Voting Detail:

Butcher: Yea

Cuddy: Yea

Darnell: Yea

Henson: Yea

Taylor: Absent

Voting Summary: Yea: 4, Nay: 0, Absent: 1

B. Voluntary Pre-K Application, Fiscal Year 2027

Action(s):

Motion to approve the Voluntary Pre-K application. This motion, made by Cuddy and seconded by Darnell, Carried.

Voting Detail:

Butcher: Yea

Cuddy: Yea

Darnell: Yea

Henson: Yea

Taylor: Absent

Voting Summary: Yea: 4, Nay: 0, Absent: 1

7. REPORT FROM THE DIRECTOR OF SCHOOLS

Discussion: Dr. Tudor offered the following comments and announcements:

- Thank you to Fairmount and Tennessee High for this evening's presentations.
- February is National CTE Month. Thank you to Deidre Pendley for all her efforts with CTE.
- February 3-7 was School Counselor Week. Thank you to all our counselors.
- Sunday was National School Resource Officer (SRO) Day. We are grateful for the BTCS SROs who immerse themselves in our school culture. Thank you to the City of Bristol for our SRO partnership.
- Congratulations to the following Teachers of the Year:
 - Lauren Ragan, PreK-4 (Holston View) - District
 - Olivia DeBruin, 5-8 (Tennessee Middle) - District
 - Brad Stubbs, 9-12 (Tennessee High) - District

- Melissa Thomas (Anderson)
 - Judy Taylor (Avoca)
 - Briona Littleton (Fairmount)
 - Jenny Bannish (Haynesfield)
 - Tabitha Wooten (TOPS)
- In honor of School Board Appreciation Week, Dr. Tudor recognized and thanked school board members for all their hard work and commitment. Board members received a gift card and cards, notes, and posters from schools. Board members distributed a library book to a student representative from each school to be donated to the school's library.

8. COMMENTS FROM THE CITY COUNCIL LIAISON

Discussion: There were no comments from the City Council liaison.

9. COMMENTS FROM THE BOARD

Discussion:

Board of Education members offered comments and remarks.

10. ADJOURNMENT

Discussion: The meeting adjourned at 6:58 p.m.

Charlie Taylor, Secretary

Date

**Minutes of the Monday, December 15, 2025, BOARD OF EDUCATION MEETING –
6:00 PM**

1. **CALL TO ORDER AND PLEDGE**

- A. Establish a quorum and welcome visitors

Discussion: Board Chair Eric Cuddy called the meeting to order, established a quorum, and welcomed everyone.

Independent Auditor's Report

President and Members of the
City of Bristol, Tennessee Board of Education
Bristol, Tennessee 37620

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of City of Bristol, Tennessee Internal School Funds, which comprise the combined and individual school balance sheets – regulatory basis, as of June 30, 2025, and the related combined and individual school statements of revenues, expenditures, and changes in fund balances – regulatory basis for the year then ended, and the related notes to the financial statements.

Unmodified Opinions on Regulatory Basis of Accounting

In our opinion, the accompanying combined and individual school financial statements referred to in the first paragraph present fairly, in all material respects, the assets, liabilities and fund balances of City of Bristol, Tennessee Internal School Funds as of June 30, 2025, and the related revenues, expenditures and changes in fund balances for the year then ended, in accordance with the financial reporting provisions of the *Internal School Funds Manual* described in Note 1.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles section of our report, the accompanying financial statements referred to in the first paragraph do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of the City of Bristol, Tennessee Schools Internal School Funds as of June 30, 2025, or the changes in financial position for the year then ended.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City of Bristol, Tennessee Internal School Funds, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 1 of the financial statements, the financial statements are prepared by the City of Bristol, Tennessee Internal School Funds on the basis of the financial reporting provisions of the *Internal School Funds Manual*, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to meet the requirements of the State of Tennessee. The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material and pervasive.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and the fair presentation of these financial statements in accordance with the financial reporting provisions of the *Internal School Funds Manual* as described in Note 1. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance, but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City of Bristol, Tennessee Internal School Funds' internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about City of Bristol, Tennessee Internal School Funds' ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the combined and individual school financial statements – regulatory basis that collectively comprise City of Bristol, Tennessee Internal School Funds' basic financial statements. The schedule of transfers by school, as listed in the table of contents, is presented for purposes of additional analysis and is not a required part of the basic financial statements – regulatory basis. As described in Note 1 of the financial statements, the supplementary information, as listed in the table of contents, is prepared by City of Bristol, Tennessee Internal School Funds on the basis of the financial reporting provisions of the *Internal School Funds Manual*, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements – regulatory basis. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements – regulatory basis and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements – regulatory basis or to the basic financial statements – regulatory basis themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of transfers by school, as listed in the table of contents, is fairly stated, in all material respects, in relation to the basic financial statements – regulatory basis as a whole.

Other Information

Management is responsible for the other information included in the annual financial report. The other information comprises the roster of officials, schedule of fidelity bond coverage, schedule of salary supplements, and management's corrective action plan but does not include the basic financial statements – regulatory basis and our auditor's report thereon. Our opinions on the basic financial statements – regulatory basis do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements – regulatory basis, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements – regulatory basis, or the other information otherwise

appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 16, 2025 on our consideration of the City of Bristol, Tennessee Internal School Funds' internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion the effectiveness of the City of Bristol, Tennessee Internal School Funds' internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City of Bristol, Tennessee Internal School Funds' internal control over financial reporting and compliance.

Internal School Funds – Regulatory Basis
Notes to the Financial Statements
June 30, 2025

Background

Tennessee Code Annotated (TCA), Section 49-2-110, provides for internal school funds, establishes responsibility for those funds, and requires schools to adopt and follow a uniform accounting manual.

Note 1 – Summary of Significant Accounting Policies

A – The Financial Reporting Entity

This report includes only the internal school funds of the City of Bristol, Tennessee Board of Education. The internal school funds are included in the City of Bristol’s financial report as a special revenue fund. Internal school funds consist of financial resources accounted for at the individual schools.

Internal School Funds

Internal school funds reported in the accompanying financial statements include donations and grants made to the individual schools; fees collected by schools; funds received from the local board of education; funds raised through cooperative agreements; rental fees; and student activity funds.

Student Activity Funds

Student activity funds include all money received from any source for school-sponsored student activities or school-sponsored events held at or in connection with a school, and specifically include, but are not limited to funds:

- Derived from a school-sponsored academic, art, athletic, or social event involving students;
- Raised by school-sponsored clubs involving students;
- Raised by school-sponsored fundraisers involving students who are under the supervision of a school employee;
- Received from a commission for the direct sale of items to students pursuant to a cooperative agreement between the school and an outside organization;
- Received for the direct sale of items to students from a school-run bookstore located on school grounds;
- Raised from fees charged to students;
- Obtained from interest from any account that contains student activity funds; and
- Obtained from any related school-sponsored activity that involves the use of school personnel, students, and property during the school day.

B – Regulatory Basis of Accounting

The accounting and financial reporting requirements for internal school funds are set forth in the *Internal School Funds Manual*, issued by the Tennessee Department of Education and the Tennessee Comptroller of the Treasury. The requirements established in the *Internal School Fund Manual* differ from generally accepted accounting principles (GAAP) primarily in the presentation of the financial statements and restricted fund revenue and expenditure accounting and reporting. The following is a summary of the basic requirements of this regulatory basis of accounting which is an “other comprehensive basis of accounting”.

City of Bristol, Tennessee
Board of Education
Internal School Funds – Regulatory Basis
Notes to the Financial Statements
June 30, 2025

The financial statements consist of balance sheets and statements of revenues, expenditures, and changes in fund balances.

