Overview

Morgan County (650) Public District - FY 2026 - TISA Accountability Report - Rev 0

Overview

The Tennessee Investment in Student Achievement (TISA) public school funding formula marks a significant change in how Tennessee invests in public education. The TISA funding formula updates the way Tennessee funds public education for the first time in over 30 years to empower each student to read proficiently by third grade, prepare each high school graduate for postsecondary success, and provide resources needed for all students to ensure they succeed.

As part of TISA, T.C.A. § 49-3-112 requires each school district, starting in the 2023-24 school year, to submit an annual accountability report to the Tennessee Department of Education (department). This report must include:

- **Goals for student achievement:** One of the goals must include the district's plan to pursue the goal of seventy percent (70%) or more of the district's third grade students to score "met expectations" or "exceeded expectations" on the English Language Arts (ELA) portion of the TCAP tests. This goal must also detail the district's goal to increase 3rd grade ELA proficiency rates by 15% of the gap over the next three years (starting with the 2022-23 TCAP results) to achieve the district's stated goal of at least 70% of 3rd grade students proficient in ELA.
- Explanation of how the district's stated goals can be met within the district's budget.
- For reports submitted **starting in the 2024-25** school year, a description of how the district's budget and expenditures from the prior school year enabled the district to make progress toward the stated student achievement goals

Each district's TISA accountability report is required to be presented to the public for review and comment before the report is submitted to the department. Additionally, the TISA Accountability must be presented for local school board approval. The report must be submitted annually to the department by November 1st.

Furthermore, each district's TISA accountability report is required to be reviewed annually by the TISA Progress Review Board pursuant to T.C.A. § 49-3-114 to determine whether the school district is taking the proper steps to achieve their stated goal.

For questions, please review the TISA Accountability Report Guidance document or contact tnedu.funding@tn.gov.

Completed reports should be submitted in ePlan by **November 1, 2025**.

Reflection: Based on progress toward the goal, how will this impact your action plan for the coming years? Several of the strategies in the action plan were just implemented within the last couple of years. These strategies are being refined and over time will make a positive impact on moving towards the goal for third grade reading proficiency.

Goal 1 Prior Year Report: 2-3 Prior year, major TISA investments made toward this goal

Major TISA Investment	Expended Amount (Rough Estimate)	Reflection of whether the investment contributed to progressing toward the goal or not, and how so.
1. Teacher raises 2. Academic Deans 3. Assistants for reading groups	\$ 1,500,000.00	The largest percentage of our TISA funds went toward salaries for the teachers and assistants. These funds support the essential faculty we need without funding for extra support positions. We were able to provide academic deans at each of our schools along with tutors to support kids who needed additional help with reading. The deans are working to identify areas of challenge by using student data. Then they and the tutors are doing instruction with small groups of 3rd grade students to increase their reading fluency and comprehension. Three out of the five schools in the district had level 3 TVAAS growth in third grade, but the percentage of students scoring proficient did not meet the goal. With continued TVAAS growth the level of students scoring proficient is going to increase, but this will take some time.

Action Plan: List detailed strategies for the 2025-2026 school year that will be implemented to meet your annual target.

1. Continued implementation of ELA HQIM.
2. High-dosage, low ratio tutoring will be provided for at-risk 3rd grade students.
3. Response To Intervention groups.

4. Monthly data meetings with all 3rd grade classroom teachers to monitor student progress.
5. Summer programming
6. After-school programming
7. Use of current district-purchased programs: i-Ready, Mastery Connect, Lexia and Aimsweb Plus in a small and/or large group setting to target identified needs.
8. We have applied for a state grant to support ELA professional development for teachers.
9. Working with the CORE office to provide administrators professional development on IPG walks and support classroom teachers.

Budget Narrative: Describe how your district intends to use their budget to execute the strategies and meet the stated goal.

