system that is controlled by a kiosk-style design module (The Command Center), which is pre-loaded, configured, and integrated with nearly 2,000 total *proprietary* and *Education-specific* templates. These turn-key systems were created by our company, combining components from top-quality manufacturers with our nearly 2,000 combined *proprietary* templates, which were created specifically for K-12 schools. Since Presentation Solutions is the creator of these templates, no other company can provide the turn-key system(s) with the proprietary integrated templates that we provide.

Furthermore, our company is the only company whose individual systems are *expandable* to include additional system components, which are already pre-installed and integrated on our Command Center design module. For example, the proprietary software and templates for The Recognizer®, which is the only system on the market which both cuts *and* prints cutouts, awards and signage on the same system, is already pre-installed and integrated on the ColorPro Poster Maker's Command Center... so to expand the ColorPro system to also include the Recognizer® involves nothing more than connecting it to the Command Center...and vice-versa.

In addition to this Sole Source status, these systems are on the TIPS and BuyBoard National Purchasing Contracts (contract numbers available upon request).

Our company has thousands of Education customers across the country, has been in business for 35 years (since 1990), and enjoys an "A+" rating with the Better Business Bureau.

If you have any questions, please feel free to contact me at 800-280-7809.

Thank you.

Very truly yours,

Joe C. Powell

The ColorPro Poster Maker Federal Funding Justifications

www.presentationolutions.com

Title 1:

1. Reward each individual student's effort and recognize their unique achievements by creating *customized and personalized posters* ("Leader of the Month"; READ posters, etc.) *featuring a school's own students*, to recognize, promote, and track positive progress. Create and display these personalized posters *instantly*, allowing teachers to maximize their positive impact by providing them while the desired behavior is still fresh in their students' minds! Schools can even increase *parent involvement* by recognizing parents and volunteers with custom recognition posters displayed in the school! **These applications apply to Title 1 Part A.**
2. Affect objectives by posting Reading Standards, Math Standards, Science Standards, and more in every classroom. Similarly, post and display Rubrics and Grading Expectations. **These applications apply to Title 1 Part A.**
3. Promote Differentiated Instruction by... posting posters of key concepts and materials in English and Spanish; enhancing critical thinking skills through the use of custom enlarged graphic organizers, flow charts, mind maps, and Venn Diagrams; and creating collaborative group activities with enlarged worksheets (which develops both subject mastery and group social skills). **These applications apply to Title 1 Part A.**
4. Support both Reinforced and Explicit Instruction by... creating posters of key elements and learning strategies to reinforce important concepts; creating a "print-rich" learning environment (that continues to "teach" even after the projector is turned off); enlarging and posting writing prompts, How-To-Read charts, diagrams, unit reviews, key terms and formulas, and any other relevant material; and creating personalized & class-specific Anchor Charts for students to reference whenever they need. **These applications apply to Title 1 Part A and Title 1 Part D.**
5. Enhance Cooperative Learning (Peer Editing, Flexible Groups, & Scaffold Reading Comprehension of Similarities & Differences) by... enlarging (& laminating) materials for identifying similarities and differences, such as Graphic Organizers, Venn Diagrams, Mind Maps, and more; enlarging K-W-L Sequence Charts to improve comprehension; and using new and unique 21st century learning devices, such as floor graphics, floor & wall posters, and even stair graphics (i.e., multiplication tables on each stair). **These applications apply to Title 1 Part A, and Title 1 Part D.**

Title IIa (Developing High Quality Principals and Teachers):

Title II increases the academic achievement of all students by helping to improve teacher and principal quality. *The ColorPro* gives Educators fun & interactive ways and methods to engage students, such as recognition posters and motivational quotes featuring pictures of their own students, plus teaching visuals that they themselves have designed.

Title III (English Language Acquisition):

Use *The ColorPro* to ensure English learners (EL's) and immigrant students attain English language proficiency and meet state standards by creating a welcoming environment for limited-English-speaking students and parents; through bilingual posters and classroom charts; through multi-lingual classroom visuals and signage; and through bilingual recognition posters for students.

