Superintendent Dr. Chris Hampton was in attendance at the meeting.

1. CALL TO ORDER

Mrs. Melissa Woods, Board President, called the meeting to order at 6:04 p.m.

1.1. Pledge of Allegiance (Micah Lawson)

Michah Lawson, a senior at D-B EXCEL, led the Board of Education and the audience in the Pledge of Allegiance.

1.2. Additions to and/or Acceptance of the Agenda (Mrs. Melissa Woods)

A motion was made by Tim Dean and seconded by Todd Golden to approve the agenda, which includes the consent agenda. The motion carried by a roll call vote of Yea: 4, Nay: 0

2. RECOGNITIONS

2.1. Dobyys-Bennett High School Track & Field State Champions Brayden Simpson and Nigel Vidale (Mr. Todd Golden)

Mr. Golden recognized two Dobyys-Bennett High School seniors for being named 2024 Tennessee State High School Indoor Track & Field Champions at Vanderbilt University in Nashville on February 24, 2024. Brayden Simpson is the 2024 60M Hurdles State Champion and Nigel Vidale is the 2024 Boys High Jump State Champion.

2.2. Dobyys-Bennett High School Qualifiers for the 2024 National Speech & Debate Association National Tournament (Mr. Tim Dean)

Mr. Dean recognized nine Dobyys-Bennett High School students who qualified for the 2024 National Speech & Debate Association National tournament, which will be held in Des Moines, IA on June 16-22, 2024. This year's qualifiers were as follows:

1. Aivree Byram (12th grade)
2. Mackenzie Connelly (11th grade)

3. Jaylen Fields (10th grade)
 4. Lydia Hurst (11th grade)
 5. Lily Hutson (11th grade)

 7. Maggie Perry (12th grade)
 8. Camryn Sims (11th grade)
 9. Eleanor Voigt (10th grade)
- 2.3. SCOPE Conference Recognition and Report (Mrs. Melissa Woods/Ms. Shelby Lawhead)

Mrs. Woods recognized four Dobyys-Bennett High School students who participated in the Tennessee School Boards Association (TSBA) 2024 Student Congress on Policies in Education (SCOPE) Conference at Belmont University on March 5, 2024. The students attending the conference were Mason Brown, Jake Dempsey, Emma Nakhoul, and Ella Stidham. They provided a brief presentation describing their experiences during the conference, which included mock school board sessions and group debates regarding four topics of interest to high school students.

3. PUBLIC COMMENT ON AGENDA ITEMS

None

4. CONSENT AGENDA

- 4.1. Personnel Considerations (Mrs. Jennifer Guthrie)
- 4.2. Approval of Minutes - April 9, 2024 BOE Regular Monthly Meeting (Mrs. Melissa Woods)
- 4.3. Request for Approval to Apply for Stop the Bleed Grant (Dr. Rhonda Stringham)
- 4.4. Request for Approval to Apply for Tribal Grounds Grant (Dr. Rhonda Stringham)

5. BUSINESS ITEMS

- 5.1. Approval of Policies on First Reading (Dr. Andy True)

Dr. Andy True, Assistant Superintendent - Administration, presented two policies for Board consideration on first reading. The policies were Policy 4.202 - Special Education (revised) and Policy 6.3071 - Student Alcohol and Drug Testing (new). Additionally, draft procedures for a potential random student drug testing program were available for review. The new policy, which requires two readings, would allow for such a program for high school students participating in all extracurricular activities (per TCA 49-6-4213). If approved, procedures would then be considered for approval.

During the discussion, Dr. True and Mr. Jim Nash, Chief Student Services Officer, provided information and answered questions from the Board regarding homeschool or co-op students that attend another high school but

participate in athletics at Dobyns-Bennett High School (i.e. – bowling or lacrosse). Dr. Hampton estimated the number would only be approximately 20 students in sports and homeschooling combined. Mr. Bart Rowlett, City of Kingsport Attorney, explained that these students aren't on the D-B campus during the school day and are not defined as KCS students. Therefore, they will not be subject to this policy. He noted that non-KCS students could potentially be able to voluntarily opt in for random drug testing. Mrs. Woods stated the Board may need to contact local legislators and see if they can make some changes to the code in order for all students participating in extracurricular activities to be included in random drug testing.

Consideration of final approval of Policy 6.3071 and approval of random student drug testing program procedures could take place at a future Board meeting.

A motion was made by Todd Golden and seconded by Dr. Brandon Fletcher to approve policies on First Reading. The motion carried by a roll call vote of Yea: 4, Nay: 0

5.2. Approval to Purchase an Electric Truck for the Dobyns-Bennett High School Career & Technical Education (CTE) Program Dr. Brian Cinnamon/Mr. David Frye/Dr. Bo Shadden)

Mr. David Frye, Chief Finance Officer, and Dr. Bo Shadden, Director of Career & Technical Education and Post-Secondary Education, presented a proposal to purchase an electric truck for the Dobyns-Bennett High School Career and Technical Education (CTE) program. The 2024 Ford F-150 Super Crew Cab Electric Truck would be part of the addition of an Electric Vehicle Maintenance program to the CTE curriculum next school year. The cost of the truck was \$77,298.00 and funding would be from the Innovative School Models Grant. Mr. Frye noted the vehicle would be purchased off a state contract.

Dr. Shadden reported that this item was taken to the Education and Workforce Board through the Chamber of Commerce twice. The group was excited and supportive of the electric truck purchase. He noted there were no issues with adding the electrical charge station to the D-B campus. Dr. Shadden was appreciative of the opportunity for students to learn how to work on the computer side of electric vehicles. He indicated that the D-B fire science class has a trailer, so the truck can serve the CTE program in many ways.

A motion was made by Dr. Brandon Fletcher and seconded by Todd Golden to approve the purchase of a 2024 Ford F-150 Super Crew Cab Electric Truck for Career & Technical Education in the amount of \$77,298.00 utilizing the State Wide Contract 209. The motion carried by a roll call vote of Yea: 4, Nay: 0

5.3. Approval to Purchase Playground Equipment for Adams Elementary School (Mr. David Frye)

Mr. Frye presented a proposal to purchase playground equipment for Adams Elementary School through a donation from the Adams PTO in the amount of \$120,000. Cain Rash West Architects has completed the design work for the playground. The equipment purchase from Playworld would use the Sourcewell purchasing contract in the amount of \$99,077.42. The total project cost will be covered by the donation from Adams PTO.

A motion was made by Todd Golden and seconded by Dr. Brandon Fletcher to approve the purchase of playground equipment from Playworld in the amount of \$99,077.42 utilizing Sourcewell Contract Number 010521-LTS-8. The motion carried by a roll call vote of Yea: 4, Nay: 0

5.4. Approval to Enter into a Contract with Preston Construction Company for the Nancy Pridemore Little Theater Renovation Project (Mr. David Frye)

Mr. Frye presented a proposed bid approval for the renovations to the Nancy Pridemore Little Theater at D-B. Bids for the project were opened on April 30, 2024, with three bids received. Two were competitive bids and included two alternates. One alternate was to have a tablet arm installed on each chair (\$52,000) and the second alternate was to replace the tile on the stairs (\$10,000). The lowest compliant base bid was received from Preston Construction Company in the amount of \$322,000.00. The major items included in the scope of work included replacement of theater seats, new flooring in the seating area, painting, and improvements to the balcony railing in order to improve viewing from the balcony area. The recommendation was to accept the bid from Preston Construction Company for the base bid amount of \$322,000.00 and Alternate 2 for \$10,000 to remove and replace the tile on the stairs that lead to the balcony, for a total proposed construction contract of \$332,000.00. Including architect fee (\$15,600.00) and a six percent contingency (\$19,920.00), the total cost of the project would be \$367,520.00. Funding would be from FY 2023 Schools Improvement Project. The work on the project is expected to be completed by Fall 2024.

A motion was made by Todd Golden and seconded by Tim Dean to enter into an agreement with Preston Construction Company for the renovations to the Nancy Pridemore Little Theater at Dobyns-Bennett High School in the amount of \$332,000.00 and authorizing a six percent contingency of \$19,920.00. The motion carried by a roll call vote of Yea: 4, Nay: 0

5.5. Approval of Budget Amendment #8 (Mr. David Frye)

Mr. Frye reviewed Budget Amendment #8 for FY 2023-2024 for Board consideration, noting this was the traditional May budget amendment for partial clean up as the fiscal year comes to an end on June 30, 2024. The proposed amendment included items related to tax revenue adjustments, grants received, a special education donation, miscellaneous fund transfers,

and various project fund grant items.