We will be using our budget in three areas to execute the action steps: professional development, personnel, and materials. We will be conducting reading training during the year for 3rd grade teachers. Funds will be used for training and providing subs to cover classes, so the classroom teacher can attend. We also are using funds for assistants to provide tutoring using the All Corps model for 3rd grade students. Every school will have an academic dean to work with 3rd grade teachers on using best practices, helping to analyze data, and working with small groups of students. Then we will be buying HQIM that needs refurbished for teachers to use in the classroom throughout the year. TISA funds will be blended with state summer camp money and after school grant funds to offer 3rd grade students extra support through those two programs.

1. Teacher raises 2. Academic Deans 3. Assistants to support ELA

The largest percentage of our TISA funds went toward salaries for the teachers and assistants. These funds support the essential faculty we need without funding for extra support positions. We were able to provide academic deans at each of our schools along with tutors to support kids who needed additional help with reading. The deans are working to identify areas of challenge by using student data and working with the teachers to strengthen these areas. Then they and the tutors are doing instruction with small groups of students to increase their reading fluency and comprehension. We saw a decline of percentage of students in the Below Expectations category in grades 3-12. The challenge we have now is moving those students from Approaching to Proficient. The investment being made in these people and providing them with high quality professional development will make a difference as we move forward.

Action Plan: List detailed strategies for the 2025-2026 school year that will be implemented to meet your annual target.

- We have applied for a grant from the state to provided ELA professional development for faculty
- Continued implementation of ELA HQIM.
- High-dosage, low ratio tutoring will be provided for at-risk students.

- Providing professional development for all principals through the CORE office on providing feedback during classroom walks.

Budget Narrative: Describe how your district intends to use their budget to execute the strategies and meet the stated goal.

We will be using our budget in three areas to execute the action steps: professional development, personnel, and materials. We will be conducting reading training during the year for ELA teachers. Funds will be used for training and providing subs to cover classes, so the classroom teacher can attend. We also are using funds for assistants to provide tutoring using the TNALL Corps model. Every school will have an academic dean to work with K-12 teachers on using best practices, helping to analyze data, and working with small groups of students. Then we will be buying HQIM that

need refurbished for teachers to use in the classroom throughout the year. TISA funds will be blended with state summer camp money and after school grant funds to offer students extra support through those two programs.

Reflection: Based on progress toward the goal, how will this impact your action plan for the coming years?

This action plan was just implemented last year, so we will continue to work the plan. We made significant improvement in 3-12 math. The strategies will continue to be refined and adjusted over time based on the data we receive.

Goal 3 Prior Year Report: 2-3 Prior year, major TISA investments made toward this goal

Major TISA Investment

Expended Amount (Rough Estimate)

Reflection of whether the investment contributed to progressing toward the goal or not, and how so.

1. Teacher raises 2. Academic Deans 3. Assistants to support math instruction

\$ 1,500,000.00

The largest percentage of our TISA funds went toward salaries for the teachers and assistants. We also are providing academic deans at each of our schools along with tutors to support kids who needed additional help. This is going to help in making progress toward our goal. The deans are working to identify areas of challenge by using student data. Then they are working with small groups of students to improve these areas. We have also provided new HQIM materials for all the math teachers. We adopted IReady math curriculum for K-8, Big Ideas for Algebra, and Pearson for Geometry. Providing high quality materials has allowed teachers to focus more on planning and implementing the lesson instead of trying to find curriculum. As they become more familiar with using the resources the rigor for instruction should increase, thus presenting students with more challenges and increasing the learning that takes place. We made a 5.6% increase in students scoring proficient this year in grades 3-12, so we are going in the right direction and we will continue to refine the strategies we are using.

Action Plan: List detailed strategies for the 2025-2026 school year that will be implemented to meet your annual target.

1. Professional development provided by Curriculum Associates.
2. Professional development provided by LS Educational Consultant group.
2. Continued implementation of the new HQIM materials that were purchased for K-12.
3. Use of the math IPG by school and district administrators to gather data and provide feedback to teachers in order to strengthen Tier 1 instruction.
4. Academically at-risk students will receive specific skill-based interventions.
5. TNALL Corps tutoring to ensure small group tutoring that assists students in gaining proficiency
6. Summer and after school programming to supplement instructional skills for students who have needs.