The combining financial statements present all the individual schools in a columnar format and are required to be presented before the notes to the financial statements. These statements focus on each of the individual schools rather than the funds within the schools. In keeping with that focus, the columnar headings identify the individual schools rather than the funds.

The individual school financial statements present the detailed fund activity in each school and are included after the combined financial statements and before the notes to the financial statements.

Revenues are classified by source and expenditures are classified by either function or object for the general fund but not the restricted fund. Revenues and expenditures of the restricted fund accounts are recorded based on the specific group or activity which will benefit or expend the funds. The activity in the restricted “accounts” is presented as total revenues and transfers in and total expenditures and transfers out for each account. A corresponding “fund balance” is presented for each account. Although the restricted fund is a single fund, each account within the fund must present its portion of the restricted fund balance. Transfers reported on the financial statements represent authorized movement of funds between restricted accounts, as well as between the general fund and restricted fund.

C – Measurement Focus and Basis of Accounting

The accompanying financial statements are reported using the current financial resources measurement focus. Accordingly, only current assets and current liabilities are included on the balance sheets and the fund balances report only spendable resources. Internal school funds use the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when they become both measurable and available. Management policies define available as collectible within 60 days after the fiscal year-end. Expenditures are generally recognized when the related fund liability is incurred, if measurable.

D – Fund Structure

The accounts of the individual schools are organized on the basis of funds, each of which is considered to be a separate accounting entity. The operations of each fund are accounted for by providing a separate set of self-balancing accounts which are comprised of the fund’s assets, liabilities, fund equity, revenues, and expenditures. The funds are grouped in the accompanying financial statements as follows:

General Fund

The general fund is used to account for all money to be used for the general operation of the school or for the welfare of the student body. Revenues and expenditures in this fund are not restricted to any specific group or activity.

Restricted Fund

The restricted fund is used to account for money that is restricted for the use of a specific segment of the school population or legally restricted for a specific purpose and not intended to benefit the general school population.

City of Bristol, Tennessee
Board of Education
Internal School Funds – Regulatory Basis
Notes to the Financial Statements
June 30, 2025

E – Inventory

Inventory is reported as an expenditure rather than capitalized as an asset. No material amount of inventories are present for any school.

F – Fund Balances

Restricted Fund Balance

Fund balances reported as restricted are the result of externally imposed restrictions placed upon certain resources accounted for in the restricted funds. All internal school fund activity is restricted in accordance with TCA Section 49-2-110.

When both restricted and unrestricted resources are available for use, it is the school system’s policy to use restricted resources first, then unrestricted resources as they are needed. The internal school funds did not report any unrestricted resources for the period.

Note 2 – Budgetary Information

Legally appropriated budgets have not been adopted at the individual school level. Therefore, presentation of budgetary comparison information is not required.

Note 3 – Deposits

Legal Provisions

All deposits with financial institutions in excess of FDIC limits are required to be secured by one of two methods. Excess funds can be deposited with financial institution(s) that participates in the State of Tennessee Bank Collateral Pool administered by the state treasurer. For deposits with financial institutions that do not participate in the bank collateral pool, state statutes require that all deposits be collateralized with collateral whose market value is equal to 105 percent of the uninsured amount of the deposits.

Cash Deposits

Cash in bank represents funds on deposit in various depositories.

Custodial Credit Risk

Custodial credit risk is the risk that in the event of a bank failure, the school’s deposits may not be returned to it. None of the school’s deposits were exposed to custodial credit risk because all balances were entirely insured by the FDIC or through the Bank Collateral Pool with the State of Tennessee.

Board of Education
Internal School Funds – Regulatory Basis
Notes to the Financial Statements
June 30, 2025

Note 4 – Accounts Payable

Accounts payable balances represent amounts due to vendors at year-end. All accounts payable balances were approved by the Board of Education.

Note 5 – Transfers

Transfers completed during the fiscal year were for interfund donations and residual fund balance transfers.

Note 6 – Capital Assets

Capital assets acquired by the individual schools are recorded as expenditures at the time of purchase. Title and accountability for capital assets purchased pass automatically to the Board of Education.

Note 7 – Risk Management

The City of Bristol internal school funds are exposed to various risks of loss related to torts, theft of, damage to, and destruction of assets; errors and omissions; and natural disasters for which the City of Bristol School Board carries commercial insurance. Settlements have not exceeded coverage for each of the past three fiscal years.

Note 8 – Subsequent Events

The City of Bristol, Tennessee Board of Education evaluated subsequent events through December 16, 2025, the date at which the report was available to be issued and concluded that no subsequent events have occurred that would require recognition in the financial statements or disclosure in the notes to the financial statements.

Compliance and Internal Control Section

Independent Auditors Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

President and Members of the
City of Bristol, Tennessee Board of Education
Bristol, Tennessee 37620

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the accompanying combined and individual financial statements – regulatory basis of the City of Bristol, Tennessee Internal School Funds, as of and for the year ended June 30, 2025, and the related notes to the financial statements, and have issued our opinion reports thereon dated December 16, 2025. Our report expressed an adverse opinion on U.S. Generally Accepted Accounting Principles and an unmodified opinion on the regulatory basis of accounting. Our report on the financial statements disclosed that, as described in Note 1 to the financial statements, the financial statements are prepared in conformity with the accounting practices prescribed by the *Tennessee Internal School Fund Manual*, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the combined and individual financial statements, we considered the City of Bristol, Tennessee Internal School Funds’ internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the combined and individual financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City of Bristol, Tennessee Internal School Funds’ internal control. Accordingly, we do not express an opinion on the effectiveness of the City of Bristol, Tennessee Internal School Funds’ internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity’s financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may

exist that have not been identified. **Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We did identify a certain deficiency in internal control, described in the accompanying schedule of findings as item 2025-001 that we consider to be a significant deficiency.**

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City of Bristol, Tennessee Internal School Funds' financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of combined and individual financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and, accordingly, we do not express such an opinion. **The results of our tests disclosed an instance of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and which is described in the accompanying Schedule of Finding as items 2025-001.**

City of Bristol, Tennessee Internal School Funds' Response to Findings

The City of Bristol, Tennessee Internal School Funds' response to the findings identified in our audit are described in the accompanying schedule of findings. The City of Bristol, Tennessee Internal School Funds' responses were not subjected to the auditing procedures applied in the audit of the financial statements, and accordingly, we express no opinion on them.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

A – Findings – Financial Statement Audit

2025-001: Significant Deficiency – Cash Disbursements

Condition Two elementary schools did not follow the Manual’s guidelines for cash disbursements.

The following issues were noted for the two elementary schools:

Disbursements:

- One instance at one of the elementary schools and two instances at another elementary school were noted where invoices predated the purchase order indicating the purchase order was not approved before purchase was made.

Criteria As explained in the *Tennessee Internal School Fund Manual* (the Manual), schools are required to have controls in place related to all aspects of financial reporting including disbursements and bank statements.

Cause The Internal School Funds did not properly follow the requirements of the Manual.

Effect The effect of these issues causes the schools to not be in compliance with cash disbursement procedures as defined in the Manual.

Recommendation The schools should follow the procedures set forth in the Manual for cash disbursements.

View of Responsible Officials We agree that each school should be following the procedures that are set forth by the Manual for cash disbursements. Management reviewed each instance noted and discussed with the relevant principal and bookkeeper. The deficiencies were not repetitive, and several deficiencies related to internal practices regarding issuance of purchase orders when estimates of expected cash disbursements are not known in advance. District staff, principals, and bookkeepers will continue to train and review procedures. Other staff will also be trained as appropriate.

Management Corrective Action Plan
 June 30, 2025

CORRECTIVE ACTION PLAN

Bristol Tennessee City Schools respectfully submits the following corrective action plan for the year ended June 30, 2025.