A motion was made by Tim Dean and seconded by Dr. Brandon Fletcher to approve Budget Amendment #8. The motion carried by a roll call vote of Yea: 4, Nay: 0

5.6. Approval of FY 2024-2025 KCS Budget (Mr. David Frye)

Mr. Frye presented the proposed Kingsport City Schools FY 2024-2025 Budget for review and approval. He stated some revisions were made since it was first presented to the Board at the April work session. The proposed General Purpose School Fund, School Nutrition Fund, Federal Projects Fund, and School Special Projects Fund totaled \$110,204,561. There was expected to be a reduction in Tennessee Investment in Student Achievement (TISA) state revenue funds due to a decrease of approximately 132 students, based on the March 2024 estimate. A decrease in property tax revenue is estimated to be \$3,690,000 less than last year's estimate, based on no change in the assessed value and a negative Tax Increment Financing (TIF) adjustment of \$325,000. Therefore, the proposed General Purpose School Fund budget for FY 2024-2025 reflected a decrease of \$1,246,550 from last year.

The total FY 2024-2025 Budget Summary was as follows:

• General Purpose School Fund	\$98,532,250
• School Nutrition Fund	4,850,000
• Federal Projects Fund	5,998,591
• School Special Projects Fund	<u>823,720</u>
Total All School Funds	\$110,204,561

Once approved by the Kingsport Board of Education, the proposed Budget will go to the Kingsport Board of Mayor and Aldermen for approval.

A motion was made by Todd Golden and seconded by Tim Dean to approve the FY 2024-2025 Kingsport City Schools Budget as presented. The motion carried by a roll call vote of Yea: 4, Nay: 0

6. **REPORTS**

6.1. Quarterly Financial Report for 3rd Quarter FY 2023-2024 (Mr. David Frye)

Mr. Frye provided a financial update for the third quarter of FY 2023-2024. He indicated there was not much change since the second quarter financial report. Expenditures were roughly at 68 percent of the budget, which was in line for this time of year. In revenue, the current estimate of TISA funds was \$46,271,300. The amount collected as of March 31, 2024, was \$37,664,244, including outcomes funding in the amount of \$775,866. Currently, the total

amount expected to be received in TISA funding is \$46,886,338. Current Year Property Taxes showed \$3,571,344 fewer dollars collected than last year in Current Year Property Taxes as of March 31, 2024. This reduction is a result of Hawkins and Sullivan Counties reducing the school property tax rates. Sales Tax received is 76.7 percent of the estimated amount for the year and is \$208,431 more than this time last year. Tuition collected will be short of the estimate at year-end by \$36,000. Early Childhood fees collected reflect a combined deficit of \$92,003 in the three programs. After-School programs have a surplus of \$20,752. In Other Sources, there was a total of \$3,099,766 appropriated from the Unreserved Fund Balance. There were no unexpected expenditures and several one-time expenses in the budget were not spent this year.

Kingsport City Schools™

Request for Approval to Apply for Grant

Date: May 23, 2024

Project Designee and School: Meghan Carr, Sparkle Squad Coach, Dobyons-Bennett HS

Funding Agency: Palmer Foundation

Background: The Sparkle Squad is a Kingsport City Schools organization that brings together students, with and without disabilities, to create an inclusive middle and high school cheer and dance team.

Program Priorities: The goal of this project is to enable our students with disabilities to obtain valuable social skills for use in the community after leaving high school. They will be improving the quality of their lives for many years to come. This grant, if awarded, will provide uniforms, yoga mats, banquet supplies, and awards to the students. Students participate in at least 4 school-related athletic events. The performance participants are in the ratio of 1:1 students with disabilities paired with a non-disabled peer.

Term of the Grant: 2024- 25 School Year

Matching Funds Requirement: None.

Monetary Value of the Award if received: \$4,900.00

MEMORANDUM

TO: Lisa Winkle, City Recorder/Treasurer
FROM: Board of Education, Kingsport City Schools
RE: Disposal of Surplus Equipment
DATE: June 11, 2024

Tennessee Code Annotated 49-6-2007, states that personal property no longer having an intended use by the school system and/or no longer capable of being used because of condition shall be sold within ninety (90) days of its being declared surplus to the highest bidder after advertising in a newspaper of general circulation at least seven (7) days prior to sale. City of Kingsport Ordinances, Division 2. Disposal of Surplus Property, Section 2-141(2), requires the board of education, after such declaration, to transfer the surplus property to the custody of the city recorder.

In compliance with state law and city charter, the board of education duly declared the properties on the attached list as surplus. Please notify school personnel the site to which these properties are to be delivered for proper disposition by your office.

Thank you for your assistance.

Re: Consolidated Funding Application for Federal Programs FY25

Attached is the Consolidated Funding Application summary for Every Student Succeeds Act (ESSA) for the 2024-25 school year (FY25). This budget is based on our preliminary allocation and may change after the final allocation is determined by the Tennessee Department of Education (TDOE). If that occurs, the resulting changes can be made prior to the submission of our final application.

This budget has been reviewed by the First TN CMP Consultant and has been electronically submitted to the TDOE. As changes occur, Ms Jones and I will complete the necessary documentation and inform them of the changes. Our recommendation is that the KCS BOE approve the Consolidated Funding Application for Federal Programs FY25.

2024-25 Differentiated Pay Plan Submission Template

Purpose of this Document

- The document includes two required sections where districts will describe their proposed **2024-25 differentiated pay plans**. Please enter the district's 2023-24 differentiated pay plans into the required template. All districts are required to resubmit their differentiated pay plan even if no changes are being made.

Helpful Submission Tips

- **All salary schedules must be submitted as EXCEL files. Save file as "DistrictNameSalScheduleFY25."**
- Districts can propose an **alternative salary schedule** for 2023-24 as their differentiated pay plan AND will need to complete a short addendum, found [here](#).
 - **For example, if the district is no longer recognizing advanced degrees as aligned to the state's minimum salary schedule, these changes to the district salary schedule must be approved by the State Board of Education.**
 - **For districts with an existing, approved alternative salary schedule, please contact Sylvia Flowers (Sylvia.Flowers@tn.gov) if the district is considering making any changes to its current salary schedule.**
- A complete copy of the differentiated pay policy can be found [here](#). See Section III for a list of the common differentiated pay terms used throughout this document.

All differentiated pay plans and salary schedules should be submitted to Compensation.Questions@tn.gov no later than **July 1, 2024**. The department will post the final differentiated pay plans and salary schedules [here](#) on the website.

I. 2024-25 Differentiated Pay Plan (Required Section)*

Directions: Please insert your district's name at the top of the table. For each element of the district's differentiated pay plan, use the table below to provide a description of how the district will differentiate pay. The plan must include **at least one** of the elements listed below in the left-hand column. Please add rows or repeat differentiated pay elements as needed. As a reminder, **education and experience do not qualify as a type of differentiated pay**. See the supplemental documents tab on the [website](#) to view a sample table that contains an example of each type of differentiated element. A complete list of differentiated pay definitions is available in Section III of the document.

Additional Instructional Roles or Responsibilities	Variety of leadership responsibilities for both staff and students including new teacher mentors, teacher leaders, developing assessments and academic content, ensuring teacher commitment to KCS scope and sequence.	Compensation is provided by stipend paid in amounts ranging from \$100 to \$3,000 annually	Approximately 300 certified faculty typically receive some level of compensation for these roles.	The estimated cost for this is \$220,000 annually.	This will comprise of less than 2% of the district's annual salary expenditure.
Education*	The district will reimburse current teachers with passing scores for Praxis testing fees in hard to fill subject areas and/or to hire and retain highly qualified teachers. Factors taken into consideration may be, without limitation:	Compensation will be provided as a one-time reimbursement of Praxis testing fees once certification of passing results has occurred. Qualifying amount will vary dependent on test	Any current KCS teacher that adds a new endorsement area through the act of passing a Praxis test is eligible for the reimbursement. Education*	The district will compensate current employees for advanced degree completion, subject to the district's discretion that the advanced degree is eligible for additional compensation.	Employees completing an advanced degree will have their base pay adjusted by being placed on the appropriate salary lane consistent with the degree obtained.	Based on current information, the district estimates that 40 teachers will be eligible for this base pay salary designation.	The estimated total cost of this element is \$65,000. The district expects to fund this amount through budgeted step increases.	This will compromise approximately 1% of district salary expenditures.
Experience*	The district will compensate new KCS teachers with prior teaching experience by placing them at an appropriate step on the salary schedule consistent with their total years of teaching experience, including both in state and out of state experience.	Compensation will be established based on the teacher's degree level and experience.	Based on current hiring trends, approximately 50% of new teachers hired by KCS have previous experience.	The estimated total cost of this element is \$115,000. The district expects to fund this amount through its regular budget.	This will compromise approximately .25% of district salary expenditures.