Title IV Part A (STEM/STEAM/Technology/Safe & Drug-Free Schools):

Use *The ColorPro* to create awareness of your school's unique policies and programs, through creation of personalized Drug & Alcohol Awareness posters, signs, and floor graphics; create anti-bullying posters (personalized with who to contact in the event of bullying); promote STEM and STEAM programs through customized instruction charts, college counseling posters and banners, enlarged art reproductions, and even Fine Arts custom set creation... all while incorporating 21st-century technology into the classroom setting. Students can even design and create custom posters and banners themselves.

Title IV Part B (21st Century Community Learning Centers):

Interact and communicate with students, parents, and the community-at-large with custom posters and banners. Create Character Education posters featuring motivational quotes and incorporating pictures of a school's own students; motivate students using charts and graphs to track progress; inform and excite your school communities of program activities with custom posters and banners; and even increase awareness of community literacy programs for parents. Allow students and program members to create their own customized program materials. Use of these items creates an *ongoing and self-sustaining* endeavor.

Title V Part D (Gifted & Talented Education):

Title V allows districts to target Federal funds to programs & activities that best address the needs of that particular district. Make every poster and chart specific to each school/class through the use of the *ColorPro's* customizable templates. Support truly Differentiated Instruction in this way, as well as creating posters summarizing multi-step processes of the complexity pillar.

Character Education:

Instill and promote positive character development, through the use of large, customized character concept posters, *featuring the pictures of a school's own students who embody that character trait* (i.e., "Honesty" poster featuring a student who turned in money they found); create personalized and customized Anti-Bullying posters featuring the person *in the school* to contact if someone is being bullied.

Old Jonesborough Middle School Field Proposal

Town of Jonesborough – Washington County Department of Education

During discussions associated with the construction of the new Jonesborough Elementary School, it was determined that once the old Jonesborough Middle School was vacated, an agreement might be considered that would allow community use of the existing football field area and track with the Town of Jonesborough taking responsibility for the maintenance and care of facilities. The Town, through the efforts of Board members, state representatives and Governor Bill Lee, obtained a state appropriation that would greatly expand the walking trails within the Town limits and construct the walkway system along the old highway to the Johnson City limits. A later state appropriation provided the funding necessary to construct the pedestrian walkway along W. Walnut Street to ETSU and the Johnson City connection to the Tweetsie Trail. The appropriation from Governor Lee specific to Jonesborough included a walkway connection from E. Main Street to the old JMS field where a trail head and park could be established. In addition, the Town applied for a Local Parks and Recreation Fund grant for improvements taking place within the old JMS field area. The LPRF application designated the Frontier Park trail head, and the amount of grant funding request was \$1,750,000. The Town was recently notified that the Frontier Park application was approved and the state award was the amount of \$1,750,000. This is one of the larger projects that the state is supporting through the LPRF grant and they have indicated that projects that exhibit inter-local cooperation are ones that they place high priority on, such as the Frontier Trail and Park project. In order to receive the grant funding and use the state appropriation with any improvements involving the JMS field area, a resolution on the ownership of the property will need to be determined.

Improvements at Frontier Park

What will the LPRF grant and state appropriation develop?

- New parking area on the west end of the field area with access to Forest Drive and ADA accessible spaces
- ADA accessible walkway connection to the track and field area from the parking area developed and new sidewalk along Forest Drive.
- Resurfacing the existing track and applying a rubberized surface making it a great exercise and practice track.
- Constructing a new ADA accessible public restroom and adjoining pavilion
- Developing a new bike course in the area above the football field and track in the southeast corner of the property that is also accessible from Shamrock Drive
- Providing bicycle racks, waste receptacles, benches and any needed lighting

- Renovating the existing restroom/concession building into a maintenance building
- Constructing handicapped parking spaces and ADA access to the bicycle course from Shamrock Drive
- Constructing a walkway to the bike course from the new parking area off of Forest Drive along the south property line above existing concrete bleachers
- If funding allows, constructing an easy bicycle training path around outside of bike course
- Constructing the walkway correction from Frontier Park to the main Frontier Trail walkway along Main Street

Why is there an effort to preserve the grass area at the old football field?