Name and address of independent public accounting firm:

Brown, Edwards & Company, L.L.P.
 433 E. Center Street, Suite 101
 Kingsport, TN 37660

Responsible officials for corrective action:

David Adkisson
 Interim Chief Financial Officer

The findings from the June 30, 2025 schedule of findings and responses are discussed below.

2025-001: Significant Deficiency – Cash Disbursements

Criteria

As explained in the *Tennessee Internal School Fund Manual* (the *Manual*), schools are required to have controls in place related to all aspects of financial reporting including disbursements and bank statements.

Condition

Two elementary schools did not follow the Manual’s guidelines for cash disbursements. The following issues were noted for the two elementary schools:

2025-001: Significant Deficiency – Cash Disbursements (Continued)

Disbursements:

- One instance at one of the elementary schools and two instances at another elementary school were noted where invoices predated the purchase order indicating the purchase order was not approved before purchase was made.

Effect

The effect of these issues causes the schools to not be in compliance with cash disbursement procedures as defined in the *Manual*.

Recommendation

The schools should follow the procedures set forth in the *Manual* for cash disbursements.

Management Response

We agree that each school should be following the procedures that are set forth by the *Manual* for cash disbursements. Management reviewed each instance noted and discussed with the relevant principal and bookkeeper. The deficiencies were not repetitive, and several deficiencies related to internal practices regarding issuance of purchase orders when estimates of expected cash disbursements are not known in advance. District staff, principals, and bookkeepers will continue to train and review procedures. Other staff will also be trained as appropriate.

Anticipated Completion Date

These matters should be corrected since each deficiency has been reviewed and changes and clarifications in practices have been implemented.

Re: Agenda Items for February 16, 2026 Board of Education Meeting

Dr. Tudor,

Please include the following consent items on the agenda of the February 16, 2026 meeting of the Board of Education:

- Financial Reports (Revenues & Expenditures) for the General Purpose, Federal Projects, School Nutrition, and Capital Projects Funds for the month of December 2025;
- Board Approval Listings of checks/electronic remittances paid during the month of December 2025;
- Budget revision FP-BJ-04.

Financial reports and board approval listings for January 2026 will be reported at the Board of Education meeting scheduled to occur in March 2026.

Thank you,

David Adkisson
Interim Chief Financial Officer

Bristol Tennessee City Schools

	Descriptor Term:	Descriptor Code:	Issued Date:
	Philosophy	1.000	01/15/18
		Rescinds:	Issued:
		1.100	01/18/10

1 The Bristol Tennessee City Schools will be conducted with the philosophy that individuals learn best
2 when the environment in which they function promotes an atmosphere conducive to continuous
3 intellectual growth and which emphasizes the worth and dignity of the individual functioning in a
4 democracy. It is the responsibility of the staff to seek to instill in each individual student the desire to
5 achieve at an optimum level, the desire to conform to the rules of society, and the desire to understand
6 and accept the responsibilities of being a positive contributor to society and one's fellowman. Insofar as
7 it is possible within the framework of public education, each student shall be provided with
8 opportunities to achieve maximum individual potential in educational, spiritual, physical, social,
9 emotional, and moral growth following coursework that parallels state standards with the educational
10 curriculum approved by the Board of Education. Community participation in the schools shall be
11 actively encouraged in order to promote the positive influence which has historically made the school a
12 focal point of the community.

Bristol Tennessee City Schools

Descriptor Term: Nepotism	Descriptor Code: 1.108	Issued Date: 05/15/23
	Rescinds: 1.108	Issued: 01/15/18

- 1 Whenever a person is considered by the director of schools for initial employment in the system and
2 that person is related to a member of the board, the director of schools, an administrator in the system,
3 a city council member, or any appointed or elected city official, the relationship shall be made known
4 to the board prior to the employment of such person.¹
- 5 The Board is aware of the sensitive nature and the possible appearance of a conflict of interest when an
6 employee is responsible for the supervision of an immediate family member. Therefore, no employee
7 shall directly supervise any immediate family member.
- 8 The director of schools shall give notice to the board of directors prior to employing any teacher or
9 other employee if such person ~~is the father, mother, brother, sister, spouse, son, daughter, son-in-law,~~
10 ~~daughter-in-law, sister-in-law, brother-in-law, or stepchild of the director of schools, an elected city~~
11 ~~official, or school board member.~~ **is related to the director of schools, school board member, or other**
12 **appointed or elected official as defined in this policy.** In giving such notice, the director of schools
13 shall certify that the prospective employee is duly qualified by training and licensure to occupy the
14 position.¹
- 15 For purposes of this policy, the terms “related to” and "relative" include the following relationships:
16 spouse, parent, parent-in-law, child, son-in-law, daughter-in-law, grandparent, grandchild, brother,
17 sister, uncle, aunt, nephew, niece, or any person who resides in the same household.¹
- 18 This shall not apply to any person within such relationship or relationships who has been regularly
19 employed by the Board prior to the inception of the relationship, the adoption of this policy, or a Board
20 member's election. However, if such a relationship is created after the employee begins working for
21 Bristol Tennessee City Schools, the employee(s) must immediately disclose the existence of the
22 relationship to the director of schools so remedial action may be taken.
- 23 If a member of the board has a relative who is an employee in the system, prior to voting on any matter
24 of business that may have an effect upon the employment of the relative, the member shall declare
25 such relationship. In making such a declaration, the member shall certify that his/her vote on the
26 pending matter will be in the best interest of the school system.¹

Bristol Tennessee City Schools

	Descriptor Term: Charter Schools	Descriptor Code: 1.704	Issued Date: 01/15/18
		Rescinds: 2.138	Issued: 02/24/03

1 SCOPE

2 This policy shall apply to sponsors and potential sponsors of newly created public charter schools. It
3 shall not apply to public charter schools converted from existing public schools pursuant to TCA 49-
4 13-106 (b) (2).

5 DEFINITION

6 A charter school shall be a public, nonsectarian, non-religious, non-home based school which operates
7 within a public school district. It shall be subject to all state and federal laws and constitutional
8 provisions prohibiting discrimination on the basis of disability, race, creed, color, gender, national
9 origin, religion, ancestry or need for special education services.¹

10 The purposes of charter schools are to:²

- 11 1) Improve learning for all students and close the achievement gap between high and low
12 students;
- 13 2) Provide options for parents to meet educational needs of students in high priority schools;
- 14 3) Encourage the use of different and innovative teaching methods, and provide greater decision
15 making authority to schools and teachers in exchange for greater responsibility for student
16 performance;
- 17 4) Measure performance of pupils and faculty, and ensure that children have the opportunity to
18 reach proficiency on state academic assessments;
- 19 5) Create new professional opportunities for teachers; and
- 20 6) Afford parents substantial meaningful opportunities to participate in the education of their
21 children.
- 22
- 23
- 24
- 25
- 26

27 APPLICATION PROCESS³

28 A prospective charter school sponsor shall send the director notice of its intent sixty (60) days prior to
29 April 1 of the year preceding the year in which the proposed charter school plans to begin operation as
30 a public charter school.

1 A sponsor seeking board approval of an initial charter school application must complete the form
2 provided by the Tennessee Department of Education. In the application, the sponsor must demonstrate
3 that the proposed charter school meets the purpose prescribed by law for the formation of a charter
4 school and the proposed charter school will be able to implement a viable program of quality education
5 for its students. In the case where a traditional public school is seeking to convert to a charter school,
6 the application must include documents showing the necessary parental or teacher support.