III. Common Differentiated Pay Terms

Term	Definition
Alternative Salary Schedule	A salary schedule that uses some other component, often a performance measure, in addition to or in place of education and experience to determine base pay. A schedule where an educator's evaluation score is used to determine the amount of his or her yearly base pay increase is an example of an alternative salary schedule. Alternative salary schedules are subject to State Board of Education approval.
Base pay (base salary)	An individual's salary excluding any additional compensation in the form of bonuses, stipends, or supplements for additional work or responsibilities.
Bonus/stipend	Additional compensation for a pre-defined set of criteria. Bonus and stipend pay are awarded in addition to or "on top of" an individual's base pay. Bonuses/stipends are one-time payments awarded for a specific role, additional

	responsibility, or achievement of particular criteria. Bonuses and stipends are not a part of base salary and do not become a reoccurring part of an individual's compensation.
Differentiated Pay Plan	A district specific plan designed to aid in recruiting and retaining highly effective teachers.
Hard-to-Staff	A component, typically bonus or stipend, that provides an additional compensation for educators staffed in shortage areas such as high needs schools, subjects, or grade areas.
Instructional Roles and Responsibilities	A component, typically bonus or stipend, which provides educators additional compensation for completing additional duties or taking on additional responsibilities or teacher leadership roles.
Opt-in/opt-out provision	Individuals are provided with the choice to participate in a program. This provision is most often associated with alternative salary schedules and is not a required provision.
Performance	A component that provides a base pay increase, bonus, or both to educators typically determined by an educator's individual performance using a Tennessee approved evaluation model, a school-level performance measure, or a district performance measure.
Traditional salary schedule (or step and lane schedule)	A salary schedule that uses years of experience and education levels exclusively to determine educator's increases in base pay. Traditional schedules may follow the same structure as the state minimum salary schedule. Salary schedules that modify the amount of the step increases given for experience or change the structure of the education lanes may still be considered a traditional schedule as long as they meet or exceed the relevant state minimums.

KINGSPORT BOARD OF EDUCATION POLICY RECOMMENDATIONS

For: Consideration for Adoption

June 11, 2024 - Board of Education Meeting

New Policies considered for adoption on 2nd Reading

NEW POLICY – 2nd Reading

6.3071 – Student Drug Testing

At Board request and per TCA 49-6-4213, a proposed policy allowing for the random drug testing of students participating in voluntary extracurricular activities in grades 9-12 has been developed.

*Note: Proposed Policy title has been revised to “Student Drug Testing.”

Kingsport City Board of Education

Monitoring: Review: Annually, in April	Descriptor Term: Student Drug Testing	Descriptor Code: 6.3071	Issued Date:
		Rescinds:	Issued:

1 **RANDOM DRUG TESTING OF STUDENTS PARTICIPATING IN EXTRACURRICULAR**
2 **ACTIVITIES⁴**

3 High school students involved in any/all voluntary extracurricular activities shall be subject to random
4 drug tests. Parent(s)/guardian(s) and students shall be informed of this policy prior to participation and
5 shall sign a consent to the drug testing and a release of information as a condition of participation.

6 Extracurricular activity is voluntary participation in activities not falling within the scope of the regular
7 curriculum and carrying no academic credit. This includes participating in programs such as athletics,
8 cheerleading/spirit, competitive band, clubs, student leadership positions, etc.

9 Prior to performing a random drug test on a student participating in extracurricular activities, the
10 following conditions shall be met:

- 11 1. The test will yield evidence of the violation of school policy or will establish that a student
12 either was impaired due to drug use or did not use drugs;
- 13
- 14 2. The test is in pursuit of legitimate interests of the school in maintaining order, discipline,
15 safety, supervision, and education of students;
- 16
- 17 3. The test is not conducted for the sole purpose of discovering evidence to be used in a criminal
18 prosecution; and
- 19
- 20 4. Tests shall be conducted in the presence of a witness. Persons who shall act as witnesses shall
21 be a school administrator or designee.

22 No student who tests positive under a random drug testing program shall be suspended or expelled
23 from school solely as the result of the positive test.⁵ The Superintendent of Schools shall develop
24 procedures establishing a random process for the selection of students to be tested.

25 Testing procedures will be approved by the Board of Education. It is the intent of the Board that the
26 procedures be carried out uniformly, fairly, and confidentially to ensure the reliability and validity of
27 the plan. Regulations and procedures developed to carry out this policy will be on file at the school
28 and at the Superintendent of School's office.

29 Students determined to be in violation of the policy will be subject to penalties as outlined in the Board
30 approved random drug testing regulations and procedures.

49-6-4213. Testing of students for drugs — Referral information and assistance for students testing positive.

(a)

(1) A student may be subject to testing for the presence of drugs in the student's body in accordance with this section and the policy of the LEA if there are reasonable indications to the principal that such student may have used or be under the influence of drugs. The need for testing may be brought to the attention of the principal through a search authorized by § 49-6-4204 or § 49-6-4205, observed or reported use of drugs by the student on school property, or other reasonable information received from a teacher, staff member or other student. All of the following standards of reasonableness shall be met:

(A) A particular student has violated school policy;

(B) The test will yield evidence of the violation of school policy or will establish that a student either was impaired due to drug use or did not use drugs;

(C) The test is in pursuit of legitimate interests of the school in maintaining order, discipline, safety, supervision and education of students;

(D) The test is not conducted for the sole purpose of discovering evidence to be used in a criminal prosecution; and

(E) Tests shall be conducted in the presence of a witness. Persons who shall act as witnesses shall be designated in the policy of the local board of education.

(2) A student participating in voluntary extracurricular activities may be subject to random drug testing in the absence of individualized reasonable suspicion provided the standards set forth in subdivisions (a) (1)(B)-(E) are met.

(b) As used in this section and § 49-6-4203, "drugs" means:

(1) Any scheduled drug as specified in §§ 39-17-405 — 39-17-416; and

(2) Alcohol.

(c) Before a drug testing program is implemented in any LEA, the local board of education in that LEA shall establish policies, procedures and guidelines to implement this section within that LEA. The state board of education shall prepare a model policy, procedure and guidelines that may be adopted by local boards of education.

(d) Tests shall be conducted by properly trained persons in circumstances that ensure the integrity, validity and accuracy of the test results but are minimally intrusive and provide maximum privacy to the tested student. All tests shall be performed by an accredited laboratory. Specimens confirmed as positive shall be retained for at least ten (10) days for possible retesting or reanalysis.

(e) Students shall be advised in writing at the time of their enrollment that they are subject to testing. Notice to each student shall include grounds for testing, the procedures that will be followed and possible penalties. Students shall be advised of their right to refuse to undergo drug testing and the consequences of refusal.

(f)

(1) A parent of the student or a person legally responsible for the student shall be notified before any drug test is administered to the student.

(2) If an LEA adopts a policy permitting random drug testing of students in voluntary extracurricular activities, then, prior to a student participating in an extracurricular activity, the LEA shall notify the parents and guardians of any such student that the student may be subjected to random drug testing. A parent or guardian of a student participating in a volunteer extracurricular activity shall provide written consent for random drug testing prior to the student participating in the voluntary extracurricular activity.

(g) The LEA shall pay the cost of any testing required under this section.

(h) In any school where LEA or school policy allows tests provided for by this section, in-service training of principals and teachers will be conducted in signs and symptoms of student drug use and abuse and in the school policy for handling of these students. The department of mental health and substance abuse services shall cause qualified trainers to be available to the schools to conduct this training.

(i) Test reports from laboratories shall include the specimen number assigned by the submitting LEA, the drug testing laboratory accession number and results of the drug tests. Certified copies of all analytical results shall be available from the laboratory when requested by the LEA or the parents of the student. The laboratory shall not be permitted to provide testing results verbally by telephone.

(j)

(1) All specimens testing negative on the initial screening test or negative on the confirmatory test shall be reported as negative.

(2) If a student is tested and the results of the test are negative, all records of the test, request for a test or indication a student has been tested shall be expunged from all records, including school records.

(k)

(1) If a student is tested in a drug testing program and the results of the test are positive, all records of the test, request for a test or indication a student has been tested shall be confidential student records in accordance with § 10-7-504(a)(4)(A).

(2) No student who is tested under a random drug testing program and who tests positive shall be suspended or expelled from school solely as the result of the positive test.

(3) The principal or school counselor of the school in which a student who tests positive in a drug testing program is enrolled shall provide referral information to the student and to the student's parents or guardian. The information shall include information on inpatient, outpatient and community-based drug and alcohol treatment programs.

(l) Each LEA participating in the drug testing of students authorized in subsection (a) shall promulgate policies and procedures to ensure that those students testing positive receive the assistance needed. The assistance shall include an assessment to determine the severity of the student's alcohol and drug problem and a recommendation for referral to intervention or treatment resources as appropriate. Nothing in this section shall be construed to require LEAs to administer drug tests to students. Any system that elects to participate shall supply the testing materials and any subsequent counseling within existing local funds.

(m) Malicious use of authority granted by this section may be grounds for dismissal of the person so acting.

Statement of Purpose

Kingsport City Schools has a strong commitment to the health, safety, and welfare of all of its students. A proactive approach in the form of a Random Drug Testing program for deterrence, per TCA 49-6-4213, is considered to support students and families.

TCA 49-6-4213 Testing of students for drugs — Referral information and assistance for students testing positive.