Budget Narrative: Describe how your district intends to use their budget to execute the strategies and meet the stated goal.

We will be using our budget in three areas: professional development, personnel, and materials. We will be conducting math training throughout the year for all K-12 Math teachers. Funds will be used for training and providing subs to cover classes. We also are using funds for assistants to provide tutoring using the TNALL Corps model. Every school will have an academic dean to work with math teachers on using best practices, helping to analyze data, and working

with small groups of students. Then we will be buying HQIM for teachers to use in the classroom throughout the year. Finally, there will be math rotations in the after school and summer school programs which TISA funds help to support.

2025 Local Education Agency Compliance Report

Local education agencies (LEAs) are required to comply with all federal and state education laws and State Board of Education (SBE) rules. This annual compliance report is one mechanism the department uses to ensure education laws and rules are faithfully executed. The commissioner of education is charged with taking corrective action when an LEA is noncompliant with those laws and rules or is not following a department-approved compliance plan.

Each LEA must submit this report and, if applicable, the corresponding corrective action plan, to the department by **November 28, 2025**. During completion, an LEA should carefully check the status of its compliance with all federal and state education laws and SBE rules. The department monitors and verifies LEA compliance via multiple data sources (e.g., Education Information System, internal program managers) and will consider those sources in making a final determination of an LEA's compliance. Please be advised annual compliance report data may inform an LEA's approval classification.

I certify that the LEA is in compliance with all federal and state education laws and SBE rules.

I certify that, with the exception of areas indicated in the **attached corrective action plan**, the LEA is in compliance with all federal and state education laws and SBE rules.

Monitoring: Review: Annually, in February	Descriptor Term: Discrimination / Harassment of Employees (Sexual, Racial, Ethnic, Religious)	Descriptor Code: 5.500	Issued Date:
		Rescinds:	Issued:

1 Employees shall be provided a work environment free from sexual, racial, ethnic, and religious
2 discrimination/harassment (including the definition of antisemitism found in policy 4.100). It shall be a
3 violation of this policy for any employee or any student to discriminate against or harass an employee
4 through disparaging conduct or communication that is sexual, racial, ethnic, or religious in nature.

5 Employee discrimination/harassment will not be tolerated.¹ Discrimination/harassment is defined as
6 conduct, advances, gestures, or words, either written or spoken, of a sexual, racial, ethnic, or religious
7 nature that:

- 8 1. Unreasonably interferes with the individual's work or performance;
- 9
- 10 2. Creates an intimidating, hostile, or offensive work environment;
- 11
- 12 3. Implies that submission to such conduct is made an explicit or implicit term of employment; or
- 13
- 14 4. Implies that submission to or rejection of such conduct will be used as a basis for an employment
15 decision affecting the harassed employee.

16 Alleged victims of sexual, racial, ethnic, and religious discrimination/harassment shall report these
17 incidents immediately.² This report shall be made to the immediate supervisor, except when the
18 immediate supervisor is the offending party. If the immediate supervisor is the offending party, the report
19 may be made to the Federal Rights Coordinator or the director. Allegations of discrimination/harassment
20 shall be fully investigated. An oral complaint may be submitted; however, such complaint shall be
21 reduced to writing to ensure a more complete investigation. The complaint shall include the following
22 information:

- 23 1. Identity of the alleged victim and person accused;
- 24
- 25 2. Location, date, time, and circumstances surrounding the alleged incident;
- 26
- 27 3. Description of what happened;
- 28
- 29 4. Identity of witnesses; and
- 30
- 31 5. Any other evidence available.