7
8 Applications must be submitted to board on or before 4:30 p.m. on April 1 of the year preceding the
9 year in which the proposed charter school plans to begin operation as a public charter school.
10 Applications will be accepted only between March 1 and April 1. If the 1st of April falls on a Saturday,
11 Sunday or holiday on which the school district offices are closed, applications will be accepted on the
12 previous business day on or before 4:30 p.m. Late applications will not be accepted, without
13 exception. The sponsor shall pay an application fee of \$500.00.³

14 15 **REVIEW TEAM**

16 If necessary, the board shall appoint a review team to assist in reviewing and evaluating charter school
17 applications. The team shall be composed of: members of the administrative staff for the district;
18 community members; and a member of the board. At the board meeting in February each year, the
19 Director of Schools shall make a recommendation to the board of which members of his administrative
20 staff should be appointed to the team. The board shall name the members of the team at its meeting in
21 March of each year. The board shall designate a chairman of the review team as the contact person for
22 answering questions about the application process and receiving applications.

23 The board shall require a procedure of receiving, reviewing and ruling on applications for the
24 establishment of charter schools. The procedure must include a timeline for the application and review
25 process. A copy of the procedure, including the review criteria, shall be available to any interested
26 party upon request.

27 The review team shall:

- 28 1) Evaluate all charter school applications based on the review criteria adopted by the board;
- 29
30 2) Recommend one of the following options to the board for each application: approve, reject, or
31 reject with stipulations for reconsideration; and
- 32
33 3) Make recommendations for revocation, renewal or non-renewal of charter contracts.

34 **APPROVAL, DENIAL OF APPLICATION⁴**

35 The board shall rule by resolution on the approval or denial of a charter application within ninety (90)
36 days of receipt of the completed application or the application shall be deemed approved by law.

37 **Approval**

38 The sponsor of a public charter school that is approved by the board shall enter into a written
39 agreement with the board, which shall be binding on the charter school's governing body. This
40 agreement, known as the charter agreement, shall be in writing signed by the sponsor and the board. In

1 the application, the sponsor must demonstrate that the proposed charter school meets the purpose
2 prescribed by law for the formation of a charter school and the proposed charter school will be and
3 shall include all aspects of the sponsor's approved application as well as any reporting requirements
4 prescribed under state or federal laws.⁵

5 All charter schools that include high schools (grades 9-12) must be regionally accredited. It is expected
6 that the candidate school status for accreditation will be received during the first year of the charter
7 school operation.

8 Charter schools approved by the board of education are expected to implement the application as
9 submitted and approved. Material variations in operations from the approved application require
10 amendment pursuant to statute and the charter school agreement.

11 The board should not be expected to provide services to charter schools that are not requested during
12 the application process except for those services that are required under state or federal laws. Services
13 agreed to be provided to the charter schools by the board shall be provided at board actual cost.

14 The Governing Body of an approved public charter school shall make a written report to the board
15 annually between August 1 and September 1. This reporting requirement shall begin in the year after
16 the year in which the public charter school begins operation. This annual report shall include: a report
17 on the progress of the school in achieving its goals, objectives, pupil performance standards, content
18 standards, and all other terms of the charter agreement; and a financial statement disclosing the
19 financial health of the school including the costs of the administration, instruction and other spending
20 categories of the school.⁶

21 New public charter schools, conversion schools, and all renewals of charter agreements are approved
22 for ten year periods. However, following the fifth year of a charter school's initial period of operation
23 or the fifth year of any renewal of a charter school agreement, the LEA must conduct an interim review
24 of the charter school according to the guidelines developed by the Department of Education.

25 No later than October 1 of the year prior to the year in which the charter agreement expires, the
26 governing body of a public charter school shall submit a renewal application to the board. The board
27 shall make its renewal decision based on the progress of the school towards its stated goals and on the
28 financial status of the school.⁷

29 The board may revoke or deny renewal of a public charter school agreement for any of the reasons
30 enumerated in TCA 49-13-122.

31 **Denial**

32 Upon receipt of the grounds for denial, the sponsor shall have thirty (30) days within which to submit
33 an amended application to correct the deficiencies. The board shall have thirty (30) days either to deny
34 or to approve the amended application or the application shall be deemed approved by law.⁴

35 A denial of an application by the board may be appealed by the sponsor, within ten (10) days of the
36 final decision to deny to the State Board of Education.

Bristol Tennessee City Schools

Monitoring:	Descriptor Term: Charter School Applications	Descriptor Code: 1.901	Issued Date: 08/18/25
		Rescinds: 1.901	Issued: 09/18/23

1 *General*

2 This policy shall apply to sponsors and potential sponsors of charter schools. It shall not apply to
3 charter schools converting from existing public schools. Proposals from existing charter school
4 operators or replicators and applicants proposing to contract with educational service providers shall be
5 in accordance with state law.¹

6 **APPLICATION PROCESS**

7 A prospective charter school sponsor shall send notice to the director of schools or designee of its
8 intent sixty (60) calendar days prior to February 1 of the year preceding the year in which the proposed
9 charter school plans to begin operation as a charter school. ~~The director of schools or designee shall~~
10 ~~determine whether the sponsor has selected the correct application category within ten (10) business~~
11 ~~days of receiving the letter of intent and notify the sponsor within five (5) business days of a~~
12 ~~determination that the incorrect application category has been selected.~~² **The director of schools or**
13 **designee shall confirm receipt of the letter and provide the sponsor with current state and federal per**
14 **pupil funding estimate within five (5) business days.**²

15 A sponsor seeking board approval of an initial charter school application shall complete the forms
16 developed by the State Board of Education in coordination with the Tennessee Public Charter School
17 Commission (“the Commission”). The application shall provide all the information required by state
18 law. The sponsor shall demonstrate that the proposed charter school meets the purpose prescribed by
19 state law for the formation of a charter school, and the proposed charter school will be able to
20 implement a viable program of quality education for its students.

21 Electronic copies of applications shall be submitted to the board and the Commission on or before
22 11:59 p.m. ~~Central~~ **Eastern** Time on February 1 of the year preceding the year in which the proposed
23 charter school plans to begin operation as a charter school. If the first of February falls on a Saturday,
24 Sunday, or holiday on which the school district offices are closed, applications will be accepted on the
25 next business day on or before 11:59 p.m. Late applications will not be accepted, without exception.
26 The sponsor shall pay an application fee of \$2,500.00.² The director of schools/designee shall report
27 each **initial** application received to the Commission no later than ten (10) days after receipt.²

28 ~~The board shall determine whether an application is complete within ten (10) business days of~~
29 ~~receiving the application and shall notify the sponsor within five (5) business days of the determination~~
30 ~~if the application is determined to be incomplete.~~³

31 **REVIEW TEAM**¹

1 If necessary, the director of schools or designee shall appoint a review team to assist in reviewing and
2 evaluating charter school applications. The team shall be comprised of members of the administrative
3 staff for the district, community members with relevant educational, organizational, financial, and legal
4 experience. At the board meeting in December of each year, the director of schools or designee shall
5 make a recommendation to the board on which members of the administrative staff should be
6 appointed to the team. The board shall name the members of the team at its meeting in January of each
7 year. The board shall designate a chair of the review team as the contact person for answering
8 questions about the application process and receiving applications. The director of schools or designee
9 shall develop an orientation for the team to ensure consistent evaluation standards and the elimination
10 of real or perceived conflicts of interest.

11 The board shall require the director of schools or designee to develop a procedure for receiving,
12 reviewing, and ruling on applications for the establishment of charter schools by the review team. The
13 procedure shall include a timeline for the application and review process. A copy of the procedure,
14 including the review criteria, shall be available on the district's website.

15 The review team shall:

- 16 1. Evaluate all charter school applications based on the review criteria established by state law;
17 and
- 18 2. Recommend one of the following options to the board for each application: approve; **or reject,**
19 ~~or reject with stipulations for reconsideration.~~⁴
20

21 **APPROVAL/DENIAL OF APPLICATION**⁵

22 The board shall rule by resolution on the approval or denial of an initial charter school application
23 within ninety (90) calendar days of receipt of the completed application, or the application shall be
24 deemed approved by state law. The director of schools or designee shall report the action taken by the
25 board to the Department of Education and the Commission: **no later than ten (10) calendar days after**
26 **approval or denial. If an application is denied, the report shall also include the reason for denial.**

27 *Approval*

28 The sponsor of a charter school that is approved by the board shall enter into a written agreement with
29 the board which shall be binding on the charter school's governing body. The charter school agreement
30 shall be in writing and signed by the sponsor and the board.