(a)

(1) A student may be subject to testing for the presence of drugs in the student's body in accordance with this section and the policy of the LEA if there are reasonable indications to the principal that such student may have used or be under the influence of drugs. The need for testing may be brought to the attention of the principal through a search authorized by § 49-6-4204 or § 49-6-4205, observed or reported use of drugs by the student on school property, or other reasonable information received from a teacher, staff member or other student. All of the following standards of reasonableness shall be met:

(A) A particular student has violated school policy;

(B) The test will yield evidence of the violation of school policy or will establish that a student either was impaired due to drug use or did not use drugs;

(C) The test is in pursuit of legitimate interests of the school in maintaining order, discipline, safety, supervision and education of students;

(D) The test is not conducted for the sole purpose of discovering evidence to be used in a criminal prosecution; and

(E) Tests shall be conducted in the presence of a witness. Persons who shall act as witnesses shall be designated in the policy of the local board of education.

(2) A student participating in voluntary extracurricular activities may be subject to random drug testing in the absence of individualized reasonable suspicion provided the standards set forth in subdivisions (a)(1)(B)-(E) are met.

(m) Malicious use of authority granted by this section may be grounds for dismissal of the person so acting.

Random Testing

- 1.** The tested population will be subject to unannounced random drug testing for the presence of drugs.
- 2.** A student will enter the tested population each school year on the date he/she submits the written Consent to Random Drug Testing. Once entering the tested population, a student will remain in the tested population for the remainder of that school year (through the May random drug test).
- 3.** Random drug testing will be conducted during the school day on dates determined by the Superintendent of Schools or designee. Testing will take place on ten (10) school days per school year at a rate of one day per month from August through May.

Random Testing

- 4.** The number of students randomly selected for testing will be twenty (20) per test administration, plus those required to test per the requirements of the program.
- 5.** The dates for the random selection of students from the population to be tested will be determined by the Superintendent of Schools or designee.
- 6.** Prior to each random test date, the administrator (as designated by the Superintendent of Schools or designee) will provide the Company an updated list of all students in the tested population. The Company will randomly select twenty (20) students to be tested each testing date.

Random Testing

- 7. The administrator (as designated by the Superintendent of Schools or designee) will receive the list of students selected for each random test. Notification of those students who have been selected for testing and those required to test per the requirements of the program will be in-person by the administrator (as designated by the Superintendent of Schools or designee) or a school employee designated by the administrator. Selected students must show the administrator/designee and/or the Representative photo identification, either a school ID or a driver's license. If a student is unable to provide a photo ID, an Administrator or a school employee designated by the Administrator must identify the student.**

Random Testing

8. Students selected for testing will be notified and immediately tested. Any student randomly selected for drug testing who is not in school on the day selected will be tested on the next scheduled testing date. If again absent on that next testing date, the student will remain on the list to be tested on subsequent testing dates until testing occurs.

Random Testing

- 9.** Parents/guardians will be notified in writing when their student has been tested (Exhibit 2). The notice will be given to the student to deliver to his/her parent/guardian. The notice will also be mailed to the student's parent/guardian.
- 10.** If a student does not provide a viable testing sample within the timeframe outlined in the Collection Protocol or refuses to be tested, the test will be considered as a positive test result and the student will be subject to consequences as specified under Consequences for Positive Results.

Collection Protocol

1. The Company will follow established guidelines for all drug testing and follow best practice and standards for administering a drug testing program. Testing will require a designated restroom and area for setup of supplies and equipment.

Collection Protocol

- 2. Each student will be given the opportunity to give a specimen to the collector, which shall occur in the presence of the witness who shall be an employee of the Company with the necessary training or licensure to oversee collection of specimens. If the student is unable to provide a specimen sufficient for testing, they will have three (3) hours from the time of the initial collection to provide another specimen. During that time, the student may drink up to forty (40) ounces of fluid. The student must be observed by an employee of the Company during the time between testing attempts, as well as being time monitored and fluid-intake monitored.**

Collection Protocol

- 3. If it is determined that a specimen is adulterated or that a student has failed to follow the procedures outlined herein for the collection process, the student will be removed from participation in all voluntary extracurricular activities for one calendar year (365 days) or the next applicable step in the Consequences for Positive Results for that student (whichever is greater).**

Procedures in the event of...

A Negative Result

- The Company will release the results to the designated administrator (as designated by the Superintendent of Schools or designee).

A Non-Negative Result

- The Company will contact the student/parent/guardian to confirm if there is a valid prescription. Once the determination has been made, the result will be communicated to the designated administrator (as designated by the Superintendent of Schools or designee).
 - Failure to supply information requested by the Company upon inquiry following a non-negative result will subject a student to the consequences as specified under Consequences for Positive Results.
 - If a student or parent/guardian elects to contest the results of the Random Drug Test, the District will pay the expense for one (1) split test per student. Expenses of any subsequent split tests shall be paid by the student or student's parent/guardian for the remainder of student's high school career.

Consequences for Positive Results

	Consequence	Mandatory Drug & Alcohol Counseling Program Participation	Additional Mandatory Testing Cycles
1st Positive	<u>Suspension from Activities</u> 14 Calendar Days	✓	3
2nd Positive	<u>Suspension from Activities</u> 180 Calendar Days	✓	3
3rd Positive	<u>Suspension from Activities</u> 365 Calendar Days	✓	5
4th Positive	<u>Suspension from Activities</u> Remainder of HS Career	✓	-

Consequences for Positive Results

- **Additional Notes:**
 - The student will be required to attend a mandatory drug and alcohol counseling program, provided by Kingsport City Schools at its cost, within thirty (30) days from the date of the positive result.
 - If desired, parents may elect to pursue an alternate counseling program at their own expense, upon approval of the district.
 - If after 30 days the student has not enrolled in the mandatory drug and alcohol counseling program, the student will be suspended from all extracurricular activities until commencement of attendance in the approved drug and alcohol counseling program.

Consequences for Positive Results

- **Additional Notes:**
 - A student's refusal to be tested in the drug testing program will be treated the same as a positive test result and will be counted in the cumulative number of positive test violations.

Appeal

- If a student, parent or guardian wishes to contest the results of a positive test, a written appeal must be submitted to the Superintendent of Schools or designee within five (5) working days of the date of notification of the positive test.
- Either the student, parent, or guardian may challenge any procedure related to the collection or testing of the specimen.
- Upon appeal, the Company will be instructed to submit the specimen for re-testing.
- The student may not participate in voluntary extracurricular activities until the appeal process has been completed.

Other Notes

- Confidentiality of test results must be maintained at all levels, including the Company, school administrators, and all KCS employees. The school administrator will be responsible for conducting an annual meeting with school faculty and staff regarding the student drug testing policy, related procedures, and confidentiality requirements. A Confidentiality Agreement will be signed by all KCS employees participating in the student random drug testing process.

Other Notes

- All positive testing records held by Kingsport City Schools will be maintained by the KCS records administrator.
- A student who is prohibited from participating in extracurricular activities cannot participate in any extracurricular activities at any level.
- All consequences for positive results will be issued in a cumulative fashion over the course of a student's high school career.

Kingsport City Schools

Random Drug Testing Regulations and Procedures

Kingsport City Schools has a strong commitment to the health, safety, and welfare of all of its students. To support students and families, a proactive approach in the form of a Random Drug Testing Program for deterrence has been instituted, per TCA § 49-6-4213. The purposes of this program are:

1. To maintain order, discipline, safety, supervision, and education of students;
2. To employ education, testing and counseling to deter students from illegally using drugs and thereby enhance the safety and health of students;
3. To undermine the effects of peer pressure by providing students with a legitimate reason to refuse to illegally use drugs; and
4. To encourage students who use illegally use drugs to participate in counseling and drug treatment programs

Definitions

The term *drugs* means:

1. Any scheduled drug as specified in TCA §§ 39-17-405 - 39-17-416.

The term *extracurricular activity* or *extracurricular activities* means:

1. Voluntary participation in TSSAA-sanctioned or TISCA-sanctioned organized athletic activity outside the normal graded academic curriculum (including co-curricular non-graded activities) in grades 9-12; or
2. Voluntary participation in school-sponsored cheerleading and Spirit Shakers in grades 9-12; or
3. Voluntary participation in school-sponsored extracurricular activities.

The term *tested population* means:

1. Students in grades 9-12 who participate in one or more extracurricular activities.
 - a. Exception: Students with disabilities participating in Sparkle Squad and/or Unified Athletics, as identified by the KCS Director of Special Education.

Random Drug Testing

Participation in extracurricular activities is a privilege and not a right. Students in grades 9-12 who voluntarily participate in extracurricular activities are expected to accept the responsibilities that accompany the privileges. Among these is the responsibility to remain drug free. All students who plan to voluntarily participate in extracurricular activities must consent to random drug testing as a condition of participation in such activities.

