Board of Education
January 27, 2022 6:00 PM
Central Services Board Room

The Cumberland County Board of Education met in a regular session on Thursday, January 27, 2022, in the Central Services Board Room, where the meeting was called to order by Chairman Inman at the approximate hour of 6:00pm. Inman advised, I would like to welcome all of our visitors here tonight. Thank you for coming. I noticed Mrs. Julia Timson is with us again tonight. Thank you, Mrs. Timson, do you have anything to say for us tonight? Timson advised, I would just like to say once again give out an impassioned plea for substitutes and bus drivers and teachers that are out there that are not working. We really, really need help in Cumberland County Schools. We have teachers that are covering classes many times a week and while they are more than capable of doing it, it's a lot. It is a lot on teachers. So anybody out there in the universe, I know people watch online please, please, please come and help us out and substitute. I promise we will show you a good time. You will have a ball.

PRESENT: Brock, King, Inman,
Parris, Hamby,
Karge, Boston

Earl Patton (Attorney)
Stephen Prudhomme (Media)
Julia Timson (CCEA Representative)

ABSENT: Safdie, Hale

STUDENT REPRESENTATIVES: SMHS - Elizabeth "Ellie" Minneci

1. Call to Order - Mr. Jim Inman (See above)
2. Moment of Silence/Pledge of Allegiance - Mr. Jim Inman - Mr. Jim Inman - Inman led the board members in a Moment of Silence.

After a moment of silence, Randall Cole from South Cumberland Elementary led the audience in the Pledge of Allegiance. Randall Cole was awarded a certificate of appreciation for his participation in tonight's meeting.
3. Welcome to Visitors - Mr. Jim Inman (See above)
4. Special Recognition - Mr. Jim Inman (Exhibit #1) Inman advised, next on the agenda is the Special Recognition and I will turn that over to Dr. Maxwell. Dr. Maxwell advised, tonight is really a night of celebration for a lot of things that we are really excited about. First of all I would like to remind everyone that this week is School Board Appreciation week and we are very grateful and thankful for all nine of our school board members. The time that they give and the service they provide to the students and the employees of Cumberland County Schools and I am very appreciative. Dr. Maxwell presented a Special Recognition Powerpoint and read each slide to the board members and the audience. (See Exhibit #1)

5. Charitable Fund Spring 2022 (Exhibit #2) Inman advised, thank you Dr. Maxwell. The next item on the agenda is the Charitable Fund Spring 2022. Maxwell advised, we have with us tonight Dr. Buck Woods and Dr. Woods, would you be so kind to say a few words for us about the Charitable Fund? Wood replied, I would. This is the 10th distribution we are doing this year and this started off as \$5,000.00. This time we're giving out \$14,500.00 to teachers and students. So this thing is growing and I challenge everybody here, get involved in it. You know \$5.00 a month is not going to hurt people. Get your friends involved in it. We had requests over \$23,000.00 of the needs of the teachers and students and we were able to meet as I said \$14,500.00. Talk to your friends and neighbors and get people involved in this. Let's get it going quicker than it is. We are making progress, but we are not where we need to be. Maxwell read the list of the Charitable Fund Spring 2022 recipients.

VOICE VOTE: King (mover-yes)
Karge (seconder-yes)

MOTION: **Motion Carried**

10. Community Comments - Inman advised, the next item on the agenda is the Community Comments and I don't believe anybody signed up. So we will move on.

11. Acknowledgement of Elected Officials - Inman advised, the next item on the agenda is the Acknowledgement of Elected Officials and I think Mr. Jim Blalock. Thank you sir. I appreciate you being here. Boston advised, Mrs. Mall is here. Inman replied, Mrs. Colleen Mall. Thank you all for

being here. Is there anybody else I missed? No one responded. Inman continued, thank you. We really appreciate you all being here.

12. School Board Reports - Inman advised, the next item is School Board Reports. The TLN Report, Mr. Safdie is not here. He is out of town. Last time I talked to him he was in California and I think he is moving up the coast to Orgen. He is out on a long vacation. But anyway, we will move on.

12.A. TLN Report - Mr. Robert Safdie - (See above 12.)

13. Board Member(s) Report from Training(s) Inman continued, any board members report for training? Anybody? No one responded. Okay, we will move on then.

14. Legal Report - Mr. Earl Patton - Inman advised, next item Mr. Patton; legal report. Patton advised, I really don't have much of a legal report for you tonight. That is good news, generally. The JUUL Litigation is the only thing really pending and I hope that I will have a report for you next month on that, maybe an update.

15. *Blue Angel Jet at CCHS - Inman advised, the next item on the agenda is the Blue Angel Jet at CCHS. Mrs. Boston you requested this. Boston replied, I did. Inman continued, I will turn it over to you. Boston advised, as we all know on Facebook we got informed that the Department of Defense had requested and had stated that the jet in front of CCHS is in dire need of repair. This is a 42 year old icon. The Department of Defense actually contracted with the City of Crossville. My understanding history wise is that either the Board of Education at that time didn't want to contract with The Department of Defense or couldn't and it is kind of unclear as to what happened. We have been informed when I talked to Mr. Wood that the district did not want to participate in contributing to the maintenance of that icon. Fortunately for us Jon Hall, Mr. Gray Wood, I think Mr. Magnusson's son is involved in it. Am I right? And also Colonel Trey Meadows is involved in that. What I would like to do is to make a motion to send this to budget. I would like to be a part of this community. I would like to be a part of restoring that. We may not can contribute much. We're going to have to see where the money lies, but I think our children are jets. Like I said that contract was signed in 1980 and we want to give our kids something to be proud of and thank Mr. Gray Wood for not calling The Department of Defense and saying come and get it. They started rambling; where is Mr. Jon Hall? There you are. They started rambling through, I think you've still got more donations that have come in. I think that is going to be a process at trying to get; how much money is? We don't know how much it is going to cost. Do we? Hall replied, we have a rough idea of, so we've had a lot of outpouring of support really from the Retired Veteran Community here in Crossville, Fairfield Glade. Trey has really grabbed this by the horns and ran with it. He has contacted the company that has the contract with the Blue Angels for their actual airplane paint and that is in Jacksonville, Florida. The paint will be roughly \$8,000.00 just for the paint. Boston replied, okay. Hall continued, the Navy has agreed to give us stencils and all of the things that we need to get the work done. Cliff Wightman at TCAT has sent his autobody instructor and her class over. They came over this week to look at it and our plan is for them to do the paint, sandblasting and repairs and paint and everything. So our goal is to set up a fund at school that we have a continual once a year we can go out and wax it and also Mrs. Netty as well. Not just the Blue Angel. We want to take care of both jets. So our goal is once we get to about \$10,000.00 we are going to order the materials that we need. We are going to need some other things. Sandblasting equipment, those types of things. But I think it is gonna,