Flat areas in northeast Tennessee are few and far between, are often along creekways and prone to flooding. While fields have been developed at Tiger Park and the new Jonesborough School, the old JMS field is an excellent recreational opportunity close to numerous long-established homes, and with the completion of the improvements in the LPRF project will be a wonderful field, for community recreational use. The area is nestled in between the two active mayor arterial routes through Jonesborough. Preserving the field area allows for expansion of recreational programming for Jonesborough and western Washington County, for increases in participation of existing sports activities, and for the school system to have back-up field use when other fields are being repaired or out of service.

If the track is not intended for competition, why is it important that the track has a cushioned surface?

Applying a cushioned surface to a properly asphalted track provides a major health benefit to young children that are growing with a bone structure that is more easily damaged, as well as to aged adults whose aging process results in a more brittle and fragile bone structure that is also more easily damaged. Cushioned tracks available to the general public shows Jonesborough and County residents that local government officials are turned into their health interests.

What is a bicycle course and why is the best location for it at the upper southwest corner of the old JMS property?

The bike course being planned is a safe and far enough away from Forest Drive, particularly for young riders to learn how to ride and handle a bike in challenging situations at various levels of difficulty. Whether street biking or mountain biking riders need to have the experience and develop the skills to make sound and safe decisions, and to have the handling skills to avoid injury. As Jonesborough, the state of Tennessee and Washington County develop more routes for safer bike travel, children and adults can have the opportunity to get more exercise while not adding to the increase in vehicular traffic.

Jonesborough is experiencing significant growth and has prioritized developing safe bike routes to the new and old Jonesborough schools. The bike course provides a location for training classes and a safe and fun place to practice.

Is the bike course location important?

Yes, the course needs variations in elevating enough room to create a variety of experiences, and it helps to have some shade for parents or onlookers. The location above the existing football field is by far the best option, and it does not take up area in the field space that might limit or even prevent community sports programming or future use by the school system.

What does the Town and State need to do to make the improvements possible?

The Tennessee Department of Environment and Conservation administers the grant through the Department of Outdoor Recreation which is focused on increasing recreation amenities across the state. One of the stipulations is that the property associated with the Frontier Park has to be designated for recreation use in perpetuity. If the School Board deeds the property to the Town, the Town will file that restriction, a Notice of Limitation of Use, against deed for the property so that it limits the use to recreational use only.

If the Town owns the property involved in the Frontier Park project, will that negatively impact any future school system use?

No, the partnership is based on an on-going positive relationship and a mutual understanding of potential needs of the community and the school system. The proposal is for a Shared Use Agreement to be developed that ensures both parties are maximizing their opportunities to serve the youth and general public of Jonesborough and Washington County.

SHARED USE AGREEMENT

THIS AGREEMENT entered into the ____ day of ____, 2025, between the Board of Mayor and Alderman of the Town of Jonesborough, Tennessee (hereinafter referred to as the “Town” or “Town of Jonesborough”), and the Washington County, Tennessee Board of Education (hereinafter referred to as the Board of Education).

WHEREAS, the Town and Board of Education entered into an Inter-local Agreement associated with the construction of a new K-8 Jonesborough School which included the development of outside facilities that will be maintained and scheduled by the Town during the term of Facility Lease executed between the Town and Washington County, TN, and

WHEREAS, in the spirit of cooperation between the Town and the Board of Education, the Town endeavors to establish and maintain the best athletic, educational, and recreational facilities possible for the funding available for Jonesborough students and the community through a shared use relationship which results in the best use of tax funds and other funding available, and

WHEREAS, in addition to maximizing the value and use of tax dollars, this Shared Use Agreement helps create a partner relationship that can increase educational opportunities, promote healthy lifestyles, provide more funding opportunities, ensure affordable quality maintenance, and enhance the bond between the community and Jonesborough Elementary School, then

NOW, THEREFORE, in consideration of the above premises, the parties understand and agree as follows:

- (a) The Town will carry out what can be a broad range of recreational activities on the 48.51-acre site outside of the school building except in areas specifically excluded from shared use like the cafeteria eating area, truck delivery area, and the courtyard unless advance approval is obtained from the school principal. The CDC playground, adjacent to the courtyard, will be available outside of regular school hours for recreational activities.
- (b) The hours during which school is in session (regular school hours) shall be defined as 7:00 AM to 5:00 PM, in accordance with the Board of Education’s approved academic calendar, and this schedule is to be followed on days when students are in attendance unless agreed to by the Town’s Parks and Recreation Director and school’s Principal. The Town will undertake community recreation programs during hours school is not in session, providing priority to official programming of Jonesborough Elementary School in using the outdoor facilities.
- (c) The Town will perform routine maintenance activities with the recreation areas outside of the building, but also including the courtyard, and safety inspections of

Commented [JW1]: “routine maintenance” needs to be defined. This is the problem we ran into at Boones Creek. Some County Commissioners thought it was a lot more than the Town and School had ever thought it meant. We need to be clear about who pays for parts and replacement equipment. Who handles clean up after a school event? (a game, a field day, use during recess, other special event by the school) How often do we clean up trash? If the school hosts a tournament (not a paid travel tournament - something like a TSAA tournament - do we have to clean up all day - do we have to keep someone there to maintain the fields between games?) etc.

playgrounds and facilities will be undertaken by the Town on an appropriate schedule.

(d) The Town, normally through the Park and Recreation Director, will oversee the scheduling of facilities outside of regular school hours with official Jonesborough Elementary School practices, games and special events, receiving priority use in the scheduling of activities. Parties will work together to deal with alternative locations, when necessary, due to schedule changes.

(e) Change in scheduled official Jonesborough Elementary School, practices, games and special events should be communicated at least one week in advance by the principal or athletic director, otherwise school facility use in rescheduling is based on times available.

(f) The Town of Jonesborough shall have sole use of the concession stand at Tiger Park. The Town will operate the concession stand during both School-led and Town-led programming. Operations will be planned and scheduled based on the programming schedule provided in accordance with Sections (d) and (e). The Town reserves the right to determine the hours and availability of concession services based on the needs of scheduled events.

(g) The Town hereby affirms its intent to provide a separate agreement specifically governing use and operation of the concession stand located at Tiger Park. This separate lease agreement shall outline all applicable terms, conditions, rights, and obligations related to the concession stand, and shall be distinct and independent from any other agreements or permits granted by the Town. No rights to use or operate the concession stand shall be implied or granted except as expressly stated in the separate lease agreement to be executed between the Town and the designated lessee.

(h) The Town will prepare fields for Jonesborough Elementary School use based on the approved schedule. The Town will provide expendable materials to carryout community programs and Jonesborough Elementary School games.

(i) The Town's Recreation Director or designee will determine if and when fields are used during inclement weather.

(j) The following is prohibited on the shared use site:

1. Smoking, vaping, or any tobacco related products
2. Alcoholic beverages
3. Illegal drugs or substances
4. Firearms or weapons except through official law enforcement
5. Gambling
6. Pets not on a leash and/or without excrement bags.

Commented [DSB2]: Do you want to add something about signage or posters? Or do you want to allow these? All of these? What about political signs or signs that promote certain things like alcohol, tobacco, firearms, or Taylor Swift?

Commented [CK3R2]: Prohibit any and all signage without the express consent of both parties?

Commented [CK4R2]: I know the school system does not allow public officials to advertise on their campus and I believe that is a state law.

Commented [JW5R2]: I think he means things like sponsorship advertising (banners along the fence etc). We should probably leave ourselves the ability to 1) have those (and coordinate with the school - teams use this for fund raising - but we might also have a need for that possibly - at least ont other things like scoreboards or buildings (if they are upgraded in the future) and 2) control what is allowed to be posted - we don't want that wide open - I can work on this with you

7. Skateboards
8. Motorized vehicles
9. Glass containers
10. Any activity prohibited by law or signage

(k) The Town will provide policy-related signage.

(l) Signage shall be permitted at the facility, provided it complies with the rules outlined in Section (j). All proposed signage must be submitted to the Parks and Recreation Director for approval to ensure it does not conflict with any existing agreements the Town has with other businesses or organizations. To maintain consistency and prevent potential damage to the facility, all approved signage will be installed exclusively by Town staff.