Randomly throughout the academic school year, students in grades 9-12 who desire to participate in extracurricular activities will be subject to urine testing for drugs.

Testing shall not be conducted for the sole purpose of discovering evidence to be used in a criminal prosecution.

Testing shall be conducted in the presence of a medically trained professional.

Academically Non-Punitive

This policy is not academically punitive. It is designed to promote and sustain a drug-free educational environment for students and to assist students in obtaining help when needed. No student will be penalized academically for testing positive for illegal drugs pursuant to this program. No student will be expelled or suspended from school solely as a result of a positive test under this program, but the students may be prohibited from participation in extracurricular activities as set out herein. No record of participation or of any test results will appear on a student's transcripts. This testing is not conducted for the purpose of discovering evidence to be used in a criminal prosecution and information regarding the results of drug tests will not be disclosed to criminal or juvenile authorities absent legal compulsion by valid and binding subpoena or legal process.

Scope

This program applies to all students in the tested population. No student shall be allowed to participate in extracurricular activities until the student and parent/guardian (if the student is under the age of 18) have signed a written consent (**Exhibit 1**).

Written Consent

The student and parent/guardian will be informed of the policy prior to participation in extracurricular activities and must sign a consent to random drug testing as a condition of participating in an extracurricular activity each school year in which a student is enrolled. Written consent shall be on the form attached as **Exhibit 1**. By completing the Consent Form, the student agrees to participate in the Random Drug Testing program. The student and parent/guardian will be required to submit the completed Consent Form before the student is allowed to participate in any aspect of an extracurricular activity, including training, practice, conditioning, or games.

Testing Procedure

Drug testing will be overseen by an independent drug testing company (the "Company"). Testing will be accomplished by the collection of specimens on the random test dates. The collection will be conducted by a representative of the Company (the "Representative") under circumstances that ensure the integrity, validity, and accuracy of the test results, but are minimally intrusive and provide maximum privacy to the tested student.

Random Testing

1. The tested population will be subject to unannounced random drug testing for the presence of drugs.
2. A student will enter the tested population each school year on the date he/she submits the written Consent to Random Drug Testing. Once entering the tested population, a student will remain in the tested population for the remainder of that school year (through the May random drug test).
3. Random drug testing will be conducted during the school day on dates determined by the Superintendent of Schools or designee. Testing will take place on ten (10) school days per school year at a rate of one day per month from August through May.
4. The number of students randomly selected for testing will be twenty (20) per test administration, plus those required to test per the requirements of the program.
5. The dates for the random selection of students from the population to be tested will be determined by the Superintendent of Schools or designee.
6. Prior to each random test date, the administrator (as designated by the Superintendent of Schools or designee) will provide the Company an updated list of all students in the tested population. The Company will randomly select twenty (20) students to be tested each testing date.
7. The administrator (as designated by the Superintendent of Schools or designee) will receive the list of students selected for each random test. Notification of those students who have been selected for testing and those required to test per the requirements of the program will be in-person by the administrator (as designated by the Superintendent of Schools or designee) or a school employee designated by the administrator. Selected students must show the administrator/designee and/or the Representative photo identification, either a school ID or a driver's license. If a student is unable to provide a photo ID, an Administrator or a school employee designated by the Administrator must identify the student.
8. Students selected for testing will be notified and immediately tested. Any student randomly selected for drug testing who is not in school on the day selected will be tested on the next scheduled testing date. If again absent on that next testing date, the student will remain on the list to be tested on subsequent testing dates until testing occurs.
9. Parents/guardians will be notified in writing when their student has been tested (**Exhibit 2**). The notice will be given to the student to deliver to his/her parent/guardian. The notice will also be mailed to the student's parent/guardian.

10. If a student does not provide a viable testing sample within the timeframe outlined in the Collection Protocol or refuses to be tested, the test will be considered as a positive test result and the student will be subject to consequences as specified under Consequences for Positive Results.

Collection Protocol

1. The Company will follow established guidelines for all drug testing and follow best practice and standards for administering a drug testing program. Testing will require a designated restroom and area for setup of supplies and equipment.
2. Each student will be given the opportunity to give a specimen to the collector, which shall occur in the presence of the witness who shall be an employee of the Company with the necessary training or licensure to oversee collection of specimens. If the student is unable to provide a specimen sufficient for testing, they will have three (3) hours from the time of the initial collection to provide another specimen. During that time, the student may drink up to forty (40) ounces of fluid. The student must be observed by an employee of the Company during the time between testing attempts, as well as being time monitored and fluid-intake monitored.
3. If it is determined that a specimen is adulterated or that a student has failed to follow the procedures outlined herein for the collection process, the student will be removed from participation in all voluntary extracurricular activities for one calendar year (365 days) or the next applicable step in the Consequences for Positive Results for that student (whichever is greater).

Tested Substances

The Company will perform a 12 panel urine drug screen on provided samples, testing for the following substances:

<u>Substance</u>	<u>Cutoff Value</u>
Methaqualone (300/300)	300 ng/mL
Oxyc/Oxym (100/100)	100 ng/mL
Buprenorphine (10/10-5)	10 ng/mL
Amp/Mamp (1000/500)	1000 ng/mL
Barbiturates (300/300)	300 ng/mL
Benzodiazepines (300/300)	300 ng/mL
Cocaine Metabolite (300/150)	300 ng/mL
Marijuana Metabolites (50/15)	50 ng/mL
Methadone MTB (300/300)	300 ng/mL
Propoxyphene MTB (300/300)	300 ng/mL
Phencyclidine (25/25)	25 ng/mL
Opiates-4 (2000/2000)	2000 ng/mL

Procedures in the Event of a Negative Result

In the case of a negative result, the Company will release the results to the designated administrator (as designated by the Superintendent of Schools or designee).

Procedures in the Event of a Non-Negative Result

In the case of a non-negative result, the Company will contact the student/parent/guardian to confirm if there is a valid prescription. Once the determination has been made, the result will be communicated to the designated administrator (as designated by the Superintendent of Schools or designee).

- Failure to supply information requested by the Company upon inquiry following a non-negative result will subject a student to the consequences as specified under Consequences for Positive Results.
- If a student or parent/guardian elects to contest the results of the Random Drug Test, the District will pay the expense for one (1) split test per student. Expenses of any subsequent split tests shall be paid by the student or student's parent/guardian for the remainder of student's high school career.

Consequences for Positive Results

When a test result indicates the presence of illegal drugs, the following will occur:

First Positive

1. The student will be required to attend a mandatory drug and alcohol counseling program, provided by Kingsport City Schools at its cost, within thirty (30) days from the date of the positive result. If desired, parents may elect to pursue an alternate counseling program at their own expense, upon approval of the district. If after 30 days the student has not enrolled in the mandatory drug and alcohol counseling program, the student will be suspended from all extracurricular activities until commencement of attendance in the approved drug and alcohol counseling program.
2. The student will be subject to mandatory drug testing for the next three (3) consecutive testing cycles, at the school district's expense. After the completion of three (3) consecutive negative drug tests, the student will be returned to the random drug testing program. A student's refusal to be tested in the drug testing program will be treated the same as a positive test result and will be counted in the cumulative number of positive test violations.
3. The student will be suspended from all voluntary extracurricular activities for a period of fourteen (14) days.

Second Positive

1. The student will be required to attend a mandatory drug and alcohol counseling program, provided by Kingsport City Schools at its cost, within thirty (30) days from the date of the positive result. If desired, parents may elect to pursue an alternate counseling program at their own expense, upon approval of the district.

If after 30 days the student has not enrolled in the mandatory drug and alcohol counseling program, the student will be suspended from all extracurricular activities until commencement of attendance in the approved drug and alcohol counseling program.

2. The student will be subject to mandatory drug testing for the next three (3) consecutive testing cycles, at the school district's expense. After the completion of three (3) consecutive negative drug tests, the student will be returned to the random drug testing program. A student's refusal to be tested in the drug testing program will be treated the same as a positive test result and will be counted in the cumulative number of positive test violations.
3. The student will be suspended from all voluntary extracurricular activities for a period of 180 days.

Third Positive

1. The student will be required to attend a mandatory drug and alcohol counseling program, provided by Kingsport City Schools at its cost, within thirty (30) days from the date of the positive result. If desired, parents may elect to pursue an alternate counseling program at their own expense, upon approval of the district. If after 30 days the student has not enrolled in the mandatory drug and alcohol counseling program, the student will be suspended from all extracurricular activities until commencement of attendance in the approved drug and alcohol counseling program.
2. The student will be subject to mandatory drug testing for the next five (5) consecutive testing cycles, at the school district's expense. After the completion of five (5) consecutive negative drug tests, the student will be returned to the random drug testing program. A student's refusal to be tested in the drug testing program will be treated the same as a positive test result and will be counted in the cumulative number of positive test violations.
3. The student will be suspended from all voluntary extracurricular activities for a period of one calendar year (365 days).

Fourth Positive

1. The student will be ineligible for participation in voluntary extracurricular activities for the remainder of his/her high school career.