our goal is really to have this done before we have homecoming next Fall and I think that the support that we've got so far, I think that is very possible. Boston replied, you don't know how much I appreciate the effort that you've made, that Mr. Wood has made and you know Colonel Trey Meadows and if anybody remembers Trey, it's kind of hard to say; have put forth in getting this and getting the support. But as a board member I'd like to be a part of that. So I would like to make a motion that we send this to budget to see what we can do. Hamby advised, I will second it. Inman advised, I have a motion by Mrs. Boston and a second by Mrs. Hamby to send it to budget. A Voice Vote was taken. Inman advised, motion carries. We will take that to budget and I want to thank Mr. Hall for stepping up and getting this a little bit organized and stuff and everything. I have not seen Trey in a long time. Tell him I said thank you. Hall advised, we had an organizational meeting last week and we all had some assignments to work on. We are going to get back together here in about two weeks. Our plan is to roll out the fundraising efforts by mid February. Boston asked, do you remember Jimmy, Trey Meadows? Inman advised, oh ya I had him in school. I coached him in football and basketball. Boston replied, good kid. Inman replied, yes. Boston continued, good family, but to put Colonel in front of Trey Meadows is kind of difficult. Karge advised, thank you for doing that. Boston advised, I appreciate that. Inman advised, actually it doesn't surprise me. Boston replied, it doesn't me either. Hall asked, Mrs. Boston can I throw one more thing in and then I will step out? Inman replied, absolutely. Hall advised, Trey also has lots of contacts. We have some other people involved in the school system with lots of contacts in the Navy. We've reached out to people. No one is coming to take our jet. Just to make that clear. The jet is not going anywhere. The Navy said we are not coming to get it. Boston advised, Mr. Wood said we are going to do what we need to do to make sure that this jet stays. You think about how many kids that we've got in this town that still live here, that graduated from CCHS. They were a jet and I would like to give the kids a little bit and keep the pride and give them something to be proud of. So I want the jet to stay. Hall replied, she's not going anywhere. Inman advised, well I can remember watching them put it up. Boston replied, that was in 1980. Inman replied, yep. I remember it very well and I remember whenever they came in and painted it. The Navy came in and painted it and the word we all always got was we were not allowed to touch it. You know, because they had to have their experts take care of it and stuff. That was just through the grapevine. That was not official, but ya that is a huge source of pride for Cumberland County High School and Cumberland County in general. So yes we are going to take care of it. Boston asked, Mrs. Netty, what do you do with Mrs. Netty? Hall replied, she has been restored. She's in great shape, but our maintenance plan will be both jets. Once we get the Blue Angel back up to where she needs to be. Is if we wash them a couple times a year and that would involve a bucket truck, because Mrs. Netty is up on a much higher post. Then wax them at least once a year. Think that will make them last 50 years. Boston replied, okay. I won't be here. Hall advised, just some preventive maintenance that's all. Once we get them where they are supposed to be. Boston replied, perfect. Thank you Mr. Hall. Inman replied, thank you Mr. Hall, appreciate it.

16. Director's Report - Dr. Ina Maxwell - Inman advised, the next item on the agenda is the Director's Report. I will turn it over to Dr. Maxwell.

16.A. *Tenure Recommendations (Exhibit #5) Maxwell advised, okay, so continuing our celebrations tonight the first item does require the board to vote. These before you are the Tenure Recommendations for this school year and I shall read the names. Then we will recognize them here in just a moment after the board makes their decision regarding the approval. Maxwell then read the list of names. (See Exhibit #5) Karge replied, move to approve. Inman advised, Mrs. Karge is moved to approve. Brock replied, second. Inman advised, Mr. Brock is seconded. Is there any discussion? No one responded. A Voice Vote was taken. Maxwell then handed out a Tenured Certificate to all approved tenured teachers.

VOICE VOTE: Karge (mover-yes)
Brock (seconder-yes)
All Ayes

MOTION: Motion Carried

Mrs. Boston left the boardroom.

16.B. *FY22 Pre-Monitoring Supports Grant (Exhibit #6) Maxwell advised, the next item on my report, which will require a board vote. This is a pre Fiscal Year 2022 Pre-Monitoring Fiscal Supports Grant Participation. The state Federal Programs Department is offering this to all local education districts. This is an added layer of helpfulness if you will, from the department for districts that would like to participate in ensuring the fiscal monitoring of the ESSER Funds. Karge replied, move to approve. King replied, second. Inman advised, Mrs. Karge with a motion and Mr. King with a second. Any discussion? No one responded. A Voice Vote was taken.

VOICE VOTE: Karge (mover-yes)
King (seconder-yes)

MOTION: Motion Carried

16.C. State Funding Update (Exhibit #7) Maxwell advised, the next item that we have, this is just; the other remaining items are just updates for you. As you know there has been a lot of discussion around State Funding Formulas and what you have in your packet is what the state released around January 18th. It doesn't include a formula. It discusses areas where they emphasize that funding needs to be directed, however we are still ever hopeful that at some point in time we will be given additional information. The Commissioner had a call with Directors on Wednesday and she emphasized that she really wanted us to tune into the State of the State with Governor Lee. It will be January 31st and so I would encourage all of us if we can to be viewing or listening to that via internet or whatever means. So that information is there.

16.D. Annual Planning Calendar (Exhibit #8) Maxwell continued, the next item that we have is the Annual Planning Calendar and I am telling you time flies when you are having fun. We are making

our way over to that other column. There are lots of tasks that have been initiated that we will continue to work on as we move forward.

16.E. Retirement Letter (Exhibit #9) Maxwell advised, item 16.E. you will find my retirement letter that I have included and I want you all to know that I have thoroughly enjoyed serving in this capacity. I have thoroughly enjoyed my 33 years. It didn't matter what grade I taught. That was my favorite grade at that time and I am just very grateful for this opportunity. Karge advised, I just wanted to say when I got notification that Dr. Maxwell had announced her retirement, I actually told her I was not going to accept her resignation. Going back to when we first interviewed candidates for this position you asked a question and I have never forgotten it. The question you asked was what we were looking for and I answered myself personally I was looking for someone who was kind. Who would bring our staff and our students and our families together and I am so pleased to say that we found that person and thank you so much for the leadership and for the kindness that you've shown especially the past two years which have been just a whole new world. So thank you Dr. Maxwell. I'm still not going to accept your resignation. Maxwell replied, we have a great school district and I just look forward to watching to see what you all will accomplish and I know you will accomplish great things. So I am really looking forward to being on the other side of it and seeing what you do. Now I am not going to fall off the edge of the earth. I don't plan on it, but you will hopefully see me around. Inman asked, do you want to run for school board? Maxwell replied, well you never know. Inman replied, just kidding. But before you go on I would like to say thank you as well. This is, the last two years have been an extremely difficult time in schools all across the nation and I think Dr. Maxwell has led us through these two years with a lot of grace and I think she has done an awesome job and whenever I was informed that she was retiring I was saddened, but I understand it. Being a retired school teacher I was looking forward to it as well. Anyway, thank you Dr. Maxwell. We appreciate everything you have done for us. Maxwell replied, well I appreciate all of you and I would like to say for all of the people who wished me well your outpouring has been most generous and I truly appreciate it.