32 The privacy and anonymity of all parties and witnesses to complaints will be respected. However,
33 because an individual's need for confidentiality shall be balanced with obligations to cooperate with

- 1 police investigations or legal proceedings, to provide due process to the accused, to conduct a thorough
2 investigation, or to take necessary action to resolve a complaint, the identity of parties and witnesses
3 may be disclosed in appropriate circumstances to individuals with a need to know.
- 4 A substantiated charge against an employee shall result in disciplinary action, up to and including,
5 termination. A substantiated charge against a student may result in corrective or disciplinary action, up
6 to and including, suspension.
- 7 There will be no retaliation against any person who reports discrimination/harassment or participates in
8 an investigation. However, any employee who refuses to cooperate or gives false information during the
9 course of any investigation may be subject to disciplinary action. The willful filing of a false report will
10 itself be considered harassment and will be treated as such.
- 11 An employee disciplined for violation of this policy may appeal the decision by contacting the Federal
12 Rights Coordinator or the director.

Monitoring: Review: Annually, in March	Descriptor Term: Student Discrimination, Harassment, Bullying, Cyber-bullying, and Intimidation	Descriptor Code: 6.304	Issued Date:
		Rescinds:	Issued:

1 In order to maintain a safe, civil, and supportive environment in school for students to learn and achieve
2 high academic standards, acts of bullying, cyber-bullying, discrimination (including the definition of
3 antisemitism found in policy 4.100), harassment, intimidation, hazing, or any other victimization of
4 students, based on any actual or perceived traits or characteristics, are prohibited.¹

5 This policy shall be disseminated annually to all school staff, students, and parent(s)/guardian(s).² This
6 policy shall cover employees, employees' behaviors, students, and students' behaviors while on school
7 property, at any school-sponsored activity, on school-provided equipment or transportation, or at any
8 official school bus stop. If the act takes place off of school property or outside of a school-sponsored
9 activity, this policy is in effect if the conduct is directed specifically at a student and has the effect of
10 creating a hostile educational environment or otherwise creating a substantial disruption to the education
11 environment or learning process.

12 The principal/designee is responsible for educating and training respective staff and students as to the
13 definition and recognition of discrimination/harassment.³

14 The Director of Schools shall develop forms and procedures to ensure compliance with the
15 requirements of this policy and state law.

16 **DEFINITIONS⁴**

17 "Bullying/Intimidation/Harassment" is an act that substantially interferes with a student's educational
18 benefits, opportunities, or performance, and the act has the effect of:

- 19 1. Physically harming a student or damaging a student's property;
- 20
- 21 2. Knowingly placing a student in reasonable fear of physical harm to the student or damage to
22 the student's property;
- 23
- 24 3. Causing emotional distress to a student; or
- 25
- 26 4. Creating a hostile educational environment.

27 Bullying, intimidation, or harassment may also be unwelcome conduct based on a protected class
28 (race, nationality, origin, color, sex, age, disability, religion) that is severe, pervasive, or persistent and
29 creates a hostile environment.

1 “Cyber-bullying” is a form of bullying undertaken through the use of electronic devices. Electronic
2 devices include, but are not limited to, telephones, cellular phones or other wireless telecommunication
3 devices, text messaging, emails, social networking sites, instant messaging, videos, web sites, or fake
4 profiles.

5 “Hazing” is an intentional or reckless act by a student or group of students that is directed against any
6 other student(s) that endangers the mental or physical health or safety of the student(s) or that induces
7 or coerces a student to endanger his/her mental or physical health or safety. Coaches and other employees
8 of the school district shall not encourage, permit, condone, or tolerate hazing activities.

9 Hazing does not include customary athletic events or similar contests or competitions and is limited to
10 those actions taken and situations created in connection with initiation into or affiliation with any
11 organization.⁵

12 **COMPLAINTS AND INVESTIGATIONS**

13 Any individual who has knowledge of behaviors that may constitute a violation of this policy shall
14 promptly report such information to the principal/designee.⁶

15 While reports may be made anonymously, an individual's need for confidentiality shall be balanced with
16 obligations to cooperate with police investigations or legal proceedings, to provide due process to the
17 accused, to conduct a thorough investigation, or to take necessary actions to resolve a complaint. The
18 identity of parties and witnesses may be disclosed in appropriate circumstances to individuals with a
19 need to know.