(m) Town and School programming and activities carried out within the park shall be supervised by an adequate number of competent adult personnel to be determined by and staffed by whichever of the Town and School is carrying out or allowing the programming or activity.

(n) Town personnel shall be solely under the supervision of the Town, normally the Parks and Recreation Director, and the Town shall have no supervisory authority over school personnel unless agreed in advance by both parties.

(o) The Town and Board of Education shall maintain liability insurance in at least the minimal exposure established by the Tennessee Governmental Tort Liability Laws. The Town shall carry property insurance on structures through the term of the Facility Lease. Each party will protect and identify the other party against any or all loss, cost, damage or expense arising from any accident or other occurrence to person or property to the extent allowed by state law.

(p) The Park & Recreation Director shall meet on a regularly monthly schedule, or other schedule mutually agreed to, with the school principal, athletic director, or other such person(s) determined by the Board of Education, to discuss the operation of the shared use facilities, looking at solutions to any issue needing to be addressed, and ways to improve the program.

(q) Neither party shall enter into any agreement with another party, including another school or organization, for use of the shared-use facilities or for rights established within this agreement, without the express consent of appropriate Town or Board of Education personnel. Except that both parties are encouraged to obtain releases from participants in programming that release both the Town and the school system from liability without having to seek the other parties consent whenever feasible.

(r) Changes in the site plan for the 48.51-acre school/ recreation site shall be mutually agreed upon in advance by the Town's Director of Parks and Recreation and WCDE's Director of Schools.

(s) Issues of disagreement shall be settled by the Town Administrator and WCDE's Director of Schools.

(t) Personnel of or representing each party have the responsibility to get the facilities and premises used as clean and free of litter as possible after each use by such party. The Town will provide one or more trash dumpsters and will provide adequate regular collection services.

(u) The Town will incur the utility expense (water, sewer, electrical) within the athletic area during the term of the Facility Lease.

(v) In the spirit of the shared-use relationship, the Town will, to the extent possible, allow use of the other Town facilities for Jonesborough Elementary School special activities with no or at minimal expense.

IN WITNESS WHEREOF, the parties here to affix their signatures on the date set forth above.

Subject: Proposal for increased pay – Washington County Schools sporting events

This is a proposal to increase the rate of pay for the SRO/Deputy working Washington County Schools sporting events. The matter has been brought up by several officers who regularly work the events. The school system currently pays a flat rate of \$100 to the officer working the event. Recently the department has raised the Mandatory Minimum Rate of Pay for Off-Duty Deputies as follows:

- \$50.00 per hour with a 4-hour minimum
- Government entities and Non-Profits rate of pay will be evaluated on a case by case basis.

In alignment with local churches who are employing Off-Duty Deputies, the rate of pay for sporting events will be \$35.00 per hour with a 4 Hour minimum.

The number of Deputies needed to staff an event will continue to be determined by the school SRO and Principal/Athletic Director. This should be based on factors such as opponent, expected crowd size, and other potential safety concerns

Respectfully,

Lieutenant Kevin Sanders

Mr. Boyd and Dr. Adams,

Thank you again for taking the time to meet with Danny and I today, along with the SRO's. We appreciate the opportunity to discuss the evolving needs of our athletic events.

After careful consideration and discussion, we believe the proposed adjustment in the SRO payment amount is fair and appropriate moving forward.

That said, we would also like to propose a change in ticket pricing to help offset the rising costs associated not only with SRO coverage but also with the increase in officials' fees. Our goal is to ensure the continued safety and quality of our events without placing undue financial strain on our school budgets.

Current Middle School Ticket Pricing:

- Adults: \$5
- Students: \$2
- Family Plan: \$10

Proposed Middle School Ticket Pricing 2025-26:

- Adults: \$6
- Students: \$2
- Family Plan: \$12

High School Ticket Pricing Update:

- Football Games: Increase from \$8 to \$10
- All Other Games: Increase from \$6 to \$7
- High School Students: \$2

All Washington County Students: \$2

*****Proof of a WCDE student may be required*****

Thank you again for your time and support.

Josh and Danny