16.F. FYI

January 2022 ESSER Report (Exhibit #10) Maxwell advised, just some FYI's that we have to conclude my report. You have your monthly ESSER Report. You will see the spin down of the funds. We received the ESSER 2.0 RFQs. They have been received and there will be an ESSER Committee meeting set soon to go over those and to make recommendations. I was happy to report to the board on Tuesday morning at 5:10am we received an email from the department that our ESSER 3 application had been approved and I did send it with stars around it like I said I would. It wouldn't let me put stars in the subject line. So I had to do it in the body of the little memo. Also you will find additional information provided there with your ESSER information with our ESSER 3 complaint that was, the findings of fact are included. Everything has been cleared and ESSER 3 was approved and the other information is for your information from me. That is all I have Mr. Inman. Inman advised, well I would like to state for the record that there was a complaint filed and there was an investigation and in reading the investigation, the report is in the record so everybody can read it if you want to. They came back and everything was fine. They did suggest that we get a little bit input with our students and parents and I know that it has already been taken care of and the reason I know it has

18.A.1. *Approval of First Reading of Policies - none

18.A.2. *Approval of Second Reading of Policies - none

18.B. Athletic Committee - Mr. Tony Brock - See item 18 above.

18.C. Budget Committee Meeting - Mr. Chris King - Inman continued, Mr. King, do you have anything to report on the budget? King replied, Mr. Chair, nothing to report. Other than that, it's about to get busy.

18.D. Building and Grounds Committee - Mr. Robert Safdie - Inman advised, of course Mr. Safdie is not here.

18.E. Safety Committee - Mrs. Rebecca Hamby - Inman continued, Mrs Hamby do you have anything to report on the Safety Committee? Hamby replied, the only thing I have to report is whenever I think it was the meeting before last whenever we had the Bikers Against Bullies come. We are still working on that and getting the rallies put together and Mr. Magnusson is working on that and so whenever we get that all set up everybody will know about it and we will probably be having a safety meeting sometime in February.

19. Chief Financial Officer's Report - Mrs. Kacee Harris - Inman advised, the next item on the agenda is the Chief Financial Officer's Report. Mrs. Harris, I will turn it over to you. Harris advised, first up I would like to just give you a snapshot of the budget design timeline. So we have started the budget season for this year and as Mr. King has said it's about to get busy. So principals and departments are working on their budgets and we will be having some meetings in the upcoming months. Some dates to be aware of. May 26, 2022 if you will save the date there we all should be here, but that is our goal to have our board approved budget no later than that date to send over to the county. Early June, we will present that to the Budget Committee with the County Commission and then if we need to reconvene mid June for any special called to make adjustments or anything like that we can. It will be an interesting budget season as it is kind of up in the air if our budget formula will change. If it won't and what that will look like. So we will definitely keep you posted as soon as we have information there. So any questions on the budget process? No one responded.

19.A. Monthly Financial Report (Exhibit #13) Harris continued, so for our December financials. You can see there; our revenues. In December we received about \$6.6 million. For a year to date total over \$28 million compared to our annual budget of \$56.6. So, we are in good shape there. Any questions on the revenues? No one responded. Harris continued, on our expenditures in December we expended about \$4.7 million. For a year to date total of just over \$25 million. Against our budget of \$60 million. Any questions there? No one responded.

19.B. Monthly Sales Tax Report (Exhibit #14) Harris continued, moving on the next item is our Sales Tax Report, which continues to be very positive. So for the January numbers, which if you remember are two months behind. So this is cash registers ringing in November. They brought in about \$1.1 million and that was about \$145,000 over projection. So for the year if you look at that bottom number in the right corner we are continuing to shop local. That is really beneficial to our county and our schools. Any questions on the Sales Tax? Inman replied, I just have one thing to say is; outstanding and people please buy local. It helps us.

Inman advised, next item on the agenda is the Consent Agenda. Hamby replied, I make a motion that we approve. Karge replied, second. Inman advised, Mrs. Hamby made a motion and Mrs. Karge made the second. Is there any discussion? No one responded. A Voice Vote was taken.

VOICE VOTE: Hamby (mover-yes)
 Karge (seconder-yes)
 All Ayes

MOTION: **Motion Carried**

21. Old Business - Inman advised, the next item on the agenda is Old Business. Karge advised, in the wake of Dr. Maxwell's announcement I would like to make a motion that we open up applications and resumes for the position of Director of Schools asap. Brock replied, second. Inman advised, we have a motion and a second. Hamby asked, can we have discussion? Inman replied, yes; discussion. Hamby advised, I would like to suggest that we actually have a meeting to discuss what our next move is. Inman replied, I don't have a problem with that. We need to do a Special Called Meeting if we are going to go that direction, because I don't want to wait until February. Hamby replied, I don't either. Well we are going to have to wait until February, it is the end of January now. Inman replied, well ya, but I don't want to wait until the end of February is what I am saying. I don't want to wait until the February meeting. Hamby advised, I understand. I just feel like that way we can have an opportunity to just discuss all of it before we put it out there. Karge advised, I guess my thought is let's get the resumes. Let's get them coming in. I know last time we said we were going to give preference to local, I mean I think that would be something that we could hash out in that meeting. Inman replied, well last time what we actually did we advertised for it and we decided we would look at the local candidates first and interview them and if we didn't find anybody in the local candidates that we were satisfied with or that we could come to an agreement on I should say. Then we would go to people outside the county and we can do that again. If that is what the board so chooses to do. Karge replied, I would definitely like to get resumes coming in. Inman replied, okay. Hamby replied, you have a motion and a second. I was just discussing so. Inman replied, well we have a motion and a second. A Voice Vote was taken.

Inman advised, okay now I still think that we can still have a Special Called Meeting in February, early in February. At some point and time. So that we could do like Mrs. Hamby said. We can just kind of, right now all we are doing is getting the ball rolling and then we can like Mrs. Hamby said we can discuss it and figure out exactly whether we want to do it before or if we just want to open it up for everybody. Does that sound fair, Mrs. Hamby? Hamby replied, that is fine. I just think we need to come together. Karge replied, I agree. Inman advised, I will send out an email, because we've got so many not here now. Mrs. Boston was not feeling well. She told me early. She told me before the meeting she probably would not make it all the way through the meeting and of course Mr. Safdie is out on the west coast and Mrs. Anita Hale, she is in Mississippi with her family. We've got so many people that is not

here. I'd rather get input from everybody. So we will do that and then we will try to set up a Special Called Meeting maybe the first or second week in February to iron out the details.