20 The principal/designee at each school shall be responsible for investigating and resolving complaints.
21 Once a report is received, the principal/designee shall initiate an investigation within forty-eight (48)
22 hours of receipt of the report. If an investigation is not initiated within forty-eight (48) hours, the
23 principal/designee shall provide the Director of Schools with appropriate documentation detailing the
24 reasons why the investigation was not initiated within the required timeframe.⁷ The principal/designee
25 shall immediately notify the parent(s)/guardian(s) when a student is involved in an act of discrimination,
26 harassment, intimidation, bullying, or cyber-bullying. The principal/designee shall provide information
27 on district counseling and support services. Students involved in an act of discrimination, harassment,
28 intimidation, bullying, or cyber-bullying shall be referred to the appropriate school counselor by the
29 principal/designee when deemed necessary.⁸

30 The principal/designee is responsible for determining whether an alleged act constitutes a violation of
31 this policy, and such act shall be held to violate this policy when it meets one of the following conditions:

- 32 1. It places the student in reasonable fear or harm for the student’s person or property;
33
- 34 2. It has a substantially detrimental effect on the student’s physical or mental health;
35
- 36 3. It has the effect of substantially interfering with the student’s academic performance; or
37
- 38 4. It has the effect of substantially interfering with the student’s ability to participate in or benefit
39 from the services, activities, or privileges provided by a school.

1 Upon the determination of a violation, the principal/designee shall conduct a prompt, thorough, and
2 complete investigation of each alleged incident. All investigations shall be completed and appropriate
3 intervention taken within twenty (20) calendar days from the receipt of the initial report.⁷ If the
4 investigation is not complete or intervention has not taken place within twenty (20) calendar days, the
5 principal/designee shall provide the Director of Schools with appropriate documentation detailing the
6 reasons why the investigation has not been completed or the appropriate intervention has not taken
7 place.⁷ Within the parameters of the federal Family Educational Rights and Privacy Act,⁹ a written report
8 on the investigation will be delivered to all involved parties and the Director of Schools.

9 **RESPONSE AND PREVENTION**¹⁰

10 The principal/designee shall consider the nature and circumstances of the incident, the age of the
11 individual, the degree of harm, previous incidences or patterns of behavior, or any other factors, as
12 appropriate, to properly respond to each situation.

13 A substantiated charge against an employee shall result in disciplinary action up to and including
14 termination. The employee may appeal this decision by contacting the Federal Rights Coordinator or the
15 director.

16 A substantiated charge against a student may result in corrective or disciplinary action up to and
17 including suspension. The student may appeal this decision in accordance with disciplinary policies and
18 procedures.

19 **REPORTS**

20 When a complaint is filed alleging a violation of this policy where there is physical harm or the threat of
21 physical harm to a student or a student's property, the principal/designee of each middle school, junior
22 high school, or high school shall report the findings and any disciplinary actions taken to the Director of
23 Schools and the Chair of the Board.¹¹

24 By July 1st of each year, the Director of Schools/designee shall prepare a report of all of the bullying
25 cases brought to the attention of school officials during the prior academic year. The report shall also
26 indicate how the cases were resolved and/or the reasons they are still pending. This report shall be
27 presented to the Board at its regular July meeting, and it shall be submitted to the State Department of
28 Education by August 1st.¹²

29 **RETALIATION AND FALSE ACCUSATIONS**

30 Retaliation against any person who reports or assists in any investigation of an act alleged in this policy
31 is prohibited. The consequences and appropriate remedial action for a person who engages in retaliation
32 shall be determined by the principal/designee after consideration of the nature, severity, and
33 circumstances of the act.¹³

34 False accusations accusing another person of having committed an act prohibited under this policy are
35 prohibited. The consequences and appropriate remedial action for a person found to have falsely
36 accused another may range from positive behavioral interventions up to and including expulsion.¹⁴