31 The board will receive an annual authorizer fee of three percent (3%) of the annual per student state
32 and local allocations or thirty-five thousand dollars (\$35,000), whichever is less.⁶

33 Charter schools approved by the board are expected to implement the application as submitted and
34 approved. Material variations in operations from the approved application require amendment pursuant
35 to state law and the charter school agreement.⁷

36 The board shall not provide services to charter schools that are not requested during the application
37 process except for those services that are required under state or federal law. Services agreed to be

1 provided to the charter school by the board shall be provided at the board's actual cost. The board and
2 charter school shall execute a service contract for any additional services.

3 New charter school agreements are approved for a ten (10) year period.⁸ The board may revoke or deny
4 renewal of a charter school agreement for any of the reasons enumerated in state law.⁹

5 *Denial*

6 If the initial charter school application is denied, the board shall notify the sponsor in writing within
7 ten (10) calendar days, specifying the objective reasons for the denial and the deadline by which the
8 sponsor may submit an amended application. Upon written receipt of the grounds for denial, the
9 sponsor shall have thirty (30) calendar days within which to submit an amended application to correct
10 the deficiencies. The board shall have sixty (60) calendar days either to deny or to approve the
11 amended application, or the application shall be deemed approved by state law.⁵

12 If the amended charter school application is denied, the board shall notify the sponsor in writing within
13 five (5) calendar days, specifying the objective reasons for denial and the sponsor's right to an appeal.
14 Within ten (10) calendar days of final denial, an appeal may be filed with the Tennessee Public Charter
15 School Commission.¹⁰

I. Three Year Data Trend

For the purposes of this grant application the following definitions remain true:

- Utilization - This reflects the number of low-income three- and four-year-olds enrolled in VPK seats.
- Percent of Capacity - This reflects the total number of enrolled students versus available VPK seats (regardless of age or income eligibility).
- I.a. Enrollment data from the previous three years will be scored.

District Enrollment	Percent of capacity in VPK	% low income (L)	% with IEP	Number of students enrolled in kindergarten
2025-26 School Year	95	95	11	
2024-25 School Year	89	88	10	
2023-24 School Year	97	92	10	

Bristol (821) Public District - FY 2027 - Voluntary Pre-K - Rev 0 - Voluntary Pre-K

1. In 750 words or less, please describe how your district supported pre-K teachers' implementation of state-approved comprehensive curriculum for pre-K, TN Foundational Skills Curriculum Supplement (or other research-based, sounds-first foundational skills supplement), and the use of high-quality instructional materials as part of everyday instructional practice. Your response and/or artifacts must include the following:

- The specific state-approved curriculum and sounds-first foundational skills supplement used and how the district supported teachers and assistants in the implementation of these high-quality materials
- Examples of how your district ensured curricula is being used to fidelity without additional supplements outside of the required foundational skills supplement
- A district-specific Scope and Sequence documenting outlining current implementation of the comprehensive curriculum
- Examples of how high-quality instructional materials are being used to support teaching and learning
- A plan for delivering relevant and meaningful professional development to voluntary pre-k teachers, specific to ensuring a high-quality pre-kindergarten experience*
- A breakdown of the required 5.5 hours of instructional time and how this time is used to promote learning goals with preschool children
- How the district ensures coordination and alignment between VPK classrooms and kindergarten with the goal of ensuring that elementary grade instruction builds upon pre-kindergarten classroom experiences*

ARTIFACTS: Pre-K Daily Schedule, Professional Development schedule for teachers and assistant teachers, Scope and Sequence for comprehensive curriculum

BTCS PreK uses the Tennessee Foundational Skills Curriculum Supplement (TNFSCS) which provides alignment between PreK and kindergarten instruction. PreK teachers have completed the foundational literacy course offered by the TDOE. Teachers train in best practices through PD offered by the TDOE, the Access for All Learning Network (AALN), and Bristol Tennessee City Schools (instructional coaches and PK Coordinator).

Teachers selected Teaching Strategies Creative Curriculum to support pre-school children in their acquisition of literacy skills. The teachers and assistants received six hours of training from the vendor during initial implementation. In the summer of 2025, teachers, pre-school teaching assistants, AALN coaches, the special education director, and the VPK director received additional training directly from the vendor. The vendor continues to make virtual training available. Additionally, AALN coaches provide regular walkthroughs and coaching cycles to support teachers in curriculum implementation and best classroom practices.

All VPK classrooms use the new adoption, The Creative Curriculum by Teaching Strategies and the Tennessee Foundational Skills Curriculum Supplement (TNFSCS) solely for literacy instruction. The Creative Curriculum covers PreK level reading, science, social studies, gross/fine motor, math, and social-emotional skills. Teachers use learning stations based on the PreK learning standards (TN-ELDs). PreK teachers implement the Tennessee Foundational Skills Curriculum Supplement to teach foundational skills. No outside resources are permitted for foundational skills instruction. Lessons are taught daily consisting of Sounds First activities. The TNFSCS materials lead teachers and assistants to provide various learning experiences for children such as rhyming, syllable breaks, and phoneme identification. The experiences build children's vocabulary and word awareness. Additionally, classrooms provide a print-rich environment for children through in-class libraries and labeled materials/learning stations.

Instruction takes place in both whole and small groups. See daily breakdown below. The progression of skills is based on the individual needs of each child and includes rhyming activities, alliteration, manipulating syllables, identifying compound words, beginning sounds, final and medial sounds. AimsWeb tests are given to each student at the beginning, middle and end of the school year to determine each child's readiness level and to track growth.

Implementation of The Creative Curriculum and TNFSCS are monitored through the review of classroom daily schedules, lesson plans, and classroom walkthroughs. School and district leaders, coaches, and AALN partners conduct classroom literacy walks to ensure the high-quality instructional materials are being used daily and with fidelity. Instructional goals are set with teachers using the Instructional Practice Guide (IPG), CLASS, and TEAM data.

All BTCS VPK programs are located in our elementary schools. VPK classes are full-day programs. Students begin arriving each day at 7:50 with the school day beginning at 8:10. They have breakfast and lunch and attend related arts classes. The PreK day is seven hours long, exceeding the minimum of 5.5 hours of instruction per day. The schedule includes Creative Curriculum, Mighty Minutes, playground and rest time, and free center time with social-emotional learning skills, language modeling, and one-to-one and small group conversations.

To align instruction between PreK and kindergarten, teachers in both settings collaborate regarding the skills, mastery, and grade level expectations. Educators work together to provide a seamless educational experience for children as they progress from pre-school to kindergarten. Kindergarten teachers receive and analyze student work and assessment scores from PreK. School leaders provide time for vertical meetings to enable collaboration between the sending and receiving teachers. In addition, the PreK and kindergarten teachers make the academic transition as easy as possible for the parents and the child. Pre-school and kindergarten teachers are on campus to enroll students, meet parents, and provide relevant information months before the beginning of the school year.

The PreK director meets with the PreK teachers and educational assistants on the district's seven embedded in-service days. PLCs have been formed to support and individualize training based on teacher/EA input and students' needs. Instructional coaches are scheduled, as needed, to assist teachers with curricular needs. PreK teachers meet on district in-service days to share ideas, offer support, and provide feedback to one another. Pre-school teachers have been provided with opportunities to visit and observe one another's classrooms to identify best practices in action.

Teachers have requested training in differentiating instruction for students with disabilities and English as a second language. As a result, we have partnered with our student services director to provide professional development by highly qualified experts.