Dr. Ina Maxwell
Director of Schools

Mr. Jim Inman
Chairman of the Board

I, Tabitha Webb, do hereby certify that I reported the foregoing minutes and that I delivered said minutes to the office of the Director of Schools on February 15, 2022.

Board of Education Recorder

Special Called Meeting
February 7, 2022 5:30 PM
Central Services Board Room

The Cumberland County Board of Education met in a special called session on Monday, February 7, 2022, in the Central Services Board Room, where the meeting was called to order by Chairman Inman at the approximate hour of 5:31pm.

PRESENT:

Brock, King, Inman,
Parris, Hale, Hamby,
Karge, Boston

Earl Patton (Attorney)
Stephen Prudhomme (Media)
Julia Timson (CCEA Representative)

ABSENT:

Safdie, Parris (Parris arrived @ 5:35pm)

1. Call to Order - Mr. Jim Inman
2. Moment of Silence/Pledge of Allegiance - Mr. Jim Inman - Mr. Jim Inman - Inman led the board members in a Moment of Silence.

Inman advised, I neglected to put this on the agenda, but I am going to go ahead and do it anyway. We are going to do a roll call to put it in the record, who's here and who's not here.

3. *ESSER 2.0 Engineering/ Architectural Services Recommendation (Exhibit #1) Inman advised, the next item on the agenda is the ESSER 2.0 Engineering/ Architectural Services Recommendation. I will turn that over to Dr. Maxwell and Mrs. Harris. Maxwell replied, so Mr. Inman and board members the ESSER Committee met last week and they have a recommendation for the Engineering/ Architectural Services and Mrs. Harris is there any additional information you would like to share or the committee? Harris advised, it's a little bit of a different process and we had this discussion in the committee. Instead of selecting based on price with professional services such as Engineering/ Architecture we do instead of a bid we do a request for qualification. So we had three companies submit those. Those are attached here and out of committee the committee recommended we go with our local Uplands Design Group. Karge advised, when we were looking at this, because it is about qualifications and we do not know price. It is very very different. It was kind of a matter of all things being equal. Where do we go and that is where the committee chose to lean and recommend on the side of a local company that we have a known relationship with. We know their work and that is where that recommendation came from. Brock advised, I move to accept. Karge advised, second. Inman advised, we have a motion by Mr. Brock and a second by Mrs. Karge. Is there any discussion? Hale asked, now if they give us a price and we don't like it, we can say we don't like that price? We want to entertain an idea of seeing what the other people entertain? Inman replied, yes. Hale asked, we can do that? Inman replied, that was; to me that was an odd way of doing it, but I think that is the way we have been told we have to do it. Harris advised, and it is in Tennessee Code that for this I think because of the nature of the work that price shall not preclude the qualifications for the type of work and it is different for us and I will tell you we will be doing the

same process a little bit later on for ESSER 3. We have to do two separate ones to meet our requirements. So it will be back. Inman asked, any further discussion? Mrs. Parris joined the meeting @ 5:35pm. Inman advised, Mrs. Shirley we had a motion and a second on #3 ESSER 2.0 Engineering/ Architectural Services Recommendation. The committee came back and recommended that we use Uplands Designs and now there was no price involved or anything. We were just looking at qualifications and if they come back with some kind of astronomical numbers then we can always say no we are not going to do that and we can go back and pick another company. But they came back from the committee recommending the Uplands Design Group and a motion has been made and there is a second to accept that and take and use them to begin with. Okay, is there any further discussion? No one responded. A Voice Vote was taken.

Inman advised, before we go any further I neglected to put on the agenda also to recognize any elected officials here. We want to say, thank you Mr. Lowe for being here. We appreciate it. Mrs. Sue York, was here earlier for the Budget Committee, but thank you for being here. We appreciate it.

4. *ESSER 3.0 Budget (Exhibit #2) Inman advised, the next item on the agenda is ESSER 3.0 Budget and I will turn it over to Mrs. Maxwell. Maxwell replied, thank you Mr. Chairman. Mr. King would you like to present that budget amendment or shall I? King replied, go ahead please. Maxwell advised, okay and Mrs. Harris please chime in. The Budget Committee met earlier and approved the ESSER 3.0 Budget with the following \$750,000.00 taken from line 707 to be moved to the architectural and engineering fee line, because when this was first developed we did not know that line was needed in the budget and that came out of Budget Committee with the recommendation to go to the full board. Karge advised, move to approve but as amended. Brock advised, second. King advised, it came from a committee. Inman advised, that is true. It came from a committee so it doesn't need a second. That is true. It came from a committee. I've gotten out of practice on that. Is there any discussion? Inman advised, there is no discussion. Alright, since this is on a budget I think I will do a Roll Call Vote. A Roll Call Vote was taken. Parris asked, Ina do you recommend this? Maxwell replied, I do, I do. Karge advised, the funds didn't change. Just a line item change. Parris replied, oh okay. Thank you.

5. *Non-Certified Salary Study Discussion and Budget Amendment (Exhibit #3) Inman advised, the next item on the agenda is the Non-Certified Salary Study Discussion and Budget Amendment. Maxwell

advised, so this Budget Amendment in previous years I believe and even recently there has been discussion from this board and others to do a non certified salary study, because of the; as we all know it's getting harder and harder to keep/retain employees and to recruit employees and so this budget amendment is asking the board to move \$30,000.00 from the software line. Which the software is not developmentally ready for purchase yet at this time. To the contracted services line for the salary study. If the board wishes. Karge advised, move to approve. King asked, did it come from the Salary Committee? Inman replied, yes. King replied, we do not need a second. Inman replied, that is true, we don't. Inman continued, okay Mrs. Karge made the motion. Is there any discussion? Boston asked, how much is in that software line? Harris advised, we budgeted \$30,000.00 for this particular product. In the line there is more, because there is more products that we have purchased. But this one we budgeted about \$30,000.00. Boston asked, for this particular software? Harris replied, yes. Boston asked, just not ready to? Harris replied, it is full of promises. Bray replied, not ready to; just not where it needs to be yet. Boston asked, can you explain that? Bray replied, it's just we have to; I want it to be where it can talk to the software, the payroll software and I just don't think it is to the point we're there yet, because they just upgraded. So I would rather wait for them to get all completely in their new software for payroll before we go into anything new here. Boston asked, do we expect that to be on the budget for this next year? Bray replied, next year, yes. I'm very much pushing forward with it. I just think we need to give them a little; let them get settled in their new software. Hamby advised, work the bugs out. Bray continued, before we move forward with something else. Boston replied, okay that is fine. This recommendation came out of the Salary Study? Maxwell replied, yes. Boston continued, whoever is on that committee, thank you. This is needed for a long time. Brock replied, your name was mentioned Mrs. Boston, as having an idea floating out there a couple of years ago. Boston advised, it has been needed for a long time. Not only non certified, but certified. But it is a starting point. So whoever brought that up and got that started, thank you very very much. Hale advised, I have a question. Now this money is going to be used to look at all the salaries or we are putting it toward them or explain that to me please? Bray advised, basically what they are going to do is they are going to look at our job descriptions. They are going to look at the salary schedule as it is to make sure that we have folks where they need to be in the proper category that meets the expectations that we have for them. They are going to compare our salaries and positions to the surrounding counties. Some counties that are possibly our size, our tax base. So we can see if we are in a line where we need to be. Boston replied, okay; thank you. Inman advised, we are looking to hire somebody to do that. Hale replied, okay; thank you. Boston replied, another question since you brought that up. I am going to pick on you, but you are non certified. Bray replied, correct. Boston asked, will they look at your position as well? Bray replied, correct. I want them to look at all non certified. My focus is on our hourly people. Boston replied, and that would be my focus as well. I just didn't know if that would incorporate anybody that is non certified will be looked at. Bray advised, right. I have given the information. I mean it is all public. I told them where the job descriptions were and that both salary scales are published. I suggested I just want you to give some consideration with emphasis on our hourly. Boston asked, who have you given this information to? Do we already have someone chosen? Bray replied, we have three people who have looked at it. I am expecting proposals. Boston replied, okay so they are going to come back with a proposal. What we are doing right now is we are just moving the money into a line item so when that proposal comes back is it already approved or does it have to come back before the board for approval? Harris replied, the budget amendment would be the mechanism to move the money and if the board so chooses to authorize us to