Appeal

If a student, parent or guardian wishes to contest the results of a positive test, a written appeal must be submitted to the Superintendent of Schools or designee within five (5) working days of the date of notification of the positive test. Either the student, parent, or guardian may challenge any procedure related to the collection or testing of the specimen. Upon appeal, the Company will be instructed to submit the specimen for re-testing. The student may not participate in voluntary extracurricular activities until the appeal process has been completed.

Other Notes

- Confidentiality of test results must be maintained at all levels, including the Company, school administrators, and all KCS employees (Exhibit 3). The school administrator will be responsible for conducting an annual meeting with school faculty and staff regarding the student drug testing policy, related procedures, and confidentiality requirements. A Confidentiality Agreement (Exhibit 3) will be signed by all KCS employees participating in the student random drug testing process.
- All positive testing records held by Kingsport City Schools will be maintained by the KCS records administrator.
- A student who is prohibited from participating in extracurricular activities cannot participate in any extracurricular activities at any level.
- All consequences for positive results will be issued in a cumulative fashion over the course of a student's high school career.

49-6-4213. Testing of students for drugs — Referral information and assistance for students testing positive.

(a)

(1) A student may be subject to testing for the presence of drugs in the student's body in accordance with this section and the policy of the LEA if there are reasonable indications to the principal that such student may have used or be under the influence of drugs. The need for testing may be brought to the attention of the principal through a search authorized by § 49-6-4204 or § 49-6-4205, observed or reported use of drugs by the student on school property, or other reasonable information received from a teacher, staff member or other student. All of the following standards of reasonableness shall be met:

(A) A particular student has violated school policy;

(B) The test will yield evidence of the violation of school policy or will establish that a student either was impaired due to drug use or did not use drugs;

(C) The test is in pursuit of legitimate interests of the school in maintaining order, discipline, safety, supervision and education of students;

(D) The test is not conducted for the sole purpose of discovering evidence to be used in a criminal prosecution; and

(E) Tests shall be conducted in the presence of a witness. Persons who shall act as witnesses shall be designated in the policy of the local board of education.

(2) A student participating in voluntary extracurricular activities may be subject to random drug testing in the absence of individualized reasonable suspicion provided the standards set forth in subdivisions (a)(1)(B)-(E) are met.

(b) As used in this section and § 49-6-4203, "drugs" means:

(1) Any scheduled drug as specified in §§ 39-17-405 — 39-17-416; and

(2) Alcohol.

(c) Before a drug testing program is implemented in any LEA, the local board of education in that LEA shall establish policies, procedures and guidelines to implement this section within that LEA. The state board of education shall prepare a model policy, procedure and guidelines that may be adopted by local boards of education.

(d) Tests shall be conducted by properly trained persons in circumstances that ensure the integrity, validity and accuracy of the test results but are minimally intrusive and provide maximum privacy to the tested student. All tests shall be performed by an accredited laboratory. Specimens confirmed as positive shall be retained for at least ten (10) days for possible retesting or reanalysis.

(e) Students shall be advised in writing at the time of their enrollment that they are subject to testing. Notice to each student shall include grounds for testing, the procedures that will be followed and possible penalties. Students shall be advised of their right to refuse to undergo drug testing and the consequences of refusal.

(f)

(1) A parent of the student or a person legally responsible for the student shall be notified before any drug test is administered to the student.

(2) If an LEA adopts a policy permitting random drug testing of students in voluntary extracurricular activities, then, prior to a student participating in an extracurricular activity, the

LEA shall notify the parents and guardians of any such student that the student may be subjected to random drug testing. A parent or guardian of a student participating in a volunteer extracurricular activity shall provide written consent for random drug testing prior to the student participating in the voluntary extracurricular activity.

(g) The LEA shall pay the cost of any testing required under this section.

(h) In any school where LEA or school policy allows tests provided for by this section, in-service training of principals and teachers will be conducted in signs and symptoms of student drug use and abuse and in the school policy for handling of these students. The department of mental health and substance abuse services shall cause qualified trainers to be available to the schools to conduct this training.

(i) Test reports from laboratories shall include the specimen number assigned by the submitting LEA, the drug testing laboratory accession number and results of the drug tests. Certified copies of all analytical results shall be available from the laboratory when requested by the LEA or the parents of the student. The laboratory shall not be permitted to provide testing results verbally by telephone.

(j)

(1) All specimens testing negative on the initial screening test or negative on the confirmatory test shall be reported as negative.

(2) If a student is tested and the results of the test are negative, all records of the test, request for a test or indication a student has been tested shall be expunged from all records, including school records.

(k)

(1) If a student is tested in a drug testing program and the results of the test are positive, all records of the test, request for a test or indication a student has been tested shall be confidential student records in accordance with § 10-7-504(a)(4)(A).

(2) No student who is tested under a random drug testing program and who tests positive shall be suspended or expelled from school solely as the result of the positive test.

(3) The principal or school counselor of the school in which a student who tests positive in a drug testing program is enrolled shall provide referral information to the student and to the student's parents or guardian. The information shall include information on inpatient, outpatient and community-based drug and alcohol treatment programs.

(l) Each LEA participating in the drug testing of students authorized in subsection (a) shall promulgate policies and procedures to ensure that those students testing positive receive the assistance needed. The assistance shall include an assessment to determine the severity of the student's alcohol and drug problem and a recommendation for referral to intervention or treatment resources as appropriate. Nothing in this section shall be construed to require LEAs to administer drug tests to students. Any system that elects to participate shall supply the testing materials and any subsequent counseling within existing local funds.

(m) Malicious use of authority granted by this section may be grounds for dismissal of the person so acting.

History

Acts 1988, ch. 940, § 1; 1999, ch. 367, § 5; 2000, ch. 947, § 6; 2010, ch. 1100, § 78; 2010, ch. 1136, §§ 1-4; 2012, ch. 575, § 1.

Random Drug Testing Regulations and Procedures

2024 - 2025

Kingsport City Schools

Random Drug Testing Regulations and Procedures

Kingsport City Schools has a strong commitment to the health, safety, and welfare of all of its students. To support students and families, a proactive approach in the form of a Random Drug Testing Program for deterrence has been instituted, per TCA § 49-6-4213. The purposes of this program are:

1. To maintain order, discipline, safety, supervision, and education of students;
2. To employ education, testing and counseling to deter students from illegally using ~~use of illegal~~ drugs and thereby enhance the safety and health of students;
3. To undermine the effects of peer pressure by providing students with a legitimate reason to refuse to use illegally use drugs; and
4. To encourage students who use illegally use drugs to participate in counseling and drug treatment programs.

Definitions

The term ~~illegal~~ drugs, ~~per TCA § 49-6-4213~~, means:

1. ~~Scheduled drug or substances with no medically recognized purpose, which may include but is not limited to marijuana or opiates, as specified in Tennessee Code Annotated §§ 39-17-405 - 39-17-416; and Any scheduled drug as specified in TCA §§ 39-17-405 - 39-17-416.~~
2. ~~Alcohol.~~

The term *extracurricular activity* or *extracurricular activities* means:

1. Voluntary participation in TSSAA-sanctioned or TISCA-sanctioned organized athletic activity outside the normal graded academic curriculum (including co-curricular non-graded activities) in grades 9-12; or
2. Voluntary participation in school-sponsored cheerleading and Spirit Shakers in grades 9-12; or
3. Voluntary participation in school-sponsored extracurricular activities.

The term *tested population* means:

1. Students in grades 9-12 who participate in one or more extracurricular activities.
 - a. Exception: Students with disabilities participating in Sparkle Squad and/or Unified Athletics, as identified by the KCS Director of Special Education.

Random Drug Testing

Participation in extracurricular activities is a privilege and not a right. Students in grades 9-12 who voluntarily participate in extracurricular activities are expected to accept the responsibilities that accompany the privileges. Among these is the responsibility to remain drug free. All students who plan to voluntarily participate in extracurricular activities must consent to random drug testing as a condition of participation in such activities.

Randomly throughout the academic school year, students in grades 9-12 who desire to participate in extracurricular activities will be subject to urine testing for drugs.

Testing shall not be conducted for the sole purpose of discovering evidence to be used in a criminal prosecution.

Testing shall be conducted in the presence of a medically trained professional.

Academically Non-Punitive

This policy is not academically punitive. It is designed to promote and sustain a drug-free educational environment for students and to assist students in obtaining help when needed. No student will be penalized academically for testing positive for illegal drugs pursuant to this program. No student will be expelled or suspended from school solely as a result of a positive test under this program, but the students may be prohibited from participation in extracurricular activities as set out herein. No record of participation or of any test results will appear on a student's transcripts. This testing is not conducted for the purpose of discovering evidence to be used in a criminal prosecution and information regarding the results of drug tests will not be disclosed to criminal or juvenile authorities absent legal compulsion by valid and binding subpoena or legal process.