Our district has also provided training for our educational assistants on ABA and communication practices and we are working to have all EAs acquire a CDA credential.

See attachments for our scope and sequence, daily schedule, and PD schedule.

Anderson Inclusion Pre-K Daily Schedule 2025-2026

8:00-8:45 Breakfast/Bathroom

8:45-9:00 Morning Meeting/Books

9:00-9:45 Red/Blue Group - Centers

2:15-2:45 Social Emotional learning/Centers

2:45-2:55 Clean Up, Bathroom, & Pack Up

2:55-3:05 Dismissal

2. In 750 words or less, please explain how the district focuses on engaging VPK parents and families throughout the school year beyond what is minimally required within the VPK Scope of Services*. Please include how your district encourages participation on the VPK family satisfaction survey and how this data is used to support programming decisions.

ARTIFACTS: Districts do not have to submit artifacts for this question.

Each April schools host PreK/K registration to enroll students for the upcoming school year. Registration is available online or in person on a specific date. In June, PreK families are required to be screened for hearing/vision, speech, and development. In August, families are invited to an orientation in the PreK classroom, and teachers schedule individual time with families to provide them with necessary information regarding the PreK program. Parents can also share information regarding their child. At the beginning of the school year, each site has an open house to give parents information about our high-quality instructional materials, developmentally appropriate programming, the daily schedule, and details of the upcoming school year. Two parent conference evenings are offered to PreK families during late fall and late winter. Each elementary school has an active PTA and PreK parents are encouraged to join. PreK families are included in all PTA-sponsored activities such as math and reading nights.

PreK classroom newsletters are sent home weekly throughout the school year to keep parents informed of events and classroom activities. Emails, messaging systems, calls, and conferences are used to inform parents about specific items related to their child. Weekly updates are posted to Canvas, which is the district learning management system. Likewise, Canvas is used to share curriculum, daily schedules, classroom and school announcements and can be used to continue instruction during long-term school closings. Online curriculum resources are shared with parents. Automated calls are also used to communicate. School and district webpages, and social media including Facebook, Instagram, and X accounts are used to convey information regarding school events at the school and district levels. Flyers for school events are sent home in weekly communication folders to parents to inform them of upcoming school, classroom, and community events. Each school has a parent representative who serves on the Pre-K Community Advisory Committee which meets each school year to develop procedures and guidelines regarding the Pre-K classes. Our Family Resource Center sponsors Reading Buddy nights quarterly throughout the school year, where PreK families are invited to attend and participate in parent-child activities and read-alongs.

Families are highly encouraged to complete and submit the annual family satisfaction survey. Teachers make individual contact with each parent to share the survey and answer any questions they may have about completing it. Previously, teachers shared that due to online platform and timing of the distribution, it has been difficult to ensure all parents complete the survey. As a result, we administered the survey at the highly attended, year-end PK celebrations last year. We also set up stations at each school for PK parents to complete the survey as they enrolled their child in kindergarten. Teachers continue to offer incentives to students for completion. We credit the strategies with a rise in responses from 26 completed applications in FY2024 to 52 surveys completed in FY2025.

PreK teachers review survey results with the PreK director and CPAC team. In addition, school principals and district supervisors review the data to reflect on strengths and areas for improvement for the next school year. Teachers set goals with the principal and PreK director. District leadership use the feedback along with the feedback from the district and school Educator Survey to make changes as needed. We saw a 50% gain in the number of VPK surveys received during the 24-25 school year. We will continue to work to increase the number of surveys completed as we value the input and use it to inform our program decisions.

Results indicated areas of strength, including 85% of parents responding stated they feel more prepared to support their child in kindergarten. Eighty-nine percent of families reported that the school and teacher are responsive when they need to contact us, teachers encourage parents to be active participants in their child's education, and teachers are qualified and supportive. Ninety percent indicated they feel welcomed and respected at our schools.

Areas of need include that 58% of parents were able to pursue or maintain employment, and 15% were able to pursue adult education further illustrating the need for additional PreK options in our community. Additional communication regarding the PK to Kindergarten transition resources also needs to be addressed as only 11% of our families responding to the survey noted the use of the tools. Fifty-four percent of families reported attending parent

conferences, and 8% reported participating in the CPAC. As a result, our team will plan to communicate invitations earlier and more frequently for these events.

3. In 750 words or less, please describe how your district used Classroom Assessment Scoring System (CLASS) and CLASS Environment data to improve quality in the current school year (must minimally include data points and focus areas) and how the data was used to increase high-quality teaching and learning. Describe what data you have collected and how you are using this data to provide coaching and support to teachers and assistants to ensure students have a high-quality VPK experience. Specifically describe ways your district ensures continuous quality improvement of the pre-K program by implementing quality measurement tools and at what frequency these measures occur. Your response must include the following:

- CLASS observation areas of identified coaching support for teachers including data points guiding decisions related to areas of need
- CLASS Environment areas of identified support including data points guiding decisions related to areas of need
- Specific ways coaching support was provided to teachers following CLASS observations
- Examples of how support provided by the district following CLASS and CLASS Environment observations led to quality improvements for early childhood instruction and environments

ARTIFACTS: Districts do not have to submit an artifact for this question.

The PreK director conducts the CLASS for PreK classrooms once each semester, then follows up with coaching conversations based on the data collected from the CLASS and CLASS environment observations with individual teachers. During the follow up sessions, areas of strength and growth are identified, and action steps are collaboratively developed. Additionally, the PreK director, special education director, and AALN coaches conduct monthly walkthroughs based on the TDOE Instructional Practice Guide (IPG) and the CLASS environment and instructional expectations. Our AALN coaches follow up with teachers to offer guidance and support based on the data generated from the classroom walkthroughs.

This support team also uses the data generated from the CLASS observations to design and provide professional development for PreK teachers and teaching assistants during in-service days when the data indicates that all teachers/assistants need support in specific areas. This year, the CLASS observation data indicate that all teachers grew in the areas of need over the past year; however, the greatest areas of need identified through the CLASS observations support additional training in the areas of concept development, quality of feedback, instructional learning formats, and language modeling. *See Table 1 below for specific data. Therefore, we will continue to provide, district PreK training in these areas during our in-service meetings, so PreK teachers and PreK educational assistants may attend during regular working hours. Training also includes components on differentiating instruction for students with disabilities and English as a Second Language. Teachers and assistants are receiving specific professional development and practice in how to embed effective “how and why” questions into their curriculum, and teachers with the greatest need, based on individual CLASS data, are visiting district and out-of-district classrooms to observe exemplary teachers deepening children’s understanding through the use of higher-order thinking questions and activities. During our upcoming in-service, teachers and assistants will watch exemplar and non-exemplar videos and work together to identify best practices including effective questioning, sustained activities that encourage PreK students to apply reasoning skills, narration, and self-parallel talk, as identified by the CLASS system for PreK instruction. Teachers and assistants will then review individual identified areas of strength and need from CLASS observations and develop next steps for improving their classroom instruction and environment.

Indicator	2045-25 CLASS Data (District Avg)	2025-26 CLASS Data (District Avg)
Instructional		

Learning Formats	4.67	5.19
Concept Development	3.07	4.44
Quality of Feedback	3.41	4.56
Language Modeling	3.17	4.44

CLASS environmental observations indicated the need for multi-cultural materials, space for child privacy, and the greatest need—displays of student writing. These domains and others have been addressed, and improvements have been made since last year by changing classroom setups and district purchases of PreK materials. (See Table 2 below for specific data.) We recognize that additional changes are needed and will provide staff with the training, time, and opportunities to incorporate additional writing and dictation activities into the curriculum as well as assistance in altering the applicable classrooms to include space for child privacy. While these are the priorities for the current school year, we will continue to address additional areas of need in our PreK classrooms based on the CLASS environmental data through individualized supports.