go ahead get going with it. To get that ball rolling. Ideally, I am the optimist we would have some information in time for this year's budget. The folks we have talked to said the sooner we get started the sooner that might be possible. Hamby asked, whenever you pick someone then you will bring it to us and say this is who we have chosen? Harris replied, it is up to the board. We would like to take it and run with it, but if you all want us to bring it back we can do it either way. Boston asked, what is the motion on the table? Karge and Inman replied, just to approve the budget. Boston asked, may I make a second motion? Inman advised, I am sorry I didn't hear the first part of your question. Boston asked, if we move this money can we go back and make another motion giving you the authority to get this started? Inman replied, I think so, yes. Boston replied, okay. Karge advised, I would really like to see these increases, because let's face facts. I mean we are way, way, way out of the ballpark right now. When the custodians are getting \$9.00 an hour, but you can work fast food for \$12.00. Bray advised, we are giving teacher assistance \$8.46 to work with our children. Hamby replied, exactly. Karge advised, we need to make sure we get this done quickly so that we can put it in this next budget. Hamby asked, are you amending your motion? Inman replied, no we can't. We will vote on this and then we can have another motion to give them the green light to go. Inman continued, once again since this is dealing with money we will do a Roll Call. Is there any other discussion? No one responded. A Roll Call Vote was taken.

Inman advised, now open up the floor for any additional. Boston advised, I would just like to go ahead and make a motion that I know that you've got it sent out to three companies, individuals, whatever it is that you have. That we give the authority to Mrs. Bray and Mrs. Harris, whoever we need to, to go ahead and choose within the \$30,000 budget that we have a company to go ahead and get this started and so there is not a delay in getting it started. If we could move forward and have it ready by budget. Hamby advised, I will second that. Hale advised, second. Inman advised, we have a motion and a second. Is there any discussion? No one responded. 6. *Director of Schools Search Process - Inman advised, next item on the agenda is the Director of Schools Search Process. Mrs. Hamby, you requested this so I will call on you first to let you have your discussion or whatever ideas you have. Hamby advised, well I just want to know how we move forward. I want us all to kind of be insync of what we are doing and what we are trying to find. How we are going

to proceed. That is the reason I wanted the meeting was just so we can discuss and see what needs to happen to move forward. Karge asked, I know we have already open up for resumes. Have we received any at this time? Bray replied, four. Karge asked, what was the timeframe last time? Was it two months, 30 days? Bray replied, a month. Karge replied, it was a month, okay. Bray replied, I put on everything that I posted so far February 23rd we would be receiving resumes. Karge replied, okay. Inman advised, and they asked me about a timeframe and I suggested the 23rd, because that is the day before our February meeting and then if the board so chooses to open it up for a longer period of time we could do that now or we can do it on the 23rd or on the 24th. Hamby asked, once the deadline is met then we will receive those resumes, right like we did last time? Bray replied, yes ma'am. You all can tell me who you want to set interviews with and I will do what I did the last time. Boston asked, how many interviews, how many applicants did we get the last time? Bray replied, 12. Hamby advised, I think we had 12 the last time. Inman replied, the board chose to look at local candidates first and interview those and if we did not come to a conclusion on a local candidate then we would open up interviews for out of county. Karge advised, I would like to do that again. Boston asked, have we received any local? Bray replied, no. Boston advised, they have all been let's call it out of county for right now. Bray replied, correct. Hamby replied, then yes I think we need to open it up for out of county just so that out of county knows that. Boston replied, right now it is open to anybody. Right? Inman and Bray replied, correct. Bray advised, it is posted in several different places. Right now I don't believe we have anyone that has applied that has Tennessee credentials. Inman advised, we've still got some time and like I said on the 24th we can look at how many we've got. Who has applied and we can choose to open it up, extend the time or we can go forth with setting up interviews. Whatever the board so chooses. Karge advised, we've got a lot of really great people. Hale asked, is that the 24th of February. Inman replied, yes. Bray advised, usually we get several the last week. That was the way it was last time. Hamby asked, if we have not chosen someone in a certain time frame is it a possibility for us to have an interim? Inman replied, that is always a possibility. I think we've got plenty of time that we won't, we shouldn't have to do that, but that is a possibility, yes. Hamby advised, I just wanted to know if that was something that was possible. Inman replied, yes. Karge advised, that is a hard position to be in. Knowing that you have an expiration date. Inman replied, well ya. In the past the board, several boards have done that. They've hired an interim and they are. They are in a tough situation when they've got that term interim in front of their name. If there is any way possible I would prefer not to do that to somebody. If we are going to hire somebody we need to hire somebody for whatever period of time that we are going to put on the contract. Hamby advised, I agree. I just wanted to know if that was a possibility if we run into a time crunch and needed it, but I would rather hire someone then have someone as an interim. Inman advised, like I said I have seen that and it does, it puts that person in charge, they are just in a precarious situation and it is not fair to them. I don't think. Karge replied, that's true. Inman asked, is there any other further discussion? Does anybody else have any ideas? Brock asked, will this be added to our discussion list for our retreat? Inman advised, we can. Brock advised, I just think by then we can at least take a look at candidates, applications and further discussion at that time. Inman advised, the deadline is the 23rd. We've got our board meeting on the 24th and then we have our retreat on the 26th. So, yes. I think we can definitely put that on there for discussion and speaking of since we brought that subject up. Anybody have any ideas for anything you want to discuss on the retreat you need to be contacting Dr. Maxwell and/or myself and preferably Dr. Maxwell and let them know what you would like to have on the agenda for discussion. That includes you Mr. Patton. So if you have anything you want to talk about

just let us know. Patton replied, I will, thanks. Inman asked, is there any other discussion on the Director of Schools process? No one responded. Inman continued, so we are just going to leave it as, we're gonna just leave it open to the 23rd as of now and we will make a decision on the 24th as to which direction we want to go. Hale asked, are we going to kind of use the same kind of thing that we did last time with asking different questions? Are we going to do that during the interview or are we going to get together and decide what questions? Hamby advised, that is something we need to talk about at retreat, because how we are going to proceed with the interviews. Inman advised, ya we can do that on the retreat. That would be a really good discussion. Ya, we can figure that out or we can make suggestions. Now during a retreat we can't vote on anything. We can't make any firm decisions, but we can kind of get an idea on which direction we want to go. Is there any further discussion? No one responded. Inman advised, hearing none we will move on.