Scope

This program applies to all students in the tested population. No student shall be allowed to participate in extracurricular activities until the student and parent/guardian (if the student is under the age of 18) have signed a written consent (**Exhibit 1**).

Written Consent

The student and parent/guardian will be informed of the policy prior to participation in extracurricular activities and must sign a consent to random drug testing as a condition of participating in an extracurricular activity each school year in which a student is enrolled. Written consent shall be on the form attached as **Exhibit 1**. By completing the Consent Form, the student agrees to participate in the Random Drug Testing program. The student and parent/guardian will be required to submit the completed Consent Form before the student is allowed to participate in any aspect of an extracurricular activity, including training, practice, conditioning, or games.

Testing Procedure

Drug testing will be overseen by an independent drug testing company (the "Company"). Testing will be accomplished by the collection of specimens on the random test dates. The collection will be conducted by a representative of the Company (the "Representative") under circumstances that ensure the integrity, validity, and accuracy of the test results, but are minimally intrusive and provide maximum privacy to the tested student.

Random Testing

1. The tested population will be subject to unannounced random drug testing for the presence of drugs.
2. A student will enter the tested population each school year on the date he/she submits the written Consent to Random Drug Testing. Once entering the tested population, a student will remain in the tested population for the remainder of that school year (through the May random drug test).
3. Random drug testing will be conducted during the school day on dates determined by the Superintendent of Schools or designee. Testing will take place on ten (10) school days per school year at a rate of one day per month from August through May.
4. The number of students randomly selected for testing will be twenty (20) per test administration, [plus those required to test per the requirements of the program](#).
5. The dates for the random selection of students from the population to be tested will be determined by the Superintendent of Schools or designee.
6. Prior to each random test date, the [Administrator \(as designated by the Superintendent of Schools or designee\)](#) will provide the Company an updated list of all students in the tested population. The Company will randomly select twenty (20) students to be tested each testing date.
7. The [Administrator \(as designated by the Superintendent of Schools or designee\)](#) will receive the list of students selected for each random test. Notification of those students who have been selected for testing [and those required to test per the requirements of the program](#) will be in-person by the [Administrator \(as designated by the Superintendent of Schools or designee\)](#) or a school employee designated by the [Administrator](#). Selected students must show the [Administrator/designee](#) and/or the Representative photo identification, either a school ID or a driver's license. If a student is unable to provide a photo ID, an Administrator or a school employee designated by the Administrator must identify the student.
8. Students selected for testing will be notified and immediately tested. Any student randomly selected for drug testing who is not in school on the day selected will be tested on the next scheduled testing date. If again absent on that next testing date, the student will remain on the list to be tested on subsequent testing dates until testing occurs.
9. Parents/guardians will be notified in writing when their student has been tested (**Exhibit 2**). The notice will be given to the student to deliver to his/her parent/guardian. The notice will also be mailed to the student's parent/guardian.

10. If a student does not provide a viable testing sample within the timeframe outlined in the Collection Protocol or refuses to be tested, the test will be considered as a positive test result and the student will be subject to consequences as specified under Consequences for Positive Results.

Collection Protocol

1. The Company will follow established guidelines for all drug testing and follow best practice and standards for administering a drug testing program. Testing will require a designated restroom and area for setup of supplies and equipment.
2. Each student will be given the opportunity to give a specimen to the collector, which shall occur in the presence of the witness who shall be an employee of the Company with the necessary training or licensure to oversee collection of specimens. If the student is unable to provide a **sample specimen** sufficient for testing, they will have three (3) hours from the time of the initial collection to provide another specimen. During that time, the student may drink up to forty (40) ounces of fluid. The student must be observed by an employee of the Company during the time between testing attempts, as well as being time **monitored** and fluid-intake monitored.
3. If it is determined that a **sample specimen** is adulterated or that a student has failed to follow the procedures outlined **in administering herein** for the collection process, the student will be removed from participation in all voluntary extracurricular activities for one calendar year (365 days) or the next applicable step in the Consequences for Positive Results for that student (whichever is greater).

Tested Substances

The Company will perform a 12 panel urine drug screen on provided samples, testing for the following substances:

<u>Substance</u>	<u>Cutoff Value</u>
Methaqualone (300/300)	300 ng/mL
Oxyc/Oxym (100/100)	100 ng/mL
Buprenorphine (10/10-5)	10 ng/mL
Amp/Mamp (1000/500)	1000 ng/mL
Barbiturates (300/300)	300 ng/mL
Benzodiazepines (300/300)	300 ng/mL
Cocaine Metabolite (300/150)	300 ng/mL
Marijuana Metabolites (50/15)	50 ng/mL
Methadone MTB (300/300)	300 ng/mL
Propoxyphene MTB (300/300)	300 ng/mL
Phencyclidine (25/25)	25 ng/mL
Opiates-4 (2000/2000)	2000 ng/mL

Procedures in the Event of a Negative Result

In the case of a negative result, the Company will release the results to the designated Administrator (as designated by the Superintendent of Schools or designee).

Procedures in the Event of a Non-Negative Result

In the case of a non-negative result, the Company will contact the student/parent/guardian to confirm if there is a valid prescription. Once the determination has been made, the result will be communicated to the designated Administrator (as designated by the Superintendent of Schools or designee).

- Failure to supply ~~the prescription or documentation~~ information requested by the Company upon inquiry following a non-negative result will subject a student to the consequences as specified under Consequences for Positive Results.
- If a student or parent/guardian elects to contest the results of the Random Drug Test, ~~they may do so at their own expense*~~ the District will pay the expense for one (1) split test per student. Expenses of any subsequent split tests shall be paid by the student or student's parent/guardian for the remainder of student's high school career.
 - ~~*The district will fund one student appeal re-test during the student's high school career.~~

Consequences for Positive Results

When a test result indicates the presence of illegal drugs, the following will occur:

First Positive

1. The student will be required to attend a mandatory drug and alcohol counseling program, provided by Kingsport City Schools at its cost, within thirty (30) days from the date of the positive result. If desired, parents may elect to pursue an alternate counseling program at their own expense, upon approval of the district. If after 30 days the student has not enrolled in the mandatory drug and alcohol counseling program, the student will be suspended from all extracurricular activities until commencement of attendance in the approved drug and alcohol counseling program.
2. The student will be subject to mandatory drug testing for the next three (3) consecutive testing cycles, at the school district's expense. After the completion of three (3) consecutive negative drug tests, the student will be returned to the random drug testing program. A student's refusal to be tested in the drug testing program will be treated the same as a positive test result and will be counted in the cumulative number of positive test violations.
3. The student will be suspended from all voluntary extracurricular activities for a period of fourteen (14) days.

Second Positive

1. The student will be required to attend a mandatory drug and alcohol counseling

program, provided by Kingsport City Schools at its cost, within thirty (30) days from the date of the positive result. If desired, parents may elect to pursue an alternate counseling program at their own expense, upon approval of the district. If after 30 days the student has not enrolled in the mandatory drug and alcohol counseling program, the student will be suspended from all extracurricular activities until commencement of attendance in the approved drug and alcohol counseling program.

2. The student will be subject to mandatory drug testing for the next three (3) consecutive testing cycles, at the school district's expense. After the completion of three (3) consecutive negative drug tests, the student will be returned to the random drug testing program. A student's refusal to be tested in the drug testing program will be treated the same as a positive test result and will be counted in the cumulative number of positive test violations.
3. The student will be suspended from all voluntary extracurricular activities for a period of 180 days.

Third Positive

1. The student will be required to attend a mandatory drug and alcohol counseling program, provided by Kingsport City Schools at its cost, within thirty (30) days from the date of the positive result. If desired, parents may elect to pursue an alternate counseling program at their own expense, upon approval of the district. If after 30 days the student has not enrolled in the mandatory drug and alcohol counseling program, the student will be suspended from all extracurricular activities until commencement of attendance in the approved drug and alcohol counseling program.
2. The student will be subject to mandatory drug testing for the next five (5) consecutive testing cycles, at the school district's expense. After the completion of five (5) consecutive negative drug tests, the student will be returned to the random drug testing program. A student's refusal to be tested in the drug testing program will be treated the same as a positive test result and will be counted in the cumulative number of positive test violations.
3. The student will be suspended from all voluntary extracurricular activities for a period of one calendar year (365 days).

Fourth Positive

1. The student will be ineligible for participation in voluntary extracurricular activities for the remainder of his/her high school career.

Appeal

If a student, parent or guardian wishes to contest the results of a positive test, a written appeal must be submitted to the Superintendent of Schools or designee within five (5) working days of the date of notification of the positive test. Either the student, parent, or guardian may challenge any procedure related to the collection or testing of the specimen. Upon appeal, the Company will be instructed to submit the specimen for re-testing. The student may not participate in voluntary extracurricular activities until the

appeal process has been completed.