CLASS environmental data indicate our teachers remain strong in the areas of cooperative learning spaces (3 out of 3) and materials for imaginary and real-world play (2.89 out of 3). CLASS observation data indicate success in the areas of positive climate (avg of 6.74) and behavior management (avg of 6.33).

While we celebrate our successes, we recognize there is always room for improvement in all areas. We will continue to use in-service days and our AALN resources (described above) and school-day PLCs and/or district-in-service days to address environmental and observational factors—however, we will chunk and differentiate learning to model expectations. Working with our academic coaches, our PreK coordinator, our special education team, and our AALN liaison, individual and district-wide supports remain on-going through-out the school year through individualized coaching and district professional development tailored to staff needs as indicated by CLASS evaluation data. Please note, trainings include our PreK educational support staff.

4. In 750 words or less, please describe how your district prioritized enrollment of income-eligible four-year old children, including children with disabilities in the 2025-26 school year. Your response must include:

- Current utilization rate (if your utilization rate is below 80%, you must include additional information on ongoing efforts to increase the utilization rate including recruitment and enrollment strategies)
- A breakdown of how many children in your VPK seats are income-eligible and non-income eligible and percent of how many children qualify as children with disabilities representing various categories assigned to children ages 3-5 in the district
- Utilization trends from last three years including how you supported an increase in enrollment for qualifying children
- Efforts to ensure prioritization of income-eligible children including specific strategies your district uses to decide when to enroll three-year-olds or over-income children
- Rationale behind enrolling three-year-old and/or over-income children into VPK including how efforts were exhausted to identify and enroll all eligible four-year-old children prior to enrolling children from other identified groups
- Efforts to ensure equal access for income-eligible children with disabilities including what general education options your district uses to serve preschool

children with disabilities who are not age and income eligible for VPK

- Wait list including income-eligible and non-income eligible students and specific information on how children are enrolled from the waitlist

ARTIFACTS: Universal preschool application used by the district

To serve our community and ease the transition to kindergarten, we braid our VPK seats so children with diverse ability levels and income levels are served in their home schools. To serve our children with the most severe needs, we have one CDC classroom, funded through special education. Our special education director has worked directly with our PreK teachers to provide materials and resources to ensure our SWDs have access to the general education curriculum. Classrooms have been equipped with flexible seating, sensory manipulatives, adaptive speech devices, and other tools to enhance the learning environment for our SWDs. We have implemented itinerant services this school year. Occupational, physical, and speech therapists, and ESL teachers push into classrooms to serve students on their respective caseloads in the general education setting. In this way, our service providers work directly with the teacher/assistants to integrate therapy into classroom instruction.

Our PreK director works with our Special Education Director and Child Find Coordinator to ensure we are identifying students with disabilities and encourage their families to enroll in our PreK program. Trends over the past 3 years indicate our utilization rate is rising—23-24: 92%, 24-25: 88%, 25-26: 95% at the time of the data pull (with new enrollments as of the time this grant is being written, our current utilization rate is now 99%). In addition to our locally funded seats for students with disabilities, the percentage of students with disabilities in VPK seats follows: 23-24: 10%; 24-25: 10%; 25-26: 11% at the time of the data pull (with new enrollments and students who have been enrolled but recently identified as having a disability, the current percentage of students with disabilities is 30% overall. Fifteen percent of our VPK students, and another 15% of our locally funded students are now receiving special education services.

Our district prioritizes enrollment of income-eligible PreK students by advertising registration in surrounding laundry mats and offices of governmental housing contained within the school district. Flyers are shared with local homeless shelters and offices of trailer park rentals in addition to being posted on our school website and social media accounts. We work with local campgrounds to display information on community boards to get the information to families who may have PreK-eligible children in places where many low-income families reside. In addition to automated phone calls, flyers are sent home with all elementary students including the three Title I schools within our school district regarding registration. Registration is available online and at school sites on a designated day in April for the following school year. However, families may come to the school at any time to register their child, and online registration is always available as an option throughout the school year.

VPK program eligibility is determined after the universal applications are received and teachers talk with parents at registration. Parents complete the universal application, the income eligibility document, a BTCS enrollment form and our BTCS criteria document. The decision to enroll over-income children and 3-year-old children is made on a case-by-case basis, taking into consideration other areas of need, such as special education services, and how closely the income is to meeting the requirement. Eighty seats are reserved for income eligible students, and 20 locally funded seats (either income ineligible or eligible) are reserved for students with disabilities and those who may later be identified through TEIS. The CPAC developed a rating sheet that teachers complete for all students who have registered-rating income eligibility, family dynamics, disability status, as well as performance on basic academic screening tools. This tool helps when making decisions to enroll. In addition, the district funds 20 seats from general purpose and can place additional students who do not meet the income requirement into those seats.

Appointments are made for our summer screening process where we check speech, vision, and hearing, and administer the Brigance Screening tool from Curriculum Associates. Any missing documentation from registration is also collected at this screening appointment. Information from the screening is shared with parents after the screening appointment. The screening information is added to the criteria sheet and students are ranked by points for acceptance into the program with children who are income-eligible and students with disabilities receiving priority placement.

The PreK Director maintains a waiting list and places students, according to need, as slots open. Each teacher notifies the PreK Director if a student has moved or dropped from the program so the slot to be filled by students on the waiting list. Income-eligible students take priority. The PreK director continues to monitor enrollment throughout the school-year to ensure we are serving as many students in our community as possible.

5. In 750 words or less, describe how your district's Voluntary Pre-K program benefits children and families in your community. Your response must include:

- Districts long-range plan for serving all four-year old children regardless of income including the proposed sources of local matching funds*
- Statement of need including preschool opportunities, poverty rates*, workforce demographics and other outstanding factors impacting families throughout your community including specific sources of information and data
- Collaborative partnerships supporting children and families in your district
- Additional services you have provided to VPK families in order to increase enrollment (ex: transportation, extended care, same hours as K-12, etc.) and support at-risk families
- Student level data from FY25 to demonstrate children leaving VPK have the skills necessary to excel in kindergarten
- If applicable, requests for additional classroom allocations for FY27 including plan for facility space, teacher recruitment, and additional costs related to opening a new classroom

ARTIFACTS: Districts do not have to submit an artifact for this question.

Based on results from our BTCS staff survey, our district has a long-range plan to serve all four-year-old children regardless of parent income and to serve the staff and students of BTCS who are parents by providing childcare to children ages 6 weeks to 5 years. We currently fund five full-time educational assistants and three part-time assistants. We provide all materials and equipment to all the PreK programs.

To serve all four-year-olds in our district who are not income-eligible, we estimate the need for approximately 200 additional seats. This would equate to approximately 10 more classrooms and teachers. The district would like to offer a free or fee-based childcare program for children six-weeks old through eligible 5-years-old for district staff members. The district is continuing conversations with the high school CTE and work-based learning program staff to implement this program, and discussions with city officials regarding the need for high quality child-care have been initiated. Curriculum coaches would provide early childhood lessons to staff and high school student workers throughout the TAP courses.

Statement of Need: According to the most recent data published by the United States Census Bureau, the percent of people living in poverty is 14.1% with 23.3% of children under 18 years old living in poverty. Only 29.8% of residents have a bachelor's degree or higher. The unemployment rate is at about 3.7%. A 2022 report in The Economics of Tennessee's Child Care Crisis cites economic loss in northeastern Tennessee due to insufficient childcare facilities. According to the US Dept of Labor, only 71% of Sullivan County women with children under the age of six are in the workforce, and Tennessee mothers earn .72 cents for every dollar a father makes. The 2024 median price of center-based pre-school in Sullivan County \$8,439—over 10% of the median family income. According to previous VPK surveys, our free childcare allows parents the opportunity to pursue gainful employment/educational opportunities.