7. Other Discussion - Inman asked, does anybody have anything they want to discuss in other discussion? No one responded.

8. Adjournment - Karge moved and Hamby seconded a motion to adjourn at 5:55pm.

Dear Dr. Maxwell and Cumberland County Board of Education,

As you know from the past 2 years of participation, our district has been selected to administer an online student survey, the *Youth Wellness Survey*, for the Tennessee Department of Health (TDH). Under the terms of a recent hospital merger, TDH is required to collect data on a variety of measures to monitor population health trends in the First Region of Tennessee. For this reason, the *Youth Wellness Survey* is being administered in the hospital merger districts and in a few similar (comparison) districts around the state. Our district has been selected based on this criterion.

TDH plans to conduct the *Youth Wellness Survey* with high school students in these districts annually. The survey will contain the same questions each year and will be sent to me as a link. We know how valuable school time is, so the survey is designed to be concise and quick-to-complete approximately 15 min. TDH will provide a stipend to the school for your time and participation.

This online *Youth Wellness Survey* is different from the Youth Risk Behavior Survey (YRBS). The YRBS is conducted every odd year in January and is administered at randomly selected schools across the state in paper form. The Youth Wellness Survey will be conducted every year and is administered online. **It does not take the place of the YRBS.**

Attached you will find a copy of the survey so that it can be shared with your school board. I am grateful for your participation in this important survey!

In summary:

- The Youth Wellness Survey does not take the place of the Youth Related Risk Behavior Survey.
- Your area schools have been chosen because you are part of the hospital merger region or a comparison region.
- Appropriate permissions are needed before administering the survey. The Coordinated School health supervisor will assist in obtaining this permission.

-

Dear Dr. Maxwell and Cumberland County Board of Education,

Coordinated School Health and Cumberland County Health Department & the Teen Pregnancy Prevention sub-committee would like to introduce The Life Choices Maze. The Life Choices Maze gives students a chance to see what can happen when they make a poor choice. Whether its drugs, sex, criminal activity, and/or any other poor life choices, students will get to experience first hand what could happen. As we have done in the past we would like to continue Cumberland County's version of The Life Choices Maze. Community partners will set up stations related to their profession/institution (e.g. EMS hosting an emergency care station, sheriff's dept. hosting a jail station, etc.), and the youth travel through the maze individually and confront different scenarios based randomly upon the situation he or she draws. The Life Maze gives the youth a safe place to see the negative and positive outcomes of their choices, and how those choices can affect the rest of their lives.

Goals

- 1. To decrease the rate of Teen pregnancy in Cumberland County by providing education regarding choice making and consequences of those actions.**
- 2. To provide a safe atmosphere where students can explore the results of their risk taking decisions and overall decrease those behaviors.**
- 3. To educate regarding budgeting and college readiness.**
- 4. To incorporate overall wellness practices in the life choice making process.**

Specifications

The Life Maze will target the 10th and 11th grade population in Cumberland County Schools. Students will be asked to enter the maze after a pretest regarding what their ambitions are in life (eg.. college, technical school, Iphone XII or flip phone, ect...) When they enter the maze they will be guided through based on the choices that have been randomly selected for them. Some will be tempted by tobacco, others by sex, others by Alcohol/Drugs. With each temptation there will be a consequence for example; You drank 7 beers and hit a pedestrian now you must go to jail. In jail they will be fingerprinted, booked, sentenced and required to pay restitution to the family. Once they are out of jail they will be sent to counseling regarding alcohol abuse and then led to get a job and pay for all of their debts. Several diverse scenarios will guide each student through the maze hopefully with an outlook on life of the choices and their consequences. Upon exiting the maze the students will be given a post-test to see how effective this program has been.

Community partners, teachers, counselors, nurses, and health science/criminal justice students will be utilized to help facilitate the maze.

We are seeking approval for this project to be held in May 2022.

For more information please feel free to contact Marsha Polson at (931)484-6135 or Lindsay Bice-Shirley at Cumberland County Health Department (931)484-6196.

Marsha Polson

Brown Elementary

Brown Elementary celebrated Homecoming week with school spirit days. Paula Bailey's second graders are pictured on tie-dye day.

Eighth grade athletes were recognized during the Homecoming ceremony at Brown Elementary on January 27. Each student was escorted by a family member and received a personalized gift for athletic involvement.

Brown Elementary Bears basketball players were introduced during the pep rally on Homecoming Day. Varsity Cheerleaders led the student assembly in chants and cheers and performed a dance.

At the end of January Brown Elementary celebrated 100 Days of School - and being 100 days smarter - with lessons, activities, creative writing, and dressing up. We also had a visit from Zero the Hero (Principal Stephanie Speich), who helped us learn place value in math.

Kindergarten, first, and second grade teachers dressed up with their students to celebrate 100 days of school. From left to right are Kelsey Sexton, Julie Iles, Lisa Parker, Michelle Cole, Paula Bailey, Sabrina Pelfrey, and Samantha Herrick.

In January Sabrina Pelfrey's kindergarten class made a snowstorm in a jar for a science experiment about weather.

Brown Elementary Principal Stephanie Speich, Assistant Principal Kevin Lewis, and School Guidance Counselor Kelly Thurman presented Honor Roll certificates, Principal's Awards, and Good Character Awards in classrooms.

CCHS

In November, students with Mike DiBicarro's AP History class took a trip to the Hermitage to deepen their learning about the life of former president Andrew Jackson. (See photo attached) This was a great opportunity to expand their thinking and gain an appreciation for life in the 1800s.

CCHS

When not busy competing at the state convention, where CCHS student Ron Overstreet placed 5th in the Creative Writing competition, the CCHS Beta Club has been busy volunteering and supporting our local community. For example, In December they donated gloves and hats to the House of Hope. Also, they donated non-perishable food items to Bread of Life before Christmas break.