Other Notes

- Confidentiality of test results must be maintained at all levels, including the Company, school administrators, and all KCS employees (Exhibit 3). The school administrator will be responsible for conducting an annual meeting with school faculty and staff regarding the student drug testing policy, related procedures, and confidentiality requirements. A Confidentiality Agreement (Exhibit 3) will be signed by all KCS employees participating in the student random drug testing process.
- All positive testing records held by Kingsport City Schools will be maintained by the KCS records administrator.
- A student who is prohibited from participating in extracurricular activities cannot participate in any extracurricular activities at any level.
- All consequences for positive results will be issued in a cumulative fashion over the course of a student's high school career.

(1) Any scheduled drug as specified in §§ 39-17-405 — 39-17-416; and

(2) Alcohol.

(c) Before a drug testing program is implemented in any LEA, the local board of education in that LEA shall establish policies, procedures and guidelines to implement this section within that LEA. The state board of education shall prepare a model policy, procedure and guidelines that may be adopted by local boards of education.

(d) Tests shall be conducted by properly trained persons in circumstances that ensure the integrity, validity and accuracy of the test results but are minimally intrusive and provide maximum privacy to the tested student. All tests shall be performed by an accredited laboratory. Specimens confirmed as positive shall be retained for at least ten (10) days for possible retesting or reanalysis.

(e) Students shall be advised in writing at the time of their enrollment that they are subject to testing. Notice to each student shall include grounds for testing, the procedures that will be followed and possible penalties. Students shall be advised of their right to refuse to undergo drug testing and the consequences of refusal.

(f)

(1) A parent of the student or a person legally responsible for the student shall be notified before any drug test is administered to the student.

(2) If an LEA adopts a policy permitting random drug testing of students in voluntary extracurricular activities, then, prior to a student participating in an extracurricular activity, the

LEA shall notify the parents and guardians of any such student that the student may be subjected to random drug testing. A parent or guardian of a student participating in a volunteer extracurricular activity shall provide written consent for random drug testing prior to the student participating in the voluntary extracurricular activity.

(g) The LEA shall pay the cost of any testing required under this section.

(h) In any school where LEA or school policy allows tests provided for by this section, in-service training of principals and teachers will be conducted in signs and symptoms of student drug use and abuse and in the school policy for handling of these students. The department of mental health and substance abuse services shall cause qualified trainers to be available to the schools to conduct this training.

(i) Test reports from laboratories shall include the specimen number assigned by the submitting LEA, the drug testing laboratory accession number and results of the drug tests. Certified copies of all analytical results shall be available from the laboratory when requested by the LEA or the parents of the student. The laboratory shall not be permitted to provide testing results verbally by telephone.

(j)

(1) All specimens testing negative on the initial screening test or negative on the confirmatory test shall be reported as negative.

(2) If a student is tested and the results of the test are negative, all records of the test, request for a test or indication a student has been tested shall be expunged from all records, including school records.

(k)

(1) If a student is tested in a drug testing program and the results of the test are positive, all records of the test, request for a test or indication a student has been tested shall be confidential student records in accordance with § 10-7-504(a)(4)(A).

(2) No student who is tested under a random drug testing program and who tests positive shall be suspended or expelled from school solely as the result of the positive test.

(3) The principal or school counselor of the school in which a student who tests positive in a drug testing program is enrolled shall provide referral information to the student and to the student's parents or guardian. The information shall include information on inpatient, outpatient and community-based drug and alcohol treatment programs.

(l) Each LEA participating in the drug testing of students authorized in subsection (a) shall promulgate policies and procedures to ensure that those students testing positive receive the assistance needed. The assistance shall include an assessment to determine the severity of the student's alcohol and drug problem and a recommendation for referral to intervention or treatment resources as appropriate. Nothing in this section shall be construed to require LEAs to administer drug tests to students. Any system that elects to participate shall supply the testing materials and any subsequent counseling within existing local funds.

(m) Malicious use of authority granted by this section may be grounds for dismissal of the person so acting.

Community Eligibility Provision (CEP) Review

Board of Education
June 11, 2024

CEP Overview

The Community Eligibility Provision (CEP) is an option for eligible schools to offer meals at no cost to all enrolled students without collecting household applications.

- Authorized by the Healthy, Hunger-Free Kids Act of 2010 (HHFKA) and codified in regulations at 7 CFR 245.9(f), CEP is a reimbursement alternative for eligible local educational agencies (LEAs) and schools participating in both the National School Lunch Program (NSLP) and School Breakfast Program (SBP).

Current CEP in KCS

- Started CEP Program in 2015 in KCS Title I Schools.
- Provides free breakfast and lunch to ALL students in program schools, regardless of income/benefit eligibility.
 - Includes “standard” meal.
 - Does NOT include a la carte items or additional meals.
- Proven to be financially viable in current KCS model.

Proposed CEP in KCS

***Beginning 2024-25 School Year**

Eligibility window = 4 years

Current KCS CEP Schools

- John Sevier Middle School
- Andrew Jackson Elementary School
- John F. Kennedy Elementary School
- Abraham Lincoln Elementary School
- Theodore Roosevelt Elementary School
- Palmer Center

*Proposed Added CEP Schools

- Dobyens-Bennett High School
- D-B EXCEL
- Cora Cox Academy
- Robinson Middle School
- John Adams Elementary School
- Andrew Johnson Elementary School
- Thomas Jefferson Elementary School
- George Washington Elementary School

Is KCS Eligible for CEP?

- Eligibility determined by calculating the “Identified Student Percentage (ISP)”
 - $ISP = \# \text{ of Identified Students} / \# \text{ Enrolled Students on April 1}$
- Kingsport City Schools
 - $KCS \text{ ISP} = 3,654 / 6,914 = \mathbf{52.85\%}$
- Identified Students = Those participating in federal benefits program (ie. SNAP, TANF, Homeless, Migrant)
- Minimum ISP for eligibility = 25% beginning in 2023 (was 40%)
 - “Lowering the minimum ISP will give states and schools greater flexibility to offer meals to all enrolled students at no cost when financially viable.” -USDA

Is CEP Financially Viable in KCS?

The Investigation Process Timeline

- **March 2023**
 - Legislative advocacy; Congress proposes new CEP guidelines
 - Lower threshold from 40% to 25%
- **September/October 2023**
 - Final 25% rule is published and implemented
- **November 2023**
 - KCS begins review of financial viability
- **December 2023**
 - KCS performs CEP expense comparison

Is CEP Financially Viable in KCS?

The Investigation Process Timeline

- February/March 2023
 - Additional financial analysis based on current costs, comparisons
- April 2023
 - Final CEP qualifying numbers pulled, calculated
- April-June 2023
 - Continued analysis of revenues, expenses, by KCS Admins

Summary of Financial Viability

With 10% Increase in Participation w/ Full CEP*

- Est. \$ 592,314 increase in reimbursement revenue
- Est. \$ 650,000 decrease in cash revenue
 - Approx. \$ 525,000 decrease in cash meal purchases
 - Approx. \$ 125,000 in additional food costs (+ 10% participation)
- Total:
 - Est. approx. \$ 57,686 shortfall
- However...

*KCS +20-30% during COVID

Summary of Financial Viability

Full CEP would result in reduction in expenses:

- **Reduced Lunches + Elimination of Student Lunch Debt =**
 - **Approx. \$ 50,000**

Other Considerations

- Impact of NETCO on purchasing costs.

Potential Impact on Operations

- Implementation of Grab-and-Go/2nd chance breakfast
- Increased food/materials costs
- Potential increase of labor in new CEP schools
- Increase of participation enticements
- A la Carte and 2nd meals are still available
- Increased staff training

Why Should KCS Implement CEP?

- Provides every child access to a healthy breakfast and lunch, every day
 - Improves the environment for learning and achievement
 - Maslow's Hierarchy of Needs
- Elimination of all student meal debt
- Financially viable

Community Eligibility Provision (CEP) Review

Board of Education
June 11, 2024

TO: Board of Education
Dr. Chris Hampton, Superintendent

FROM: David J. Frye, Chief Finance Officer DJF

DATE: June 11, 2024

SUBJECT: Award of Bid for Nutrition Program Equipment

The City of Kingsport for its Kingsport City Schools issued an Invitation to Bid for Kingsport City Schools Nutrition Program Equipment on May 15, 2024.

On May 30, 2024, the Procurement Manager accepted two bids submitted by Trimark USA, LLC, and Douglas Equipment for consideration. Based upon review of the bids, Trimark USA, LLC, is the lowest responsible compliant bidder meeting specifications for the particular grade or class of material, work, or service desired. It is in the best interest and advantage to purchase the nutrition program equipment from Trimark USA, LLC, at a total cost of \$256,780.75.

It is recommended that the Board of Education approve the award of the bid for Kingsport City Schools Nutrition Program Equipment to Trimark USA, LLC, for the not to exceed amount of \$256,780.75.

All expenditures from this award are fully funded by the School Nutrition Services budget. School Nutrition Services is a self-supporting department within Kingsport City Schools.