Collaborative partnerships: BTCS collaborates with the local YMCA and The Boys and Girls Club, and Girls, Inc. to ensure the possibility of after-school care for PreK students. The BTCS Community Resource Center supports VPK families, and the community resource coordinator connects families to community agencies. The Community Resource Center provides parents with brochures that contain homework help and strategies and offerings of help in our community. We provide information on our Bristol Public Library's Summer Reading Program and a Bookmobile program which visits government housing and other neighborhoods of our Title I Schools.

Students are given the opportunity to secure a Bristol Public Library Card and may check out books from the Bookmobile. The Community Resource Specialist has addressed many needs of our students and families. We work closely with her to form community partnerships willing to assist our families in meeting basic needs. Our BTCS Family Resource Center was started as part of a Safe Schools Grant in 2007 with our first PreK Classrooms. Over time, the Resource Center has diligently created a network of support agencies and community partnerships willing to assist our families in meeting their basic needs.

The following partnerships help support BTCS students including our PreK Students:

- Civic Clubs/Organizations: the support of these organizations comes through the provision of new shoes, financial contributions, food and school supply donations, holiday assistance, children's advocacy, and community volunteer mentors.
- Faith-Based/Community Organizations: the support of these organizations provides holiday assistance, financial contributions, classroom snack item donations, housing opportunities, and food for our homeless population. They also assist with community volunteers in the classroom, crisis intervention, and support services.
- Business Community: the support of the Bristol business community has come in the provision of a totally in-kind facility to house the Family Resource Center, holiday assistance, new shoes, new coats, school supplies, financial gifts, and classroom mentors.
- BTCS Service Clubs/Organizations: BTCS service clubs/organizations have provided holiday assistance, delivery of food to at-risk BTCS students, item donations to support FRC services, and assistance with donation organization in the FRC.
- Community Children's Charitable Efforts: these organizations lend support in providing seasonally appropriate clothing, school supplies, classroom snack items, vision screenings and eyeglasses, holiday assistance, food for times school is not in session, and support for BTCS Reading Buddies program.
- Health Agencies: these agencies assist with vision needs and information regarding free health service opportunities.
- Charitable Foundations: the generosity of this foundation has afforded the FRC an opportunity to expand its Classroom Snack Project to serve students in non-Title 1 elementary schools, offer extended learning opportunities, expand the FRC staff, and provide year-round services to BTCS families in need.

The following services are offered by the BTCS Family Resource Center:

- Resource packet with contacts to local agencies willing to assist with financial, housing, medical, vision, and insurance issues.
- Seasonal student clothing at no cost to eligible recipients.
- Limited supply of non-perishable food at no cost to eligible recipients.
- Popular children's books and reading nights (4 times per year) to develop in-home libraries.

Additional Services to Support Enrollment for VPK Families: To support our VPK families, the PreK school day operates the same hours as our K-12 program, and bus transportation is provided to and from school for PreK students. Previous parent surveys have indicated that moving to a full school day has allowed our families to seek/maintain work outside the home and/or participate in adult education programs.

VPK Student Level Data

Data collected from district benchmark assessments including STAR Reading/AimsWeb indicate that our VPK PreK students are continuing to be successful as they age up. See Table 3 for details.

Table 3

Cohort Year	May 2025 Benchmark—% of Cohort above benchmark	Jan. 2026 Benchmark—% of Cohort above benchmark
2024-25	66%	46%

2023-24	54%	53%
---------	-----	-----

Although we see a possible implementation dip in the January kindergarten and first-grade data, we expect to see higher gains in May as students continue to receive high-quality, differentiated instruction. We anticipate an increase in benchmark scores in the spring of 2026 based on trend data from the previous two school years.

6. In 750 words or less, describe how your district supports Voluntary Pre-K teaching assistants in becoming instructional partners in the classroom in accordance with TCA § 49-6-104. Your response must include:

- The number of teaching assistants holding a Child Development Associate (CDA), early childhood technical certificate, associate degree in early childhood, or higher credentialing in a related field
- How your district supports teaching assistants in obtaining the appropriate credentials including a CDA or associates degree in early childhood
- Specific ways teaching assistants are included in professional development and training beyond what is required in the VPK Scope of Services and Chapter 0520-12-01

ARTIFACTS: Districts do not have to submit an artifact for this question.

Currently, of our eight educational assistants, one has a bachelor's degree, one is working toward an associate's degree in Early Childhood, three have completed some college, and the remaining three have high school diplomas. One assistant has recently completed the CDA program and three additional EAs are currently enrolled in the CDA program through the TDOE. We continue to promote the CDA program through email and face-to-face opportunities.

Educational assistants may request professional leave days throughout the year for staff to pursue higher education and other professionally appropriate opportunities. Our district is in the early stages of implementing a Grow Your Own program in conjunction with the CTE program. This will be another way to provide support our students to earn an early childhood technical certificate. All PreK teacher trainings are provided to the PreK educational assistants. Educational assistants participate in Elevate training in addition to CPR training each summer. The BTCS calendar includes built-in teacher in-service days. The PreK EAs attend the teacher professional development sessions on these days which consist of training and planning using PreK HQIM including Creative Curriculum, Mighty Minutes, and Sounds First, the CLASS evaluation and environment model, and additional early childhood requirements.

Assurances

Bristol (821) Public District - FY 2027 - Voluntary Pre-K - Rev 0 - Voluntary Pre-K

- * I, THE UNDERSIGNED, CERTIFY that the information contained in the application is complete and accurate to the best of my knowledge; that the necessary assurances of compliance with applicable state statutes, rules and regulations will be met; and, that the indicated agency designated in this application is authorized to administer this grant. - Check box to agree.
- * I FURTHER CERTIFY that the assurances listed above have been satisfied and that all facts, figures and representation in this application are correct to the best of my knowledge. - Check box to agree.

Assurance is hereby provided that:

1.	This program will be administered in accordance with all applicable statutes, regulations, program plans and applications.
a.	The laws of the State of Tennessee;
b.	Title VI of the federal Civil Rights Act of 1964;
c.	The Equal Employment Opportunity Act and the regulations issued there under by the federal government;
d.	The Americans with Disabilities Act of 1990 and the regulations issued there under by the federal government;
e.	Health Insurance Portability and Accountability Act of 1996 (HIPAA);
f.	The condition that the submitted proposal was independently arrived at, without collusion, under penalty of perjury; and,
g.	The condition that no amount shall be paid directly or indirectly to an employee or official of the State of Tennessee as wages, compensation, or gifts in exchange for acting as an officer, agent, employee, subcontractor, or consultant to the Agency in connection with the procurement under this RFP.
2.	Each agency receiving funds under this grant shall use these funds only to supplement, and not to supplant state and local funds that, in the absence of such funds would otherwise be spent for activities under this section.
3.	The grantee will file financial reports and claims for reimbursement in accordance with procedures prescribed by the Tennessee Department of Education.
4.	The grantee will evaluate the program periodically to assess progress toward achieving goals and objectives. The grantee will use the evaluation results to refine, improve and strengthen the program and to modify the goals and objectives as necessary.
5.	The program will be in compliance with the Early Childhood Education Policy adopted by State Board of Education.
6.	The program will be in compliance with the Scope of Services outlining the Voluntary Pre-K for Tennessee Act.
7.	The program will be in compliance with Chapter 0520-12-01 Standards for School-administered Child Care.
8.	This program will be in compliance with submission and verification of student, staff and class information for all school based and non school based partner pre-k programs for which the school system receives funding. This includes but is not limited to reporting attendance through SIS/EIS data entry screen and ensuring that teachers meet licensing endorsement requirements or submit request for Waiver, Alternative License Type I or II (advancement only), Interim B, or Transitional license in appropriate time frame.