SMHS

SMHS kicked off The Panther Pack on January 12, 2022. Approximately 44% of the student body became members and was recognized for academic, attendance, and behavior success. The students and teachers are excited about the new opportunities presented. This semester's Panther Pack consists of; 182 gold cardmembers, 222 black cardmembers, and 32 white cardmembers. The 436 members are already being rewarded within the classrooms, and we will conduct our second prize drawing this month. We hope to celebrate the students' success with an ice cream party very soon as well as other events monthly to honor their dedication to school success.

Our Panther Pack Partners donated gift cards, contributed monetarily, gifted food items, or have given of their time. The impact may seem immeasurable, but it is evidenced in the smiles and determination of students. Mrs. Moore would like to express sincere gratitude to the businesses and organizations that have partnered with SMHS in the Panther Pack student initiative.

Panther Pack Partner, Bennett Heating and Cooling, provided Sonic gift cards for our first prize drawing. Congratulations to winners Matthew Bilbrey, Ethan Tabor, and Mazzy Wilson! Thank you Bennett Heating and Cooling for your continuous support and generosity!

Dear Director Ina Maxwell,

The State of Tennessee is awarding federal funds for Supply Chain Assistance (SCA) from the United States Department of Agriculture (USDA). The USDA Food and Nutrition Services (FNS) is offering additional funds to state agencies administering the National School Lunch Program (NSLP) and School Breakfast Program (SBP) to provide local operators direct targeted financial relief for those impacted by disruptions to programs due to supply chain issues.

This grant funding is in response to the unprecedented challenges in purchasing and receiving food that operators of the National School Lunch Program (NSLP) and School Breakfast Program (SBP) are experiencing in School Year (SY) 2021-22. As a result of supply chain disruptions, school meal program operators in some localities across the nation have had to significantly revise planned menus, popular and previously available food items may have become more difficult to procure; and in some cases, shortages and price fluctuations have made it difficult to provide the meals which are appealing to students and meet the NSLP/SBP nutrition and meal pattern requirements.

General procurement standards: If applicable, the School Food Authority (SFA) must use its own documented procurement procedures, which reflect applicable state and local laws and regulations. Competition: All procurement transactions must be conducted in a manner providing full and open competition consistent with 2 CFR 200.319.

SFAs must follow all existing Buy American provisions, with no limited exceptions provided. Examples of some allowable food products include fluid milk and other dairy foods such as cheese and yogurt; fruits and vegetables (including 100% juices); grain products such as pastas and rice; meats (whole, pieces, or food items such as ground meats); and meat alternates such as beans or legumes. Foods in a wide variety of minimal processing states (e.g., whole, cut, pureed, etc.) and/or forms (e.g., fresh, frozen, canned, dried, etc.) are allowable. Additionally, incidental costs (such as those related to shipping and handling or packaging) that are a part of the normal or customary purchase price charged by a vendor for any given food product are an allowable use of SCA funds.

SFAs will be required to sign an attestation form in order to receive SCA funds. The attestation form states that the SFA is experiencing supply chain disruptions, will only use SCA funds for purchasing unprocessed or minimally processed domestic food products; will not use funds for labor, indirect cost, or administrative expenses, will comply with recordkeeping and review requirements, and will follow federal procurement and financial management requirements per 2 CFR 200.

Based on the state agency payment calculation, we are pleased to announce that **Cumberland County** has been awarded \$ **141,810.27** from the Supply Chain Assistance Fund grant. The award will be provided to all SFAs in the same manner as the monthly meal claim reimbursement, so be sure to check with your trustee's/finance office for receipt of the grant funds.

All books and records relating to the grant award shall be made available as required by state and federal regulations, for inspection and audit by state and federal auditors. Records pertaining to this grant award shall be retained by the SFA for a period of three years. In line with these grant funds, the revenue code to use will be **47114** and be sure to denote the funding source for auditing purposes.

If you have any questions, please contact our office at (800) 354-3663. We look forward to working with you in creating ways to help students develop lifelong, healthy eating habits.

Sincerely,

Dr. Sandy Dawes, State Director of School Nutrition Program

WHEREAS the Cumberland County Board of Education/School Nutrition Program requests to use these funds to increase the Food and Supply budget line which is already about 10% over where it should be for the SY. The possibility of additional food prices could require further adjustments before the end of the school year. See attached 5 pages for additional information.

Current Update on Continued Impact of Supply Chain Disruptions

NOTICE

Implementation of Price Revision Procedures and Addendum to Foodservice Contract

Throughout the COVID-19 pandemic, IWC Food Service ("IWC") has provided ongoing communications to our Customers, in regard to supply chain disruptions, product and labor shortages, and other challenges directly impacting our distribution operations, and likewise our Customers' foodservice operations. The IWC Contract Sales Team remains in direct contact with each Customer to address their specific needs, and we periodically issue a communication like this letter to convey general information applicable to all of our Customers. We sincerely appreciate the close-working relationship we maintain with each School Nutrition Supervisor and the thoughtful, patient, and flexible approach you have demonstrated as we address a wide range of constantly changing distribution challenges together.

CURRENT UPDATE

While I'm sure all of us had hoped that the COVID-19 pandemic and supply chain crisis would have ended by now, or at least significantly subsided, that certainly doesn't seem to be the case. With the emergence of the Delta and Omicron variants of COVID, the pandemic continues to adversely impact and limit the operating capacity of domestic and foreign manufacturers, suppliers, transportation companies, and supporting businesses.

Especially challenging over the past several months has been the increasing rate of inflation as a key factor adversely affecting the U.S. economy. Economic indicators reflect a current rate of inflation that is the highest level seen over the past 40 years. Virtually all goods and services have exhibited a dramatic rise in prices, which is attributable to the underlying cost of raw materials and supplies, packaging (cardboard and plastics), fuel and freight, insurance and utilities; as well as significant wage increases necessary to attract and retain workers.

As a result of continuing supply chain issues, coupled with rampant inflation, the overall economic landscape for school foodservice and contracted institutional business appears to be undergoing some fundamental changes. Many manufacturers have invoked a *force majeure* provision and advised IWC they will no longer honor the lower deviated cost prices which they agreed to and communicated to IWC for purposes of our bid proposals for the current school year. We have also been informed by various industry professionals that due to overall manufacturing shortages, it is possible that available inventory supply of certain products may be allocated to retail market customers where the products can be sold at typically-higher retail prices without being subject to lower deviated cost pricing granted to schools and institutions.

535 Dry Valley Road, Cookeville, TN 38506

www.goiwc.com / 931.537.4000

As you are aware, basic foodservice items, such as cooking oil, canned fruits, proteins, and serving trays to mention a few, have all experienced significant price volatility and shortages during this school year. Across all food categories, IWC has experienced a blended average increase in cost of goods approximating 18.0%. Accordingly, IWC's procurement specialists are continually working to identify alternate vendor sources for sufficient quantities of comparable school-oriented products, at the most cost effective prices available, to allow us to maintain the highest fill rate possible for our customers.

For the past couple of months, IWC's Contract Sales Team has been communicating price increases for certain bid items to school systems on an intermittent basis, as we received notifications from manufacturers. Our goal was to inform you in advance of significant price changes and give you an opportunity to possibly re-work your menus with alternate products deemed to be more cost effective. However, as time has elapsed, an increasing number of manufacturers are electing to forego their deviated cost pricing structure and/or impose price increases on incoming orders. Therefore, we find it administratively necessary, and believe it will be mutually-beneficial, to streamline the process of communicating price revisions to you by implementing a standardized procedure for all of our School Customers.

IMPLEMENTATION OF PRICE REVISION PROCEDURES

PART 1 -- Implementation of Monthly Price Revision Procedures for Bid Items: Beginning in February 2022, and continuing each month thereafter, IWC will generate and email a "Monthly Price Revision Listing" of bid items for which the current bid price will be revised due to a price change imposed on IWC by the applicable manufacturer. Revised bid prices will initially become effective on February 14, 2022, and then on the 1st day of each month thereafter. Detailed procedures are as follows:

- IWC will email the Monthly Price Revision Listing to each School Nutrition Supervisor at least one week prior to the start of the next month to allow time for you to review, approve, and input price changes in your bid system, and/or consider alternate, more cost-effective products that may better meet your needs.
- For a price change of \$0.00 to \$0.25 per case, no price revision will be applied by IWC. The current bid price will remain unchanged and the item will not be included in the Monthly Price Revision Listing.
- For a price change of \$0.26 or greater per case, the item will be included in the Monthly Listing to notify you that the revised bid price will replace the current bid price effective as of the 1st day of the next month.
- Under this procedure, IWC will apply **both** price increases and price decreases when determining the revised price of a bid item.
- Should you decide that a particular item no longer meets your needs and you plan to discontinue purchasing that item, please notify the IWC Contract Sales Team so that we can adjust our forward buying quantities from the applicable vendor as quickly as possible.
- Based upon recent correspondence with vendors and price revisions already communicated over the past few months, we believe the number of items that may be included on future Monthly Price Revision Listings will likely decline after the first month or two as we proceed through the school year.

PART 2 -- Implementation of Supplemental Service Fee Charge Per Case: In addition to the necessary revisions to product prices described herein, effective on February 14, 2022, IWC will also implement a supplemental service fee charge of \$1.15 per case. We have determined that this supplemental service fee is necessary to cover the increased costs of inflation that have impacted all aspects of our operating costs since we developed our current year bid proposals. Significant cost inflations experienced during this school year include: (a) fuel for our delivery vehicles (approximately 88.0%), (b) salaries and wages, most notably for delivery drivers and warehouse workers (approximately 28.0%), and (c) other general and administrative overhead expenses (approximately 16%).

It is our intention that this supplemental service fee will not change for the remainder of the current school year. The service fee will be included as a component of the product price revisions effective on February 14, 2022, so the first Monthly Price Revision Listing is expected to encompass all items on your bid. However, after the first month under the new price revision procedures, only revisions in product pricing from manufacturers will be reported in the Monthly Listing, so the number of price revision items reported to you each month thereafter is expected to decline going forward.

REMEMBER -- IWC will provide the Monthly Revised Price Listings to you in advance for review; however, you can continue to accept individual items with revised pricing when planning your menus, or decline to purchase individual items to avoid a price increase by substituting alternate items appropriate for your menu.

ADDENDUM TO FOODSERVICE CONTRACT

We understand that implementing these revised pricing procedures effectively results in a modification of our foodservice contract with your school district. Accordingly, we believe it is necessary for each School Nutrition Supervisor ("SNS") to promptly notify the applicable Finance, Legal, and/or Purchasing Dept. personnel of these changes and encourage them to promptly assist you to execute any contract addendum deemed necessary under the circumstances. Providing a copy of this letter with your notification may be helpful to their consideration of this matter.

As stated previously, over the past few months, price increases of certain products have already been communicated by IWC and accepted by SNS personnel on an intermittent basis. These revised procedures are simply intended to standardize this process for each of our School Customers, and provide for continued order fulfillment by IWC, and timely approval and payment of IWC's invoices by your school system.

To assist you with this process, we have attached a representative "**Addendum to Foodservice Contract**" document recently executed by other School Customers to confirm their acceptance of these revised pricing procedures. To proceed with this format, simply enter your specific information in the spaces provided, sign and date the document, and return it to Melissa Hammock, IWC Bid Coordinator, at mhammock@goiwc.com. Please notify us if you have any questions or alternate wording is preferred to execute the Addendum.

>>> TO AVOID INTERRUPTIONS IN ORDER FULFILLMENT AND DELIVERIES, PLEASE RETURN THE SIGNED ADDENDUM TO IWC NO LATER THAN THURSDAY, FEBRUARY 10, 2022, 10:00 AM CST. PLEASE CONTACT THE IWC CONTRACT SALES TEAM AS SOON AS POSSIBLE IF YOU ANTICIPATE A DELAY IN RETURNING YOUR RESPONSE.

CONCLUSION AND OUTLOOK

As stated previously, we greatly appreciate working with you and we trust that the new procedures outlined herein will be implemented effectively and with minimal continuing effort. I think it is fair to say that we are all just adapting to the reality of unforeseen events and conditions that have emerged primarily as a result of the economic pressures imposed by the COVID-19 pandemic.

Looking ahead, we remain hopeful and cautiously optimistic that impacts of the COVID-19 pandemic will continue to recede, U.S. economic conditions and the rate of inflation will improve, more unemployed persons will feel a calling to return to the workforce, and the overall domestic and foreign supply chain will return to a more familiar state of normalcy.

Based on IWC's experience of over 65 years serving the foodservice needs of School Customers, we have recently observed some fundamental changes that appear to be developing in the school business market. We anticipate that an increasing number of manufacturers may decline to offer lower cost deviated pricing for schools and institutional customers going forward, compared to the higher pricing model they use for retail business. The potential timeframe for a decline in the rate of inflation is unpredictable, so we expect that primary business operating costs, such as fuel and labor, are likely to remain at their current level or possibly increase over the next 6 to 18 months.

As we look ahead to the 2022 / 2023 bid proposal season, we believe it is possible that many manufacturers, distributors, and other providers of services to School Customers may be reluctant to continue offering traditional fixed price costing over the term of a school year. Accordingly, we encourage School Nutrition Supervisors and Purchasing Office personnel to consider the merits of a pricing model that allows more frequent pricing updates, as set forth in this letter. Under this type of approach, both schools and foodservice distributors would benefit from a more "win-win" arrangement for bid contracts by offering some upside protection for the schools in times of decreasing prices and some downside protection for distributors in times of increasing prices. This type of approach could also entice more manufacturers and distributors to elect to compete in the overall school business marketplace.
